Report of Independent Auditors

The Board of Trustees
The Musical Arts Association

We have audited the accompanying financial statements of The Musical Arts Association 403(b) Retirement Plan, which comprise the statements of net assets available for benefits as of December 31, 2013 and 2012, and the related statements of changes in net assets available for benefits for the years then ended, and the related notes to the financial statements.

Management's Responsibility for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in conformity with U.S. generally accepted accounting principles; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free of material misstatement, whether due to fraud or error.

Auditor's Responsibility

Our responsibility is to express an opinion on these financial statements based on our audits. We conducted our audits in accordance with auditing standards generally accepted in the United States. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free of material misstatement.

An audit involves performing procedures to obtain audit evidence about the amounts and disclosures in the financial statements. The procedures selected depend on the auditor's judgment, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error. In making those risk assessments, the auditor considers internal control relevant to the entity's preparation and fair presentation of the financial statements in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the entity's internal control. Accordingly, we express no such opinion. An audit also includes evaluating the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluating the overall presentation of the financial statements.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion.

A member firm of Ernst & Young Global Limited

Opinion

In our opinion, the financial statements referred to above present fairly, in all material respects, the net assets available for benefits of The Musical Arts Association 403(b) Retirement Plan at December 31, 2013 and 2012, and the changes in its net assets available for benefits for the years then ended, in conformity with U.S. generally accepted accounting principles.

Supplemental Schedule

Our audits were conducted for the purpose of forming an opinion on the financial statements as a whole. The accompanying supplemental schedule of assets (held at end of year) as of December 31, 2013 is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information has been subjected to the auditing procedures applied in the audits of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with auditing standards generally accepted in the United States. In our opinion, the information is fairly stated in all material respects in relation to the financial statements as a whole.

The Musical Arts Association 403(b) Retirement Plan

Notes to Financial Statements

December 31, 2013

1. Description of Plan

The following description of The Musical Arts Association 403(b) Retirement Plan (the Plan) provides general information about the Plan, which began on April 1, 2009, and its provisions. The Musical Arts Association (the Association) is the plan sponsor. Participants should refer to the plan document and summary plan description for a more complete description of the Plan's provisions, copies of which may be obtained from the plan sponsor.

General

The Plan is a defined contribution plan covering eligible hall and office employees of the Association. Effective April 1, 2010, most full-time orchestra employees also became covered by the Plan. A participant shall be eligible to participate in allocations of employer contributions upon completing one year of eligible service and having attained 18 years of age. Employee contributions shall commence as soon as administratively practicable on or after the date on which the participant's election is effective, which is the start of a calendar quarter upon hire date.

The Association is responsible for the general administration of the Plan. Principal Trust Company is the trustee of the Plan. Principal Financial Group is the recordkeeper for the Plan. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974, as amended (ERISA).

Contributions

Each year, eligible hall and office participants may contribute a percentage or specified dollar amount of pretax annual compensation as defined in the Plan up to the dollar limit imposed under Internal Revenue Code (the Code) Section 402(g) for a respective calendar year. Participants who have attained age 50 before the close of the plan year are eligible to make catch-up contributions.

The Association shall make, on behalf of eligible hall and office employees who are participants in the Plan, the following contributions: (1) Basic Retirement Contribution equal to 2% of the participant's compensation for the contribution period; (2) Supplemental Retirement Contribution equal to 1%–4% of the participant's compensation for the contribution period, with the percentage based on the participant's years of age at April 1, 2009, for participants who were accruing benefits under The Musical Arts Association Retirement Plan on March 31, 2009; and (3) Matching Retirement Contribution up to 2% of the participant's compensation they contributed to the Plan during the contribution period.

1. Description of Plan (continued)

Effective April 1, 2010, the Association shall make a contribution to the Plan on an orchestra member's behalf equal to 7.875% of their contractual weekly minimum salary.

Effective January 1, 2011, the Association shall also make (1) a supplemental contribution to the Plan on an orchestra member's behalf equal to 0%–10% of their contractual weekly minimum salary, with the percentage based on the participant's age at January 1, 2011, for orchestra members who were eligible musicians on January 1, 2011; and (2) a contribution to the Plan on an orchestra member's behalf equal to 10% of their broadcast fees.

Participants direct their elective contributions into various investment options offered by the Plan and can change their investment options frequently. Some investment options limit the frequency of trading, require a minimum threshold amount, or charge a fee, all in order to minimize the related costs to the respective fund and, in turn, help maximize its total return. The Association's contributions are allocated in the same manner as that of the participant's elective contributions.

The Plan includes a self-directed brokerage option for orchestra member participants. Under this option, eligible orchestra members may direct contributions into various mutual funds.

Participant Accounts

Each participant's account is credited with the participant's contributions, the Association's contributions, and allocations of plan earnings. Plan earnings are allocated based on the participant's share of net earnings or losses of their respective elected investment options. Allocations of expenses related to purchases, sales, or transfers of the participant's investments are based on the participant account balances, as defined or based on elected investment options. The benefit to which a participant is entitled is that which can be provided from the vested portion of the participant's account.

Vesting

Participants are immediately vested in their contributions and the allocation of plan earnings thereon. For hall and office employees, vesting in the Association's contributions and the allocation of plan earnings thereon is based on continuous years of vesting service, beginning with 20% vesting after two years of vesting service and increasing in various increments to 100% vesting after five years of vesting service. Orchestra member participants are immediately vested in the Association's contributions and the allocation of Plan earnings thereon.

1. Description of Plan (continued)

Forfeitures

Upon termination of employment, participants forfeit the nonvested portion of their account. If a participant is rehired within a five-year period, any such forfeited balance is reinstated to their account. Any nonvested forfeited balances are used to reduce required Association contributions or to pay plan administrative expenses. The unallocated forfeitures balance as of December 31, 2013 and 2012 was $2,331 and $27,344, respectively, and forfeitures used to reduce Association contributions for 2013 and 2012 were approximately $43,000 and $11,000, respectively.

Participant Loans

A participant may apply to the administrator for a loan from their respective account. A participant's loan may not exceed 50% of the participant's vested balance. A participant with an outstanding loan may not apply for another loan until the existing loan is paid in full and may not refinance an existing loan or obtain a second loan for the purpose of paying off the existing loan. The term of any loan to a participant shall be no greater than five years, except in the case of a loan used to acquire any dwelling unit, which within a reasonable period of time is to be used as a principal residence. The loans are secured by the balance in the participant's account. The interest rate charged shall be commensurate with current interest rates charged by persons in the business of lending money. Principal and interest are paid ratably over the loan period at least quarterly.

Payment of Benefits

Participants who have separated from service with the Association will have the vested portion of their account balance paid to them or their beneficiary in a lump sum or via a direct rollover to another eligible retirement plan. The timing of payment to the participant or their beneficiary varies based on the reason for separation from service, the value of the vested account balance, and the participant's age.

In-service withdrawals are available in certain limited circumstances, as defined by the Plan. Hardship withdrawals are allowed for participants incurring an immediate and heavy financial need, as defined by the Plan. Hardship withdrawals are strictly regulated by the Internal Revenue Service (IRS) and a participant must exhaust all available loan options and available distributions from the Plan prior to requesting a hardship withdrawal.

1. Description of Plan (continued)

Administrative Expenses

The Plan's administrative expenses are paid by the Association. The Association paid approximately $33,000 and $41,000 for recordkeeping, trustee, audit, consulting and legal services for the years ended December 31, 2013 and 2012, respectively. Expenses related to purchases, sales, or transfers of the Plan's investments are charged to the particular investment fund to which the expenses relate.

Plan Termination

Although it has not expressed any intent to do so, the Association has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event the Plan terminates, participants will immediately become 100% vested in their accounts.

2. Summary of Significant Accounting Policies

Basis of Accounting

The accompanying financial statements have been prepared on the accrual basis of accounting.

Payment of Benefits

Benefits are recorded when paid.

Notes Receivable From Participants

Notes receivable from participants represent participant loans that are recorded at their unpaid principal balance, plus any accrued but unpaid interest. Interest income on notes receivable from participants is recorded when it is earned. Related fees are recorded as administrative expenses and are expensed when they are incurred. No allowance for credit losses has been recorded as of December 31, 2013 or 2012. If a participant ceases to make loan repayments and the plan administrator deems the participant loan to be a distribution, the participant loan balance is reduced and a benefit payment is recorded.

2. Summary of Significant Accounting Policies (continued)

Use of Estimates

The preparation of financial statements in conformity with U.S. generally accepted accounting principles requires management to make estimates that affect the amounts reported in the financial statements and accompanying notes and supplemental schedule. Actual results could differ from those estimates.

Investment Valuation and Income Recognition

Investments held by the Plan are stated at fair value. Fair value is defined as the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date (an exit price). See Note 5 for further discussion and disclosures related to fair value measurements.

The Association as plan sponsor is responsible for determining the Plan's valuation policies and analyzing information provided by the investment custodian that is used to determine the fair value of the Plan's investments. For instruments categorized within Level 3 of the fair value hierarchy, the Association reviews certain unobservable inputs through review of contract terms (e.g., crediting interest rates).

The Plan invests in a fully benefit-responsive guaranteed investment contract (GIC). This investment contract is recorded at fair value (see Note 5), which approximates contract value. Contract value is the relevant measurement attributable to fully benefit-responsive investment contracts because contract value is the amount participants would receive if they were to initiate permitted transactions under the terms of the Plan. The contract value of the fully benefit-responsive investment contracts represents contributions plus earnings, less participant withdrawals and administrative expenses.

In accordance with Accounting Standards Codification (ASC) 820, *Fair Value Measurement*, assets and liabilities measured at fair value are categorized into the following fair value hierarchy:

- Level 1 – Fair value is based on unadjusted quoted prices for identical assets or liabilities in an active market that the Plan has the ability to access at the measurement date.

2. Summary of Significant Accounting Policies (continued)

- Level 2 – Fair value is based on quoted prices in markets that are not active, quoted prices for similar assets and liabilities in active markets, and inputs that are observable for the asset or liability, either directly or indirectly, for substantially the full term of the asset or liability.

- Level 3 – Fair value is based on prices or valuation techniques that require inputs that are both significant to the fair value measurement and unobservable. These inputs reflect management's judgment about the assumptions that a market participant would use in pricing the investment and are based on the best available information, some of which may be internally developed.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded as earned. Dividends are recorded on the ex-dividend date. Net appreciation includes the Plan's gains and losses on investments bought and sold, as well as held during the year.

3. Investments

Individual investments that represent 5% or more of the Plan's net assets available for benefits are as follows:

	December 31	
	2013	**2012**
Principal Lifetime 2015 Preferred Fund	*****	$ 403,239
Principal Lifetime 2020 Preferred Fund	**$ 1,075,734**	740,957
Principal Lifetime 2025 Preferred Fund	**925,104**	640,248
Principal Lifetime 2030 Preferred Fund	**900,728**	649,830
Principal Lifetime 2035 Preferred Fund	**658,776**	476,572
Heartland Value Plus Fund	**806,380**	464,758
Oppenheimer Developing Markets A Fund	*****	394,271
Principal Fixed Income Guarantee Option	**605,678**	408,711

*Investment less than 5%.

3. Investments (continued)

The Plan's investments (including investments purchased, sold as well as held during the year) appreciated in fair value as follows:

	2013	2012
Investment at fair value as determined by quoted market prices:		
Mutual funds	**$ 995,337**	$ 503,488

4. Guaranteed Interest Contract

The Plan invests in a fully benefit-responsive GIC. The issuer maintains the contributions in a general account. The account is credited with participant contributions plus earnings and charged for participant withdrawals and administrative expenses. The issuer is contractually obligated to repay the principal and a specified interest rate that is guaranteed to the Plan. The crediting interest rate is based on a formula agreed upon with the issuer which, as of December 31, 2013, may not be less than 1.0%; the actual rate as of that date was 2.0%. Such interest rates are reviewed and may be reset on a semiannual basis.

The terms of the contract include limitations on the Plan's ability to transact at contract value. A surrender charge of 5% of the contract value is assessed when a transfer from the GIC to another investment option exceeds a threshold defined within the contract, or when sufficient notice of intent to exit the investment option is not provided by the Plan Sponsor. The plan administrator does not believe that the occurrence of any such events that would limit the Plan's ability to transact at contract value with participants is probable.

This GIC shall terminate on the date when no guaranteed interest balances have been established that are accepting deposits and there are no guaranteed interest balances with a value greater than zero under this GIC. The GIC does not permit the insurance company to terminate the agreement prior to the scheduled maturity date.

	December 31	
	2013	2012
Average yield		
Based on actual earnings	**2.04%**	2.48%
Based on interest rate credited to participants	**1.39**	1.83

5. Fair Value Measurements

To measure fair value, a hierarchy has been established that requires an entity to maximize the use of observable inputs and minimize the use of unobservable inputs. As such, the hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets and liabilities (Level 1) and the lowest priority to unobservable inputs (Level 3).

The level in the fair value hierarchy within which the fair value measurement is classified is determined based on the lowest level input that is significant to the fair value measurement in its entirety.

The following is a description of the Association's valuation techniques and inputs for assets measured at fair value.

Mutual Funds – Valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are open-end mutual funds that are registered with the Securities & Exchange Commission. These funds are required to publish their daily net asset value and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.

Guaranteed Investment Contract – Fair value equals contract value.

5. Fair Value Measurements (continued)

The following tables set forth by level, within the fair value hierarchy, the Plan's assets carried at fair value:

5. Fair Value Measurements (continued)

Quantitative Information About Significant Unobservable Inputs Used in Level 3 Fair Value Measurements

The following table presents the Plan's Level 3 financial instrument, the valuation technique used to measure the fair value of the financial instrument, and the significant unobservable inputs and the ranges of values for those inputs:

	December 31, 2013			
Investment	**Fair Value**	**Valuation Technique**	**Significant Unobservable Inputs**	**Range (Weighted Average)**
Principal Fixed Income Guaranteed Option	**$ 605,678**	**Fair value equals contract value**	**Composite crediting rate**	**2.10%–2.00%**

	December 31, 2012			
Investment	**Fair Value**	**Valuation Technique**	**Significant Unobservable Inputs**	**Range (Weighted Average)**
Principal Fixed Income Guaranteed Option	$ 408,117	Fair value equals contract value	Composite crediting rate	2.65%–2.10%

Level 3 Gains and Losses

The table below sets forth a summary of changes in the fair value of the Plan's Level 3 assets for the years ended December 31, 2013 and 2012:

	December 31, 2013	2012
Balance, beginning of year	**$ 408,117**	$ 461,569
Interest credited	**6,644**	7,900
Purchases	**275,412**	170,117
Sales	**(84,495)**	(231,469)
Balance, end of year	**$ 605,678**	$ 408,117

6. Risks and Uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks, such as interest rate, market volatility, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits.

7. Related-Party Transactions

Certain of the Plan's assets are invested in funds managed by the trustee of the Plan. These transactions qualify as party-in-interest transactions; however, they are exempt from the prohibited transactions rules under ERISA.

8. Tax Status

The Plan has been designed and documented by the Association and outside legal counsel to satisfy the requirements of the Internal Revenue Code (the Code) Section 403(b) and, therefore, is not currently eligible to receive a determination letter from the Internal Revenue Service (IRS). The Plan is required to operate in conformity with this section of the Code to qualify for tax-exempt status. The plan administrator has indicated that it will take the necessary steps, if any, to bring the Plan's operations into compliance with the Code. At such time as the IRS makes the determination letter program available, the plan administrator intends to seek such a letter.

Accounting principles generally accepted in the United States require plan management to evaluate uncertain tax positions taken by the Plan. The financial statement effects of a tax position are recognized when the position is more likely than not, based on the technical merits, to be sustained upon examination by the IRS. The plan administrator has analyzed the tax positions taken by the Plan, and has concluded that as of December 31, 2013, there are no uncertain positions taken or expected to be taken. The Plan has recognized no interest or penalties related to uncertain tax positions. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress. The plan administrator believes the Plan is no longer subject to income tax examinations for years prior to 2010.

9. Subsequent Events

Management evaluated subsequent events for the Plan through October 13, 2014, the date the financial statements were available to be issued.
