CNC DOOR CORPORATION OF CHARLOTTE, N.C. 401(k) PLAN
NOTES TO FINANCIAL STATEMENTS
December 31, 2013

NOTE A - DESCRIPTION OF PLAN

The following description of the CNC Door Corporation of Charlotte, N.C. 401(k) Plan (the Plan) provides only general information. Participants should refer to the Plan agreement for a more complete description of the Plan's provisions.

General

The Plan is a defined contribution plan and is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA). The Plan allows entry on the first day of the month after completion of six consecutive months of service for eligible, full-time employees who are 21 years of age or older. The Plan has an automatic deferral with a default contribution of 3%.

Contributions

Plan participants may make salary deferrals and Roth IRA deferrals to the Plan in an amount not in excess of the maximum allowed by the Internal Revenue Code. Participants may also contribute eligible rollovers from other qualified defined benefit or defined contribution plans and individual retirement accounts. The Sponsor may make discretionary matching and profit sharing contributions to the Plan. Participants who are employed on the last day of the Plan year share any profit sharing contributions. The Sponsor did not provide matching contributions or profit sharing contributions during the year ended December 31, 2013.

Participant Accounts

Each participant's account is credited with the participant's contribution and an allocation of the Sponsor's contribution and plan earnings. Allocations are based on participant earnings or account balances, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account. Participants may direct the investment of their account balances into various investment funds offered by the Plan.

Vesting

Participants are immediately vested in their contributions plus actual earnings thereon. Vesting in the Sponsor's contributions portion of their accounts plus earnings thereon is based on years of continuous service. A participant is vested at the rate of 20 percent each year after two years of service.

Notes Receivable from Participants

Participants may borrow from their accounts a minimum of \$1,000 up to a maximum equal to the lesser of \$50,000 or 50% of their vested account balance. Loans must be repaid within five years, except in the case of a loan used to acquire a principal residence, in which case, the term is determined when the loan is made and may not exceed 10 years. Loans outstanding at December 31, 2013 have original maturities ranging from two to five years. The loans are secured by the balance in the participant's account and bear interest rates ranging from 4.25% to 9.25%. Repayments must be substantially equal installments, are generally made by payroll deductions and made not less frequently than quarterly. Some exceptions are made for unpaid leaves of absences. Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest, which approximates fair value. Delinquent notes receivable are reclassified as distributions based upon the terms of the Plan document.

CNC DOOR CORPORATION OF CHARLOTTE, N.C. 401(k) PLAN
NOTES TO FINANCIAL STATEMENTS
December 31, 2013

NOTE A - DESCRIPTION OF PLAN, continued

Forfeited Accounts

Forfeitures are created when participants terminated participation in the Plan before becoming fully vested in the Sponsor's contribution under the Plan. These non-vested balances are used to pay administrative expenses and reduce future Sponsor matching contributions. Forfeited non-vested accounts totaled \$2,941 at December 31, 2013. During the year ended December 31, 2013, forfeitures allocated to participant accounts were \$3,128.

Payment of Benefits

On termination of service due to retirement, a participant will be paid a lump-sum amount equal to the value of the participant's vested interest in his or her account. For participants with a vested account of \$5,000 or less, Federal law requires the Plan to roll the vested account to an IRA in a direct rollover if a) the vested account is more than \$1,000, b) the participant has not reached the older of age 62 or normal retirement age and c) the participant has not elected to have his or her account paid out in a single lump sum or rolled to another retirement plan or IRA in a direct rollover. In the case of death, the vested account will be paid to the participant's beneficiary in a single sum.

Administrative Expenses

The Sponsor pays for certain administrative expenses to the Plan, at the Sponsor's discretion. These expenses, which are not reflected in the accompanying financial statements, constitute exempt party-in-interest transactions under ERISA. Certain distribution processing fees are deducted from the respective participant account balances and investment expenses are offset against the related investment income.

NOTE B - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Basis of Accounting

The financial statements of the Plan are prepared using the accrual method of accounting. Investment contracts held by a defined contribution plan are required to be reported at fair value. However, contract value is the relevant measurement attribute for that portion of the net assets available for benefits of a defined contribution plan attributable to fully benefit-responsive investment contracts because contract value is the amount participants would receive if they were to initiate permitted transactions under the terms of the Plan. The Statement of Net Assets Available for Benefits presents the fair value of the Plan's investment contract (the guaranteed portfolio fund) as well as the adjustment of this fully benefit-responsible investment contract from fair value to contract value. The Statement of Changes in Net Assets Available for Benefits is prepared on a contract value basis.

Estimates

The preparation of financial statements in conformity with U.S. generally accepted accounting principles (GAAP) requires Plan management to make estimates and assumptions that affect the reported amounts of assets, liabilities, and changes therein, and disclosures of contingent assets and liabilities. Accordingly, actual results may differ from those estimates.

NOTE B - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES, continued

Investment Valuation and Income Recognition

The Plan's investments are stated at fair value, as provided by the Trustee. Shares of pooled separate accounts and mutual funds are valued at quoted market prices which represent the net asset value of shares held by the Plan at year end. The guaranteed portfolio fund is valued based on the current market values of the underlying assets of the fund.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date.

Payment of Benefits

Benefits are recorded when paid.

NOTE C - INVESTMENTS

The Plan's investments are held by a directed trustee, which is Great-West Life & Annuity Insurance Company. Investments that represent five percent or more of the Plan's net assets are separately identified and consisted of the following at December 31, 2013:

Investments, at fair value:

Great-West Life & Annuity Insurance Company:

Guaranteed Portfolio Fund	\$	623,983

During the year ended December 31, 2013, the Plan's investments appreciated (including gains and losses on investments bought and sold, as well as held during the year) in value by \$372,519 and earned dividends of \$18,877.

Unaudited Information Certified by the Plan Trustee

The December 31, 2013 Statement of Net Assets Available for Benefits, the investment activities included on the Statement of Changes in Net Assets Available for Benefits for the year ended December 31, 2013, and the accompanying notes to the financial statements were prepared in part or entirely from information certified by the Trustee in accordance with 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. The information certified includes total investments at fair value of \$2,464,203 at December 31, 2013, related investment income for the year ended December 31, 2013, notes receivable from participants of \$85,822 at December 31, 2013, and related interest income of \$4,299 for the year ended December 31, 2013, and the information contained in the supplemental schedule listed in the table of contents.

CNC DOOR CORPORATION OF CHARLOTTE, N.C. 401(k) PLAN
NOTES TO FINANCIAL STATEMENTS
December 31, 2013

NOTE D - FAIR VALUE MEASUREMENTS

GAAP requires fair value of financial instruments to be determined based on the exchange price that would be received for an asset or paid to transfer a liability (an exit price) in the principal or most advantageous market for the asset or liability in an orderly transaction between market participants. It establishes a three-level valuation hierarchy based upon observable and unobservable inputs, as follows:

Level 1 - Fair value is based on quoted prices in active markets for identical assets or liabilities.

Level 2 - Fair value is based on observable inputs other than Level 1 prices, such as quoted prices for similar assets or liabilities, quoted prices in markets that are not active, or other inputs that are observable or can be corroborated by observable market data for substantially the full term of the assets or liabilities.

Level 3 - Fair value is based on unobservable inputs that are supported by little or no market activity and that are significant to the fair value of the assets or liabilities.

The Plan has segregated its investments into the most appropriate level within the fair value hierarchy defined by GAAP at December 31, 2013, as follows:

	<u>Total</u>	<u>Level 1</u>	<u>Level 2</u>	<u>Level 3</u>
Guaranteed portfolio	\$ 623,983	\$ -	\$ 623,983	\$ -
Pooled separate accounts:				
Balanced/Asset allocation	758,781	-	758,781	-
Bonds funds	80,495	-	80,495	-
Equity funds	803,232	-	803,232	-
International funds	197,712	-	197,712	-
	<u>\$ 2,462,203</u>	<u>\$ -</u>	<u>\$ 2,464,203</u>	<u>\$ -</u>

For investments in entities that calculate Net Asset Value (NAV) or its equivalent per share whose fair value is not readily determinable, the Plan discloses the fair value, subscription and redemption frequency as of December 31, 2013. As described in Note B above, the Plan holds units of participation in various mutual funds, pooled separate accounts and a guaranteed portfolio fund which are valued at their NAV. Their redemption and subscription frequencies are daily. As of December 31, 2013 the funds have no redemption notice periods or unfunded commitments. In addition, the Plan discloses the investment objectives for each category of these investments.

Pooled Separate Accounts-Balanced/Asset Allocation:

These investment vehicles seek to provide various levels of asset allocations in order to provide total returns of capital appreciation and/or income consistent with a targeted retirement date.

CNC DOOR CORPORATION OF CHARLOTTE, N.C. 401(k) PLAN
NOTES TO FINANCIAL STATEMENTS
December 31, 2013

NOTE D - FAIR VALUE MEASUREMENTS, continued

Pooled Separate Accounts-Bond Funds:

These investment vehicles seek to provide investment results that approximate the overall performance of certain bond indices and/or to provide a predictable rate of return while preserving the safety of capital and minimizing market risk.

Pooled Separate Accounts-Equity Funds:

These investment vehicles invest in various funds which seek to approximate the risk and return characterized by various indices, to seek long term capital appreciation, to provide diversified exposure representative of various segments of the U.S. market, and/or to seek income.

Pooled Separate Accounts-International Funds:

These investment vehicles invest in various funds which seek to approximate the risk and return characterized by various indices, to seek long term capital appreciation, to provide diversified exposure representative of various segments of the foreign equity market, and/or to seek income.

NOTE E - INVESTMENT CONTRACT

The Plan has a contract with Great-West Life & Annuity Insurance Company (Great-West) that invests contributions in the Guaranteed Portfolio Fund. The Guaranteed Portfolio Fund is a general account product. The methodology for calculating the interest rate is based on the earnings of the underlying assets in the entire medium-long term new portfolio compared to the minimum interest crediting rate, as stated in the contract, and prevailing market conditions. Interest crediting rate is reset quarterly.

Contract value is the relevant measurement attribute for that portion of the net assets available for benefits attributable to the contract since the contract was determined to be fully benefit-responsive. The contract is included in the financial statements at fair value which approximates contract value. The accounts is credited with earnings on underlying investments and charged for participant withdrawals and administrative expenses. Contract value represents contributions made under the contract, plus earnings, less participant withdrawals and administrative expenses. Participants may ordinarily direct the withdrawal or transfer of all or a portion of their investment at contract value. The guaranteed investment contract issuer is contractually obligated to repay the principal and a specified interest rate that is guaranteed by the Plan.

There are no reserves against contract value for credit risk of the contract issuer or otherwise. The fair value of the investment contract at December 31, 2013 was \$623,983. The crediting interest is based on a formula agreed upon with the issue but may not be less than zero percent. Such interest rates are reviewed on a quarterly basis for resetting.

NOTE E - INVESTMENT CONTRACT, continued

Certain events limit the ability of the Plan to transact at contract value with the issuer. Such events included the following:

- a) amendments to the plan document (including complete or partial plan termination or merger with another plan),
- b) bankruptcy of the Sponsor or other Sponsor events that cause a significant withdrawal from the Plan or
- c) the failure of the Plan to qualify for the exemption from federal income taxes or any required prohibited transaction exemption under ERISA.

The plan administrator does not believe that any events which would limit the Plan's ability to transact at contract value with participants are probably of occurring.

The contract does not permit the insurance company to terminate the agreement prior to the scheduled maturity date.

The average yield earned by contracts held by the fund was approximately 1.30% for the year ended December 31, 2013, and the average yield earned by the Plan for contracts held by the fund based on the actual interest rates credited to participants was approximately 1.30% for the year ended December 31, 2013. The crediting interest rates are reviewed at various times based on the maturity of the contracts for resetting.

NOTE F - PLAN TERMINATION

Although it has not expressed any intent to do so, the Sponsor has the right under the Plan to discontinue its contributions at any time and to change or terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants will become 100 percent vested in their accounts.

NOTE G - PARTY-IN-INTEREST TRANSACTIONS

The Plan invests in shares of mutual funds managed by Advised Assets Group, LLC, a wholly-owned subsidiary of Great-West Life & Annuity Insurance Company, the trustee as defined by the Plan and therefore, these transactions qualify as party-in-interest transactions. Fees paid by the Plan for investment management services for the year ended December 31, 2013 totaled \$2,704. Notes receivable from participants also qualify as party-in-interest transactions.

CNC DOOR CORPORATION OF CHARLOTTE, N.C. 401(k) PLAN
NOTES TO FINANCIAL STATEMENTS
December 31, 2013

NOTE H - TAX STATUS

The Internal Revenue Service has determined and informed the plan administrator by a letter dated November 27, 2001, that the Plan is declared qualified pursuant to Section 401(k) of the Internal Revenue Code (IRC). Plan management believes any amendments and events since the effective date of the last Internal Revenue Service determination letter do not affect the qualified status of the Plan. Accordingly, the Plan is exempt from federal and state income taxes under current provisions of their respective laws.

GAAP requires Plan management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the Plan has taken an uncertain position that more than likely would not be sustained upon examination by the Internal Revenue Service. Plan management has analyzed the tax position taken by the Plan, and has concluded that as of December 31, 2013, there are no uncertain positions taken or expected to be taken that would require recognition of a liability (or asset) or disclosure in the financial statements. The Plan is subject to audit by taxing jurisdictions; however, there are currently no audits for any tax periods in progress. Plan management believes it is no longer subject to income tax examinations for years prior to 2011.

NOTE I - RISKS AND UNCERTAINTIES

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statement of net assets available for benefits.

NOTE J - RECONCILIATION OF FINANCIAL STATEMENTS TO FORM 5500

The following is a reconciliation of net assets available for benefits per the financial statements at December 31, 2013, to the Annual Return/Report of the Employee Benefit Plan (Form 5500):

Net assets available for benefits, per Form 5550	<u>\$ 2,550,025</u>

NOTE K - SUBSEQUENT EVENTS

During this period, no material recognizable subsequent events were identified.
