Note 1 DESCRIPTION OF PLAN

The following description of the Garvey Companies' Savings and Retirement Plan (the "Plan") provides only general information. Participants should refer to the Plan agreement for a more complete description of the Plan's provisions.

General

The Plan is a defined contribution plan covering all full-time employees of The Garvey Group, LLC; Ed. Garvey and Company; C-Graphic, LLC d/b/a Global Fulfillment Services; United General Graphics, LLC; Tru-Line Lithographing, Inc.; and The Garvey Group LA, LLC (the "Plan Sponsors"), all of which are under common control, who have completed three months of service and are age eighteen or older. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 ("ERISA").

Plan Administration

The Plan is administered by the owner and CFO of the Plan Sponsors. Fidelity Management Trust Company ("Fidelity" or the "Trustee") is responsible for custody and management of the Plan's assets.

Contributions

Participant Contributions

Eligible employees may contribute up to 90% of pre-tax annual compensation, as defined in the Plan. Contributions must be made through payroll deductions. Participants may also contribute amounts representing distributions from other qualified defined benefit or defined contribution plans. Participants who have attained age 50 before the end of the plan year are eligible to make catch-up contributions.

Matching Contributions

Matching contributions, if any, are allocated in proportion to the amount of pay each participant defers. Discretionary contributions are allocated among participants in the ratio that compensation of each participant bears to the total compensation of all participants into the same investments and at the current investment percentages as selected by each participant. The Plan Sponsors have no obligation to make matching or company discretionary contributions in any year.

Automatic Enrollment

Employees are automatically enrolled in the Plan at a 3% contribution rate when they become eligible for participation. These contributions are invested in the Plan's default investment option. Employees may opt out of the automatic enrollment, stop contributions, and modify their contribution rate or investment selections at any time.

Other Provisions

As of June 1, 2012, traditional and Roth 401(k) contributions are allowed.

Participant Accounts

Each participant's account is funded with the participant's contributions and allocations of the Company's contributions, if any, and Plan earnings or losses. Allocations are based on participant account balances, as defined by the Plan. Participants are entitled to the vested portion of their account.

Note 1 DESCRIPTION OF PLAN (continued)

Vesting

Participants are immediately vested in their contributions, plus actual earnings thereon. Participants are vested in the Plan Sponsors' matching and discretionary contributions, plus actual earnings thereon, based on years of service. Participants are vested in Plan Sponsor contributions over a 6 year vesting schedule.

Notes Receivable from Participants

Participants may borrow from their accounts a minimum of $1,000 and maximum of the lesser of $50,000 or 50% of their account balance. These loans may be used for a maximum of ten years for purchase of a primary residence or five years for all other loans. The loans are secured by the balance in the participant's account and bear interest at prevailing rates as determined by the Plan administrator. Principal and interest are repaid through payroll deductions.

Investment Options

Plan investments are participant directed. Upon enrollment in the Plan, a participant may direct contributions in any of the then available investment fund options. Participants may change or transfer their investment options at any time via telephone or a secure internet website.

Payment of Benefits

Vested account balances are payable upon retirement, death or disability, or termination of employment. In-service distributions are also permitted after meeting certain requirements in accordance with Plan provisions. Distributions may be made in a lump sum payment, a series of installment payments, or partial payments. Participants may elect to leave the balance in their account for withdrawal at a later point in time. The Plan's minimum automatic distribution of a terminated Participant's account is $1,000.

Forfeitures

Forfeited balances of terminated participants' non-vested accounts are first used to pay administrative expenses, then used to reduce future Plan Sponsor contributions. Forfeited amounts at December 31, 2013 and 2012 totaled $0 and $1,008, respectively.

Note 2 SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Basis of Presentation

The Plan's financial statements are prepared using the modified cash basis of accounting, which is the cash basis of accounting except for investments (which are adjusted to fair value) and contributions receivable (which are accrued at year-end to reflect timing differences). The modified cash basis of accounting is a comprehensive basis of accounting other than accounting principles generally accepted in the United States of America ("GAAP"). Certain prior year amounts in the financial statements and notes thereto may have been reclassified to conform to the current year's presentation.

Management Estimates

The preparation of financial statements in conformity with the modified cash basis of accounting requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities, and disclosure of contingent assets and liabilities at the date of the financial statements, and the reported amounts of revenues and expenses during the reporting period. Actual results could differ from those estimates.

Note 2 SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (continued)

Investment Valuation and Income Recognition
Investments are reported at fair value (see Note 4). Purchases and sales of securities are recorded on a trade date basis. Interest income and dividends are recorded when received. Net appreciation/(depreciation) includes the Plan's realized gains and losses on investments bought and sold, and held at year-end.

Investment contracts held by a defined contribution plan are required to be reported at fair value, even though contract value is the amount participants would receive if they were to initiate permitted transactions under the terms of the Plan. The Plan has invested in the Fidelity Advisor Stable Value Fund, which is a benefit-responsive investment contract held in a common/collective trust fund. As required, the statements of net assets available for benefits (modified cash basis) presents the fair value of the investment contract as well as the adjustment of the investment contract from fair value to contract value. The statements of changes in net assets available for benefits (modified cash basis) are prepared on a contract value basis.

Benefit Payments and Distributions
Benefits and distributions are recorded when paid.

Operating Expenses
Expenses of maintaining the Plan are paid by the Plan Sponsors. Expenses relating to the purchase or sale of investments are included in the cost or deducted from the proceeds, respectively. Certain participant services and recordkeeping fees are charged to the participant's account.

Note 3 INVESTMENTS

The Plan provides that contributions be invested as directed by each participant. Participants may invest in any of the investments shown on the face of the statements of net assets available for benefits (modified cash basis). Investments representing 5% or more of the Plan's net assets at December 31, 2013 and 2012 are as follows:

BRONSWICK REICIN POLLACK

Note 3 INVESTMENTS (continued)

During 2013 and 2012, the Plan's investments (including investments bought and sold, investments held during the year, and dividends and interest) appreciated/(depreciated) as follows:

	2013	2012
Registered Investment Companies	$ 2,028,109	$ 957,910
Common/Collective Trusts	15,506	17,124
Interest Bearing Cash	2,193	38
	$ 2,045,808	$ 975,072

Note 4 FAIR VALUE MEASUREMENTS

Financial Accounting Standards Board ("FASB") Accounting Standards Codification ("ASC") 820, *Fair Value Measurements and Disclosures* provides the framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (level 1 measurements) and the lowest priority to unobservable inputs (level 3 measurements). The three levels of the fair value hierarchy under FASB ASC 820 are described as follows:

Level 1: Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2: Inputs to the valuation methodology include

- Quoted prices for similar assets or liabilities in active markets;
- Quoted prices for identical or similar assets or liabilities in inactive markets;
- Inputs other than quoted prices that are observable for the asset or liability;
- Inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the level 2 input must be observable for substantially the full term of the asset or liability.

Level 3: Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2013 and 2012.

Note 4 FAIR VALUE MEASUREMENT (continued)

Registered Investment Company: Valued at the net asset value ("NAV") of shares held by the Plan at year-end (level 1 inputs). Registered investment companies held by the Plan are open-end mutual funds that are registered with the Securities and Exchange Commission ("SEC"). These funds are required to publish their daily net asset value and to transact at that price. The investment objectives and underlying investments of the registered investment companies vary.

Common/Collective Trust: The fair values of participation units held in common/collective trusts are based on their NAV as reported by the fund managers of the trusts and as supported by the unit prices of actual purchase and sale transactions occurring as of or close to the financial statement date (level 2 inputs). The NAV as reported by the fund managers is used as a practical expedient. This practical expedient is not used when it is determined to be probable that the fund will sell an investment for an amount different than the reported NAV. Stable funds, including direct interests in fully benefit-responsive contracts, are adjusted from the contract value reported by the fund managers to fair value. The investment objectives and underlying investments of the common/collective trusts, other than stable funds, vary. The stable fund is primarily invested in cash, insurance contracts, and traditional and synthetic investment contracts.

The preceding methods described may produce a fair value calculation that may not be indicative of net realizable value or reflective of future values. Furthermore, although the plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

Note 4 FAIR VALUE MEASUREMENT (continued)

The following table sets forth, by level within the fair value hierarchy, the Plan's assets at fair value as of December 31, 2013 and 2012:

Note 5 FIDELITY ADVISOR STABLE VALUE PORTFOLIO CLASS I

The Plan holds an investment in the Fidelity Advisor Stable Value Portfolio ("Stable Fund"), which is a collective fund organized for the purpose of maintaining the safety of its principal while trying to generate current income in excess of that of a money market account. The Stable Fund is considered fully benefit-responsive according to the FASB ASC 962. The Stable Fund seeks to maintain a stable $1.00 per unit value. The Stable Fund consists of cash equivalents and traditional and synthetic guaranteed investment contracts. There are no limitations or guarantees on the contracts.

Because the Stable Fund is fully benefit-responsive, contract value is the relevant measurement attribute for that portion of the net assets available for benefits attributable to the Stable Fund. The Stable Fund is presented on the face of the statements of net assets available for benefits (modified cash basis) at fair value with an adjustment to contract value in arriving at net assets available for benefits. Contract value, as reported to the Plan by Fidelity, represents contributions made under the contract, plus earnings, less participant withdrawals and administrative expenses. Participants may ordinarily direct the withdrawal or transfer of all or a portion of their investment at contract value.

There are no reserves against contract value for credit risk of the contract issuer or otherwise. The fair value of the Stable Fund at December 31, 2013 and 2012 was $1,629,092 and $1,258,534, respectively. The crediting interest rate is based on a formula agreed up on with the issuer. Such interest rates are reviewed on a quarterly basis for resetting.

Certain events limit the ability of the Plan to transact at contract value with the issuer. Such events include (1) amendments to the Plan documents (including complete or partial Plan termination or merger with another plan), (2) changes to the Plan's prohibition on competing investment options or deletion of equity wash provisions, (3) bankruptcy of the Plan sponsor or other Plan sponsor events (for example, divestitures or spin-offs of a subsidiary) that cause a significant withdrawal from the Plan, or (4) the failure of the trust to qualify for exemption from federal income taxes or any required prohibited transaction exemption under ERISA. The Plan administrator does not believe that any events that would limit the Plan's ability to transact at contract value with participants are probable of occurring.

The average yields earned by the Stable Fund are as follows:

Average Yields:	2013	2012
Based on actual earnings	1.70%	1.69%
Based on interest rate credited to participants	0.92%	1.11%
Fair Market Value	$ 1.02	$ 1.03
Contract Value	$ 1.00	$ 1.00

Note 6 RELATED PARTY AND PARTY-IN-INTEREST TRANSACTIONS

Certain plan investments are shares of common/collective trusts managed by Fidelity. Fidelity is the trustee as defined by the Plan and, therefore, these transactions qualify as party-in-interest transactions. Fees paid by the Plan for recordkeeping services totaled $1,400 and $1,575 for the years ended December 31, 2013 and 2012.

BRONSWICK REICIN POLLACK

Note 6 RELATED PARTY AND PARTY-IN-INTEREST TRANSACTIONS (continued)

Mesirow Financial acts as the Plan's investment advisor and provides investment advice, among other services, to the Plan's participants. Transactions with Mesirow Financial qualify as party-in-interest transactions. Fees paid by the Plan for investment advising services totaled $27,671 and $23,676 for the years ended December 31, 2013 and 2012. Certain administrative functions are performed by officers or employees of the Plan Sponsors. No such officer or employee receives compensation from the Plan.

Note 7 PLAN TERMINATION

Although they have not expressed any intention to do so, the Plan Sponsors have the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants would become 100% vested in their employer contributions.

Note 8 TAX STATUS

The Internal Revenue Service ("IRS") has determined and informed Ed. Garvey and Company by a letter dated November 25, 1997, that the Plan and related trust, as then designed, were in compliance with applicable requirements of the Internal Revenue Code ("IRC"). Although the Plan has been amended since receiving the determination letter, the plan administrator and the Plan's tax counsel believe that the Plan is designed and is currently being operated in compliance with the applicable requirements of the IRC and therefore believe that the Plan is qualified and the related trust is tax-exempt.

Accounting principles generally accepted in the United States of America require plan management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS. The plan administrator has analyzed the tax positions taken by the Plan, and has concluded that as of December 31, 2013, there are no uncertain positions taken or expected to be taken that would require recognition of a liability (or asset) or disclosure in the financial statements. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress. The plan administrator believes it is no longer subject to income tax examinations for years prior to 2011.

Note 9 RISKS AND UNCERTAINTIES

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits.

Note 10 RECONCILIATION OF FINANCIAL STATEMENTS TO FORM 5500

The following is a reconciliation of net assets available for benefits and net increase in net assets per the financial statements at December 31, 2013 and 2012 to the Form 5500:

	2013	2012
Net assets available for benefits per the financial statements	$12,451,804	$ 9,858,273
Adjustment from fair value to contract value for fully benefit-responsive investment contracts	31,008	42,150
