Auditor's Responsibility

Our responsibility is to express an opinion on these financial statements based on our audits. We conducted our audits in accordance with auditing standards generally accepted in the United States of America. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free from material misstatement.

An audit involves performing procedures to obtain audit evidence about the amounts and disclosures in the financial statements. The procedures selected depend on the auditor's judgment, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error. In making those risk assessments, the auditor considers internal control relevant to the entity's preparation and fair presentation of the financial statements in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the entity's internal control. Accordingly, we express no such opinion. An audit also includes evaluating the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluating the overall presentation of the financial statements.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion.

NOTE A – DESCRIPTION OF PLAN

The following description of the Sill TerHar Ford, Inc. 401(k) Salary Reduction Plan and Trust (the Plan) provides only general information. Participants should refer to the Plan Agreement for a more complete description of the Plan's provisions.

1. *General*

   The Plan is a defined contribution plan covering eligible employees of Sill TerHar Ford, Inc. (the Company). Eligible employees are those who have attained the age of 18 years. The Plan is subject to provisions of the Employee Retirement Income Security Act of 1974 (ERISA), as amended.

2. *Participants' Contributions*

   Each year, participants may contribute up to 50% of pre-tax annual compensation, as defined in the Plan, subject to Internal Revenue Code limitations. Participants may also contribute amounts representing distributions from other defined benefit or defined contribution plans. Participants direct the investment of their contributions into various investment options offered by the Plan.

   Refunds payable to participants for excess contributions as a result of the nondiscrimination testing were $24,945 and $12,497 as of December 31, 2013 and 2012, respectively. The Plan remitted the excess contributions by the deadline required by the Department of Labor.

3. *Employer Contributions*

   The Company may make discretionary profit sharing contributions. The amount of the discretionary contribution is set by the employer each year. The discretionary contribution is based on a percentage of participant elective deferrals for the plan year. The percentage of the employer contribution (per participant) will vary each year and will depend upon the amount of the discretionary contribution, and the amount of elective deferrals for each participant. The Company's discretionary profit sharing contribution for 2013 was $30,029 (net of $3,571 of excess employer contributions). Contributions are subject to certain limitations.

4. *Participant Accounts*

   Each participant's account is credited with the participant's contributions, an allocation of discretionary employer contributions, if any, and an allocation of Plan earnings. Allocations are based on participant earnings or account balances, as defined in the Plan Agreement. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

NOTE A – DESCRIPTION OF PLAN (CONTINUED)

5. *Notes Receivable from Participants*

   Participants may borrow from their accounts a minimum of $500 up to a maximum equal to the lesser of $50,000 or 50% of their vested account balance. Note terms range up to five years except for the purchase of a primary residence, which may be repaid over a period exceeding five years. The notes are secured by the balance in the participant's account and must bear a reasonable rate of interest. Principal and interest are paid ratably through semi-monthly payroll deductions. The notes bear interest of prime plus 1% and the rates range from 4.25% to 7.25% as of December 31, 2013.

6. *Vesting*

   Participants are immediately vested in their voluntary contribution and any earnings thereon. Vesting for the employer discretionary contribution is based on years of continuous service. A participant is 100% vested after five years of credited service.

7. *Forfeited Accounts*

   At December 31, 2013 and 2012, forfeited nonvested accounts totaled $9,170 and $12,366, respectively. Forfeited account balances may be used for administrative expenses or toward employer discretionary contributions.

8. *Payment of Benefits*

   On termination of service, a participant may elect to receive a lump-sum amount, rollover the benefit to an IRA, or rollover to another employer's qualified plan.

NOTE B – SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

1. *Basis of Accounting*

   The financial statements of the Plan are prepared on the accrual basis of accounting.

2. *Investment Valuation and Income Recognition*

   The Plan's investments are stated at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note C for discussion of fair value measurements.

NOTE B – SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

2. *Investment Valuation and Income Recognition (Continued)*

   Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation includes the Plan's gains and losses on investments bought and sold as well as held during the year.

3. *Use of Estimates*

   The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and changes therein, and disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

4. *Subsequent Events*

   The Plan has evaluated events and transactions occurring subsequent to the end of the fiscal year for potential recognition or disclosure through October 13, 2014, the date on which the financial statements were issued. The Plan did not identify any events or transactions that would have a material impact on the financial statements.

5. *Payment of Benefits*

   Benefits are recorded when paid.

6. *Notes Receivable from Participants*

   Notes receivable from participants represent participant loans that are recorded at their unpaid principal plus any accrued but unpaid interest. Interest income on notes receivable from participants is recorded when it is earned. No allowance for credit losses has been recorded as of December 31, 2013 and 2012. If a participant ceases to make loan repayments and the plan administrator deems the participant loan to be in default, the participant loan balance is reduced and a benefit payment is recorded.

7. *Administrative Expenses*

   Administrative expenses can be paid by the Plan, the Company, or by the participants. For the year ended December 31, 2013, the Plan incurred expenses in the amount of $5,058, which were paid from forfeitures.

NOTE C – FAIR VALUE MEASUREMENTS

Fair value is the exchange price that would be received for an asset or paid to transfer a liability (an exit price) in the principal or most advantageous market for the asset or liability in an orderly transaction between market participants on the measurement date. A fair value hierarchy is established to prioritize the inputs used to measure fair value. This hierarchy requires the Plan to maximize the use of observable inputs and minimize the use of unobservable inputs. The three levels of inputs used to measure fair value are as follows:

Level 1 – Quoted market prices in active markets for identical assets or liabilities.

Level 2 – Inputs other than quoted prices included in Level 1, such as quoted prices for similar assets or liabilities, quoted prices for identical or similar assets or liabilities in markets that are not active, or other inputs that are observable or can be corroborated by observable market data.

Level 3 – Unobservable inputs that are supported by little or no market activity and that are significant to the fair value of assets or liabilities.

Following is a description of the valuation methodologies used for assets measured at fair value.

Money market funds – valued at carrying amount.

Mutual funds – valued at the net asset value of shares held by the Plan at year-end, as determined by quoted market prices.

The preceding methods described may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

NOTE C – FAIR VALUE MEASUREMENTS (CONTINUED)

The following table sets forth by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31, 2013:

	2013	2012

** Does not represent 5% of net assets in 2013 and is included for comparative purposes.

NOTE E – PLAN TERMINATION

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants will become 100% vested in their accounts.

NOTE F – TAX STATUS

The trust established under the Plan to hold the Plan's assets is qualified pursuant to the appropriate section of the Internal Revenue Code, and accordingly, the trust's net investment income is exempt from income taxes. The Plan has adopted a standardized prototype plan, which has obtained a determination letter from the Internal Revenue Service. The Plan has not received its own determination letter. However, the Plan administrator and tax counsel believe that the Plan is currently designed and being operated in compliance with the applicable requirements of the Internal Revenue Code.

NOTE F – TAX STATUS (CONTINUED)

Accounting principles generally accepted in the United States of America require Plan management to evaluate tax positions taken by the Plan and recognize a tax liability if the Plan has taken an uncertain tax position that more likely than not would not be sustained upon examination by the Internal Revenue Service. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits in progress for any tax periods. The Plan administrator believes it is no longer subject to income tax examinations for the years prior to 2010.

NOTE G – RISKS AND UNCERTAINTIES

The Plan provides for various investment options in registered investment companies. Investment securities, in general, are exposed to various risks such as interest rate, credit, and overall market volatility risk. Due to the level of risk associated with certain investment securities, it is reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and amounts reported in the statements of net assets available for benefits and the statement of changes in net assets available for benefits.
