MILLER-VALENTINE RETIREMENT SAVINGS PLAN

NOTES TO FINANCIAL STATEMENTS

NOTE 1 - DESCRIPTION OF PLAN

The following description of the **Miller-Valentine Retirement Savings Plan** (the "Plan") provides only general information. Participants should refer to the Plan agreement for a more complete description of the Plan's provisions.

General - The Plan is a defined contribution plan for all eligible employees of Miller-Valentine of Dayton, Ltd., MV Commercial Construction LLC, MV Realty, Inc., MV Commercial Property Management LTD, Wellgate Operations LLC, One Lincoln Park LLC, Lincoln Park Manor LLC, MV Residential Property Management, Inc., MV Residential Construction, Inc., MV Residential Development LLC, MV Commercial Development LLC, MV Services LLC, South Dayton Management LLC, The Gem Real Estate Group, Inc., and Miller Valentine Gem Real Estate Group, LLC (the "Company"), and excludes temporary employees, leased employees, and those covered by a collective bargaining agreement. Owners of the Company are eligible to make elective deferrals; however, they are not eligible for profit sharing and matching contributions. The Plan allows all eligible employees of the Company, who have 90 days of service and have attained age 18 to participate. Upon satisfaction of the eligibility requirements, employees may enter the Plan on the next quarterly entry date. Employees are automatically enrolled in the Plan after meeting eligibility requirements unless they elect not to participate. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA).

Contributions - The Plan provides for employee salary deferrals within statutory limits, as defined in the Plan, each year as an elective deferral. Participants may also contribute amounts representing distributions from other qualified defined benefit or contribution plans. Participants who have attained age 50 by the end of the Plan year are eligible to make catch-up contributions. Employer matching contributions are allowed at the discretion of the Board of Directors of the Company, and participants become eligible for these contributions at the beginning of the Plan quarter subsequent to completion of 90 days of service. For the years 2013 and 2012, the Company contributed 50% of the first 4% of elective deferrals that a participant contributed to the Plan. The employer matching contributions are permitted to be determined for each division separately. Effective October 1, 2012, the employer matching contribution was reinstated for all divisions previously suspended during the 2009 Plan year. No contributions shall be made on behalf of a participant to the extent that, when added to the participant's salary deferral contributions, it would cause the amounts allocated to exceed the limitations allowed by the Internal Revenue Service.

The Company may also make non-elective discretionary profit sharing contributions or other non-elective contributions for purposes of correcting operational failures, equal to a portion of all participant pretax annual compensation. Participants must be employed on the last day of the Plan year, unless separated due to death, retirement, or total and permanent disability, to be eligible for non-elective discretionary profit sharing contributions. For the years 2013 and 2012, the Plan did not make these types of contributions to the Plan.

Participant Accounts - MG Trust Company, LLC is Custodian of Plan investments. Each participant's account is credited with the participant's contributions, Company contributions, net earnings or losses, forfeitures, distributions, and withdrawals. Company contributions and forfeitures are allocated based on participants' contributions or account balances as defined by the Plan Agreement. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account. Each participant directs both separately, and distinctly, into which investment the participant contribution, employer match, and discretionary contribution are to be invested.

MILLER-VALENTINE RETIREMENT SAVINGS PLAN

NOTES TO FINANCIAL STATEMENTS

NOTE 1 - DESCRIPTION OF PLAN - CONTINUED

Vesting - Participants are immediately vested in their voluntary contributions, rollovers, and corresponding earnings. The following schedule will be used to determine vesting in the Plan match and its earnings:

<u>Completed Years of Service</u>	<u>Vesting Percentages</u>
Fewer than 2	0%
2	20%
3	40%
4	60%
5	80%
6 or more	100%

The Plan was amended to fully vest any participant, regardless of years of service, that was involuntarily terminated between November 1, 2008 and December 31, 2009 due to reductions in workforce.

Participant Loans - Participants may borrow from the Plan in any amount between \$1,000 and \$50,000, but not more than 50% of their vested account balance. Participants may only have two loans outstanding at any given time. Loans bear interest at an agreed-upon percentage based on prevailing market rates plus one percent on the date the participant's loan application is processed. Loan terms are for a period not exceeding five years. A longer term may be approved by the Plan if proceeds are to be used for the purchase of a primary residence. Loans are secured by the balance in the participants' accounts. Principal and interest are paid ratably through payroll deductions.

Benefits Paid - Upon termination of service by reason of retirement, death, permanent disability, or otherwise, participants, or designated beneficiaries, may elect to receive their vested balance either in a lump-sum amount, or payments over a period of time in cash installments, or in a form agreeable to the Plan Administrator. If the participant's account balance is \$1,000 or less, the Plan Administrator may elect to automatically distribute the balance to the participant in a single-sum payment upon termination. The Plan Administrator may also rollover participant balances greater than \$1,000, but less than \$5,000, into an IRA if the participant does not elect to rollover or receive payment of their balance. The IRA must be invested in an investment vehicle designed to preserve principal and provide a reasonable rate of return and liquidity. In addition, participants may receive distributions of the employee deferral amount for qualified financial hardships.

Forfeitures - Forfeitures will first be applied to restore any forfeitures for vested balances on rehired participants meeting the break-in-service rules. The remaining forfeited balances of terminated participants' non-vested accounts are used to reduce future Company contributions and pay Plan expenses. Forfeitures in the amount of \$8,005 and \$17,789 were used during 2013 and 2012. Unallocated forfeitures at December 31, 2013 and 2012 were \$1,563 and \$887.

Investment Options - Upon enrollment in the Plan, a participant may currently direct contributions in any of 20 investment options in increments of one percent. Participants may change their investment option and deferral rates at any time via telephone or the Internet.

MILLER-VALENTINE RETIREMENT SAVINGS PLAN

NOTES TO FINANCIAL STATEMENTS

NOTE 2 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Basis of Accounting - The financial statements of the Plan are prepared using the accrual method of accounting.

Investment contracts held by a defined contribution plan are required to be reported at fair value. However, contract value is the relevant measurement attribute for that portion of the net assets available for benefits of a defined contribution plan attributable to fully benefit-responsive investment contracts, because contract value is the amount participants would receive if they were to initiate permitted transactions under the terms of the Plan. The Statements of Net Assets Available for Benefits presents the fair value of the investment contracts, as well as the adjustment of the fully benefit-responsive investment contracts from fair value to contract value. The statements of changes in net assets available for benefits is prepared on a contract value basis.

Financial Estimates - The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires the Plan's Administrator to make estimates and assumptions that affect the reported amounts of net assets, and disclosure of contingent assets and liabilities at the date of the financial statements, and the reported amounts of revenues and expenses during the reporting period. Actual results could differ from those estimates.

Investment Valuation and Income Recognition - The Plan's investments, other than the benefit-responsive investment contract, are reported at fair value. Fair value is the price that would be received to sell an asset, or paid to transfer a liability, in an orderly transaction between market participants at the measurement date. See Note 5 for discussion of fair value measurements. Benefit-responsive investment contracts are valued at contract value.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation includes the Plan's gains and losses on investments bought and sold, as well as held during the year.

Participant Loans Receivable - Loans receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Interest income is recorded on the accrual basis. Related fees are recorded as administrative expenses and are expensed when they are incurred. No allowances for credit losses has been recorded as of December 31, 2013 and 2012. If a participant ceases to make loan repayments and the Plan Administrator deems the participant loan to be in default, the participant loan balance is reduced and a benefit payment is recorded.

Payment of Benefits - Benefits are recorded when paid.

Administrative Expenses - The administrative expenses of the Plan are paid by the Plan participants. Investment related expenses are included in net appreciation (depreciation) in fair value of investments.

Subsequent Events - In preparing these financial statements, the Plan has evaluated events and transactions for potential recognition or disclosure through October 10, 2014, the date the financial statements were available to be issued.

NOTE 5 - FAIR VALUE MEASUREMENTS

Accounting standards provide a framework for measuring fair value. This framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1 measurements), and the lowest priority to unobservable inputs (Level 3 measurements).

The three levels of the fair value hierarchy under the accounting standards are described as follows:

Level 1 - Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2 - Inputs to the valuation methodology include:

- quoted prices for similar assets or liabilities in active markets;
- quoted prices for identical or similar assets or liabilities in inactive markets;
- inputs other than quoted prices that are observable for the asset or liability;
- inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 - Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2013.

Money market fund: Valued based on the contractual terms of the underlying guaranteed interest accounts; provides a daily mil-rate for income accretion.

Equity security funds: Valued at the net asset value (NAV) of shares held by the Plan at year-end.

Government and corporate bond funds: Valued at the net asset value (NAV) of shares held by the Plan at year-end.

Stable value fund: Value based on the contractual terms of the underlying guaranteed interest accounts; provides a mil-rate for income accretion.

NOTE 5 - FAIR VALUE MEASUREMENTS - CONTINUED

The preceding methods described may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following table sets forth by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31, 2013:

NOTE 6 - FULLY BENEFIT RESPONSIVE INVESTMENT CONTRACT

The Plan entered into a benefit-responsive investment contract with Metropolitan Life Insurance Company ("MetLife") referred to as the MetLife Stable Value Fund. MetLife maintains the contributions in a pooled account. The account is credited with earnings of the underlying investments and is charged for participant withdrawals and administrative expenses.

The average yield (loss) of the benefit-responsive investment contract was approximately (1.94)% and 3.75% for 2013 and 2012. The average yield credited to participants was approximately 2.21% and 2.52% for 2013 and 2012. The crediting interest rate is based on an agreed-upon formula with the issuer, but cannot be less than 0%. The interest rate is reviewed on a quarterly basis for resetting by MetLife.

MILLER-VALENTINE RETIREMENT SAVINGS PLAN

NOTES TO FINANCIAL STATEMENTS

NOTE 6 - FULLY BENEFIT RESPONSIVE INVESTMENT CONTRACT - CONTINUED

Certain events, such as premature termination of the contract by the Plan or the termination of the Plan, would limit the Plan's ability to transact at contract value with MetLife. The Plan Administrator believes the occurrence of such events, which would also limit the Plan's ability to transact at contract value with Plan participants, is not probable.

Subsequent to December 31, 2013, the Plan replaced the MetLife Stable Value Fund with the Reliance Trust MetLife Stable Value Fund.

NOTE 7 - RELATED PARTY TRANSACTIONS

Certain Plan assets are held in trust with MG Trust Company, LLC. Thus, MG Trust Company, LLC, as Custodian defined by the Plan, qualifies as a party-in-interest. Fees incurred by the Plan for custodial services for the years 2013 and 2012 totaled \$9,023 and \$8,461.

Brady, Ware & Schoenfeld, Inc., as auditor, qualifies as a party-in-interest. Audit fees incurred by the Plan for the years 2013 and 2012 totaled \$9,475 and \$8,025.

Dynamic Pension Services and The Weiss Group provided certain record keeping and other Plan administrative services and received fees for such services. Thus, Dynamic Pension Services and The Weiss Group qualify as parties-in-interest. Fees incurred by the Plan for administrative services for the years 2013 and 2012 totaled \$79,842 and \$40,218.

Parker Carlson & Johnson, Inc. provided certain investment advisory services to participants of the Plan. Thus, Parker Carlson & Johnson, Inc. qualifies as a party-in-interest. Fees paid for by the Plan for investment advisory services for the years 2013 and 2012 totaled \$54,628 and \$50,832.

The Company provides certain accounting, record keeping, and administrative services to the Plan, for which it receives no compensation.

NOTE 8 - PLAN TERMINATION

Although it has not expressed any intent to do so, the Company has the right to terminate the Plan subject to the provisions of ERISA and its related regulations. In the event of Plan termination, participants will become 100% vested in the employer portion of contributions.

NOTE 9 - TAX STATUS

The Plan obtained its latest determination letter on July 13, 2010, in which the Internal Revenue Service stated that the Plan, as then designed, was in compliance with the applicable requirements of the Internal Revenue Code. The Plan has been amended since receiving the determination letter. However, the Company believes that the Plan is currently designed and being operated in compliance with the applicable requirements of the Internal Revenue Code. Therefore, no provision for income taxes has been included in the Plan's financial statements.

U.S. generally accepted accounting principles require Plan management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the Plan has taken an uncertain position that more-likely-than-not would not be sustained upon examination by the Internal Revenue Service. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress. The Plan Administrator believes it is no longer subject to income tax examinations for years prior to 2010.

NOTE 10 - RISKS AND UNCERTAINTIES

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term, and that such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits.

NOTE 11 - BENEFITS ALLOCATED TO WITHDRAWN PARTICIPANTS

At December 31, 2013 and 2012, there was \$0 and \$128,604 due to participants who had withdrawn from the Plan and requested benefit payment prior to year-end.

NOTE 12 - RECONCILIATION OF FINANCIAL STATEMENTS TO FORM 5500

For the years 2013 and 2012, there were no differences between the financial statements and the Form 5500.
