We were engaged to audit the accompanying financial statements of First Credit Union Defined Benefit Plan and Trust, which comprise the statements of net assets available for benefits as of December 31, 2013 and 2012, and the related statements of changes in net assets available for benefits for the years then ended, and the statement of accumulated plan benefits as of January 1, 2013, and the related statement of changes in accumulated plan benefits for the year then ended, and the related notes to the financial statements.

Management's Responsibility for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

Auditors' Responsibility

Our responsibility is to express an opinion on these financial statements based on conducting the audit in accordance with auditing standards generally accepted in the United States of America. Because of the matter described in the *Basis for Disclaimer of Opinion* paragraph, however, we were not able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion.

Basis for Disclaimer of Opinion

As permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974, the plan administrator instructed us not to perform, and we did not perform, any auditing procedures with respect to the information summarized in Note 3, which was certified by CMFG Life Insurance Company through MG Trust Company, LLC and Exeter Trust Company, the custodians of the Plan, except for comparing such information with the related information included in the financial statements. We have been informed by the plan administrator that CMFG Life Insurance Company through MG Trust Company, LLC held the Plan's investment assets and executed investment transactions from January 1, 2012 to December 31, 2013, and that Exeter Trust Company held a portion of the Plan's investment assets and executed investment transactions for the period January 1, 2012 to April 24, 2012. The plan administrator has obtained a certification from the custodians as of and for the years ended December 31, 2013 and 2012, that the information provided to the plan administrator by the custodians is complete and accurate.

Disclaimer of Opinion

Because of the significance of the matter described in the *Basis for Disclaimer of Opinion* paragraph, we have not been able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion. Accordingly, we do not express an opinion on these financial statements.

Other Matter
The supplemental Schedule H, Line 4i – Schedule of Assets (Held at End of Year) as of December 31, 2013 is required by the Department of Labor's (DOL) Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974 and is presented for the purpose of additional analysis and is not a required part of the financial statements. Because of the significance of the matter described in the *Basis for Disclaimer of Opinion* paragraph, we do not express an opinion on this supplemental schedule.

Report on Form and Content in Compliance With DOL Rules and Regulations
The form and content of the information included in the financial statements and supplemental schedule, other than that derived from the information certified by the custodians, have been audited by us in accordance with auditing standards generally accepted in the United States of America and, in our opinion, are presented in compliance with the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974.

NOTE 1 – DESCRIPTION OF PLAN

The First Credit Union Defined Benefit Plan and Trust ("Plan") was established February 1, 1996. Effective January 1, 2003, the Plan was amended and restated to comply with all recent law changes relating to minimum distributions, including EGTRRA and GUST. The Plan obtained an IRS determination letter by using a pre-approved prototype plan. The following description of the First Credit Union Defined Benefit Plan and Trust provides only general information. Participants should refer to the Plan agreement for a more complete description of the Plan's provisions.

General

The Plan is a defined benefit plan covering all employees of First Credit Union (the Plan Sponsor) (Credit Union) who have attained age 21 and completed one year of service. It is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA) as amended. The Trustees are responsible for the oversight of the Plan. They determine the appropriateness of the Plan's investment offerings and monitor investment performance.

Pension Benefits

Employees with five or more years of service are entitled to annual pension benefits beginning at normal retirement age (65) equal to 1.25% of their final 3-year average annual compensation for each year of service plus 0.65% of the average salary in excess of the covered compensation multiplied by the number of years of service prior to January 1, 2006 plus 2.00% of average salary multiplied by years of service after January 1, 2006, up to a total of 25 years. The Plan permits early retirement at ages 55-64 with reduced benefits. Employees may elect to receive their pension benefits in the form of a joint and survivor annuity. If employees terminate before rendering one year of service, they forfeit the right to receive any portion of their accumulated plan benefits. Employees may elect to receive the value of their accumulated plan benefits as a lump-sum distribution upon retirement or termination, or they may elect to receive their benefits as a life annuity payable monthly from retirement.

Effective May 22, 2009 management of First Credit Union approved a plan to freeze the Plan which would prevent further accumulation of years of service attained and average annual compensation through December 31, 2008. The freeze dictates that participants will receive benefits that are already accrued, but no new benefits will be accrued. Effective July 1, 2013, the Plan has been unfrozen to amend the vesting schedule and to add a cash balance feature. The vesting schedule will be a three year cliff vesting schedule and funding of the plan will be equal to 3% of compensation for eligible participants, while retaining the accrued benefits determined prior to May 22, 2009.

Vesting

Vesting in the Plan is based on years of continuous service. Vesting for the period January 1, 2013 through June 30, 2013 and the year ended December 31, 2012 is a one year cliff, with 100% vesting after one year of service. Vesting as of December 31, 2013 is as follows:

Years of Service	Vested Percentage
Less than 3 year	0%
3 years or more	100%

NOTE 1 – DESCRIPTION OF PLAN (CONTINUED)

Death and Disability Benefits

If an active employee dies, a death benefit equal to the present value of the employee's accumulated pension benefits is paid to the employee's beneficiary. Active employees who become totally disabled receive disability benefits that are equal to the retirement benefits they have accumulated as of the time they become disabled.

NOTE 2 – SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Basis of Accounting

The financial statements of the Plan are presented on the accrual basis of accounting.

Use of Estimates in Preparing Financial Statements

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make a number of estimates and assumptions that affect the reported amounts of assets, liabilities and changes therein, disclosure of contingent assets and liabilities, and the actuarial present value of accumulated plan benefits and changes therein at the date of the financial statements. Actual results may differ from those estimates.

Investment Valuation and Income Recognition

Investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The Plan's Trustees determine the Plan's valuation policies utilizing information provided by the investment advisers, custodians, and insurance company. See Note 4 for discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income (loss) is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation (depreciation) includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Deposit Administration Contract

Each amount allocated or transferred to this account will earn interest at an effective annual interest rate declared by CUNA Mutual Insurance Society. The interest rate will be guaranteed by the insurance company for the full period from the date the amount is allocated or transferred to the account to the maturity date mutually agreed upon between the contract holder and CUNA Mutual Insurance Society. The deposit administration contract is an allocation option supported by assets in the general account of the insurance company. As of July 17, 2012, the Plan no longer participates in this account.

NOTE 2 – SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

Actuarial Present Value of Accumulated Plan Benefits

Accumulated plan benefits are those future periodic payments, including lump-sum distributions that are attributable under the Plan's provisions to the service employees have rendered. Accumulated plan benefits include benefits expected to be paid to (a) retired or terminated employees or their beneficiaries, (b) beneficiaries of employees who have died, and (c) present employees or their beneficiaries. Benefits under the Plan are based on the three highest consecutive years of employee compensation. The accumulated plan benefits for active employees are based on their highest average compensation during three consecutive years of the given compensation history as of the date as of which the benefit information is presented (the valuation date). Benefits payable under all circumstances – retirement, death, disability, and termination of employment – are included, to the extent they are deemed attributable to employee service rendered to the valuation date.

The actuarial present value of accumulated plan benefits is determined by an actuary and is that amount that results from applying actuarial assumptions to adjust the accumulated plan benefits to reflect the time value of money (through discounts for interest) and the probability of payment (by means of decrements such as for death, disability, withdrawal, or retirement) between the valuation date and the expected date of payment. The significant actuarial assumptions used in the valuation as of January 1, 2013 were (a) life expectancy of participants (RP 2000 Combined Table projected to 2013 by scale AA), (b) assumed average retirement age of 65, (c) annual salary increases of 0.00% (d) investment return of 4.00% and (e) discount rate of 6.27%. The computations of the actuarial present value of accumulated Plan benefits were made as of January 1, 2013 and 2012. Had the valuations been performed as of December 31, there would be no material differences.

The foregoing actuarial assumptions are based on the presumption that the Plan will continue. Were the Plan to terminate, different actuarial assumptions and other factors might be applicable in determining the actuarial present value of accumulated plan benefits.

Payment of Benefits

Benefit payments to participants are recorded upon distribution.

Administrative Expenses

Certain administrative expenses of the Plan are paid by the Credit Union. All other expenses are paid by the Plan.

Subsequent Events

The Plan has evaluated subsequent events through October 8, 2014, the date the financial statements were available to be issued.

NOTE 3 – INVESTMENTS CERTIFIED BY THE CUSTODIANS

The Plan administrator has elected the method of annual reporting compliance permitted by 29 CFR 2520.103-8 of the Department of Labor Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, the custodians have certified that the data included in the accompanying financial statements and schedule are complete and accurate.

a. Total investments as shown in the accompanying statements of net assets available for benefits of $7,682,568 and $7,236,047 as of December 31, 2013 and 2012, respectively.

b. Net investment income as shown in the accompanying statements of changes in net assets available for benefits of $872,333 and $752,747 for the years ended December 31, 2013 and 2012, respectively.

The value of individual investments that represent five percent or more of the Plan's net assets as of December 31 are as follows:

	2013	2012
CUNA Mutual Insurance Society:		
Interest in CUNA Mutual Retirement Pension Collective Investment Trust	$ 7,682,568	$ 7,236,047

During 2013 and 2012, the Plan's investments (including gains and losses on investments bought and sold, as well as held during the year) appreciated by $872,333 and a loss of $745,587 respectively, as follows:

	2013	2012
Mutual funds	$ -	$ 402,763
Common collective trust	872,333	342,824
Total	$ 872,333	$ 745,587

The Plan's independent auditors did not perform auditing procedures with respect to this information, except for comparing such information to the related information included in the financial statements and supplemental schedule.

NOTE 4 – FAIR VALUE MEASUREMENTS

Financial Accounting Standards Board (FASB) *Accounting Standards Codification* (ASC) 820*, Fair Value Measurements and Disclosures*, provides the framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (level 1 measurements) and the lowest priority to unobservable inputs (level 3 measurements). The three levels of the fair value hierarchy under FASB ASC 820 are described as follows:

Level 1 Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2 Inputs to the valuation methodology include:

- Quoted prices for similar assets or liabilities in active markets;
- Quoted prices for identical or similar assets or liabilities in inactive markets;
- Inputs other than quoted prices that are observable for the asset or liability;
- Inputs that are derived principally from or corroborated by observable market data by correlation or other means.

  If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2013 and 2012.

Collective investment trust: CUNA Mutual evaluates the value of the trust based on the value of the underlying holdings that are primarily comprised of fixed income and equity mutual funds.

The methods described above may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, while the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

NOTE 4 – FAIR VALUE MEASUREMENTS (CONTINUED)

The following table sets forth additional disclosures for the fair value measurement of investments in certain entities that calculate the net asset value per share (or its equivalent) at December 31:

Investment Type	Fair Value	Unfunded Commitments	Redemption Frequency	Redemption Notice Period
2013				
Collective investment trust				
Equities	$ 7,682,568	$ -	Daily	Daily
2012				
Collective investment trust				
Equities	$ 7,236,047	$ -	Daily	Daily

The following is a description of the nature and risks of the categories of pension plan assets by major security type.

Collective investment trust: Trust seeks long-term, stable interest rate returns on pension deposits and is guaranteed by CUNA Mutual Insurance Society.

The following table sets forth by level, within the fair value hierarchy, the plan's assets at fair value as of December 31, 2013.

	Level 1	Level 2	Level 3	Total
Collective investment trust				
Equities	$ -	$7,682,568	$ -	$7,682,568
Total assets at fair value	$ -	$7,682,568	$ -	$7,682,568

The following table sets forth by level, within the fair value hierarchy, the plan's assets at fair value as of December 31, 2012.

	Level 1	Level 2	Level 3	Total
Collective investment trust				
Equities	$ -	$7,236,047	$ -	$7,236,047
Total assets at fair value	$ -	$7,236,047	$ -	$7,236,047

NOTE 4 – FAIR VALUE MEASUREMENTS (CONTINUED)

The following table sets forth a summary of changes in the fair value of the Plan's level 3 assets for the years ended December 31, 2012.

	Stable Value Fund
Balance, December 31, 2011	594,373
Withdrawals	(426,555)
Interest	7,160
Transfers in	57,159
Transfers out	(232,137)
Balance, December 31, 2012	$ -

Transfers from level 3 to level 2 funds represent re-balancing of funds and changes to participating in the Collective Investment Trust rather than the Stable Value Fund. The transfers are recognized on the date the funds are transferred.

NOTE 5 – TAX STATUS

The Internal Revenue Service (IRS) has determined and informed the Credit Union by a letter dated March 31, 2010 that the Plan and related trust are designed in accordance with applicable sections of the Internal Revenue Code (IRC). Although the Plan has been amended since receiving the determination letter, the plan administrator and plan sponsor believe that the Plan is currently designed and being operated in compliance with the applicable requirements of the IRC and are not aware of any course of action or series of events that have occurred that might adversely affect the Plan’s qualified status.

Accounting principles generally accepted in the United States of America require Plan management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the Internal Revenue Service. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress. The Plan administrator believes it is no longer subject to income tax examinations for years prior to 2010.

NOTE 6 – PLAN TERMINATION

Although it has no plans to do so, the Credit Union has the right to discontinue its contribution and terminate the Plan at any time. In the event of termination, all participants would become fully vested.

In the event the Plan terminates, the net assets of the Plan would be allocated, as prescribed by ERISA and its related regulations, generally to provide the following benefits in the order indicated:

a. Annuity benefits that former employees or their beneficiaries have been receiving for at least three years, or that employees eligible to retire for that three-year period would have been receiving if they had retired with benefits in the normal form of annuity under the Plan. The priority amount is limited to the lowest benefit that was payable (or would have been payable) during those three years. The amount is further limited to the lowest benefit that would be payable under Plan provisions in effect at any time during the five years preceding Plan termination.

b. Other vested benefits insured by the Pension Benefit Guaranty Corporation (PBGC) (a U.S. government agency) up to the applicable limitations (discussed below).

c. All other vested benefits (that is, vested benefits not insured by the PBGC).

d. All non-vested benefits.

Certain benefits under the Plan are insured by the PBGC if the Plan terminates. Generally, the PBGC guarantees most vested normal age retirement benefits, early retirement benefits, and certain disability and survivor's pensions. However, the PBGC does not guarantee all types of benefits under the Plan, and the amount of benefit protection is subject to certain limitations. Vested benefits under the Plan are guaranteed at the level in effect on the date of the Plan's termination.

Whether all participants receive their benefits should the Plan terminate at some future time will depend on the sufficiency, at that time, of the Plan's net assets to provide for accumulated benefit obligations and may also depend on the financial condition of the Plan sponsor and the level of benefits guaranteed by the PBGC.

NOTE 7 – FUNDING POLICY

Each year the Credit Union will contribute a sum of money necessary to fund the benefits specified by the Plan, subject to the IRS full funding limit test. The amount of this annual contribution will be actuarially determined. Employees are not required to make contributions to the Plan. The Plan has met the ERISA minimum funding requirement for the years ended December 31, 2013 and 2012.

NOTE 8 – RELATED PARTY TRANSACTIONS

The Plan's investments are contracts managed by CFMG Life Insurance Company through MG Trust Company, LLC, for the years ended December 31, 2013 and 2012. CFMG Life Insurance Company through MG Trust Company, LLC is the investment custodian as defined by the Plan and, therefore, these transactions qualify as party-in-interest transactions. For the period January 1, 2012 through April 24, 2012, a portion of the Plan's investments are contracts managed by, Exeter Trust Company. Exeter Trust Company is an investment custodian as defined by the Plan and, therefore, these transactions qualify as party-in-interest transactions.

NOTE 9 – CHANGES IN ACTUARIAL ASSUMPTIONS

The January 1, 2013 actuarial valuation also included changes in actuarial assumptions relating to the discount rate increasing from 5.25% for the January 1, 2012 valuation to 6.27% for the January 1, 2013 valuation, that resulted in a decrease in the actuarial present value of accumulated plan benefits of $419,193 and an increase due to the decrease in the discount period of $169,494, which were accounted for during the year ended December 31, 2012.

NOTE 10 – RISKS AND UNCERTAINTIES

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect the amounts reported in the statements of net assets available for benefits.

Plan contributions are made and the actuarial present value of accumulated plan benefits are reported based on certain assumptions pertaining to interest rates, inflation rates and employee demographics, all of which are subject to change. Due to uncertainties inherent in the estimations and assumptions process, it is at least reasonably possible that changes in these estimates and assumptions in the near term would be material to the financial statements.

To the best of my knowledge, the information supplied in this schedule and accompanying schedules, statements and attachments, if any, is complete and accurate. Each prescribed assumption was applied in accordance with applicable law and regulations. In my opinion, each other assumption is reasonable (taking into account the experience of the plan and reasonable expectations) and such other assumptions, in combination, offer my best estimate of anticipated experience under the plan.
