INDEPENDENT AUDITOR'S REPORT

To The Plan Administrator and Participants
New York Blower Company Profit Sharing Plan and Trust

Report on the Financial Statements

We were engaged to audit the accompanying financial statements of the New York Blower Company Profit Sharing Plan and Trust, which comprise the statements of net assets available for benefits as of December 31, 2013 and 2012, and the related statements of changes in net assets available for benefits for the years then ended, and the related notes to financial statements.

Management's Responsibility for the Financial Statements

Plan management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

Auditor's Responsibility

Our responsibility is to express an opinion on these financial statements based on conducting the audit in accordance with auditing standards generally accepted in the United States of America. Because of the matter described in the *Basis for Disclaimer of Opinion* paragraph, however, we were not able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion.

Basis for Disclaimer of Opinion

As permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974, the plan administrator instructed us not to perform, and we did not perform, any auditing procedures with respect to the information summarized in Note 5, which was certified by Great-West Life & Annuity Insurance Company, the custodian of the Plan, except for comparing the information with the related information included in the financial statements and supplemental schedule. We have been informed by the plan administrator that the custodian holds the Plan's investment assets and executes investment transactions. The plan administrator has obtained a certification from the custodian as of and for the years ended December 31, 2013 and 2012 that the information provided to the plan administrator by the custodian is complete and accurate.

Disclaimer of Opinion

Because of the significance of the matter described in *the Basis for Disclaimer of Opinion* paragraph, we have not been able to obtain sufficient, appropriate audit evidence to provide a basis for an audit opinion. Accordingly, we do not express an opinion on these financial statements.

Other Matters

The supplemental schedule of assets (held at end of year) as of December 31, 2013 is required by the Department of Labor's (DOL) Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974 and is presented for the purpose of additional analysis and is not a required part of the financial statements. Because of the significance of the matter described in the *Basis for Disclaimer of Opinion* paragraph, we do not express an opinion on this supplemental schedule.

Report on Form and Content in Compliance With DOL Rules and Regulations

The form and content of the information included in the financial statements and supplemental schedule, other than that derived from the information certified by the custodian, have been audited by us in accordance with auditing standards generally accepted in the United States of America and, in our opinion, are presented in compliance with the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974.

PROFIT SHARING PLAN AND TRUST**

NOTES TO FINANCIAL STATEMENTS

December 31, 2013 and 2012

1. DESCRIPTION OF PLAN

The following description of the New York Blower Company Profit Sharing Plan and Trust (the Plan) provides only general information. Participants should refer to the Plan document for a more complete description of the Plan's provisions.

General

The Plan is a defined contribution plan covering all full-time nonunion, salaried, and clerical employees of The New York Blower Company, NYB Process Fans, Inc., Mechanovent Corporation, TLT Babcock, Inc., MAS Air Systems, LLC, and Leitner Fabrication, LLC (collectively, the Company) who have met the eligibility requirements set forth in the Plan. For eligible employees, entry is available on the date of hire. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA) and is a "safe harbor" 401(k) plan.

Effective September 30, 2013, the Plan Sponsor sold a division of its operations and amended the Plan to exclude all former TLT Babcock, Inc. and Leitner Fabrication, LLC employees, therefore 144 participants were no longer eligible to participate in the Plan which represented approximately \$17,628,000 of plan assets. This action constituted a partial plan termination and all terminated participants became 100% vested.

Contributions

Participants may elect to contribute a portion of their compensation on a pre-tax and/or after-tax (i.e. Roth) basis in accordance with Internal Revenue Code Section 401(k). Participants may also contribute rollover distributions from other qualified benefit plans. Participants who have attained age 50 before the end of the plan year are eligible to make catch-up contributions. Voluntary pre-tax and after-tax employee contributions are matched ("safe harbor" match) by the Company at a rate of 100% for the first 6% of employee compensation contributed.

The Plan also provides for discretionary profit-sharing and matching contributions, in excess of "safe harbor" matching contributions, by the Company to the Plan.

1. DESCRIPTION OF PLAN (Continued)

Participant Accounts

To the extent any of the following occur, each participant's account is credited with the participant's contribution, employer "safe harbor" and discretionary matching contributions and an allocation of (a) the Company's discretionary profit-sharing contribution, (b) plan earnings, and (c) forfeitures of terminated participants' nonvested accounts. Allocations are based on participant earnings or account balances, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's account. To be eligible to receive an allocation of any discretionary profit-sharing contribution from the Company, the participant must be employed with the Company on the last day of each calendar quarter. Also, the participant must have completed one month of service as defined by the Plan.

Investment Options

Participants direct the investment of their contributions and the Company contributions into various investment options offered by the Plan. Participants can also elect to invest a portion of their assets into a self-directed brokerage account that provides access to a wide array of individual stocks, bonds, and mutual funds. Changes in allocation of future contributions and transfers among funds to presently invested contributions are permitted pursuant to the Plan's provisions.

Payment of Benefits

Upon termination of service, a participant or beneficiary may elect to receive either a lump sum amount equal to the value of his or her vested interest in their account, various annuities or installments over a period not exceeding the life expectancy of the participant or joint lives of the participant and beneficiary. In-service distributions of all or part of a participant's vested account balance is allowed after attaining age 59½. If the value of the vested benefit does not exceed \$1,000, the Plan may distribute the participant's vested benefit without the participant's consent. In 2011, under certain conditions as defined in the Plan, participants may have received a hardship distribution from employee deferrals and earnings thereon. The Plan was amended to eliminate hardship distributions in 2012.

Vesting

Participants are immediately vested in their voluntary pre-tax and after-tax contributions, rollover contributions and employer safe harbor and other discretionary matching contributions plus actual earnings thereon. Vesting in Company discretionary profit sharing contributions plus earnings thereon is based on years of continuous service. A participant vests 20% per year and is 100% vested after five years of service, upon retirement at or after age 65, death, or total disability. A year of service is earned in years in which at least 1,000 hours are worked.

1. DESCRIPTION OF PLAN (Continued)

Notes Receivable from Participants

Participant may borrow from their account balance a minimum of \$1,000 up to the maximum equal to the lesser of \$50,000 or 50% of their aggregate vested balance. Loans are collateralized by the balance in the participant's account and bear interest at rates that range from 3.25% to 9%. The interest rate charged to new loan participants is prime plus 1%. Each loan shall have a repayment period between 12 to 60 months unless the loan is used to purchase a principal residence which can have repayment period of up to 180 months. Principal and interest is paid ratably through payroll deductions. If the participant terminates employment, the balance of the outstanding loan will become due and payable immediately. In the event the loan is not repaid, it will be treated as a taxable distribution to the participant.

Forfeitures

Forfeited accounts are first made available to reinstate previously forfeited account balances for former participants. The remaining forfeitures are to be allocated to participant's accounts as additional Company discretionary contributions. At December 31, 2013 and 2012, unallocated forfeitures totaled approximately \$41,429 and \$92,000, respectively. Approximately \$69,753 of forfeitures was used to directly reduce employer contributions during the year ended December 31, 2013. Additionally, \$127,373 and \$33,000 of forfeitures were allocated to participants during the years ended December 31, 2013 and 2012, respectively.

2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Basis of Presentation

The accompanying financial statements are prepared on the accrual basis of accounting.

Investment contracts held by a defined-contribution plan are required to be reported at fair value. However, contract value is the relevant measurement attribute for that portion of the net assets available for benefits of a defined-contribution plan attributable to fully benefit-responsive investment contracts because contract value is the amount participants would receive if they were to initiate permitted transactions under the terms of the Plan. The statement of changes in net assets available for benefits is prepared on a contract value basis which approximates fair value.

NEW YORK BLOWER COMPANY
PROFIT SHARING PLAN AND TRUST
NOTES TO FINANCIAL STATEMENTS (Continued)

2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)

Use of Estimates

The preparation of financial statements is in conformity with accounting principles generally accepted in the United States of America and requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and disclosure of contingent assets and liabilities at the date of the financial statements and the reported amounts of revenues and expenses during the reporting period. Actual results could differ from those estimates.

Investment Valuation and Income Recognition

The Plan's investments are stated at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note 7 for discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade date basis. Interest income is recorded on the accrual basis and dividends are recorded on the ex-dividend date. Net appreciation includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Payment of Benefits

Benefits are recorded when paid.

Notes Receivable from Participants

Notes receivable from participants are measured at their unpaid balance plus any accrued but unpaid interest. Delinquent notes receivable from participants are recorded as a distribution upon the terms of the plan document.

Administrative Expenses

Certain expenses of maintaining the Plan are paid directly by the Company.

Subsequent Events

Subsequent events are events or transactions that occur after the statement of net assets available for benefits date but before financial statements are issued or are available to be issued. These events and transactions either provide additional evidence about conditions that existed at the date of the statement of net assets available for benefits, including the estimates inherent in the process of preparing financial statements (that is, recognized subsequent events), or provide evidence about conditions that did not exist at the date of the statement of net assets available for benefits but arose after that date (that is, nonrecognized subsequent events).

NEW YORK BLOWER COMPANY
PROFIT SHARING PLAN AND TRUST
NOTES TO FINANCIAL STATEMENTS (Continued)

2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)

The Plan has evaluated subsequent events through October 10, 2014, which was the date that these financial statements were available for issuance, and determined that there were no other significant nonrecognized subsequent events through that date.

3. TAX STATUS

The Company adopted a prototype plan from ERISA, Inc. This plan received a determination letter from the Internal Revenue Service on March 31, 2008 stating that the Plan, as then designed, was in compliance with the applicable requirements of the Internal Revenue Code (IRC). Although, the Plan has been amended since receiving the determination letter, the plan administrator believes that the Plan is designed and is currently being operated in compliance with the applicable requirements of the IRC.

Accounting principles generally accepted in the United States of America require plan management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the Plan has taken an uncertain position that more-likely-than-not would not be sustained upon examination by the Internal Revenue Service. The plan administrator has analyzed the tax positions taken by the Plan, and has concluded that as of December 31, 2013 and 2012, there are no uncertain positions taken or expected to be taken that would require recognition of a liability (or asset) or disclosure in the financial statements. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress. The plan administrator believes it is no longer subject to tax authority examinations for years prior to 2010.

4. PLAN TERMINATION

Although it has not expressed any intent to do so, the Company has the right to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of plan termination, the net income or loss to the date of termination, less any distribution expenses and liquidation costs, shall be distributed proportionately to the participants' accounts and participants shall become 100% vested in and be entitled to receive the value of their respective accounts. The Company can elect, upon termination of the Plan, to continue the plan trust and make distributions to participants until all such distributions are made.

5. CERTIFICATION OF FINANCIAL INFORMATION

The following financial data included in the accompanying financial statements and supplemental schedule as of and for the years ended December 31, 2013 and 2012 has been certified as complete and accurate by Great-West Life & Annuity Insurance Company, the custodian of the plan assets, and has not been audited by the independent auditors for the Plan: investments at fair value, notes receivable from participants, interest on notes receivable from participants, interest and dividend income, and net appreciation in fair value of investments.

6. INVESTMENTS

Investments that represent 5% or more of the Plan's net assets are separately identified below as of either or both year ends.

	2013	2012

7. FAIR VALUE MEASUREMENTS

Fair Value Measurements, establishes a framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1 measurements) and the lowest priority to unobservable inputs (Level 3 measurements). The three levels of the fair value hierarchy are described as follows:

- Level 1: Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.
- Level 2: Inputs to the valuation methodology include: quoted prices for similar assets or liabilities in active markets, quoted prices for identical or similar assets or liabilities in inactive markets, inputs other than quoted prices that are observable for the asset or liability, inputs that are derived principally from or corroborated by observable market data by correlation or other means. If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full-term of the asset or liability.
- Level 3: Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2013 and 2012.

Mutual funds: Valued at the net asset value (NAV) of shares held by the Plan at year end.

Common stocks, corporate bonds, and preferred stock: Valued at the closing price reported on the active market on which the individual securities are traded.

Group Annuity Contract: The group annuity contract is an investment contract with an insurance company that is fully benefit-responsive. The group annuity contract is reported at contract value which approximates fair value as reported by the issuing insurance company. Contract value represents contributions made under the contract, plus earnings, less participant withdrawals and administrative expenses. The group annuity contract is valued at the net asset value (NAV) of shares held by the Plan at year end.

7. FAIR VALUE MEASUREMENTS (Continued)

The methodology for calculating the interest crediting rate is based on the earnings of the underlying assets in the entire medium long-term new portfolio compared to the minimum interest crediting rate, as stated in the contract, and prevailing market conditions. The interest crediting rate is reset quarterly.

7. FAIR VALUE MEASUREMENTS (Continued)

The following table presents the category, fair value, redemption frequency, and redemption notice period for plan investments, the fair values of which are estimated using net asset value per share as of December 31, 2013 and 2012:

Investment	Fair Value		Unfunded Commitment		Redemption Frequency	Redemption Notice Period
	2013	2012	2013	2012		
Group annuity contract (a)	\$ 9,978,248	\$10,807,571	\$ -	\$ -	Daily	None

- (a) This fund provides a guarantee of principal and a guaranteed interest rate. The entire general account assets of Great-West Life & Annuity Insurance Company back these guarantees.

Changes in Fair Value Levels

The Plan assesses the levels of the investments at each measurement date, and transfers between levels are recognized on the actual date of the event or change in circumstances that caused the transfer in accordance with the Plan's accounting policy regarding the recognition of transfers between levels of the fair value hierarchy. For the years ended December 31, 2013 and 2012, there were no such transfers.

Level 3 Gains and Losses

The following table sets forth a summary of changes in the fair value of the Plan's Level 3 assets for the years ended December 31, 2013 and 2012.

7. FAIR VALUE MEASUREMENTS (Continued)

The following table represents the Plan's Level 3 financial instruments, the valuation techniques used to measure the fair value of those financial instruments, and the significant unobservable inputs and the ranges of values for those inputs.

Quantitative Information about Level 3 Fair Value Measurements as of December 31, 2013 and 2012					
Instrument	2013 Fair Value	2012 Fair Value	Valuation Techniques	Significant Unobservable Input	Range
Group annuity contract*	\$ 9,978,248	\$ 10,807,571	Discounted cash flow and theoretical transfer (Exit Value)	Crediting Rate	**

**Group annuity contract:* The significant unobservable inputs used in the fair value measurement of the Plan's interest in the fixed annuity contract are derived from discounted cash flows and theoretical transfers (exit prices). Significant increases (decreases) in any of these inputs in isolation may result in significantly higher (lower) fair value measurements, respectively.

**The composite crediting rate history is as follows:

Time Period	Rate
<u>2013</u>	
January 1, 2013 - September 30, 2013	1.25%
October 31, 2013 - December 31, 2013	1.30%

8. GROUP ANNUITY CONTRACT WITH INSURANCE COMPANY

The Plan entered into a benefit-responsive investment contract with Great-West Life & Annuity Insurance Company. Great-West Life & Annuity Insurance Company maintains the contributions in a general account. The account is credited with earnings on the underlying investments and charged for participant withdrawals and administrative expenses. The guaranteed investment contract issuer is contractually obligated to repay the principal and a specified interest rate that is guaranteed to the Plan.

NEW YORK BLOWER COMPANY
PROFIT SHARING PLAN AND TRUST
NOTES TO FINANCIAL STATEMENTS (Continued)

8. GROUP ANNUITY CONTRACT WITH INSURANCE COMPANY (Continued)

As described in Note 2, because the guaranteed investment contract is fully benefit-responsive, contract value is the relevant measurement attribute for that portion of the net assets available for benefits attributable to the guaranteed investment contract. The guaranteed investment contract is presented on the face of the statement of net assets available for benefits at fair value, and fair value is deemed to approximate contract value. Contract value, as reported to the Plan by Great-West Life & Annuity Insurance Company, represents contributions made under the contract, plus earnings, less participant withdrawals and administrative expenses. Participants may ordinarily direct the withdrawal or transfer of all or a portion of their investment at contract value.

There are no reserves against contract value for credit risk of the contract issuer or otherwise. The fair value of the investment contract at December 31, 2013 and 2012 was \$9,978,248 and \$10,807,571, respectively. The crediting interest rate is based on a formula agreed upon with the issuer, but it may not be less than 1%. Such interest rates are reviewed on a quarterly basis for resetting.

Certain events limit the ability of the Plan to transact at contract value with the issuer. Such events include the following: (1) amendments to the plan documents (including complete or partial plan termination or merger with another plan), (2) changes to the Plan's prohibition on competing investment options or deletion of equity wash provisions, (3) bankruptcy of the plan sponsor or other plan sponsor events (for example, divestitures or spin-offs of a subsidiary) that cause a significant withdrawal from the Plan, or (4) the failure of the trust to qualify for exemption from federal income taxes or any required prohibited transaction exemption under ERISA. The plan administrator does not believe that any events which would limit the Plan's ability to transact at contract value with participants are probable of occurring.

Average yields for the group annuity contract for the year ended December 31, 2013 and 2012 are as follows:

Average yields:

	2013	2012
Based on actual earnings	1.26%	1.45%
Based on interest rate credited to participants	1.26%	1.59%

9. RISKS AND UNCERTAINTIES

The Plan invests in various investment securities. Investment securities are exposed to various risks, such as interest rate, credit, and overall market volatility. Due to the level of risk associated with certain investment securities and the level of uncertainty related to changes in the value of investment securities, it is at least reasonably possible that changes in the market value of investment securities will occur in the near term and that such changes could be material to the amounts reported in the statements of net assets available for benefits.

10. RELATED PARTY TRANSACTIONS

Certain plan investments are managed by Great-West Life & Annuity Insurance Company, an affiliate of Orchard Trust Company, LLC, the custodian and, therefore, these transactions qualify as party-in-interest. Certain employees of the Company provide administrative services to the Plan. These employees are not paid by the Plan for their services.
