Report on the Financial Statements

We were engaged to audit the accompanying financial statements of Alma Bank 401(k) Profit Sharing Plan, which comprise the statements of net assets available for benefits as of December 31, 2013, and the related statement of changes in net assets available for benefits for the year then ended, and the related notes to the financial statements.

Management's Responsibility for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

Auditors' Responsibility

Our responsibility is to express an opinion on these financial statements based on conducting the audits in accordance with auditing standards generally accepted in the United States of America. Because of the matter described in the Basis for Disclaimer of Opinion paragraph, however, we were not able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion.

Basis for Disclaimer of Opinion

As permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974, the plan administrator instructed us not to perform, and we did not perform, any auditing procedures with respect to the 2013 information summarized in Note 5, which was certified by ING Life Insurance and Annuity Company, the custodian of the Plan, except for comparing such information with the related information included in the financial statements. We have been informed by the plan administrator that the custodian holds the Plan's investment assets and executes investment transactions. The plan administrator has obtained a certification from the custodian as of December 31, 2013, and the year then ended, that the information provided to the plan administrator by the custodian is complete and accurate.

Disclaimer of Opinion

Because of the significance of the matter described in the Basis for Disclaimer of Opinion paragraph, we have not been able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion. Accordingly, we do not express an opinion on these financial statements.

Other Matters

The statement of net assets available for benefits as of December 31, 2012 was not audited, reviewed, or compiled by us and, accordingly, we do not express an opinion or any other form of assurance on it.

The supplemental schedule, Schedule H - Item 4i - Schedule of Assets (Held at End of Year) as of December 31, 2013 is required by the Department of Labor's (DOL) Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974 and is presented for the purpose of additional analysis and is not a required part of the financial statements. Because of the significance of the matter described in the Basis for Disclaimer of Opinion paragraph, we do not express an opinion on the supplemental schedule.

Report on Form and Content in Compliance With DOL Rules and Regulations

The form and content of the information included in the 2013 financial statements and supplemental schedule, other than that derived from the information certified by the custodian, have been audited by us in accordance with auditing standards generally accepted in the United States of America and, in our opinion, are presented in compliance with the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974.

1. Description of the Plan

The following brief description of the Alma Bank 401(k) Profit Sharing Plan (the "Plan") is provided for general information purposes only. Participants should refer to the plan documents for more complete information.

General

The Plan is a voluntary defined contribution retirement savings plan available to all eligible employees, as defined in the Plan, of Alma Bank, Inc. (the "Company"). All contributions, including any employer contributions, are participant directed. Participants may elect to invest contributions in one or more of the available funds. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 ("ERISA"), as amended.

Employee Contributions

Participants may contribute up to 100% of pretax annual compensation, as defined in the Plan. A participant's total contributions in any year may not exceed the maximum amounts for that year as specified in the Internal Revenue Code and regulations thereunder. Participants who have attained age 50 are eligible to make a catch-up contribution, subject to an annual limitation. Employees are eligible to contribute to the Plan after completing three months of service.

Employer Contributions

The employer makes matching contributions to participants on 100% of elective deferrals up to a maximum of 4% of a participant's compensation.

The Company may make additional contributions at the discretion of the Company's management. No discretionary contributions were made by the Company for the year ended December 31, 2013. Employees are eligible to receive discretionary contributions after they complete 1,000 hours of service, and only if they are employed on the last day of the Plan year for which such contributions are made.

Participant Accounts

Each participant's account is credited with the participant's contribution and allocations of the Company's contributions, and plan earnings. Allocations are based on participant earnings or account balances, as defined. Participant benefits are funded exclusively from the individual participant's account.

Vesting

Participants are immediately vested in their salary reduction contributions plus actual earnings thereon. Employer contributions and income or loss thereon vest as follows:

Years of Service	% Vested
Less than two	0%
Two but less than three	20%
Three but less than four	40%
Four but less than five	60%
Five but less than six	80%
Six or more	100%

Payment of Benefits

On termination of employment, death, disability, or retirement, a participant will receive a lump-sum amount equal to the value of the participant's vested interest in his or her account within a reasonable period of time. Benefit claims are recorded as expenses when they have been approved for payment and paid by the Plan.

Notes Receivable from Participants
Participants may borrow from their accounts a minimum of $1,000 up to a maximum equal to the lesser of $50,000 or 50% of their vested account balance. Loan transactions are treated as a transfer from the participant investment fund to the notes receivable from participant's category. Loan terms can be up to five years or up to 20 years for the purchase of a primary residence. Loans are secured by the balance in the participant's account. A participant may only have 1 loan outstanding at any time. Interest rates are determined to be prime rate (established at the loan inception) plus 1.5%. Principal and interest are repaid through periodic payroll deductions. For the year ended December 31, 2013, interest on outstanding notes receivable was 4.75%.

Administrative Expenses
Administrative expenses of the Plan are paid by the Company, other than investment advisory and management fees, which are deducted directly from the investment funds. In addition, certain investment related expenses have been offset with net investment income and are not readily determinable.

Forfeitures
Upon termination of a participant's employment, the Company's non-vested contributions are placed in a separate account and will become forfeitures when the participant incurs a break-in-service, as defined. Forfeitures may be used to reduce the Company's contributions. There were no balances in the forfeiture account as of December 31, 2013 and 2012.

2. Summary of Significant Accounting Policies

Basis of Presentation
The financial statements of the plan are prepared on the accrual basis of accounting.

Investment contracts held by a defined-contribution plan are required to be reported at fair value. However, contract value is the relevant measurement attribute for that portion of the net assets available for benefits of a defined-contribution plan attributable to fully benefit-responsive investment contracts because contract value is the amount participants would receive if they were to initiate permitted transactions under the terms of the plan. The statement of net assets available for benefits presents the fair value of the investment contract as well as the adjustment of the fully benefit-responsive investment contract from fair value to contract value. The statement of changes in net assets available for benefits is prepared on a contract value basis with respect to the investment contract.

Investment Valuation and Income Recognition
Investments are reported at fair value. Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date.

Net appreciation (depreciation) includes the plan's gains and losses on investments bought and sold as well as held during the year.

Notes Receivable from Participants
Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Delinquent participant loans are reclassified as distributions based upon the terms of the plan document.

Payment of Benefits
Benefits are recorded when paid.

Risks and Uncertainties
The Plan provides for various investment options in any combination of unallocated group annuity contracts. These investments are exposed to various risks, such as interest rate, market and credit risks. Due to the level of risk associated with these investments and their level of uncertainty related to the changes in their value, it is at least reasonably possible that changes in values in the near term could materially affect participants' account balances and the amounts reported in the accompanying statements of net assets available for benefits and the statement of changes in net assets available for benefits.

Use of Estimates
The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the amounts reported in the financial statements and the accompanying notes. Actual results could differ from those estimates.

3. Party-In-Interest Transactions

Certain of the Plan's investments are shares of group annuity contracts managed by affiliates of ING Life Insurance and Annuity Company ("ILIAC"), the Plan's Custodian. Personnel and facilities of the Company have been used to perform administrative functions for the Plan at no charge to the Plan. Notes receivable from participants also qualify as party-in-interest transactions.

4. Tax Status

The plan administrator has obtained a tax determination letter dated August 12, 2009 from the Internal Revenue Service stating that the Plan qualifies under the provisions of Section 401(a) of the Internal Revenue Code and that the related trust is exempt from federal income taxes under Section 501(a) of the Internal Revenue Code. In the opinion of the plan administrator, the Plan and its underlying trust have operated within the terms of the Plan and remain qualified under the applicable provisions of the Internal Revenue Code. Therefore, no provision for income taxes has been included in the Plan's financial statements.

Accounting principles generally accepted in the United States of America require Plan management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the Internal Revenue Service. The Plan administrator has analyzed the tax positions taken by the Plan, and has concluded that as of December 31, 2013 and 2012, there are no uncertain positions taken or expected to be taken that would require recognition of a liability (or asset) or disclosure in the financial statements. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

The Plan administrator believes it is no longer subject to income tax examinations for years prior to 2010. In addition, there are no tax related interest or penalties for periods presented in these financial statements.

5. Investments and Information Prepared and Certified by Custodian (Unaudited)

No auditing procedures were performed by the independent public accountants as permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA with respect to information certified as complete and accurate by the Custodian. Based on information provided and certified by the Custodian, there are no fixed income obligations, leases, or debt instruments in default or deemed uncollectible, as defined by ERISA, for the year ended December 31, 2013.

The following information included in the accompanying financial statements and supplemental schedule was obtained from data that has been prepared and certified to as complete and accurate by the Custodian.

	2013	2012
Investments, at fair value		
Group annuity contract - general account	$ 1,100,042	$ 836,356
Group annuity contracts - pooled separate accounts	2,230,022	1,549,864
Investment income - net appreciation		
in fair value of investments	$ 364,128	

Investments in excess of 5% of net assets available for plan benefits as of December 31, 2013 and 2012 are as follows:

	2013	2012
Group annuity contract - general account -		
ING Fixed Account (*)	$ 1,058,092	$ 773,521
Group annuity contract - pooled separate accounts:		
ING Solution 2015 Portfolio - Adviser Class	242,118	170,714
ING Solution 2025 Portfolio - Adviser Class	304,616	167,266
ING Solution 2035 Portfolio - Adviser Class	258,738	170,477

* - At contract value

The net appreciation in fair value of investments (including gains and losses on investments bought and sold, as well as held during the year) arose substantially from pooled separate accounts.

One of the Plan's investment options is the ING Fixed Account ("Fixed Account"), a fully benefit-responsive investment contract. As of December 31, 2013 and 2012, the Plan's participants had $1,058,092 and $773,521, respectively, invested in this insurance company contract.

Contributions to ILIAC under this contract are maintained in a general account. The account is credited with earnings on the underlying investments and charged for participant withdrawals and administrative expenses. The contract is included in the financial statements at fair value as reported to the Plan by ILIAC. Contract value represents contributions made under the contract, plus earnings, less participant withdrawals and administrative expenses. Participants may ordinarily direct the withdrawal or transfer of all, or a portion, of their investment at contract value. Lump-sum withdrawals or transfers are subject to a market value adjustment, as defined. The fair value of this contract as of December 31, 2013 and 2012 (as determined by ILIAC) was $1,100,042 and $836,356, respectively.

There are no reserves against contract value for credit risk. The average yield and crediting interest rate was 2.80% for the year ended December 31, 2013. The crediting interest rate is determined on a monthly basis by an actuarial formula, as designated by ILIAC. The crediting interest rate is subject to a guaranteed minimum floor as defined on an annual basis by ILIAC. The floor rate was 2.60% at December 31, 2013.

6. Fair Value Measurements

Accounting principles generally accepted in the United States of America define fair value as the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The fair value should be based on assumptions that market participants would use, including a consideration of non-performance risk.

In determining fair value, various valuation techniques are utilized and observable inputs are prioritized. The availability of observable inputs varies from instrument to instrument and depends on a variety of factors including the type of instrument, whether the instrument is actively traded, and other characteristics particular to the transaction. For many financial instruments, pricing inputs are readily observable in the market, the valuation methodology used is widely accepted by market participants, and the valuation does not require significant management discretion. For other financial instruments, pricing inputs are less observable in the marketplace and may require management judgment.

The inputs used to measure fair value are assessed using a three-tier hierarchy based on the extent to which inputs used in measuring fair value are observable in the market. Level 1 inputs include quoted prices in active markets for identical instruments and are the most observable. Level 2 inputs include quoted prices for similar assets and inputs such as interest rates and yield curves that are observable at commonly quoted intervals. Level 3 inputs are not observable in the market and include management's judgments about the assumptions market participants would use in pricing the asset. In instances where inputs used to measure fair value fall into different levels of the fair value hierarchy, fair value measurements in their entirety are categorized based on the lowest level input that is significant to the valuation. The Plan's assessment of the significance of particular inputs to these fair value measurements requires judgment and considers factors specific to each asset.

Disclosures concerning assets measured at fair value on a recurring basis are as follows:

	Balance at December 31, 2013

The following is a description of the valuation methodologies used for the Plan's assets measured at fair value.

Group Annuity Contract - General Account
Units held in group annuity contracts - general account are valued based on underlying market rates and the settlement provisions of the contract.

Group Annuity Contracts - Pooled Separate Accounts
Units held in group annuity contracts - pooled separate accounts are valued on the net asset value of the shares held by the Plan at year-end, which is based on the unit prices quoted by the fund, representing the fair value of the underlying investments.

The following is a summary of the Plan's investments estimated using the net asset value per share as of December 31, 2013 and 2012:

	2013	**2012**
Group annuity contracts - pooled separate accounts		
Real Estate Fund	$ 31,632	$ 16,220
Equity Funds	817,916	528,545
Target Date Funds	959,222	627,470
International Equity Funds	115,054	81,625
Balanced Funds	102,191	72,783
Bond Funds	144,952	182,170
Insurance Funds	59,055	41,051
Total	$ 2,230,022	$ 1,549,864

There are no unfunded commitments on any of these funds, and there are no restrictions on redemptions.

The Plan administrator discusses and assesses fair value measurements with internally responsible personnel as well as with the Plan custodian and independent investment advisor, including pricing models and broker quotes.

The methods described above may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, while the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

Gains and losses (realized and unrealized) included in changes in net assets available for benefits for the year ended December 31, 2013 are reported in net appreciation in fair value of investments.

7. Plan Termination

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions, if any, at any time and to terminate the Plan, subject to the provisions of ERISA. In the event of Plan termination, participants will become 100% vested in their account balances.

8. Subsequent Events

Subsequent events were evaluated through October 8, 2014, which is the date the financial statements were available to be issued. Based on that evaluation, the Plan has determined that, except as noted below, no subsequent events have occurred that require adjustment to or disclosure in the financial statements.

The Plan's custodian (ILIAC) changed its name to Voya Financial, Inc. effective April 7, 2014.
