INDEPENDENT AUDITORS' REPORT

Plan Administrator and Board of Directors
Center for Developmental
Disabilities, Inc. 403(b) Plan
Woodbury, New York

Report on the Financial Statements

We were engaged to audit the accompanying financial statements of Center for Developmental Disabilities, Inc. 403(b) Plan (the "Plan"), which comprise the statements of net assets available for benefits as of December 31, 2013 and 2012, and the related statement of changes in net assets available for benefits for the year ended December 31, 2013 and the related notes to the financial statements.

Management's Responsibility for the Financial Statements

Plan management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

Auditors' Responsibility

Our responsibility is to express an opinion on these financial statements based on conducting the audit in accordance with auditing standards generally accepted in the United States of America. Because of the matter described in the Basis for Disclaimer of Opinion paragraph, however, we were not able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion.

Basis for Disclaimer of Opinion

As permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974, the Plan administrator instructed us not to perform, and we did not perform, any auditing procedures with respect to the information summarized in Note 3, which was certified by Principal Financial Group and Metropolitan Life Insurance Company, the custodians of the Plan, except for comparing such information with the related information included in the financial statements. We have been informed by the Plan administrator that the custodians hold the Plan's investment assets and execute investment transactions. The Plan administrator has obtained certifications from the custodians as of December 31, 2013 and 2012, and for the year ended December 31, 2013, that the information provided to the Plan administrator by the custodians is complete and accurate.

We were unable to obtain sufficient appropriate audit evidence with respect to participants' account balances existing as of January 1, 2009 due to inadequate records maintained for prior periods, and therefore, were unable to form an opinion regarding the balances existing at January 1, 2009.

Disabilities, Inc. 403(b) Plan

Disclaimer of Opinion

Because of the significance of the matter described in the Basis for Disclaimer of Opinion paragraph, we have not been able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion. Accordingly, we do not express an opinion on these financial statements.

Other Matter

The supplemental schedule, Schedule of Assets (Held at End of Year), is required by the Department of Labor's (DOL) Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974 and is presented for the purpose of additional analysis and is not a required part of the financial statements. Because of the significance of the matter described in the Basis for Disclaimer of Opinion paragraph, we do not express an opinion on this supplemental schedule.

Report on Form and Content in Compliance with DOL Rules and Regulations

The form and content of the information included in the financial statements and supplemental schedule, other than that derived from the information certified by the custodians, have been audited by us in accordance with auditing standards generally accepted in the United States of America and, in our opinion, are presented in compliance with the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974.

NOTES TO FINANCIAL STATEMENTS
As of December 31, 2013 and 2012
and for the Year Ended December 31, 2013

Note 1 - Description of Section 403(b) Tax-Deferred Annuity Plan

The following description of Center for Developmental Disabilities, Inc. (the "Employer") 403(b) Plan (the "Plan") provides only general information. Participants should refer to the Plan agreement for a more complete description of the Plan's provisions.

General - The Plan is a defined contribution plan covering all employees who normally have 1000 hours of service per year. There is no minimum age requirement. An eligible participant can make salary deferral contributions upon enrolling in the Plan and becomes eligible to receive Employer contributions upon completing two years of service. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 ("ERISA"). During the year ended December 31, 2011, the Plan was amended to comply with the Worker, Retiree and Employer Recovery Act of 2008, and the Small Business Jobs Act of 2010.

Contributions - Participants may contribute up to the maximum percentage allowable under the limits of the Internal Revenue Code. Participants who have attained age 50 before the end of the Plan year are eligible to make catch-up contributions. Participants may also contribute rollover amounts representing distributions from other qualified defined benefit or defined contribution plans. Participants direct the investment of their contributions into various investment options offered by the Plan. The Employer, at its discretion, contributes 3.0% of each participant's annual base salary after two years of service. After five years of service, the Employer, at its discretion, contributes 3.5% of each participant's annual base salary. Employer contributions were suspended beginning in February 2012.

Vesting - Participants are immediately vested in their salary deferral contributions and Employer contributions plus actual earnings thereon.

Participant accounts - Each participant's account is credited with the participant's contributions, Employer contributions made on his or her behalf, and an allocation of net plan earnings. Such accounts are invested in available investment options in accordance with the participant's direction and the Plan provisions. The benefit to which a participant is entitled is the benefit that can be provided by the participant's vested account.

Loans - Participants may borrow a minimum of \$1,000 up to the lesser of \$50,000 or 50% of the vested portion of their account balance. Only one loan may be taken in each 12 month period. Each loan must be repaid within a period not to exceed five years, unless the loan is for the purchase of a principal residence, in which case, the loan period may exceed five years. Such loans bear fixed rates of interest determined at the time a loan is issued.

Payment of benefits - Upon termination of service due to retirement, death or disability, a participant's account balance is converted to an annuity unless the participant elects a lump-sum payment. Upon separation, a participant may elect to receive a lump-sum amount equal to the value of the participant's vested account balance. Hardship withdrawals are permitted if approved by the Employer. An active participant who has attained age 59-1/2 may make withdrawals from his or her account.

Administrative expenses - Administrative expenses incurred are the shared responsibility of the Plan and the Employer.

CENTER FOR DEVELOPMENTAL DISABILITIES, INC. 403(b) PLAN

NOTES TO FINANCIAL STATEMENTS As of December 31, 2013 and 2012 and for the Year Ended December 31, 2013

Note 2 - Summary of Significant Accounting Policies

Basis of accounting - The financial statements of the Plan are prepared under the accrual method of accounting.

Investment valuation and income recognition - Investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note 6 for discussion of fair value measurements.

As described in Financial Accounting Standards Board ("FASB") Accounting Standards Codification ("ASC") Topic 962-325-50-3 (formerly Staff Position AAG INV-1 and SOP No. 94-4-1), relating to "*Reporting of Fully Benefit-Responsive Investment Contracts Held by Certain Investment Companies Subject to the AICPA Investment Company Guide and Defined-Contribution Health and Welfare and Pension Plans*" (the "FSP"), investment contracts held by a defined contribution plan are required to be reported at fair value. However, contract value is the relevant measurement attribute for that portion of the net assets of a collective investment fund attributable to fully benefit-responsive investment contracts, because contract value is the amount participants would receive if they were to initiate permitted transactions under the terms of the Plan. No adjustment is reflected in the statements of net assets available for benefits as of December 31, 2013 and 2012, and the statement of changes in net assets available for benefits for the year ended December 31, 2013, as contract value approximates fair value.

Net appreciation or depreciation of investments included in the accompanying statement of changes in net assets available for benefits includes realized gains or losses from the sale of investments and unrealized appreciation or depreciation in fair value of investments. Net unrealized appreciation or depreciation in the fair value of investments represents the net change in the fair value of the investments held during the period. The net realized gains or losses on the sale of investments represent the difference between the sale proceeds and the fair value of the investment as of the beginning of the period or the cost of the investment if purchased during the year.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis and dividends are recorded on the ex-dividend date.

Participant loans receivable - Participant loans receivable are measured at their unpaid principal balance plus any accrued but unpaid interest. Delinquent participant loans are reclassified as distributions based upon the terms of the Plan document.

Payments of benefits - Benefits are recorded when paid.

Use of estimates - The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and changes therein, and disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

Subsequent events - The Plan has evaluated all subsequent events from the date of the statements of net assets available for benefits through October 1, 2014, which represents the date these financial statements are available to be issued. There were no events or transactions occurring during the subsequent event reporting period which require recognition or disclosure in the financial statements.

CENTER FOR DEVELOPMENTAL DISABILITIES, INC. 403(b) PLAN

NOTES TO FINANCIAL STATEMENTS As of December 31, 2013 and 2012 and for the Year Ended December 31, 2013

Note 3 - Certified Financial Information

Investments totaling \$3,364,770 and \$2,741,665 at December 31, 2013 and 2012, respectively, were certified by Principal Financial Group ("Principal"), a custodian of the Plan, as complete and accurate based on the records that it maintains in accordance with Section 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Investment income totaling \$457,926 during the year ended December 31, 2013 was also certified by Principal as complete and accurate.

Investments totaling \$7,637,601 and \$6,962,516 at December 31, 2013 and 2012, respectively, were certified by Metropolitan Life Insurance Company ("MetLife"), a custodian of the Plan, as complete and accurate based on the records that it maintains in accordance with Section 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA, to the best of their knowledge. Investment income totaling \$1,126,044 during the year ended December 31, 2013 was also certified by MetLife as complete and accurate based on the records that it maintains, to the best of their knowledge.

Note 4 - Plan Loans

Certain loans to participants were issued directly by MetLife and were collateralized by the balances in the participants' accounts. Such loans were not assets of the Plan. Participant account balances used as collateral for loans were approximately \$342,000 and \$330,000 at December 31, 2013 and 2012, respectively.

Note 5 - Investments

The following presents investments at December 31, 2013 and 2012 that represent 5% or more of the Plan's net assets:

	2013	2012
MetLife Fixed Interest	\$ 3,193,948	\$ 3,212,077
MetLife Stock Index	843,832	710,349
Frontier Mid-Cap Growth (formerly Blackrock Aggressive Growth)	670,454	555,291
Principal Global Investors Lifetime 2020 R2	814,738	646,294
All Other	5,479,399	4,580,170
Total	<u>\$ 11,002,371</u>	<u>\$ 9,704,181</u>

Note 6 - Fair Value Measurements

"Fair Value Measurements", establishes a framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in the active market for identical assets or liabilities (Level 1 measurements) and the lowest priority to the unobservable inputs (Level 3 measurements). The three levels of the fair value hierarchy under authoritative guidance are described as follows:

- Level 1 Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets.

CENTER FOR DEVELOPMENTAL DISABILITIES, INC. 403(b) PLAN

NOTES TO FINANCIAL STATEMENTS
As of December 31, 2013 and 2012
and for the Year Ended December 31, 2013

Note 6 - Fair Value Measurements (cont.)

Level 2 Inputs to the valuation methodology include:

- quoted prices for similar assets or liabilities in active markets;
- quoted prices for identical or similar assets or liabilities in inactive markets;
- inputs other than quoted prices that are observable for the asset or liability;
- inputs that are derived principally from and corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full-term of the asset or liability.

Level 3 Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

The following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2013 and 2012:

Pooled separate accounts - Valued at the net asset value ("NAV") of units held by the Plan at year end, which are based on the fair market value of the underlying securities or investments in the funds. There are no unfunded commitments as of December 31, 2013. Subject to certain qualifications, participants are subject to an early withdrawal charge of up to 7% if a participant withdraws contributions within seven years of the initial contribution date. This penalty is reduced by 1% for each year until the end of year seven when there is no restriction.

These pooled separate accounts, which are classified as Level 2 within the ASC 820 hierarchy, invest in multiple strategies that include, but are not limited to, generating income, capital appreciation, and growth.

The following descriptions represent the investment strategies for all pooled separate account investments that are greater than 1% of net assets available for benefits:

MetLife Stock Index - Seeks to track the performance of the Standard & Poor's 500 Composite Stock Price Index.

Frontier Mid-Cap Growth - Seeks maximum capital appreciation.

American Funds Growth Fund - Seeks growth of capital.

WMC Large-Cap Research - Seeks long-term capital appreciation.

Morgan Stanley Mid-Cap Growth Portfolio - Seeks growth of capital.

CENTER FOR DEVELOPMENTAL DISABILITIES, INC. 403(b) PLAN

NOTES TO FINANCIAL STATEMENTS
As of December 31, 2013 and 2012
and for the Year Ended December 31, 2013

Note 6 - Fair Value Measurements (cont.)

Fidelity Growth - Seeks to achieve capital appreciation.

American Funds Global Small-Cap - Seeks long-term growth of capital.

Invesco Mid-Cap Value - Seeks high total return by investing in equity securities of mid-sized companies.

Neuberger Berman Genesis Fund - Seeks high total return, consisting principally of capital appreciation.

WMC Balanced Portfolio - Seeks long-term capital appreciation with some current income.

MetLife Mid-Cap Stock Index - Seeks to track the performance of the Standard & Poor's Mid-Cap 400.

Mutual funds - Valued at the net asset value ("NAV") of shares held by the Plan at year end. Mutual funds held by the Plan are open-end mutual funds that are registered with the SEC. These funds are required to publish their daily NAV and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.

Short-term fixed income - Valued at fair value by discounting the related cash flows based on current yields of similar instruments with comparable duration considering the credit-worthiness of the issuer.

Guaranteed investment contracts - Guaranteed investment contracts are valued at fair value by the insurance company by discounting the related cash flows based on current yields of similar instruments with comparable durations considering the creditworthiness of the issuer (see Note 8). Because the participants transact at contract value, fair value is determined annually for financial statement reporting purposes only. In determining the reasonableness of the methodology, the Investment Committee evaluates a variety of factors including review of existing contracts, economic conditions, industry and market developments, and overall credit ratings. Certain unobservable inputs are assessed through review of contract terms (for example, duration or payout date) while others are substantiated utilizing available market data (for example, swap curve rate).

The Plan sponsor is responsible for the determination of fair value. Accordingly, it performs periodic analysis on the prices received from the pricing services used to determine whether the prices are reasonable estimates of fair value. As a result of these reviews, the Plan sponsor has not historically adjusted the prices obtained from the pricing services. The preceding methods described may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

Fair value is the amount Plan sponsors would receive currently if they were to withdraw or transfer funds within the Plan prior to their maturity. This fair value represents discontinuation value or contract value times 95% (one minus 5% withdrawal charge). The investment contract will provide information about redemption frequency and notice periods if applicable. There are no unfunded commitments.

The methods described above may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, while the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

Note 7 - Tax Status

403(b) plans currently are not required to submit plans to the Internal Revenue Service for determination. However, the Plan administrator believes that the Plan is designed and is currently being operated in compliance with the applicable requirements of the Internal Revenue Code. Therefore, no provision for income taxes has been included in the Plan's financial statements.

"Accounting for Uncertainty in Income Taxes" prescribes recognition thresholds that must be met before a tax position is recognized in the financial statements and provides guidance on de-recognition, classification, interest and penalties, accounting in interim periods, disclosure, and transition. Under "Accounting for Uncertainty in Income Taxes", an entity may only recognize or continue to recognize tax positions that meet a "more-likely-than-not" threshold. The Plan has evaluated its tax positions for the year ended December 31, 2013, and does not expect a material adjustment to be made. Tax years ending December 31, 2011, 2012 and 2013 are currently open to examination by the taxing authorities.

Note 8 - Investment Contracts with Insurance Company

The Plan entered into benefit-responsive investment contracts with both custodians, MetLife and Principal. The custodians maintain the contributions in a general account. The account is credited with earnings on the underlying investments and charged for participant withdrawals and administrative expenses. The guaranteed investment contract issuer is contractually obligated to repay the principal and a specified interest rate that is guaranteed to the Plan.

The contract is included in the financial statements at contract value as reported to the Plan by the custodians. Contract value represents contributions made under the contract, plus earnings, less participant withdrawals and administrative expenses. Participants may ordinarily direct the withdrawal or transfer of all or a portion of their investment at contract value. The custodians are contractually obligated to repay the principal and a specified interest rate that is guaranteed to the Plan.

CENTER FOR DEVELOPMENTAL DISABILITIES, INC. 403(b) PLAN

NOTES TO FINANCIAL STATEMENTS As of December 31, 2013 and 2012 and for the Year Ended December 31, 2013

Note 8 - Investment Contracts with Insurance Company (cont.)

As described in Note 2, because the guaranteed investment contracts are fully benefit-responsive, contract value is the relevant measurement attribute for that portion of the net assets available for benefits attributable to the guaranteed investment contracts. Contract value, as reported to the Plan by the custodians, represents contributions made under the contract, plus earnings, less participant withdrawals and administrative expenses. Participants may ordinarily direct the withdrawal or transfer all or a portion of their investment at contract value.

There are no reserves against contract value for credit risk of the contract issuer or otherwise. The contract value, which approximates fair value, of the investment contracts at December 31, 2013 and 2012 was \$3,469,217 and \$3,490,381, respectively. The crediting interest rates are based on a formula agreed upon with the custodians.

Certain events may limit the ability of the Plan to transact at contract value with the custodians. The Plan sponsor does not believe that the occurrence of any such events, which would limit the Plan's ability to transact at contract value with participants, is probable.

The guaranteed investment contract does not permit the custodians to terminate the agreement prior to the scheduled maturity date.

	Average Yields	
	2013	2012
Based on Actual Earnings	2.00% to 3.00%	2.10% to 3.00%
Based on Interest Rate Credited to Participants	2.00% to 3.00%	2.10% to 3.00%

Note 9 - Related Party Transactions

Principal Financial Group - Certain Plan investments are shares of mutual funds managed by Principal. Principal is a custodian as defined by the Plan, and, therefore, these transactions qualify as party-in-interest transactions. Purchases and sales of these funds are open market transactions at fair market value. Such transactions are permitted under the provisions of the Plan and are exempt from the prohibition of party-in-interest transactions under ERISA and applicable exemptions promulgated thereunder.

Metropolitan Life Insurance Company - Certain Plan investments are shares of pooled separate accounts managed by MetLife. MetLife is a custodian as defined by the Plan, and, therefore, these transactions qualify as party-in-interest transactions. Purchases and sales of these funds are open market transactions at fair market value. Such transactions are permitted under the provisions of the Plan and are exempt from the prohibition of party-in-interest transactions under ERISA and applicable exemptions promulgated thereunder.

Note 10 - Risks and Uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statement of net assets available for benefits.

Note 11 - Plan Termination

Although it has not expressed any intent to do so, the Employer has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA.

INDEPENDENT AUDITORS' REPORT

Plan Administrator and Board of Directors
Center for Developmental
Disabilities, Inc. 403(b) Plan
Woodbury, New York

Report on the Financial Statements

We were engaged to audit the accompanying financial statements of Center for Developmental Disabilities, Inc. 403(b) Plan (the "Plan"), which comprise the statements of net assets available for benefits as of December 31, 2013 and 2012, and the related statement of changes in net assets available for benefits for the year ended December 31, 2013 and the related notes to the financial statements.

Management's Responsibility for the Financial Statements

Plan management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

Auditors' Responsibility

Our responsibility is to express an opinion on these financial statements based on conducting the audit in accordance with auditing standards generally accepted in the United States of America. Because of the matter described in the Basis for Disclaimer of Opinion paragraph, however, we were not able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion.

Basis for Disclaimer of Opinion

As permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974, the Plan administrator instructed us not to perform, and we did not perform, any auditing procedures with respect to the information summarized in Note 3, which was certified by Principal Financial Group and Metropolitan Life Insurance Company, the custodians of the Plan, except for comparing such information with the related information included in the financial statements. We have been informed by the Plan administrator that the custodians hold the Plan's investment assets and execute investment transactions. The Plan administrator has obtained certifications from the custodians as of December 31, 2013 and 2012, and for the year ended December 31, 2013, that the information provided to the Plan administrator by the custodians is complete and accurate.

We were unable to obtain sufficient appropriate audit evidence with respect to participants' account balances existing as of January 1, 2009 due to inadequate records maintained for prior periods, and therefore, were unable to form an opinion regarding the balances existing at January 1, 2009.

Disclaimer of Opinion

Because of the significance of the matter described in the Basis for Disclaimer of Opinion paragraph, we have not been able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion. Accordingly, we do not express an opinion on these financial statements.

Other Matter

The supplemental schedule, Schedule of Assets (Held at End of Year), is required by the Department of Labor's (DOL) Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974 and is presented for the purpose of additional analysis and is not a required part of the financial statements. Because of the significance of the matter described in the Basis for Disclaimer of Opinion paragraph, we do not express an opinion on this supplemental schedule.

Report on Form and Content in Compliance with DOL Rules and Regulations

The form and content of the information included in the financial statements and supplemental schedule, other than that derived from the information certified by the custodians, have been audited by us in accordance with auditing standards generally accepted in the United States of America and, in our opinion, are presented in compliance with the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974.

NOTES TO FINANCIAL STATEMENTS
As of December 31, 2013 and 2012
and for the Year Ended December 31, 2013

Note 1 - Description of Section 403(b) Tax-Deferred Annuity Plan

The following description of Center for Developmental Disabilities, Inc. (the "Employer") 403(b) Plan (the "Plan") provides only general information. Participants should refer to the Plan agreement for a more complete description of the Plan's provisions.

General - The Plan is a defined contribution plan covering all employees who normally have 1000 hours of service per year. There is no minimum age requirement. An eligible participant can make salary deferral contributions upon enrolling in the Plan and becomes eligible to receive Employer contributions upon completing two years of service. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 ("ERISA"). During the year ended December 31, 2011, the Plan was amended to comply with the Worker, Retiree and Employer Recovery Act of 2008, and the Small Business Jobs Act of 2010.

Contributions - Participants may contribute up to the maximum percentage allowable under the limits of the Internal Revenue Code. Participants who have attained age 50 before the end of the Plan year are eligible to make catch-up contributions. Participants may also contribute rollover amounts representing distributions from other qualified defined benefit or defined contribution plans. Participants direct the investment of their contributions into various investment options offered by the Plan. The Employer, at its discretion, contributes 3.0% of each participant's annual base salary after two years of service. After five years of service, the Employer, at its discretion, contributes 3.5% of each participant's annual base salary. Employer contributions were suspended beginning in February 2012.

Vesting - Participants are immediately vested in their salary deferral contributions and Employer contributions plus actual earnings thereon.

Participant accounts - Each participant's account is credited with the participant's contributions, Employer contributions made on his or her behalf, and an allocation of net plan earnings. Such accounts are invested in available investment options in accordance with the participant's direction and the Plan provisions. The benefit to which a participant is entitled is the benefit that can be provided by the participant's vested account.

Loans - Participants may borrow a minimum of \$1,000 up to the lesser of \$50,000 or 50% of the vested portion of their account balance. Only one loan may be taken in each 12 month period. Each loan must be repaid within a period not to exceed five years, unless the loan is for the purchase of a principal residence, in which case, the loan period may exceed five years. Such loans bear fixed rates of interest determined at the time a loan is issued.

Payment of benefits - Upon termination of service due to retirement, death or disability, a participant's account balance is converted to an annuity unless the participant elects a lump-sum payment. Upon separation, a participant may elect to receive a lump-sum amount equal to the value of the participant's vested account balance. Hardship withdrawals are permitted if approved by the Employer. An active participant who has attained age 59-1/2 may make withdrawals from his or her account.

Administrative expenses - Administrative expenses incurred are the shared responsibility of the Plan and the Employer.

CENTER FOR DEVELOPMENTAL DISABILITIES, INC. 403(b) PLAN

NOTES TO FINANCIAL STATEMENTS
As of December 31, 2013 and 2012
and for the Year Ended December 31, 2013

Note 2 - Summary of Significant Accounting Policies

Basis of accounting - The financial statements of the Plan are prepared under the accrual method of accounting.

Investment valuation and income recognition - Investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note 6 for discussion of fair value measurements.

As described in Financial Accounting Standards Board ("FASB") Accounting Standards Codification ("ASC") Topic 962-325-50-3 (formerly Staff Position AAG INV-1 and SOP No. 94-4-1), relating to "*Reporting of Fully Benefit-Responsive Investment Contracts Held by Certain Investment Companies Subject to the AICPA Investment Company Guide and Defined-Contribution Health and Welfare and Pension Plans*" (the "FSP"), investment contracts held by a defined contribution plan are required to be reported at fair value. However, contract value is the relevant measurement attribute for that portion of the net assets of a collective investment fund attributable to fully benefit-responsive investment contracts, because contract value is the amount participants would receive if they were to initiate permitted transactions under the terms of the Plan. No adjustment is reflected in the statements of net assets available for benefits as of December 31, 2013 and 2012, and the statement of changes in net assets available for benefits for the year ended December 31, 2013, as contract value approximates fair value.

Net appreciation or depreciation of investments included in the accompanying statement of changes in net assets available for benefits includes realized gains or losses from the sale of investments and unrealized appreciation or depreciation in fair value of investments. Net unrealized appreciation or depreciation in the fair value of investments represents the net change in the fair value of the investments held during the period. The net realized gains or losses on the sale of investments represent the difference between the sale proceeds and the fair value of the investment as of the beginning of the period or the cost of the investment if purchased during the year.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis and dividends are recorded on the ex-dividend date.

Participant loans receivable - Participant loans receivable are measured at their unpaid principal balance plus any accrued but unpaid interest. Delinquent participant loans are reclassified as distributions based upon the terms of the Plan document.

Payments of benefits - Benefits are recorded when paid.

Use of estimates - The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and changes therein, and disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

Subsequent events - The Plan has evaluated all subsequent events from the date of the statements of net assets available for benefits through October 1, 2014, which represents the date these financial statements are available to be issued. There were no events or transactions occurring during the subsequent event reporting period which require recognition or disclosure in the financial statements.

CENTER FOR DEVELOPMENTAL DISABILITIES, INC. 403(b) PLAN

NOTES TO FINANCIAL STATEMENTS As of December 31, 2013 and 2012 and for the Year Ended December 31, 2013

Note 3 - Certified Financial Information

Investments totaling \$3,364,770 and \$2,741,665 at December 31, 2013 and 2012, respectively, were certified by Principal Financial Group ("Principal"), a custodian of the Plan, as complete and accurate based on the records that it maintains in accordance with Section 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Investment income totaling \$457,926 during the year ended December 31, 2013 was also certified by Principal as complete and accurate.

Investments totaling \$7,637,601 and \$6,962,516 at December 31, 2013 and 2012, respectively, were certified by Metropolitan Life Insurance Company ("MetLife"), a custodian of the Plan, as complete and accurate based on the records that it maintains in accordance with Section 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA, to the best of their knowledge. Investment income totaling \$1,126,044 during the year ended December 31, 2013 was also certified by MetLife as complete and accurate based on the records that it maintains, to the best of their knowledge.

Note 4 - Plan Loans

Certain loans to participants were issued directly by MetLife and were collateralized by the balances in the participants' accounts. Such loans were not assets of the Plan. Participant account balances used as collateral for loans were approximately \$342,000 and \$330,000 at December 31, 2013 and 2012, respectively.

Note 5 - Investments

The following presents investments at December 31, 2013 and 2012 that represent 5% or more of the Plan's net assets:

	2013	2012
MetLife Fixed Interest	\$ 3,193,948	\$ 3,212,077
MetLife Stock Index	843,832	710,349
Frontier Mid-Cap Growth (formerly Blackrock Aggressive Growth)	670,454	555,291
Principal Global Investors Lifetime 2020 R2	814,738	646,294
All Other	5,479,399	4,580,170
Total	<u>\$ 11,002,371</u>	<u>\$ 9,704,181</u>

Note 6 - Fair Value Measurements

"Fair Value Measurements", establishes a framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in the active market for identical assets or liabilities (Level 1 measurements) and the lowest priority to the unobservable inputs (Level 3 measurements). The three levels of the fair value hierarchy under authoritative guidance are described as follows:

- Level 1 Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets.

CENTER FOR DEVELOPMENTAL DISABILITIES, INC. 403(b) PLAN

NOTES TO FINANCIAL STATEMENTS
As of December 31, 2013 and 2012
and for the Year Ended December 31, 2013

Note 6 - Fair Value Measurements (cont.)

Level 2 Inputs to the valuation methodology include:

- quoted prices for similar assets or liabilities in active markets;
- quoted prices for identical or similar assets or liabilities in inactive markets;
- inputs other than quoted prices that are observable for the asset or liability;
- inputs that are derived principally from and corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full-term of the asset or liability.

Level 3 Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

The following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2013 and 2012:

Pooled separate accounts - Valued at the net asset value ("NAV") of units held by the Plan at year end, which are based on the fair market value of the underlying securities or investments in the funds. There are no unfunded commitments as of December 31, 2013. Subject to certain qualifications, participants are subject to an early withdrawal charge of up to 7% if a participant withdraws contributions within seven years of the initial contribution date. This penalty is reduced by 1% for each year until the end of year seven when there is no restriction.

These pooled separate accounts, which are classified as Level 2 within the ASC 820 hierarchy, invest in multiple strategies that include, but are not limited to, generating income, capital appreciation, and growth.

The following descriptions represent the investment strategies for all pooled separate account investments that are greater than 1% of net assets available for benefits:

MetLife Stock Index - Seeks to track the performance of the Standard & Poor's 500 Composite Stock Price Index.

Frontier Mid-Cap Growth - Seeks maximum capital appreciation.

American Funds Growth Fund - Seeks growth of capital.

WMC Large-Cap Research - Seeks long-term capital appreciation.

Morgan Stanley Mid-Cap Growth Portfolio - Seeks growth of capital.

CENTER FOR DEVELOPMENTAL DISABILITIES, INC. 403(b) PLAN

NOTES TO FINANCIAL STATEMENTS As of December 31, 2013 and 2012 and for the Year Ended December 31, 2013

Note 6 - Fair Value Measurements (cont.)

Fidelity Growth - Seeks to achieve capital appreciation.

American Funds Global Small-Cap - Seeks long-term growth of capital.

Invesco Mid-Cap Value - Seeks high total return by investing in equity securities of mid-sized companies.

Neuberger Berman Genesis Fund - Seeks high total return, consisting principally of capital appreciation.

WMC Balanced Portfolio - Seeks long-term capital appreciation with some current income.

MetLife Mid-Cap Stock Index - Seeks to track the performance of the Standard & Poor's Mid-Cap 400.

Mutual funds - Valued at the net asset value ("NAV") of shares held by the Plan at year end. Mutual funds held by the Plan are open-end mutual funds that are registered with the SEC. These funds are required to publish their daily NAV and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.

Short-term fixed income - Valued at fair value by discounting the related cash flows based on current yields of similar instruments with comparable duration considering the credit-worthiness of the issuer.

Guaranteed investment contracts - Guaranteed investment contracts are valued at fair value by the insurance company by discounting the related cash flows based on current yields of similar instruments with comparable durations considering the creditworthiness of the issuer (see Note 8). Because the participants transact at contract value, fair value is determined annually for financial statement reporting purposes only. In determining the reasonableness of the methodology, the Investment Committee evaluates a variety of factors including review of existing contracts, economic conditions, industry and market developments, and overall credit ratings. Certain unobservable inputs are assessed through review of contract terms (for example, duration or payout date) while others are substantiated utilizing available market data (for example, swap curve rate).

The Plan sponsor is responsible for the determination of fair value. Accordingly, it performs periodic analysis on the prices received from the pricing services used to determine whether the prices are reasonable estimates of fair value. As a result of these reviews, the Plan sponsor has not historically adjusted the prices obtained from the pricing services. The preceding methods described may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

Fair value is the amount Plan sponsors would receive currently if they were to withdraw or transfer funds within the Plan prior to their maturity. This fair value represents discontinuation value or contract value times 95% (one minus 5% withdrawal charge). The investment contract will provide information about redemption frequency and notice periods if applicable. There are no unfunded commitments.

The methods described above may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, while the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

Balance, end of year	<u>\$ 3,193,948</u>	<u>\$ 275,269</u>	<u>\$ 3,469,217</u>

Note 7 - Tax Status

403(b) plans currently are not required to submit plans to the Internal Revenue Service for determination. However, the Plan administrator believes that the Plan is designed and is currently being operated in compliance with the applicable requirements of the Internal Revenue Code. Therefore, no provision for income taxes has been included in the Plan's financial statements.

"Accounting for Uncertainty in Income Taxes" prescribes recognition thresholds that must be met before a tax position is recognized in the financial statements and provides guidance on de-recognition, classification, interest and penalties, accounting in interim periods, disclosure, and transition. Under "Accounting for Uncertainty in Income Taxes", an entity may only recognize or continue to recognize tax positions that meet a "more-likely-than-not" threshold. The Plan has evaluated its tax positions for the year ended December 31, 2013, and does not expect a material adjustment to be made. Tax years ending December 31, 2011, 2012 and 2013 are currently open to examination by the taxing authorities.

Note 8 - Investment Contracts with Insurance Company

The Plan entered into benefit-responsive investment contracts with both custodians, MetLife and Principal. The custodians maintain the contributions in a general account. The account is credited with earnings on the underlying investments and charged for participant withdrawals and administrative expenses. The guaranteed investment contract issuer is contractually obligated to repay the principal and a specified interest rate that is guaranteed to the Plan.

The contract is included in the financial statements at contract value as reported to the Plan by the custodians. Contract value represents contributions made under the contract, plus earnings, less participant withdrawals and administrative expenses. Participants may ordinarily direct the withdrawal or transfer of all or a portion of their investment at contract value. The custodians are contractually obligated to repay the principal and a specified interest rate that is guaranteed to the Plan.

CENTER FOR DEVELOPMENTAL DISABILITIES, INC. 403(b) PLAN

NOTES TO FINANCIAL STATEMENTS As of December 31, 2013 and 2012 and for the Year Ended December 31, 2013

Note 8 - Investment Contracts with Insurance Company (cont.)

As described in Note 2, because the guaranteed investment contracts are fully benefit-responsive, contract value is the relevant measurement attribute for that portion of the net assets available for benefits attributable to the guaranteed investment contracts. Contract value, as reported to the Plan by the custodians, represents contributions made under the contract, plus earnings, less participant withdrawals and administrative expenses. Participants may ordinarily direct the withdrawal or transfer all or a portion of their investment at contract value.

There are no reserves against contract value for credit risk of the contract issuer or otherwise. The contract value, which approximates fair value, of the investment contracts at December 31, 2013 and 2012 was \$3,469,217 and \$3,490,381, respectively. The crediting interest rates are based on a formula agreed upon with the custodians.

Certain events may limit the ability of the Plan to transact at contract value with the custodians. The Plan sponsor does not believe that the occurrence of any such events, which would limit the Plan's ability to transact at contract value with participants, is probable.

The guaranteed investment contract does not permit the custodians to terminate the agreement prior to the scheduled maturity date.

	Average Yields	
	2013	2012
Based on Actual Earnings	2.00% to 3.00%	2.10% to 3.00%
Based on Interest Rate Credited to Participants	2.00% to 3.00%	2.10% to 3.00%

Note 9 - Related Party Transactions

Principal Financial Group - Certain Plan investments are shares of mutual funds managed by Principal. Principal is a custodian as defined by the Plan, and, therefore, these transactions qualify as party-in-interest transactions. Purchases and sales of these funds are open market transactions at fair market value. Such transactions are permitted under the provisions of the Plan and are exempt from the prohibition of party-in-interest transactions under ERISA and applicable exemptions promulgated thereunder.

Metropolitan Life Insurance Company - Certain Plan investments are shares of pooled separate accounts managed by MetLife. MetLife is a custodian as defined by the Plan, and, therefore, these transactions qualify as party-in-interest transactions. Purchases and sales of these funds are open market transactions at fair market value. Such transactions are permitted under the provisions of the Plan and are exempt from the prohibition of party-in-interest transactions under ERISA and applicable exemptions promulgated thereunder.

Note 10 - Risks and Uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statement of net assets available for benefits.

Note 11 - Plan Termination

Although it has not expressed any intent to do so, the Employer has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA.
