NOTES TO FINANCIAL STATEMENTS

MARQUETTE GENERAL HOSPITAL EMPLOYEE DEFERRED COMPENSATION PLAN

December 31, 2013

NOTE A--PLAN DESCRIPTION

The following description of the Marquette General Hospital Employee Deferred Compensation Plan (Plan) provides only general information. Participants should refer to the Plan agreement for a more complete description of the Plan's provisions.

The following Plan description detail was applicable through September 1, 2012. See Note I--System Acquisition for Plan information subsequent to September 1, 2012.

General

The Plan is a defined contribution plan covering substantially all full-time employees of Marquette General Hospital, Inc., d/b/a Marquette General Health System (the System) who are age twenty-one or older. Upon completing one year of service, defined as 1,000 or more hours, the employee is eligible to receive an employer match. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA).

Contributions

Individual participants may elect to contribute to the Plan on a salary reduction basis. The amount a participant may defer into the Plan each year varies based upon percent of pay limit--in general, a participant may defer up to 100 percent of their annual compensation; flat dollar limit--the amount a participant defers is limited to \$17,000 for 2012, additional contributions can be made by participants age fifty or over; coordination limit--the amount a participant defers is limited by elective deposits made to a tax-sheltered annuity, to a deferred compensation plan under Section 457 of the Internal Revenue Code, or to a different 401(k) plan; and, discrimination limit--the amount a participant defers is limited by the amount deferred by other participants of the Plan.

Participants direct the investment of their contributions into various investment options offered by the Plan. Participants may change their investment options and transfer between funds as desired.

Certain participants of the Plan are entitled to receive a matching employer contribution. The participants who are eligible to receive matching contributions include:

- 1) Non-bargaining eligible employees hired after December 31, 2005, and bargaining eligible employees hired after May 31, 2007
- 2) Eligible employees who have waived future benefit accruals under the Marquette General Hospital, Inc., Retirement Plan

NOTES TO FINANCIAL STATEMENTS--Continued

MARQUETTE GENERAL HOSPITAL EMPLOYEE DEFERRED COMPENSATION PLAN

NOTE A--PLAN DESCRIPTION--Continued

The System's matching contribution will be \$1.00 for every \$1.00 contributed by the participant, up to four percent of the participant's eligible compensation.

Participant Accounts

Each participant's account is credited with the participant's contribution and allocations of Plan earnings and charged with an allocation of administrative expenses. Allocations are based upon participant earnings or account balances as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Vesting

Participants are immediately vested in their contributions and actual earnings thereon.

Participant Loans Receivable

Participants may borrow from their fund accounts a minimum of \$1,000 up to a maximum equal to the lesser of \$50,000 or 50 percent of their account balance. Loan terms may be up to five years, or for a longer period of time if for the purchase of a primary residence. The loans are secured by the balance in the participant's account and bear interest at a rate commensurate with local prevailing rates at the time the loan is written. Principal and interest will be repaid at the same intervals as the participant's regular payroll checks by means of a payroll deduction.

Benefit Payments

On termination of service due to death, disability, retirement, or any other reason, a participant may elect to receive either a lump sum amount equal to the value of the participant's account, or a direct transfer to another qualified retirement plan or IRA.

NOTE B--SUMMARY OF ACCOUNTING POLICIES

Basis of Accounting

The financial statements of the Plan are prepared under the accrual basis of accounting.

Valuation of Investments and Income Recognition

The Plan's investments are stated at fair value.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis.

NOTES TO FINANCIAL STATEMENTS--Continued

MARQUETTE GENERAL HOSPITAL EMPLOYEE DEFERRED COMPENSATION PLAN

NOTE B--SUMMARY OF ACCOUNTING POLICIES--Continued

Benefit Payments

Benefits are recorded when paid.

Participant Loans Receivable

Loans receivable from participants are measured at their unpaid balance plus any accrued but unpaid interest. Interest income is recorded on the accrual basis. Related fees are charged directly to the borrowing participant's account and are included in administrative expenses when incurred. As of December 31, 2013 and 2012, no allowance for credit losses has been recorded.

Administration

Certain administrative functions are performed by officers or employees of the System. No such officer or employee receives compensation from the Plan for these services. The System pays for various expenses incurred in administering the Plan. For the years ended December 31, 2013 and 2012, these administrative expenses approximated \$7,500 and \$30,000, respectively.

Use of Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires the Plan administrator to make estimates and assumptions that affect certain reported amounts and disclosures. Actual results could differ from those estimates.

Risks and Uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statement of net assets available for benefits.

Subsequent Events

Subsequent events were evaluated through October 9, 2014, which is the date the financial statements were available to be issued.

NOTE E--FAIR VALUE MEASUREMENTS

Generally accepted accounting principles establish a framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The three levels of fair value hierarchy under generally accepted accounting principles are described below:

- Level 1: Quoted market prices in active markets for identical assets or liabilities
- Level 2: Observable market-based inputs or unobservable inputs corroborated by market data
- Level 3: Unobservable inputs reflecting the reporting entity's own assumptions

The asset's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques followed need to maximize the use of observable inputs and minimize the use of unobservable inputs. While the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair values of certain financial instruments could result in a different fair value measurement at the reporting date.

The following table sets forth, by level within the fair value hierarchy, a summary of the Plan's investments that were measured at fair value on a recurring basis as of December 31, 2013 and 2012.

		Fair Value Measurements at Reporting Date Using:		
		Quoted Prices in Active Markets for Identical Assets (Level 1)	Significant Other Observable Inputs (Level 2)	Significant Unobservable Inputs (Level 3)
	Fair Value			
<u>December 31, 2013:</u>

NOTES TO FINANCIAL STATEMENTS--Continued

MARQUETTE GENERAL HOSPITAL EMPLOYEE DEFERRED COMPENSATION PLAN

NOTE E--FAIR VALUE MEASUREMENTS--Continued

Level 1 Fair Value Measurements:

Mutual Funds: The fair value of investments in mutual funds is determined using the Net Asset Value (NAV). The NAV is based on the value of the underlying assets owned by the fund, minus its liabilities, and then divided by the number of shares outstanding. The NAV is quoted in an active market.

Level 2 Fair Value Measurements:

Common/Collective Funds: The fair value of the common/collective funds is determined by each fund's trustee based on the fair value of the underlying securities within the fund, which represent the NAV of shares held by the Plan at year end as disclosed in the common/collective funds annual report.

NOTE F--RELATED PARTY TRANSACTIONS

Certain Plan investments are collective investment funds managed by a third-party trustee; therefore, these transactions qualify as party-in-interest transactions.

NOTE G--INCOME TAX STATUS

The Plan obtained its latest opinion letter dated May 18, 2012, in which the Internal Revenue Service stated that the Plan was in compliance with the applicable requirements of the Internal Revenue Code; therefore, no provision for income taxes has been included in the Plan's financial statements.

Accounting principles generally accepted in the United States of America require the Plan administrator to evaluate the tax positions taken by the Plan and recognize a tax liability for any uncertain position that more likely than not would be sustained upon examination by the Internal Revenue Service. The Plan is subject to routine audits by tax authorities; however, there are currently no audits for any tax periods in progress. The Plan administrator believes the Plan is no longer subject to income tax examinations for years prior to 2010.

NOTES TO FINANCIAL STATEMENTS--Continued

MARQUETTE GENERAL HOSPITAL EMPLOYEE DEFERRED COMPENSATION PLAN

NOTE H--PLAN TERMINATION

Although it has not expressed any intent to do so, the Corporation has the right under the Plan to terminate the Plan subject to provisions of ERISA. In the event of Plan termination, participants would become 100 percent vested in their employer contributions.

NOTE I--SYSTEM ACQUISITION

On September 1, 2012, the System was acquired by an unrelated, for profit healthcare entity. As of the acquisition date, all employees of the System were deemed to be terminated. Therefore, subsequent to that date, there were no additional employee or employer contributions made to the Plan.

As of the acquisition date, participants with account balances greater than \$5,000 had the option of remaining in the Plan. All participants with account balances less than \$5,000 were paid out. Participants remaining in the Plan are able to request a withdrawal at any time in the form of a lump sum paid to the participant or through a direct rollover to an IRA or another qualified retirement plan.

Remaining participants are still able to change their investment options and their accounts continue to be credited with an allocation of Plan earnings and charged with an allocation of administrative expenses. Participant loans are no longer originated subsequent to the acquisition date. For existing participant loans, principal and interest payments are now remitted directly to the Plan by Plan participants.

As of September 1, 2012, MGH Wind Down, Inc., is the name of the Plan sponsor.
