NOTE 1. DESCRIPTION OF THE PLAN

The following description of the Econocaribe Consolidators, Inc. (the "Company" or "Sponsor") 401(k) Profit Sharing Plan and Trust (the "Plan") provides only general information. Participants should refer to the Plan agreement for a more complete description of the Plan's provisions.

General

The Plan is a defined contribution plan covering all full-time employees of the Sponsor who have at least six months of consecutive service. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA).

Contributions

Each year, participants may contribute up to 15% of pretax annual compensation, as defined in the Plan, up to the statutory maximum. Participants who have attained age 50 before the end of the plan year are eligible to make catch-up contributions. Participants may also contribute amounts representing distributions from other qualified defined benefit or contribution plans. The Company may make discretionary matching contributions to the Plan. For the year ended December 31, 2013, the Company contribution was 50% of employee contributions up to 2% of the participants' gross salary.

Participant Accounts

Each participant's account is credited with the participant's contribution and allocations of the Sponsor's contribution and earnings from participant directed investments, net of administrative expenses, if any. Allocations of administrative expenses are based on participant earnings or account balances, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Vesting

Participants are immediately vested in their contributions plus actual earnings thereon. Vesting in the Company's matching contribution is based on years of continuous service. A participant is fully vested after five years of continuous service.

Plan Administration

The Plan is administered by the Company. The Plan assets are maintained by its trustee, Mid Atlantic Trust Company. Paychex is the Contract Administrator.

NOTE 1. DESCRIPTION OF THE PLAN (Continued)

Forfeitures

At December 31, 2013 and 2012, forfeited non-vested accounts totaled $922 and $5,492, respectively. These accounts are used to reduce future employer contributions. During the 2013 Plan year, there was $14,118 in forfeitures used to reduce employer contributions.

Investment Options

All investments are participant directed. Upon enrollment in the Plan, a participant may direct the investment of their contributions in 5% increments in any of the investment options. Participants may change their investment options daily.

Notes Receivable from Participants

A participant may borrow from their fund account a minimum of $1,000 up to a maximum equal to the lesser of 50% of a participant's vested account balance or $50,000. The loans are secured by the balance in the participant's account and bear interest at a rate based on the current market rate, as determined by the plan administrator, at the time of application. Principal and interest are paid ratably through payroll deductions.

Payment of Benefits

On termination of service due to death, disability or retirement, a participant may elect to receive either a lump-sum amount equal to the value of the participant's vested interest in his or her account, or monthly, quarterly or annual installments over a period not to exceed the participant's estimated life expectancy. If the participant's vested account balance is less than $1,000 at the date of death, disability, termination or retirement, then that balance shall be distributed in a single lump-sum payment. For termination of service for other reasons, a participant may receive the value of the vested interest in his or her account as a lump-sum distribution.

Plan Termination

Although it has not expressed any intent to do so, the Sponsor has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of plan termination, participants will become fully vested in their Company contributions.

NOTE 2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Basis of Accounting

The financial statements of the Plan are prepared using the accrual method of accounting.

NOTE 2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)

Investment Valuation and Income Recognition

All of the Plan's investments are stated at fair value. Shares of mutual funds are valued at quoted market prices which represent the net asset value of shares held by the Plan at year end. Security transactions are recorded on a trade date basis, which is the date the order to buy or sell is executed. Interest income is accrued on a daily basis. Dividend income is recorded on the ex-dividend date.

Notes Receivable from Participants

Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Delinquent participant loans are reclassified as distributions based upon the terms of the Plan document.

Benefit Payments

Benefit payments to participants are recorded when paid.

Plan Expenses

Certain administrative functions are performed by employees of the Sponsor. No such employees receive compensation from the Plan. Plan expenses are recorded when they are incurred.

Concentrations

All of the Plan's investments are held by its trustee, Mid Atlantic Trust Company, located in Pennsylvania.

Risk and Uncertainties

The Plan provides for various investment options. Investment securities are exposed to various risks, such as interest rate, market and credit. Due to the level of risk associated with certain investment securities and the level of uncertainty related to changes in the value of investment securities, it is at least reasonably possible that changes in risks in the near term could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits and the statement of changes in net assets available for benefits.

Use of Estimates in the Preparation of Financial Statements

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and changes therein, and disclosures of contingent assets and liabilities. Actual results could differ from those estimates.

NOTE 3. INFORMATION PREPARED AND CERTIFIED BY TRUSTEE (UNAUDITED)

The following fair value of investments information included in the accompanying financial statements and supplementary information was obtained from data that has been prepared by and certified as complete and accurate by the Plan's trustee.

The fair value of individual investments that represent 5% or more of the Plan's net assets at December 31 is as follows:

INVESTMENTS	**2013**	2012
Investments, at fair value:		
American Funds - Growth Fund	$ 2,634,751	$ 1,967,880
American Funds - Investment Company Fund	1,840,093	1,283,434
American Funds - Balanced Fund	1,580,444	1,000,485
American Funds - EuroPacific Growth Fund	574,635	540,460
American Funds - Bond Fund	514,383	669,861
American Funds - Money Market Fund	326,932 *	398,407
Other	1,478,670	841,303
Total investments	$ 8,949,908	$ 6,701,830

* Represents less than 5% of the Plan's net assets.

The net appreciation in investments for the year ended December 31, 2013 amounted to $1,574,377. Dividends and interest earnings amounted to $94,592.

NOTE 4. NOTES RECEIVABLE FROM PARTICIPANTS

At December 31, 2013 and 2012, notes receivable from participants aggregated $277,267 and $327,440, respectively. At December 31, 2013 and 2012, the interest rates on participant loans ranged from 4.25% to 6.25%. Interest on notes receivable from participants amounted to $12,986 during the year ended December 31, 2013.

NOTE 5. FAIR VALUE MEASUREMENT

Generally accepted accepted accounting principles require the Plan to report its investments at estimated fair value on a recurring basis. Fair value is measured by a hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (level 1 measurements) and the lowest priority to unobservable inputs (level 3 measurements). The three levels of the fair value hierarchy are described as follows:

Level 1 Inputs to the valuation methodology are unadjusted quoted market prices for identical assets or liabilities in active markets that the Plan has the ability to access.

NOTE 5. FAIR VALUE MEASUREMENT (Continued)

Level 2 Inputs to the valuation methodology include:

- quoted prices for similar assets or liabilities in active markets;
- quoted prices for identical or similar assets or liabilities in inactive markets;
- inputs other than quoted prices that are observable for the asset or liability;
- inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

A description of the valuation methodologies the Plan uses for assets measured at fair value is included in Note 2. There have been no changes in the methodologies used at December 31, 2013 and 2012.

The methodologies may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following table presents information about the Plan's assets measured at fair value as of December 31:

ASSETS, at fair value as of December 31, 2013	Quoted Prices in Active Markets for Identical Assets (Level 1)	Significant Other Observable Inputs (Level 2)	Significant Unobservable Inputs (Level 3)	Total

	$ 6,701,830	$ -	$ -	$ 6,701,830

There were no transfers between levels of the fair value hierarchy during the year ended December 31, 2013.

NOTE 6. INCOME TAX STATUS

The Plan obtained its latest determination letter on March 31, 2008, in which the Internal Revenue Service stated that the Plan, as then designed, was in compliance with the applicable requirements of the Internal Revenue Code. Although the Plan has been amended since receiving the determination letter, the Plan administrator believes that the Plan is designed and is currently being operated in compliance with the applicable requirements of the Internal Revenue Code.

The Plan assesses its tax positions in accordance with "*Accounting for Uncertainties in Income Taxes*" as prescribed by the Accounting Standards Codification, which provides guidance for financial statement recognition and measurement of uncertain tax positions taken or expected to be taken in a tax return for open tax years (generally a period of three years from the later of each return's due date or the date filed) that remain subject to examination by the Plan's major tax jurisdictions. Generally, the Plan is no longer subject to income tax examinations by major taxing authorities for years before 2010.

The Plan assesses its tax positions and determines whether it has any material unrecognized liabilities for uncertain tax positions. The Plan records these liabilities to the extent it deems them more likely than not to be incurred. Interest and penalties related to uncertain tax positions, if any, would be classified as a component of income tax expense.

NOTE 6. INCOME TAX STATUS (Continued)

The Plan believes that it does not have any significant uncertain tax positions requiring recognition or measurement in the accompanying financial statements.

NOTE 7. SUBSEQUENT EVENTS

The Plan has evaluated subsequent events through October 10, 2014, which is the date the accompanying financial statements were available to be issued.

NOTE 1. DESCRIPTION OF THE PLAN

The following description of the Econocaribe Consolidators, Inc. (the "Company" or "Sponsor") 401(k) Profit Sharing Plan and Trust (the "Plan") provides only general information. Participants should refer to the Plan agreement for a more complete description of the Plan's provisions.

General

The Plan is a defined contribution plan covering all full-time employees of the Sponsor who have at least six months of consecutive service. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA).

Contributions

Each year, participants may contribute up to 15% of pretax annual compensation, as defined in the Plan, up to the statutory maximum. Participants who have attained age 50 before the end of the plan year are eligible to make catch-up contributions. Participants may also contribute amounts representing distributions from other qualified defined benefit or contribution plans. The Company may make discretionary matching contributions to the Plan. For the year ended December 31, 2013, the Company contribution was 50% of employee contributions up to 2% of the participants' gross salary.

Participant Accounts

Each participant's account is credited with the participant's contribution and allocations of the Sponsor's contribution and earnings from participant directed investments, net of administrative expenses, if any. Allocations of administrative expenses are based on participant earnings or account balances, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Vesting

Participants are immediately vested in their contributions plus actual earnings thereon. Vesting in the Company's matching contribution is based on years of continuous service. A participant is fully vested after five years of continuous service.

Plan Administration

The Plan is administered by the Company. The Plan assets are maintained by its trustee, Mid Atlantic Trust Company. Paychex is the Contract Administrator.

NOTE 1. DESCRIPTION OF THE PLAN (Continued)

Forfeitures

At December 31, 2013 and 2012, forfeited non-vested accounts totaled $922 and $5,492, respectively. These accounts are used to reduce future employer contributions. During the 2013 Plan year, there was $14,118 in forfeitures used to reduce employer contributions.

Investment Options

All investments are participant directed. Upon enrollment in the Plan, a participant may direct the investment of their contributions in 5% increments in any of the investment options. Participants may change their investment options daily.

Notes Receivable from Participants

A participant may borrow from their fund account a minimum of $1,000 up to a maximum equal to the lesser of 50% of a participant's vested account balance or $50,000. The loans are secured by the balance in the participant's account and bear interest at a rate based on the current market rate, as determined by the plan administrator, at the time of application. Principal and interest are paid ratably through payroll deductions.

Payment of Benefits

On termination of service due to death, disability or retirement, a participant may elect to receive either a lump-sum amount equal to the value of the participant's vested interest in his or her account, or monthly, quarterly or annual installments over a period not to exceed the participant's estimated life expectancy. If the participant's vested account balance is less than $1,000 at the date of death, disability, termination or retirement, then that balance shall be distributed in a single lump-sum payment. For termination of service for other reasons, a participant may receive the value of the vested interest in his or her account as a lump-sum distribution.

Plan Termination

Although it has not expressed any intent to do so, the Sponsor has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of plan termination, participants will become fully vested in their Company contributions.

NOTE 2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Basis of Accounting

The financial statements of the Plan are prepared using the accrual method of accounting.

NOTE 2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)

Investment Valuation and Income Recognition

All of the Plan's investments are stated at fair value. Shares of mutual funds are valued at quoted market prices which represent the net asset value of shares held by the Plan at year end. Security transactions are recorded on a trade date basis, which is the date the order to buy or sell is executed. Interest income is accrued on a daily basis. Dividend income is recorded on the ex-dividend date.

Notes Receivable from Participants

Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Delinquent participant loans are reclassified as distributions based upon the terms of the Plan document.

Benefit Payments

Benefit payments to participants are recorded when paid.

Plan Expenses

Certain administrative functions are performed by employees of the Sponsor. No such employees receive compensation from the Plan. Plan expenses are recorded when they are incurred.

Concentrations

All of the Plan's investments are held by its trustee, Mid Atlantic Trust Company, located in Pennsylvania.

Risk and Uncertainties

The Plan provides for various investment options. Investment securities are exposed to various risks, such as interest rate, market and credit. Due to the level of risk associated with certain investment securities and the level of uncertainty related to changes in the value of investment securities, it is at least reasonably possible that changes in risks in the near term could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits and the statement of changes in net assets available for benefits.

Use of Estimates in the Preparation of Financial Statements

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and changes therein, and disclosures of contingent assets and liabilities. Actual results could differ from those estimates.

NOTE 3. INFORMATION PREPARED AND CERTIFIED BY TRUSTEE (UNAUDITED)

The following fair value of investments information included in the accompanying financial statements and supplementary information was obtained from data that has been prepared by and certified as complete and accurate by the Plan's trustee.

The fair value of individual investments that represent 5% or more of the Plan's net assets at December 31 is as follows:

INVESTMENTS	**2013**	2012
Investments, at fair value:		
American Funds - Growth Fund	$ 2,634,751	$ 1,967,880
American Funds - Investment Company Fund	1,840,093	1,283,434
American Funds - Balanced Fund	1,580,444	1,000,485
American Funds - EuroPacific Growth Fund	574,635	540,460
American Funds - Bond Fund	514,383	669,861
American Funds - Money Market Fund	326,932 *	398,407
Other	1,478,670	841,303
Total investments	$ 8,949,908	$ 6,701,830

* Represents less than 5% of the Plan's net assets.

The net appreciation in investments for the year ended December 31, 2013 amounted to $1,574,377. Dividends and interest earnings amounted to $94,592.

NOTE 4. NOTES RECEIVABLE FROM PARTICIPANTS

At December 31, 2013 and 2012, notes receivable from participants aggregated $277,267 and $327,440, respectively. At December 31, 2013 and 2012, the interest rates on participant loans ranged from 4.25% to 6.25%. Interest on notes receivable from participants amounted to $12,986 during the year ended December 31, 2013.

NOTE 5. FAIR VALUE MEASUREMENT

Generally accepted accepted accounting principles require the Plan to report its investments at estimated fair value on a recurring basis. Fair value is measured by a hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (level 1 measurements) and the lowest priority to unobservable inputs (level 3 measurements). The three levels of the fair value hierarchy are described as follows:

Level 1 Inputs to the valuation methodology are unadjusted quoted market prices for identical assets or liabilities in active markets that the Plan has the ability to access.

NOTE 5. FAIR VALUE MEASUREMENT (Continued)

Level 2 Inputs to the valuation methodology include:

- quoted prices for similar assets or liabilities in active markets;
- quoted prices for identical or similar assets or liabilities in inactive markets;
- inputs other than quoted prices that are observable for the asset or liability;
- inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

A description of the valuation methodologies the Plan uses for assets measured at fair value is included in Note 2. There have been no changes in the methodologies used at December 31, 2013 and 2012.

The methodologies may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following table presents information about the Plan's assets measured at fair value as of December 31:

There were no transfers between levels of the fair value hierarchy during the year ended December 31, 2013.

NOTE 6. INCOME TAX STATUS

The Plan obtained its latest determination letter on March 31, 2008, in which the Internal Revenue Service stated that the Plan, as then designed, was in compliance with the applicable requirements of the Internal Revenue Code. Although the Plan has been amended since receiving the determination letter, the Plan administrator believes that the Plan is designed and is currently being operated in compliance with the applicable requirements of the Internal Revenue Code.

The Plan assesses its tax positions in accordance with "*Accounting for Uncertainties in Income Taxes*" as prescribed by the Accounting Standards Codification, which provides guidance for financial statement recognition and measurement of uncertain tax positions taken or expected to be taken in a tax return for open tax years (generally a period of three years from the later of each return's due date or the date filed) that remain subject to examination by the Plan's major tax jurisdictions. Generally, the Plan is no longer subject to income tax examinations by major taxing authorities for years before 2010.

The Plan assesses its tax positions and determines whether it has any material unrecognized liabilities for uncertain tax positions. The Plan records these liabilities to the extent it deems them more likely than not to be incurred. Interest and penalties related to uncertain tax positions, if any, would be classified as a component of income tax expense.

NOTE 6. INCOME TAX STATUS (Continued)

The Plan believes that it does not have any significant uncertain tax positions requiring recognition or measurement in the accompanying financial statements.

NOTE 7. SUBSEQUENT EVENTS

The Plan has evaluated subsequent events through October 10, 2014, which is the date the accompanying financial statements were available to be issued.
