NOTES TO FINANCIAL STATEMENTS

YEARS ENDED DECEMBER 31, 2013 AND 2012

NOTE 1. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Description of the Plan

The following description of the Dixie Landscape 401(k) Retirement Plan (the Plan) is provided for general information purposes only. Participants should refer to the Plan agreement and amendment for a more complete description of the Plan's provisions.

General

The Plan is a defined contribution plan adopted by the Board of Directors of Dixie Landscape Co., Inc. (the plan sponsor) and is subject to the provisions of the Internal Revenue Code and the Employee Retirement Income Security Act of 1974 (ERISA).

Administration

In December 2013, the Plan changed custodians from Nationwide Financial Services, Inc. (Nationwide) to Transamerica Retirement Solutions Corporation (Transamerica). Transamerica provided various services to the Plan, which included participant record maintenance, investment allocation maintenance, quarterly participant statement preparation, disbursement processing, new employee enrollment and ongoing administrative services. In addition, at the time of change to the new custodian, the Plan transferred all of its net assets available for benefits from the former custodian, Nationwide to Transamerica, the current custodian.

Eligibility

All non-excluded employees of the plan sponsor are eligible to participate in the Plan after completing three months of service.

Basis of Accounting

The accompanying financial statements of the Plan are prepared on the accrual basis of accounting.

Contributions

Participants may elect to contribute a percentage of their annual pretax compensation, subject to statutory maximums. Participants who have attained age 50 before the end of the plan year are eligible to make catch-up contributions. Participants may also contribute amounts representing distributions from other plans and certain individual retirement accounts (IRA). Under Internal Revenue Service (IRS) Code Section 402(g)(1), the maximum deferral of pretax earnings was $17,500 and $17,000 for the years ended December 31, 2013 and 2012, respectively. The plan sponsor may make a discretionary matching contribution equal to a uniform percentage of salary deferrals.

Additional profit sharing amounts may be contributed at the discretion of the plan sponsor. No discretionary contributions were made during 2013. Participants may change their salary deferral contribution amounts or terminate their salary deferral contributions at any time.

NOTE 1. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)

Participant Accounts

Each participant's account is credited with the participant's contribution as well as an allocation of the plan sponsor's contribution and Plan earnings or losses. Participant accounts are charged with an allocation of certain other administrative expenses, such as loan fees, specific to each participant. Allocations of the Plan's earnings or losses in each investment option and plan sponsor contributions are made to the participant's accounts based on the ratio of each participant's current account balance in each investment option to total participant's account balances in the investment option. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account balance.

Forfeitures of the non-vested account balances of participants are used to reduce employer contributions and pay Plan expenses. For the year ended December 31, 2013 there were no forfeitures utilized by the plan sponsor to reduce employer contributions.

Vesting

Participants are immediately vested in salary reduction contributions, voluntary contributions, transfer contributions and any safe harbor contributions. Participants are vested in the employer's contribution based on years of service as follows:

Years of Vesting Service	Vested
Less than 2	- %
2	20%
3	40%
4	60%
5	80%
6 or more	100%

Payment of Benefits

Participant contributions and the vested portion of the plan sponsor's matching contributions are available for distribution upon attainment of age 59½, death, disability, termination of employment or normal retirement age. If the participant's vested account balance is less than $5,000 at the date of the distribution, then that balance shall be distributed in a single lump-sum payment. If the participant's vested account balance exceeds $5,000 at the date of distribution, then that balance shall be distributed in a single lump-sum payment or partial withdrawals of at least $1,000 equal to the required minimum distribution rules as defined by the IRS. If the participant's vested account balance is more than $1,000 at the date of the distribution, then the participant must consent to the distribution before it may be made.

Contributions are also available for distribution in the form of a hardship withdrawal.

NOTE 1. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)

Payment of Benefits (Continued)

In the event of death while employed by the plan sponsor, the participant becomes 100% vested and the amount of the account will be used to provide the participant's beneficiary with a death benefit.

A participant becomes 100% vested in their accounts if they become permanently disabled as defined by the Plan document.

Termination of the Plan

Although it has not expressed any intent to do so, the plan sponsor has the right to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants will become 100% vested in their accounts.

Investments

Security transactions are recorded on a trade date basis, which is the date the order to buy or sell is executed. Interest income and expenses are accrued on a daily basis. Dividend income and distributions to participants are recorded on the ex-dividend date. The Plan's investments are stated at fair value. Shares of mutual funds are valued at quoted market prices which represent the net asset value of shares held by the Plan at year end.

Investment Options

Upon enrollment in the Plan, a participant may direct contributions to any of the various Transamerica investment options (see Note 2). Participants may change their investment options at any time.

Risks and Uncertainties

The Plan provides for various investment options. Investment securities are exposed to various risks, such as interest rate, market and credit risks. Due to the level of risk associated with certain investment securities and the level of uncertainty related to changes in the value of investment securities, it is at least reasonably possible that changes in these risks and uncertainties in the near term would materially affect participant account balances and the amounts reported in the statements of net assets available for benefits and the statement of changes in net assets available for benefits.

NOTE 1. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)

Use of Estimates

The preparation of financial statements in conformity with generally accepted accounting principles (GAAP) requires the Plan to make estimates and assumptions that affect the reported amounts of net assets available for benefit and disclosure of contingent net assets available for benefit at the date of the financial statements and the reported amounts of additions to and deductions from net assets available for benefits during the reporting period. Actual results may differ from those estimates.

Administrative Expenses

Certain administrative and accounting functions are performed by the plan sponsor's employees, who receive no compensation from the Plan. Administrative expenses, such as professional fees and other, are paid directly by the Plan's sponsor.

NOTE 2. INFORMATION PREPARED AND CERTIFIED BY CUSTODIAN

For the year ended December 31, 2013, Transamerica held the Plan's various investments and Nationwide held the Plan's investments as of December 31, 2012. All investment elections are participant-directed funds

The following information included in the accompanying financial statements and supplemental data was obtained from data that has been prepared and certified to as complete and accurate by the custodian and former custodian. Additionally, these investments represent 5% or more of the Plan's net assets available for benefits as of December 31, 2013 and 2012:

NOTE 2. INFORMATION PREPARED AND CERTIFIED BY CUSTODIAN (Continued)

For the year ended December 31, 2013 net investment income, including net appreciation in fair value of investments and interest, amounted to approximately $357,000.

NOTE 3. NOTES RECEIVABLE FROM PARTICIPANTS

Notes receivable from participants consists entirely of loans to participants. A loan cannot exceed the lesser of one-half of the vested interest of a participant's account balance or $50,000 and must be at least $1,000. The loans are secured by the participant's vested account balance and bear interest at the prime rate of interest, as published in the Wall Street Journal, on the day the loan is requested, plus 1% (the prime rate of interest being 3.25% at December 31, 2013 and 2012). During 2013, the interest rate on notes receivable from participants was 4.25%. Notes receivable from participants were approximately $86,000 and $63,000 as of December 31, 2013 and 2012, respectively.

All loans must be repaid within a five year period unless it is for the purchase of a principal residence, which allows for longer repayment terms.

NOTE 4. FAIR VALUE MEASUREMENTS

GAAP provides a framework for measuring fair value, expands disclosures about fair value measurements, and establishes a fair value hierarchy which prioritizes the inputs used in measuring fair value summarized as follows:

Level 1: Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities active markets that the Plan has the ability to access.

Level 2: Inputs to the valuation methodology include:

- quoted prices for similar assets or liabilities in active markets;
- quoted prices for identical or similar assets or liabilities in inactive markets;
- inputs other than quoted prices that are observable for the asset or liability; and
- inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the level 2 input must be observable for substantially the full term of the asset or liability.

Level 3: Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset's or liability's fair value measurement within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

The following is a description of the valuation methods used for assets measured at fair value.

- Mutual funds: The fair values of these securities are based on observable market quotations for identical assets and are priced on a daily basis at the close of business.

NOTE 4. FAIR VALUE MEASUREMENTS (Continued)

The following tables set forth by level, within the fair value hierarchy, the Plan's assets at fair values as of December 31, 2013 and 2012:

NOTE 5. PARTY-IN-INTEREST TRANSACTIONS

Certain Plan investments are shares of mutual funds managed by Transamerica, custodian of the Plan. Therefore, these transactions qualify as party-in-interest.

NOTE 6. TAX STATUS

The Plan utilizes a prototype document which has been approved by the IRS. The Plan obtained its latest determination letter in March 2008, in which the IRS stated that the Plan, as then designed, was in compliance with the applicable requirements of the Internal Revenue Code. The Plan has been amended since receiving their determination letter. However, as the Plan is a prototype plan, the plan sponsor, as well as the plan custodian, believe that the Plan is currently designed and being operated in compliance with the applicable requirements of the Internal Revenue Code.

NOTE 6. TAX STATUS (Continued)

Plan management is required to evaluate uncertain tax positions taken by the Plan. The financial statement effects of a tax position are recognized when the position is more likely than not to be sustained upon examination by the IRS. The plan administrator has analyzed the tax positions taken by the Plan, and has concluded that as of December 31, 2013 and 2012, there are no uncertain tax positions taken or expected to be taken by the Plan. The Plan has recognized no interest or penalties related to uncertain tax positions. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress. The plan administrator believes it is no longer subject to income tax examination for years prior to 2010.

NOTE 7. PROHIBITED TRANSACTIONS

During 2013, participant contributions for 1 of the 52 payroll periods totaling approximately $1,500 were not remitted timely to the Plan. The Department of Labor (DOL) requires that participant contributions be remitted to the Plan on the earliest date on which they can be reasonably segregated from the Company's general assets. Failure to remit participant contributions to the Plan in a timely manner results in a prohibited transaction which must be separately reported to the DOL and may result in penalties to the Plan sponsor.

Subsequent to the due dates, the Plan sponsor remitted the late participant contributions to the Plan.

NOTE 8. RECONCILIATION OF FINANCIAL STATEMENTS TO FORM 5500

The following is a reconciliation of net assets available for benefits between the financial statements and Form 5500 as of December 31, 2013 and 2012:
