INDEPENDENT AUDITORS' REPORT

To the Trustees of

Jekyll Island Club Hotel 401(k) Retirement Plan

Report on the Financial Statements

We were engaged to audit the accompanying financial statements of Jekyll Island Club Hotel 401(k) Retirement Plan (the "Plan"), which comprise the statements of net assets available for benefits as of December 31, 2013 and 2012, and the related statement of changes in net assets available for benefits for the year ended December 31, 2013, and the related notes to financial statements.

Management's Responsibility for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

Auditors' Responsibility

Our responsibility is to express an opinion on these financial statements based on conducting the audits in accordance with auditing standards generally accepted in the United States of America. Because of the matter described in the Basis for Disclaimer of Opinion paragraph, however, we were not able to obtain sufficient, appropriate audit evidence to provide a basis for an audit opinion.

Basis for Disclaimer of Opinion

As permitted by 29 CFR 2520.103-8 of the Department of Labor's ("DOL") Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974, the plan administrator instructed us not to perform, and we did not perform, any auditing procedures with respect to the information summarized in Note 5, which was certified by American United Life Insurance Company, the recordkeeper of the Plan, except for comparing the information with the related information included in the financial statements. We have been informed by the plan administrator that the recordkeeper holds the Plan's investment assets and executes investment transactions. The plan administrator has obtained certifications from the recordkeeper as of December 31, 2013 and 2012, and for the year ended December 31, 2013, that the information provided to the plan administrator is complete and accurate.

Disclaimer of Opinion

Because of the significance of the matter described in the Basis for Disclaimer of Opinion paragraph, we have not been able to obtain sufficient, appropriate audit evidence to provide a basis for an audit opinion. Accordingly, we do not express an opinion on these financial statements.

Other Matter

The supplemental schedule, Schedule H, Line 4i - Schedule of Assets (Held at End of Year) as of December 31, 2013, which is the responsibility of plan management, is presented for the purpose of additional analysis and is not a required part of the financial statements but is required by the DOL's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974. Because of the significance of the matter described in the Basis for Disclaimer of Opinion paragraph, we do not express an opinion on the supplemental schedule referred to above.

Report on Form and Content in Compliance With DOL Rules and Regulations

The form and content of the information included in the financial statements and supplemental schedule, other than that derived from the information certified by the recordkeeper, have been audited by us in accordance with auditing standards generally accepted in the United States of America and, in our opinion, are presented in compliance with the DOL's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974.

(1) Description of plan

The following description of the Jekyll Island Club Hotel 401(k) Retirement Plan (the "Plan") provides only general information. Participants should refer to the Plan document or Summary Plan Description for a more complete description of the Plan's provisions.

General - The Plan is a defined contribution plan sponsored by Jekyll Landmark Associates, LLC (the "Company" and "plan sponsor") for the benefit of its eligible employees who are not covered by a collective bargaining unit, and/or are not nonresident aliens, who have one year of service and are age twenty-one or older. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 ("ERISA").

Contributions - Participants may contribute up to 100% of pre-tax annual compensation, as defined in the Plan. In addition, participants may contribute Roth elective deferrals into the Plan. Participants may also contribute amounts representing distributions from other qualified defined benefit or contribution plans. Additionally, participants age 50 or older, who are making contributions to the Plan, are allowed to make catch-up contributions, as defined. The Company may elect to make matching contributions equal to a discretionary percentage, to be determined by the Company, as a percentage of participant contributions, up to a maximum of $250 to participants meeting certain conditions as defined in the Plan document. Contributions are subject to certain Internal Revenue Code ("IRC") limitations.

For the year ended December 31, 2013, the Company declared matching contributions equal to 25% of the elective deferral contribution, up to a maximum of $250 per participant, totaling $8,008.

Participant investment account options - Participants direct the investment of all contributions into various investment options offered by the Plan. As of December 31, 2013, the Plan offers a common/collective trust fund, a guaranteed income fund, and various mutual funds as investment options for participants.

Participant accounts - Each participant's account is credited with the participant's contribution and allocations of (a) the Company's contribution and (b) Plan earnings, and charged with an allocation of administrative expenses. Allocations are based on participant earnings or account balances, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Vesting - Participant's contributions plus actual earnings are 100% vested immediately. Employer contributions are subject to the following vesting schedule:

Years of Service	Vested %
Less than 1	0
1	25
2	50
3	75
4	100

(1) Description of plan (continued)

Notes receivable from participants - Participants may borrow from their fund accounts a minimum of $500 (formerly $1,000 prior to Plan restatement) up to a maximum equal to the lesser of $50,000 or 50% of their vested account balances. The notes receivable from participants are secured by the balance in the participant's account and bear interest at rates between 4.25% and 5.25%, which are commensurate with local prevailing rates as determined by the plan administrator. Participants are allowed two notes outstanding at a time. Principal and interest are paid ratably through payroll deductions.

Payment of benefits - On termination of service due to death, disability, or retirement, a participant or his or her beneficiary(ies) may elect to receive either a lump sum amount equal to the value of the participant's vested interest in his or her account, or may elect from various annuity options. On termination of employment, if the participant's vested account is greater than $5,000, the vested account balance may be distributed in the form of a single lump sum payment with participant consent. If the participant's vested account balance is not greater than $5,000 at the time of termination, the participant's account will automatically be distributed to the participant in the form of a single lump sum payment.

While employed, participants generally may not receive a distribution from their accounts unless they have attained retirement age, as defined. However, participants may withdraw all or a portion of their rollover contributions at any time. Additionally, participants may request a distribution of all or a portion of their voluntary contributions if they can demonstrate financial hardship, as defined. If the plan administrator approves the request, the participant shall be suspended from making voluntary contributions to the Plan for six months after receiving the hardship distribution.

Forfeited accounts - As of December 31, 2013 and 2012, forfeited nonvested accounts totaled $-0- and $59, respectively. Forfeited nonvested accounts may be used first to pay Plan expenses. Any remaining forfeitures are to be used to reduce employer contributions. Forfeitures totaling $59 were used to reduce employer contributions during the year ended December 31, 2013.

(2) Summary of significant accounting policies

Basis of accounting - The financial statements of the Plan are prepared under the accrual method of accounting.

Use of estimates - The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America ("U.S. GAAP") requires management to make estimates and assumptions that affect reported amounts of assets and liabilities and changes therein, and disclosures of contingent assets and liabilities. Accordingly, actual results may differ from those estimates.

Investment valuation and income recognition - The Plan's investments are stated at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note 4 for discussion of fair value measurements.

Purchases and sales of investments are recorded on a trade-date basis. Interest income is recorded on an accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation includes the Plan's gains and losses on investments bought and sold as well as held during the year.

(2) Summary of significant accounting policies (continued)

Notes receivable from participants - Notes receivable from participants are measured at their unpaid principal balance plus accrued but unpaid interest. No allowance for credit losses has been recorded as of December 31, 2013 or 2012. Delinquent notes receivable from participants are reclassified as distributions based upon the terms of the Plan document.

Unit values - Individual participant accounts for the guaranteed income fund and for the common/collective trust fund are maintained on a unit value basis. Participants do not have beneficial ownership in the specific underlying securities or other assets in the fund, but do have an interest therein represented by units valued daily. The fund earns dividends and interest which are automatically reinvested in additional units. Generally, contributions to and withdrawals from the fund are converted to units by dividing the amounts of such transactions by the unit values as last determined, and the participants' accounts are charged or credited with the number of units properly attributable to each participant.

Payment of benefits - Participants' benefits are charged as a reduction of net assets available for Plan benefits when paid.

Administrative expenses - Certain expenses of the Plan are paid by the Company while others are paid by the Plan and included in the statement of changes in net assets available for benefits.

(3) Investments

The following presents investments that represent 5% or more of the Plan's net assets:

American Century LIVESTRONG Inc A	$ 125,784	$ 117,018

* Not applicable - investment balance below 5%

During 2013, the Plan's investments (including gains and losses on investments bought and sold, as well as held during the year) appreciated in value as follows:

Common/collective trust fund	$ 1,228
Mutual funds	278,789
	$ 280,017

(4) Fair value measurements

Financial Accounting Standards Board Accounting Standards Codification ("FASB ASC") 820, "Fair Value Measurements and Disclosures," provides the framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1 measurements) and the lowest priority to unobservable inputs (Level 3 measurements). The three levels of the fair value hierarchy under FASB ASC 820 are described below:

Level 1 Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2 Inputs to the valuation methodology include:

- quoted prices for similar assets or liabilities in active markets;
- quoted prices for identical or similar assets or liabilities in inactive markets;
- inputs other than quoted prices that are observable for the asset or liability; and
- inputs that are derived principally from, or corroborated by, observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset's or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used as of December 31, 2013 and 2012.

Mutual funds: Valued at the net asset value ("NAV") of shares held by the Plan at year-end.

Common/collective trust fund: Valued at estimated fair value as determined by the issuer of the common/collective trust fund based on fair market value of the underlying investments.

Guaranteed income fund: See Note 6.

The preceding methods described may produce a fair value calculation that may not be indicative of the net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

(4) Fair value measurements (continued)

The following tables set forth by level, within the fair value hierarchy, the Plan's investments at fair value as of December 31, 2013 and 2012:

The common/collective trust fund listed above is redeemed on a daily basis and does not have any redemption restrictions. Additionally, there are no unfunded commitments.

(5) Information prepared and certified by the recordkeeper

The plan administrator has elected the method of annual reporting compliance permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, American United Life Insurance Company ("AUL"), the recordkeeper of the Plan, has certified that the following data included in the accompanying financial statements and supplemental schedule is complete and accurate with respect to investments.

- Investments at fair value
- Notes receivable from participants
- Net appreciation in fair value of investments
- Dividends and interest
- Interest income on notes receivable from participants
- Schedule of assets (held at end of year)

The Plan's independent public accountants did not perform auditing procedures with respect to this information, except for comparing such information to the related information included in the financial statements and supplemental schedule.

(6) Investment contract with insurance company

The Plan has a group annuity contract which is a fully benefit-responsive investment contract with AUL. AUL maintains the contributions in a general account. The fair value of the investment contract as of December 31, 2013 and 2012, approximated contract value, as determined by AUL based on the value of the underlying assets in the AUL general account. The account is credited with earnings on the underlying investments and charged for participant withdrawals and administrative expense. The investment contract issuer is contractually obligated to repay the principal and specified interest rate that is guaranteed to the Plan.

Because the investment contract is fully benefit-responsive, the contract value is the relevant measurement attribute for that portion of the net assets available for benefits attributable to the investment contract. In the event the Plan discontinues this investment, the contract value at that time would be due to the Plan. The underlying investments of AUL's general account consist primarily of fixed-income investments (bonds, mortgages, and private placement). No specific investment or group of investments, in AUL's general account, back this investment contract. Contract value, as reported to the Plan by AUL, represents contributions made under the contract, plus earnings, less participant withdrawals and administrative expenses. Participants may ordinarily direct the withdrawal or transfer all or a portion of their investment at contract value. Participants transferring an amount from the guaranteed income fund are restricted from making another transfer until 90 days has passed.

Certain events limit the ability of the Plan to transact at contract value with the issuer. Such events include the following: (1) amendments to the Plan documents (including complete or partial Plan termination or merger with another Plan), (2) changes to the Plan's prohibition on competing investment options or deletion of equity wash provisions, (3) bankruptcy of the plan sponsor or other plan sponsor events (for example, divestitures or spin-offs of a subsidiary) that cause a significant withdrawal from the Plan, or (4) the failure of the trust to qualify for exemption from federal income taxes or any required prohibited transaction exemption under ERISA. The plan administrator does not believe that any events which would limit the Plan's ability to transact at contract value with participants are probable of occurring.

(6) Investment contract with insurance company (continued)

There are no reserves against contract value for credit risk of the contract issuer or otherwise.

The crediting interest rate is declared on a periodic basis by the issuer, but may not be less than 1.00%. The crediting interest rate for the investment contract is set at the beginning of each calendar quarter and is valid for twelve months.

The average yield and crediting interest for this investment contract are as follows:

Average yields:	
Based on actual earnings	1.28%
Based on interest rate credited to participants	1.30%

The investment contract may be terminated by the Plan at any time but can only be terminated by AUL if the Plan does not meet certain operational obligations or fails to pay certain expenses as defined by the contract, or if AUL abandons this class of investment.

(7) Party-in-interest transactions

Fees paid by the Plan for investment management and recordkeeping services were paid to the recordkeeper of the Plan. During the year ended December 31, 2013, the Plan paid $7,208 in fees for these services. Fees paid by the Plan for the investment management services are included in net appreciation in fair value of investments.

(8) Risks and uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits.

(9) Plan termination

While the Company has not expressed any intention of discontinuing contributions, it is free to do so at any time, subject to the requirements of ERISA, as amended. In the event that discontinuance results in the termination of the Plan, then the participants and beneficiaries will be fully vested under the Plan to the extent of the amounts in their accounts, as provided by ERISA.

(10) Tax status

The Plan has adopted a prototype nonstandardized 401(k) profit sharing plan and trust. The prototype plan has obtained an opinion letter dated March 31, 2008, in which the Internal Revenue Service stated that the prototype Plan document was in compliance with the applicable requirements of the IRC. Although the Plan has been amended since receiving the opinion letter, the plan administrator believes that the Plan is currently being operated in accordance with the IRC.

(10) Tax status (continued)

U.S. GAAP requires plan management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the Plan has taken an uncertain tax position that more likely than not would be sustained upon examination by the applicable taxing authorities. The plan administrator has analyzed the tax positions taken by the Plan, and has concluded that as of December 31, 2013, there are no uncertain positions taken or expected to be taken that would require recognition of a liability (or asset) or disclosure in the financial statements. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress. The plan administrator believes it is no longer subject to income tax examinations for years prior to 2010.

(11) Subsequent events

The Plan has evaluated subsequent events through October 13, 2014, which is the date the financial statements were available to be issued.

On September 1, 2014, the plan sponsor became a participating employer in the Teamwork Services, Inc. 401(k) & Profit Sharing Plan ("TSI"), a multiple employer plan. TSI uses Massachusetts Mutual Life Insurance Company as their trustee and recordkeeper. All assets are expected to be transferred from AUL to MassMutual on October 17, 2014.

Revenue Sharing Formula:

The investment options of the Plan include various portfolios within an AUL separate account. The separate account in turn invests in investment portfolios of certain open-end management investment companies. AUL receives indirect compensation from these investment companies for the services provided by AUL.

The compensation received by AUL is computed by each investment company by multiplying the daily account balance of the AUL separate account's interest in a particular portfolio by a predetermined percentage rate negotiated with the investment company. This indirect compensation is not charged to the plan or participants accounts but is paid directly by the investment company.

The investment company, the underlying investment portfolio, and the annual compensation percentages are shown below.
