Management's Responsibility for the Financial Statements

Plan management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

Auditors' Responsibility

Our responsibility is to express an opinion on these financial statements based on conducting the audit in accordance with auditing standards generally accepted in the United States of America. Because of the matter described in the Basis for Disclaimer of Opinion paragraph, however, we were not able to obtain sufficient, appropriate audit evidence to provide a basis for an audit opinion.

Basis for Disclaimer of Opinion

As permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974, the Plan administrator instructed us not to perform, and we did not perform, any auditing procedures with respect to the information summarized in Note 3, which was certified by ING Life Insurance and Annuity Company ("ING"), the trustee of the Plan, except for comparing the information with the related information included in the financial statements and supplemental schedule. We have been informed by the Plan administrator that the trustee holds the Plan's investment assets and executes investment transactions. The Plan administrator has obtained a certification from the trustee at and for the year ended December 31, 2013, that the information provided to the Plan administrator by the trustee is complete and accurate.

Disclaimer of Opinion

Because of the significance of the matter described in the Basis for Disclaimer of Opinion paragraph, we have not been able to obtain sufficient, appropriate audit evidence to provide a basis for an audit opinion. Accordingly, we do not express an opinion on these financial statements.

Other Matter - Supplemental Schedule

We were engaged for the purpose of forming an opinion on the financial statements as a whole. The supplemental Schedule H, Line 4i - Schedule of Assets (Held at End of Year), which is the responsibility of Plan management, is presented for the purpose of additional analysis and is not a required part of the financial statements but is required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974. Because of the significance of the matter described in the Basis for Disclaimer of Opinion paragraph, it is inappropriate to and we do not express an opinion on the supplemental schedule referred to above.

Other Matter - 2012 Financial Statements

The financial statements of the Plan as of December 31, 2012, were audited by predecessor auditors. As permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974, the Plan administrator instructed the predecessor auditors not to perform, and they did not perform any auditing procedures with respect to the information certified by ING Life Insurance and Annuity Company, the custodian of the Plan. Their report, dated October 14, 2013, indicated that (a) because of the significance of the information that they did not audit, they were unable to obtain sufficient, appropriate audit evidence to provide a basis for an audit opinion and accordingly, they did not express an opinion on the financial statements, and (b) the form and content of the information included in the financial statements other than that derived from the information certified by the trustee, were presented in compliance with the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974.

Report on Form and Content in Compliance With DOL Rules and Regulations

The form and content of the information included in the 2013 financial statements and supplemental schedule, other than that derived from the information certified by the trustee, have been audited by us in accordance with auditing standards generally accepted in the United States of America and, in our opinion, are presented in compliance with the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974.

AMERICAN MEDICAL ALERT CORP. 401(k) SAVINGS PLAN
NOTES TO FINANCIAL STATEMENTS
DECEMBER 31, 2013

Note 1 - Description of Plan

The following description of the American Medical Alert Corp. 401(k) Savings Plan (the "Plan") provides only general information. Participants should refer to the Plan agreement for a more comprehensive description of the Plan's provisions.

General

The Plan, which was adopted on January 1, 1997, is a defined contribution plan covering substantially all employees of American Medical Alert Corp. and Subsidiaries (the "Company") who are not members of a collective bargaining unit and who elect to join the Plan. In order to be eligible, an employee must have completed one month of service. An employee can enroll in the Plan on the first day of the calendar quarter following satisfaction of the eligibility requirements. All contributions are participant directed. Participants may elect to invest contributions in one or more of the available investment options. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 ("ERISA"), as amended. The Plan was amended effective January 1, 2013 to include safe harbor provisions.

Contributions

Each year, participants may contribute up to 100% of pre-tax annual compensation, as defined in the Plan. Participants may also contribute amounts representing distributions from other qualified defined benefit or contribution plans. A participant's total contributions in any year may not exceed the maximum amounts for that year as specified in Sections 401(k) and 415 of the Internal Revenue Code and regulations thereunder. Matching contributions are 100% matched up to 4% of the participant's salary.

Included in the Plan's statement of net assets available for benefits is excess contributions payable at December 31, 2012 of \$66,293, which includes the return of excess deferral contributions as required to satisfy the relevant nondiscrimination provisions.

Participant Accounts

Each participant's funds are kept in their own separate pre-tax and Company contribution accounts. Each participant's pre-tax account is credited with the participant's contribution, and the Company matching contributions, if any, are credited to the participant's Company contribution account. Net investment gain or loss in each fund and administrative expenses are allocated to each participant's account in proportion to account balances, as defined.

AMERICAN MEDICAL ALERT CORP. 401(k) SAVINGS PLAN
NOTES TO FINANCIAL STATEMENTS
DECEMBER 31, 2013

Note 1 - Description of Plan (cont'd.)

Vesting

Participants are immediately vested in their pre-tax contributions plus actual earnings thereon. Vesting in the Company's discretionary contributions plus actual earnings thereon is based on years of service. The vesting for discretionary contributions is 0% for the first and second year and 25% for years three through six. As of December 31, 2012, a participant was 100% vested for the fixed matching contributions after five years of service. As of January 1, 2013, the vesting for fixed matching contributions is 100% immediately.

Forfeitures

Forfeitures of nonvested Company contributions may be used to first reduce administrative expenses and then reduce any Company contributions.

Administrative Expenses

The Company sponsors the Plan. Personnel of the Company perform various administrative duties for the Plan. The payroll and related overhead costs associated with these duties are not included as Plan expenses. Most administrative expenses of the Plan, including record keeping, consulting, and audit fees, are paid by the Company.

Payment of Benefits

Upon termination of service, participants receive the value of their vested accounts either in a lump sum distribution or in installments. The date of the initial payment of benefits depends upon the participant's plan status at termination, benefit payment method and age.

Investment Options

ING Life Insurance and Annuity Company, under a trust agreement, holds the assets of the Plan, including all contributions and earnings thereon. Upon enrollment in the Plan, participants may direct contributions in the insurance investment contract and pooled separate account, each of which contains several investment options.

Notes Receivable from Participants

Participants may borrow from their accounts a minimum of \$1,000 up to a maximum equal to the lesser of \$50,000 or 50% of their vested account balance. The loans must bear a reasonable interest rate and be adequately secured by the vested balance of the participant's account. Principal and interest are repaid through periodic payroll deductions. A participant may only have one loan outstanding at any one time. The term of the loan may not exceed five years unless it is for the purchase of a primary residence whereby the loan cannot exceed twenty years.

Note 1 - Description of Plan (cont'd.)

Reclassifications

Certain amounts in the prior period have been reclassified to conform to the current period's financial statement presentation. These reclassifications have no effect on previously reported net increase in assets available for benefits.

Note 2 - Summary of Significant Accounting Policies

Basis of Accounting

The financial statements of the Plan are prepared using the accrual basis of accounting.

Guaranteed investment contracts are required to be reported at fair value. However, contract value is the relevant measurement attribute for that portion of the net assets available for benefits of a defined-contribution plan attributable to fully benefit-responsive contracts because contract value is the amount participants would receive if they were to initiate permitted transactions under the terms of the plan. The statements of net assets available for benefits present the fair value of the investment contract as well as the adjustment of the fully benefit-responsive investment contracts from fair value to contract value. The statement of changes in net assets available for benefits is prepared on a contract value basis.

Use of Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and disclosure of contingent assets and liabilities at the date of the financial statements and the reported amounts of revenues and expenses during the reporting period. Actual results could differ from those estimates.

Investment Valuation and Income Recognition

Investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The Plan's management determines the Plan's valuation policies utilizing information provided by the investment advisers, trustee, and insurance company. See Note 5 for a discussion of fair value measurements.

Investment transactions are recorded on the trade date. The Plan accrues interest income as earned. Interest and dividend income from the investments in the mutual funds are reinvested and are included in net appreciation of investments.

Payments of Benefits

Benefits are recorded upon payment.

NOTES TO FINANCIAL STATEMENTS
DECEMBER 31, 2013

Note 2 - Summary of Significant Accounting Policies (cont'd.)

Risks and Uncertainties

The Plan provides for various investment options using a combination of mutual funds and other investment securities. Investment securities are exposed to various risks, such as variable interest rates and market and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the value of investments will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits.

Party-In-Interest Transactions

Certain mutual funds in the pooled separate account are issued by ING Life Insurance and Annuity Company and considered as party-in-interest transactions. Associated Pension Consultants, Inc. is an independent third party plan administrator who performs administrative and record keeping services for the Plan. There were no party-in-interest transactions between the Plan and Associated Pension Consultants, Inc., other than payment of service charges by the Plan for services rendered.

Notes Receivable from Participants

Participant loans are classified as notes receivable from participants and are measured at their unpaid principal balance plus any accrued but unpaid interest. Notes receivable from participants are reported as investments on Form 5500. Delinquent notes receivable from participants are reclassified as distributions based upon the terms of the Plan document.

Note 5 - Fair Value Measurements

Financial Accounting Standards Board ("FASB") Accounting Standards Codification ("ASC") Topic 820, *Fair Value Measurements and Disclosures*, provides the framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1 measurements) and the lowest priority to unobservable inputs (Level 3 measurements). The three levels of the fair value hierarchy under FASB ASC Topic 820 are described as follows:

Level 1 - Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2 - Inputs to the valuation methodology include:

- Quoted prices for similar assets or liabilities in active markets;
- Quoted prices for identical or similar assets or liabilities in inactive markets;
- Inputs other than quoted prices that are observable for the asset or liability;
- Inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 - Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset's or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

Following is a description of the specific valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used during the year ended December 31, 2013.

Guaranteed Investment Contract: Valued at fair value by discounting the related cash flows based on current yields of similar instruments with comparable durations considering the creditworthiness of the issuer.

Pooled Separate Accounts: Valued at the net asset value of shares held by the Plan at year-end.

The methods described above may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, while the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

AMERICAN MEDICAL ALERT CORP. 401(k) SAVINGS PLAN
NOTES TO FINANCIAL STATEMENTS
DECEMBER 31, 2013

Note 5 - Fair Value Measurements (cont'd.)

The table below sets forth a summary of changes in the fair value of the Plan's Level 3 assets for the year ended December 31, 2013.

	Investment Contract 2013
Beginning Balance	\$ 157,594
Unrealized	(4,267)
Purchases	23,425
Sales	(26)
Transfers	18,538
Interest income	4,904
Admin expenses and other	(1,597)
Transfer to Level 2	(198,571)
Ending Balance	\$ -

(a) Transferred from Level 3 to Level 2 because observable market data became available for the guaranteed investment contract.

For the years ended December 31, 2013 and 2012, the Plan's investments were held by ING Life Insurance and Annuity Company in its general account and the pooled separate account, and consisted of a guaranteed investment contract and mutual funds, respectively. The general account was valued at contract value (Level 3), while the pooled separated account was valued at fair value based on net asset value (Level 2) for its underlying mutual funds.

Note 6 - ING Fixed Account

The Plan has entered into a benefit-responsive investment contract with ING. ING maintains the contributions in a general account. The account is credited with earnings on the underlying investments and charged for participant withdrawals and administrative expenses. The guaranteed investment contract issuer is contractually obligated to repay the principal and a specified interest rate that is guaranteed to the Plan.

Because the guaranteed investment contract is fully benefit-responsive, contract value is the relevant measurement attribute for that portion of the net assets available for benefits attributable to the guaranteed investment contract. The guaranteed investment contract is presented on the face of the statement of net assets available for benefits at fair value with an adjustment to contract value in arriving at net assets available for benefits. Contract value, as reported to the Plan by ING, represents contributions made under the contract, plus earnings, less participant withdrawals and administrative expenses.

AMERICAN MEDICAL ALERT CORP. 401(k) SAVINGS PLAN
NOTES TO FINANCIAL STATEMENTS
DECEMBER 31, 2013

Note 6 - ING Fixed Account (cont'd.)

Participants may ordinarily direct the withdrawal or transfer of all or a portion of their investment at contract value.

There are no reserves against contract value for credit risk of the contract issuer or otherwise. The crediting interest rate is based on a formula agreed upon with the issuer. Such interest rates are reviewed on a quarterly basis for resetting.

Certain events limit the Plan's ability to transact at contract value with ING. Such events include the following: (1) amendments to the plan documents (including complete or partial plan termination or merger with another plan), (2) changes to plan's prohibition on competing investment options or deletion of equity wash provisions, (3) bankruptcy of the plan sponsor or other plan sponsor events (for example, divestitures or spin-offs of a subsidiary) that cause a significant withdrawal from the plan, or (4) the failure of the trust to qualify for exemption from federal income taxes or any required prohibited transaction exemption under ERISA. The Plan administrator does not believe that the occurrence of any such value event, which would limit the Plan's ability to transact at contract value with Plan participants, is probable.

The average yields earned by the guaranteed investment contract are as follows:

<u>Average Yields</u>	<u>2013</u>	<u>2012</u>
Based on actual earnings	2.52%	3.20%
Based on interest rate credited to participants	2.60%	3.25%

Note 7 - Plan Termination

Although it has not expressed any intention to do so, the Company has the right under the Plan to terminate the Plan subject to the provisions of ERISA. In the event of the Plan's termination, the participants will become 100% vested in their accounts.

Note 8 - Income Tax Status

The Internal Revenue Service ("IRS") has determined and informed the Plan by a letter dated March 16, 2010 that the Plan based on its initial filing as a Prototype Plan, is qualified and the trust established under the Plan is tax-exempt, under the appropriate sections of the Internal Revenue Code. The Plan has been amended since receiving the determination letter. However, the Plan administrator believes that the Plan is currently designed and being operated in compliance with the applicable requirements of the Internal Revenue Code. Therefore, the Plan administrator believes that the Plan was qualified and the related trust was tax-exempt at the financial statement date.

AMERICAN MEDICAL ALERT CORP. 401(k) SAVINGS PLAN
NOTES TO FINANCIAL STATEMENTS
DECEMBER 31, 2013

Note 8 - Income Tax Status (cont'd.)

Accounting principles generally accepted in the United States of America require Plan management to evaluate uncertain tax positions taken by the Plan and recognize a tax benefit only if it is more likely than not that the tax position would be sustained upon examination by the IRS. The Plan administrator has analyzed the tax positions taken by the Plan, and has concluded that at December 31, 2013, there are no uncertain positions taken or expected to be taken that would require recognition of a liability (or asset) or disclosure in the financial statements. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress. The Plan administrator believes it is no longer subject to income tax examinations for years prior to 2010.
