Employee Stock Ownership Plan and Trust (the Plan), which comprise the statements of assets available for benefits as of December 31, 2013 and 2012, and the related statements of changes in net assets available for benefits for the years then ended, and the related notes to the financial statements.

Management's Responsibility for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

Auditor's Responsibility

Our responsibility is to express an opinion on these financial statements based on our audits. We conducted our audits in accordance with auditing standards generally accepted in the United States of America. Those standards require that we plan and perform the audits to obtain reasonable assurance about whether the financial statements are free from material misstatement.

An audit involves performing procedures to obtain audit evidence about the amounts and disclosures in the financial statements. The procedures selected depend on the auditor's judgment, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error. In making those risk assessments, the auditor considers internal control relevant to the Plan's preparation and fair presentation of the financial statements in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, we express no such opinion. An audit also includes evaluating the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluating the overall presentation of the financial statements.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion.

Opinion

In our opinion, the financial statements referred to above present fairly, in all material respects, the net assets available for benefits of the Plan as of December 31, 2013 and 2012, and the changes in net assets available for benefits for the years then ended, in accordance with accounting principles generally accepted in the United States of America.

NOTE 1 – THE PLAN AND ITS SIGNIFICANT ACCOUNTING POLICIES

General – The following description of the Independent Electric Supply, Inc. Employee Stock Ownership Plan and Trust (the Plan or the ESOP) provides only general information. Participants should refer to the Plan document for a more complete description of the Plan's provisions.

The Plan is an employee stock ownership plan that was established in 1984 by Independent Electric Supply, Inc. (the Company) to provide benefits to eligible employees, as defined in the Plan document. The Plan was amended and restated effective January 1, 2010 and is currently designed to be qualified under the applicable requirements of the Internal Revenue Code (the Code), as amended, and the provisions of the Employee Retirement Income Security Act of 1974 (ERISA), as amended.

On August 31, 2011, the Company was acquired by Sonepar USA Holdings, Inc. (Sonepar) in an all-cash transaction in which Sonepar acquired 100% of the outstanding Company common stock (Company stock) from the Plan and from the Company's other shareholder for a total of approximately \$88,700,000.

An additional amount of \$10,000,000 was deposited into escrow accounts as contingent purchase price adjustments (Note 3).

As part of the transaction, all Plan participants became fully vested in their accounts. The Plan's intention was to distribute the participants' investments during 2012 through 2014 (Note 3), with the exception of that portion currently held in escrow under the terms of the acquisition agreement.

In January 2012, the Board of Directors of the Company amended the Independent Electric Supply, Inc. 401(k) Plan (the 401(k) Plan) and the ESOP to allow the ESOP funds to be transferred, as soon as administratively possible, to the 401(k) Plan effective June 1, 2012. During October 2012, approximately \$60,700,000 of Plan assets were transferred from the ESOP to the 401(k) Plan. Additional ESOP funds, currently remaining in restricted escrow accounts, were to be transferred to the 401(k) Plan as and when released from escrow.

As of September 2013, approximately \$8,100,000 of the escrow accounts were released; such funds were deposited into the trust and allocated to participants as noted above and distributed to individual participants or transferred to the 401(k) Plan. Future proceeds released from escrow accounts, if any, will be distributed to participants as they are released.

Administration – Under the terms of the Plan, a designated individual acted as the trustee. The Company has appointed an employee to manage the operation and administration of the Plan. The Company has contracted with a third-party administrator who processes and maintains the records of participant data. Substantially all expenses incurred for administering the Plan are paid by the Plan, unless paid by the Company.

In August 2013, the Company executed an agreement with Reliance Trust to act as the trustee for the Plan through the date of termination which is anticipated to be after all the funds (including the Tax Matters Escrow account which is to be released on August 31, 2014) are released but no later than December 31, 2014.

Estimates – The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities, and changes therein, and disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

NOTES TO FINANCIAL STATEMENTS

Basis of accounting – The financial statements of the Plan are prepared on the accrual method of accounting in accordance with accounting principles generally accepted in the United States of America.

Income taxes – The Plan has been amended since receiving a favorable determination letter dated September 17, 2001. Except for the prohibited transactions, which are more fully described in Note 4, the Company believes that the Plan has been operated in accordance with, and qualifies under, the applicable requirements of the Code and related state statutes, and that the trust, which forms a part of the Plan, is exempt from federal income and state franchise taxes.

In accordance with guidance on accounting for uncertainty in income taxes Accounting Standard Codification (ASC) 740-10, management evaluated the Plan's tax positions and does not believe the Plan has any uncertain tax positions that require disclosure or adjustment to the financial statements. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress. The Plan administrator believes the Plan is no longer subject to income tax examinations for years prior to 2010.

Risks and uncertainties – The Plan provides for various investment options in any combination of investment securities offered by the Plan. Investment securities are exposed to various risks, such as interest rate, market fluctuations, and credit risks. Due to the risk associated with certain investment securities, it is at least reasonably possible that changes in market values, interest rates or other factors in the near term could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits and the statement of changes in net assets available for benefits.

Subsequent events – The Plan has evaluated subsequent events through August 20, 2014, which is the date the financial statements were available to be issued.

NOTE 2 – PAYMENT OF BENEFITS

As part of the acquisition transaction, all Plan participants became fully vested in their accounts.

After reallocation of prior year's contributions and related shares of Company stock (Note 4), the Plan adopted an asset distribution plan to distribute 10% of assets on January 31, 2012, 45% on February 28, 2013, and the remaining 45% on August 31, 2014. These amounts subject to the distribution of each date are considered Unrestricted ESOP Accounts.

NOTES TO FINANCIAL STATEMENTS**

The Board of Directors further modified the distribution plan in January 2012 (Note 1) as follows:

Effective January 31, 2012, a participant may elect to receive a distribution of up to 10% of the balance of the participant's account at any time. To the extent that a participant elects to receive a distribution of less than 10%, such participant may subsequently elect to receive a distribution up to the lesser of: (1) 10% of the participant's account at the time of the initial request to receive distribution minus the amount of distribution pursuant to this section already received by the participant or (2) 10% of the participant's account at the time of the subsequent election to receive a distribution minus the amount of distribution pursuant to this section already received by the participant. Any participant with an account balance on December 31, 2011 of less than \$50,000 may take a one-time election to receive a distribution of the entire December 31, 2012 account. Except, as otherwise provided in the amended document, the Plan does not provide for in-service distributions. Otherwise, a participant must have a severance from employment to receive a distribution of his or her vested account. Such accounts which have been released for distribution have been termed as "unrestricted ESOP accounts." The remainder of a participant's account is referred to as "restricted."

Effective January 1, 2012, a participant may elect to receive a distribution of their unrestricted ESOP account. Any participant with an account in the ESOP on December 31, 2011 of less than \$50,000 may make a one-time election to receive a distribution of the entire December 31, 2011 account.

The distribution of a participant's vested restricted and unrestricted ESOP accounts due to the participant reaching normal retirement age, disability, death, or if a participant had a severance from employment prior to January 1, 2006, shall be made in a single lump sum payment.

The distribution of a participant's vested restricted and unrestricted ESOP accounts due to any other reason shall be as defined in the amended Plan documents.

If a participant elects to defer one (1) or more annual installment payments during the Installment Period, then the balance of the participant's account shall be distributed in substantially equal annual installments over the remainder of the Installment Period. If a participant elects to defer commencement of a single sum payment or distribution of all or a portion of his vested account during the last year of the Installment Period, then the balance of the participant's account shall be distributed in a single sum payment in accordance with the Plan's provisions.

During January 2012, 10% of plan assets were "released for distribution" and a total of approximately \$5,900,000 was distributed to participants. An additional \$25,700,000 of assets were distributed to participants who qualified for full distribution as described above.

As a part of the revised distribution plan, the remainder of Plan assets were transferred to the 401(k) Plan and are held for the benefit of participants as either unrestricted ESOP accounts which are currently available for distribution as requested, or restricted ESOP accounts which are not yet available for distribution. It is currently the intention of the Plan to release 100% of the restricted ESOP accounts into unrestricted ESOP accounts.

As additional assets were released from the escrow accounts, such assets were allocated to Plan participants and either distributed directly as noted above or transferred to the 401(k) Plan to be held on behalf of Plan participants.

NOTE 3 – RELEASE OF ESCROWED FUNDS

As part of the initial Company purchase, Sonepar placed a total of \$10,000,000 in three separate escrow accounts as follows: \$1,000,000 for accounts receivables issues, \$7,500,000 for general purposes, and \$1,500,000 for income tax issues.

During 2013, the accounts receivable escrow was released in accordance with the Accounts Receivable Escrow Indemnity Agreement, as amended, and approximately \$948,000 was deposited into the Trust. The remainder of approximately \$52,000 was allocated to other former shareholders of the Company and used to cover escrow and Plan expenses. Additionally, the General Purposes Escrow was released and approximately \$7,188,000 was deposited into the Trust. The remainder of \$312,000 was distributed to Ronal E. Snow Trust in accordance to the General Matter and Tax Indemnity Escrow Agreement effective August 31, 2011, and distributed to Plan participants who were missed in the original 2009 contribution allocation.

The total of the escrows released during 2013 of approximately \$8,137,000 was deposited in the Trust and ultimately transferred to the 401(k) Plan where it was allocated or distributed to Plan participants as determined in the original terms of the Agreement.

It is anticipated the remaining tax escrow of \$1,500,000 will be released no later than December 31, 2014 when all income tax returns filed prior to the Sonepar acquisition will be beyond the statute of limitations.

NOTE 4 – PROHIBITED TRANSACTIONS AND RESTATEMENT OF PRIOR YEAR STATEMENT OF NET ASSETS AVAILABLE FOR BENEFITS

During prior years, the Company made advances to the Plan in a total amount of \$11,500,000 to allow the Plan to make distributions to terminated participants.

In conjunction with the legal due diligence relating to the sale of the Company to Sonepar (Note 1), certain administrative errors were discovered relating to the aforementioned advances which were then determined to be prohibited transactions as defined by ERISA. As part of the correction process in 2010, the Company determined it owed the Plan approximately \$103,000 in reimbursements and interest thereon. Such amount was deposited into the Plan in September 2011.

In conjunction with the prior year contributions, the Company has reallocated all such contributions and related Plan assets to participants as of the dates the advances were originally made. Such reallocations resulted in changes to certain participant accounts and the amounts of distributions previously made to certain separated participants.

The Company has corrected these errors and prohibited transactions and has filed a correction under the Voluntary Compliance Program (VCP) with the Internal Revenue Service (IRS). As part of the correction, all prior advances were categorized as Plan sponsor contributions by the Company in the years the advances were made. The VCP filing is pending final approval with the IRS.

The Company has made additional filings with the IRS and paid related excise taxes on a timely basis.

NOTE 5 – PLAN TERMINATION OR MODIFICATION

The Company intends to continue the Plan for the benefit of its participants until such time as all proceeds from the sale of the Company stock and other assets held by the Plan or yet to be released from escrow can be distributed. However, it reserves the right to terminate or modify the Plan at any time by resolution of its Board of Directors, subject to the provisions of ERISA.
