Statement by Enrolled Actuary

To the best of my knowledge, the information supplied in this schedule and accompanying schedules, statements and attachments, if any, is complete and accurate. Each prescribed assumption was applied in accordance with applicable law and regulations. In my opinion, each other assumption is reasonable (taking into account the experience of the plan and reasonable expectations) and such other assumptions, in combination, offer my best estimate of anticipated experience under the plan.

Independent Auditors' Report

To the Administrator of the
Cincinnati Bell Pension Plan
Cincinnati, Ohio

Report on the Financial Statements

We were engaged to audit the accompanying financial statements of the Cincinnati Bell Pension Plan, which comprise the Statements of Net Assets Available for Benefits as of December 31, 2013 and 2012, and the related Statements of Changes in Net Assets Available for Benefits for the years then ended, and the related notes to the financial statements.

Management's Responsibility for the Financial Statements

Plan management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

Auditors' Responsibility

Our responsibility is to express an opinion on these financial statements based on conducting our audits in accordance with auditing standards generally accepted in the United States of America. Because of the matter described in the Basis for Disclaimer of Opinion paragraph, however, we were not able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion.

Basis for Disclaimer of Opinion

As permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974, the plan administrator instructed us not to perform, and we did not perform, any auditing procedures with respect to the information summarized in Note 10, which was certified by The Bank of New York Mellon, the trustee of the Plan, except for comparing the information with the related information included in the financial statements. We have been informed by the plan administrator that the trustee holds the Plan's investment assets and executes investment transactions. The plan administrator has obtained a certification from the trustee as of and for the years ended December 31, 2013 and 2012, that the information provided to the plan administrator by the trustee is complete and accurate.

Disclaimer of Opinion

Because of the significance of the matter described in the Basis for Disclaimer of Opinion paragraph, we have not been able to obtain sufficient, appropriate audit evidence to provide a basis for an audit opinion. Accordingly, we do not express an opinion on these financial statements.

Report on Form and Content in Compliance with DOL Rules and Regulations

The form and content of the information included in the financial statements, other than that derived from the information certified by the trustee, have been audited by us in accordance with auditing standards generally accepted in the United States of America and, in our opinion, are presented in compliance with the Department of Labor's Rules and Regulations for Reporting and Disclosure under Employee Retirement Income Security Act of 1974.

Independent Auditors' Report

To the Administrator of the
Cincinnati Bell Pension Plan
Cincinnati, Ohio

Report on the Financial Statements

We were engaged to audit the accompanying financial statements of the Cincinnati Bell Pension Plan, which comprise the Statements of Net Assets Available for Benefits as of December 31, 2013 and 2012, and the related Statements of Changes in Net Assets Available for Benefits for the years then ended, and the related notes to the financial statements.

Management's Responsibility for the Financial Statements

Plan management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

Auditors' Responsibility

Our responsibility is to express an opinion on these financial statements based on conducting our audits in accordance with auditing standards generally accepted in the United States of America. Because of the matter described in the Basis for Disclaimer of Opinion paragraph, however, we were not able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion.

Basis for Disclaimer of Opinion

As permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974, the plan administrator instructed us not to perform, and we did not perform, any auditing procedures with respect to the information summarized in Note 10, which was certified by The Bank of New York Mellon, the trustee of the Plan, except for comparing the information with the related information included in the financial statements. We have been informed by the plan administrator that the trustee holds the Plan's investment assets and executes investment transactions. The plan administrator has obtained a certification from the trustee as of and for the years ended December 31, 2013 and 2012, that the information provided to the plan administrator by the trustee is complete and accurate.

Disclaimer of Opinion

Because of the significance of the matter described in the Basis for Disclaimer of Opinion paragraph, we have not been able to obtain sufficient, appropriate audit evidence to provide a basis for an audit opinion. Accordingly, we do not express an opinion on these financial statements.

Report on Form and Content in Compliance with DOL Rules and Regulations

The form and content of the information included in the financial statements, other than that derived from the information certified by the trustee, have been audited by us in accordance with auditing standards generally accepted in the United States of America and, in our opinion, are presented in compliance with the Department of Labor's Rules and Regulations for Reporting and Disclosure under Employee Retirement Income Security Act of 1974.

CINCINNATI BELL PENSION PLAN
NOTES TO FINANCIAL STATEMENTS

(1) Plan Description

The following Notes to Financial Statements give only a brief description of the Cincinnati Bell Pension Plan (the “Plan”) and are provided for general purposes only. Participants should refer to the Plan Document for further details. In the event of any conflicts between the Notes to Financial Statements and the Plan Document, the Plan Document shall control.

The Plan is a non-contributory defined benefit pension plan maintained for certain bargained-for and hourly employees of Cincinnati Bell Inc. and its participating subsidiaries (the “Company”), who were hired prior to February 1, 2008, have reached age 21 and have at least one year of service. Plan benefits will generally no longer be available to employees hired on or after February 1, 2008. Subject to satisfaction of the Plan’s vesting requirements and (when applicable) to the Plan’s provisions reflecting the funding-based restrictions of Section 436 of the Internal Revenue Code (the “IRC”), benefits are payable generally in the form of an annuity or lump sum when a participant retires, dies, or separates from service.

The Plan uses a cash balance formula to determine benefits. Annually, a participant’s cash balance account is credited with a pension credit (based upon the participant’s pension band and years of service) and an annual interest credit. The annual interest credit for actively employed participants was 4.0% for 2013 and 2012. If a participant actively participated in the Plan or the Cincinnati Bell Management Pension Plan and had at least 15 years of net credited service on December 31, 1996, a transition benefit may be available and will be calculated at the time of termination, generally based on the terms of the superseded plan. The participant will receive the higher of the cash balance or transition benefit, if applicable.

Effective January 1, 2012 and consistent with a 2011 collective bargaining agreement entered into between the Company and the Communications Workers of America (the “CWA”), the Plan was amended to cease, for periods beginning after December 31, 2011, pension credits (but not interest credits) to the cash balance accounts of all Plan participants, except for those Plan participants who as of January 1, 2012 either (a) were credited with 25 or more years of net credited service (as determined by the Company for benefit plan purposes) or (b) both were credited with 20 to 25 years of net credited service and had attained at least age 55.

Effective March 1, 2012, the Company made an amendment to the Plan that generally provided that the assumed annualized interest rate used to calculate interest credits under the Plan for a participant who is a former employee is the assumed annualized interest rate used to calculate interest credits under the Plan for participants who are active employees, regardless of whether the former employee waives a certain pre-retirement death benefit provided by the Plan.

A participant is vested if the participant completes at least five years of vesting service or, for a participant who is credited with at least one hour of service with the Company on or after January 1, 2009, upon completion of at least three years of vesting service (normally a year of vesting service is a calendar year with respect to which the participant is paid by the Company for at least 1,000 hours). In addition, a participant will be fully vested under the Plan if still employed by the Company when normal retirement age is attained, which is the later of the participant’s 65th birthday or fifth annual anniversary date of becoming a participant of the Plan. Any amounts not vested at the time when the participant’s employment terminates are forfeited.

(2) Summary of Significant Accounting Policies

- a. **Basis of Accounting:** The accompanying financial statements are prepared on the accrual basis of accounting.
- b. **Use of Estimates:** The preparation of financial statements in conformity with generally accepted accounting principles in the United States of America (“U.S. GAAP”) requires management to make significant estimates and assumptions that affect the reported amounts of assets and liabilities and disclosures of contingent assets and liabilities at the date of the financial statements and the reported amounts of income and expenses during the reporting period. These significant estimates include the accumulated plan benefits and market value of investments. Actual results could differ from those estimates.

CINCINNATI BELL PENSION PLAN
NOTES TO FINANCIAL STATEMENTS

- c. **Fair Value Measurements:** Accounting Standards Codification Topic 820, “Fair Value Measurements,” establishes a three-tier fair value hierarchy, which prioritizes the inputs used in measuring fair value as follows:

Level 1 - Quoted market prices for identical instruments in an active market;

Level 2 - Quoted prices for similar assets and liabilities in active markets, quoted prices for identical or similar assets or liabilities in markets that are not active, inputs other than quoted prices that are observable for the asset or liability (i.e., interest rates, yield curves, etc.), and inputs that are derived principally from or corroborated by observable market data by correlation or other means (market corroborated inputs); and

Level 3 - Unobservable inputs that reflect management's determination of assumptions that market participants would use in pricing the asset or liability. These inputs are developed based on the best information available, including our own data.

The Plan invests in the Cincinnati Bell Pension Plans' Trust (the “Master Trust”), which holds only the assets of the Plan and the Cincinnati Bell Management Pension Plan. The Master Trust invests in a combination of mutual funds and real estate pooled funds. The fair values of Level 1 investments are based on quoted prices in active markets. The fair values of Level 2 investments, which consist of funds that hold securities in active markets, are determined based on the net asset value as reported by the fund manager. The Level 3 investments, which consist solely of real estate pooled funds, are valued at the net asset values disclosed by the fund managers which are based on estimated fair values of the real estate investments using independent appraisal.

Although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

- d. **Investment Valuation and Income Recognition:** Investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the transaction date. Investment income in the Master Trust is allocated between the Plan and the Cincinnati Bell Management Pension Plan based on the weighted average allocated investment balances between the plans throughout the year. Purchases and sales of securities in the Master Trust are reflected as of the trade date. Realized gains and losses on sales of securities are determined on the basis of average cost. Dividend income in the Master Trust is recorded on the ex-dividend date. Income from other investments is recorded as earned on an accrual basis. The Plan presents its portion of the Master Trust's realized gains or losses and the net unrealized appreciation or depreciation of investments in the Statements of Changes in Net Assets Available for Benefits under the captions “Interest in Master Trust investment income.”
- e. **Actuarial Method and Contributions:** Contributions to the Plan are made by the Company into the Master Trust. The Company's contributions are equal to the current period cost of the Plan actuarially determined by the aggregate cost method. This method calculates a specific contribution such that the sum of future contributions, present trust investments, and expected future investment earnings will be sufficient to pay all future benefits due. For the 2013 plan year, the Company contributed \$9,090,384 to the Plan in 2013 and the Plan recorded a receivable of \$10,845,452 that will be contributed in fiscal year 2014 by the Company. For the 2012 plan year, the Company contributed \$10,478,558 to the Plan in 2012 and the Plan recorded a receivable of \$17,291,116 that was contributed in fiscal year 2013 by the Company.
- The Plan is subject to the Employee Retirement Income Security Act of 1974, as amended (“ERISA”). The Plan's minimum funding requirements under ERISA, as modified by the Pension Protection Act of 2006, have been met.
- f. **Actuarial Present Value of Accumulated Plan Benefits:** Accumulated plan benefits are those future periodic payments that are attributable under the Plan's provisions to the service employees have rendered. Accumulated plan benefits include benefits expected to be paid to (a) retired or terminated employees or their beneficiaries, (b) beneficiaries of employees who have died and (c) present employees or their beneficiaries.

CINCINNATI BELL PENSION PLAN
NOTES TO FINANCIAL STATEMENTS

- g. **Payment of Benefits:** Benefit payments to participants are recorded upon distribution.
- h. **Plan Expenses:** Trustee and investment management fees and administrative expenses are paid directly from the Master Trust and allocated to the Plan as a reduction of the Plan's interest in Master Trust investment income.
- i. **Transfer to/from Other Plans:** If a Plan participant becomes a participant of the Cincinnati Bell Management Pension Plan or if a participant of the Cincinnati Bell Management Pension Plan becomes a participant of the Plan, or if a participant becomes or was previously employed by certain telecommunications companies that maintain defined benefit pension plans, the related assets and accrued benefits liabilities are generally transferred to and assumed by the recipient plan. There were no transfers from the Plan in 2013. In 2012, transfers from the Plan to the Cincinnati Bell Management Plan totaled \$504,000.
- j. **Uncertain Tax Positions:** U.S. GAAP requires Plan management to evaluate tax positions taken by the Plan and recognize a tax liability if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the Internal Revenue Service (the "IRS"). There are no uncertain tax positions taken or expected to be taken that would require recognition of a liability or disclosure in the financial statements. The Plan is not currently under audit by any taxing jurisdictions.
- k. **Risks and Uncertainties:** Plan contributions and the actuarial present value of accumulated plan benefits are prepared based on certain assumptions, including interest rates, inflation rates, and employee demographics, all of which are subject to change. Due to uncertainties in the estimations and assumptions processes, it is possible that changes in these estimates and assumptions could be material to the financial statements.

The Master Trust holds investments in a combination of mutual funds and real estate pooled funds. The portfolio of mutual funds include: U.S. equity index funds, international equity index funds, fixed income long-term bond funds, and fixed income short-term money market funds. Investment securities are exposed to various risks, such as interest rate, market and credit risks. Due to the level of risk associated with investment securities and the level of uncertainty related to changes in the value of the investment securities, changes in investment values could materially affect the amounts reported in the Statements of Net Assets Available for Benefits and the Statements of Changes in Net Assets Available for Benefits.

- l. **Subsequent Events:** The tentative agreement reached on August 7, 2014 between the Company and the Communication Workers of America ("CWA") was not ratified by members of the union. The two parties are working on plans to resume negotiations. The company notes that the new labor contract will not have a material impact on the Plan. The Plan has evaluated subsequent events through October 10, 2014, the date the financial statements were available to be issued.

(3) Interest in Master Trust

The proportionate interests of the Plan and the Cincinnati Bell Management Pension Plan in the Master Trust were 52.3% and 47.7%, respectively, at December 31, 2013, and 50.5% and 49.5%, respectively, at December 31, 2012. The following table presents the fair value of all the investments held by the Master Trust in which the Plan participates:

<u>(dollars in thousands)</u>	<u>2013</u>	<u>2012</u>
Mutual funds		
U.S. equity index fund	\$ 201,409	\$ 163,312
Fixed income funds	109,729	102,970
International equity index fund	56,987	49,790
Money market funds	316	-
Real estate funds	30,832	27,760
Total assets	<u>\$ 399,273</u>	<u>\$ 343,832</u>
Net assets	<u>\$ 399,273</u>	<u>\$ 343,832</u>

Net appreciation on investments held by the Master Trust, including realized and unrealized gains and losses, were gains of \$46,372,573 and \$35,355,692 for 2013 and 2012, respectively. In 2013, net appreciation of \$3,072,059 and \$43,300,514 for real estate funds and mutual funds was recognized, respectively. In 2012, net appreciation of \$1,788,735 and \$33,566,957 for real estate funds and mutual funds was recognized.

Interest income, dividend income, and real estate income on investments held in the Master Trust were as follows:

<u>(dollars in thousands)</u>	<u>Year Ended December 31,</u> <u>2013</u>	<u>2012</u>
Interest income	\$ -	\$ 1
Dividend income	9,845	10,518
Real estate income	937	727
	<u>\$ 10,782</u>	<u>\$ 11,246</u>

During 2013 and 2012, administrative expenses paid by the Master Trust were \$2,158,645 and \$2,362,628 respectively.

(4) Fair Value Measurement

At December 31, 2013 and 2012, the fair value and its placement in the fair value hierarchy of the underlying assets of the Master Trust that are required to be measured at fair value on a recurring basis were as follows:

<u>(dollars in thousands)</u>	December 31, 2013	Level 1	Level 2	Level 3
Mutual funds				
U.S. equity index fund	\$ 201,409	\$ 201,409	\$ -	\$ -
Fixed income funds	109,729	109,707	22	-
International equity index fund	56,987	56,987	-	-
Money market funds	316	316	-	-
Real estate pooled funds	30,832	-	-	30,832
	<u>\$ 399,273</u>	<u>\$ 368,419</u>	<u>\$ 22</u>	<u>\$ 30,832</u>

<u>(dollars in thousands)</u>	December 31, 2012	Level 1	Level 2	Level 3
Mutual funds				
U.S. equity index fund	\$ 163,312	\$ 163,312	\$ -	\$ -
Fixed income funds	102,970	102,947	23	-
International equity index fund	49,790	49,790	-	-
Real estate pooled funds	27,760	-	-	27,760
	<u>\$ 343,832</u>	<u>\$ 316,049</u>	<u>\$ 23</u>	<u>\$ 27,760</u>

The Plan's Level 3 investments, which consisted solely of real estate pooled funds, had the following changes for the respective year:

<u>(dollars in thousands)</u>	2013	2012
Balance, beginning of year	\$ 27,760	\$ 25,438
Realized gains, net	1,077	1,009
Unrealized gains, net	2,740	1,788
Purchases, sales, issuances and settlements, net	(745)	(475)
Balance, end of year	<u>\$ 30,832</u>	<u>\$ 27,760</u>

The real estate pooled funds invest primarily in commercial real estate and include mortgage loans which are backed by the associated properties. These investments are sensitive to changes in commercial real estate market values and focus on properties that return both lease income and market appreciation of the buildings' value. In estimating fair value of the investments in level 3, the fund managers use independent appraisers. The generally accepted method used in the valuation of real estate are the income, cost and sales comparison approaches of estimating property value. Key inputs and assumptions used to determine fair value include among others, rental income and expected growth rates, terminal capitalization rates and discount rates. In the event that total withdrawal requests exceed the total cash available to honor such requests, available cash will be pro-rated among those contract-holders eligible for withdrawals. Withdrawal requests are subject to notice restrictions that require up to 90 days written notice.

(5) Tax Status

The IRS has issued a determination letter dated November 17, 2011 that concludes that the Plan meets the requirements of Section 401(a) of the IRC and is exempt from federal income taxes under Section 501(a) of the IRC. The Plan has been amended since receiving such determination letter and may need to be furthered amended in the future to maintain its tax-qualified status. The Plan administrator believes that the Plan is designed and is currently being operated in compliance with the applicable requirements of the IRC.

(6) Actuarial Present Value of Accumulated Plan Benefits

Pension benefits are generally determined under the Plan's cash balance formula for an active participant by the addition of pension credits (based upon the participant's pension band and years of service) and an annual interest credit to the participant's cash balance account. The accumulated Plan benefits as of January 1, 2013 presented below are based on census data and the Plan in effect as of that date. Benefits payable under retirement, death, disability, or withdrawal are included to the extent they are deemed attributable to employee service rendered through the valuation date.

Assumptions were made for the following factors used to determine the actuarial present values of the accumulated plan benefits as of January 1, 2013: (a) mortality rates using the IRS Regulation 1.430(h)(3)-1 tables for all participants, (b) withdrawal rates, (c) disability retirement rates, (d) service retirement rates, (e) qualified beneficiary ratios, and (f) a discount rate of 7.75% for 2013 and 2012, respectively, including a reduction of approximately 62 basis points to reflect anticipated administration expenses associated with providing benefits. These assumptions are based on the Company's experience as well as industry-wide trends modified as appropriate for the Company.

The following data is based on the actuarial valuation as of January 1, 2013:

(dollars in thousands)

Vested benefits	
Participants currently receiving payments	\$ 156,319
Other participants	52,728
	<u>209,047</u>
Non-vested benefits	1,400
Actuarial present value of accumulated plan benefits	<u>\$ 210,447</u>

The change in the present value of accumulated plan benefits from January 1, 2012 to January 1, 2013 consists of:

(dollars in thousands)

Actuarial present value of accumulated plan benefits at January 1, 2012	\$ 212,888
Benefits paid	(17,706)
Interest	15,825
Benefits accumulated and other	(560)
Net decrease	<u>(2,441)</u>
Actuarial present value of accumulated plan benefits at January 1, 2013	<u>\$ 210,447</u>

(7) Termination Priorities

Currently, the Company has no intentions to terminate the Plan. In the event the Plan is terminated, subject to conditions set forth by ERISA:

- a. The Plan provides that its interest in the net assets of the Master Trust shall be allocated among the participants and beneficiaries of the Plan in the order provided for by ERISA;
- b. To the extent the Plan's interest in the Master Trust exceeds the amounts needed to pay all Plan benefits, such amounts will revert to the Company; and
- c. Certain benefits under the Plan are insured by the Pension Benefit Guaranty Corporation ("PBGC"), a Federal corporation. Because of such insurance, if the Plan terminates when the amounts needed to pay all Plan benefits exceed the Plan's interest in the Master Trust and the Company is financially unable to contribute further amounts to the Plan, certain unfunded but insured benefits under the Plan may be provided by the PBGC. Generally, the PBGC guarantees most vested normal age retirement benefits, early retirement benefits, and certain disability and survivor's pensions. However, the PBGC does not guarantee all types of benefits under the Plan, and the amount of benefit protection is subject to certain limitations. Vested benefits under the Plan are guaranteed at the level in effect on the date of the Plan's termination. Further, there is a statutory ceiling, which is adjusted periodically, on the amount of a participant's monthly benefit that the PBGC guarantees.

(8) Related-Party Transactions

The Bank of New York Mellon ("Trustee") is the trustee for the Plan. Fees paid to The Bank of New York Mellon by the Master Trust and allocated to the Plan for investment management services amounted to \$385,397 and \$376,562 for the years ended December 31, 2013 and 2012, respectively.

(9) Contingencies

In the normal course of administering pension benefits, the Plan is subject to various lawsuits, claims, and other matters. Such matters are subject to many uncertainties and outcomes that are not predictable with assurance. The Plan believes that the resolution of such matters would not likely have a material adverse effect on the Plan's financial condition.

(10) Information Certified by Trustee

All investments, investment income and losses, and the net appreciation and depreciation in the fair value of investments included in the financial statements were obtained from data that has been prepared and certified as complete and accurate by the Trustee.

(11) Reconciliation of the Financial Statements to the Form 5500

The following are reconciliations of the financial statements to the Form 5500 for 2013:

Part IX Pension Funding Relief Under Pension Relief Act of 2010 (See Instructions)

SCHEDULE SB, LINE 4 — ADDITIONAL INFORMATION FOR PLANS IN AT-RISK STATUS

At-risk assumptions required by IRS Reg. Section 1.430(i)-1(c)(3) include an earliest retirement age assumption and most valuable form of payment assumption. For this plan, participants attaining retirement eligibility within the next 11 years (but not before the end of the current plan year) are assumed to retire as soon as eligible. All participants are assumed to elect a Life Annuity form of payment.

CINCINNATI BELL PENSION PLAN

EIN/PN: 31-1056105/005

PLAN YEAR: JANUARY 1, 2013 TO DECEMBER 31, 2013

SCHEDULE SB, PART V — SUMMARY OF PLAN PROVISIONS

The Cincinnati Bell Pension Plan was established effective October 1, 1980. As a result of collective bargaining, the Plan was converted to a cash balance plan effective January 1, 1997. Effective January 1, 1999, assets and liabilities for Convergys employees were spun-off from the Plan.

Eligibility

All “Bargained-For” employees and equivalent Non-Management employees of Cincinnati Bell Telephone and Cincinnati Bell Inc. (formerly Broadwing Inc.) who have reached age 21 with one year of service participate in the Plan.

The Plan was frozen to new participants effective February 1, 2008.

Cash Balance Accounts

Initial Balance

For all participants who were active as of December 31, 1996, an initial account balance was established equal to the present value of the benefit accrued as of December 31, 1996 under the previous benefit structure.

Interest Credits

Interest credits will be added to all accounts annually. The interest crediting rate for active employees is 5.00% for 2007 and 2008, 4.50% for 2009, 2010 and 2011 and 4.00% thereafter.

Pension Credits

Each year, pension credits will be added to the accounts of all active participants based on pension band and years of service as of the end of the calendar year. The schedule of credits for 2006-2008 is shown in Table B. The schedule of credits for 2009 and future years is shown in Table C.

Effective January 1, 2012, for all participants with 25 years or more of net credited service as of January 1, 2012, or all participants who are at least 55 years of age and have 20 or more years of net credited service as of January 1, 2012, pension credits continue as above using Table C. For all participants that do not meet the above eligibility requirements, pension credits will stop with the pension credit earned through December 31, 2011.

One-Time Credits

Participants promoted to a higher pension band will receive a one-time credit 18 months after the date of promotion equal to the difference in pension band credits as of promotion date multiplied by service as of the promotion date.

Transition Benefits

Eligibility

Participants who have completed 15 years of service as of December 31, 1996 are eligible for transition benefits.

CINCINNATI BELL PENSION PLAN

EIN/PN: 31-1056105/005

PLAN YEAR: JANUARY 1, 2013 TO DECEMBER 31, 2013

SCHEDULE SB, PART V — SUMMARY OF PLAN PROVISIONS

Benefit

The transition benefit is determined by multiplying the pension band dollar amounts in effect as of January 1, 2006, shown in Table A, by the total number of years and months of service at the date of retirement or termination. However, if retirement or termination occurs prior to January 1, 2006, the transition benefit is determined by multiplying the pension band dollar amounts in effect as of October 1, 2002, shown in Table A, by the total number of years and months of service at the date of retirement or termination.

There is also a frozen minimum accrued benefit as of March 31, 1995 under this transition benefit formula that added five years to the total number of years of service as of March 31, 1995 and five years to the attained age as of March 31, 1995 provided the employee would have been eligible to retire with such additions and was an active vested participant in the plan as of April 1, 1995.

Normal Retirement

Eligibility

A participant's normal retirement age is age 65, or the fifth anniversary for a participant who enters the Plan after age 60.

Benefit:

The monthly retirement benefit payable to a participant at any retirement date is equal to the actuarial equivalent of his cash balance account as of such date or the transition annuity benefit, if greater.

Forms of Benefit:

The normal form of benefit for non-married participants is a level life annuity. For married participants, the normal form of benefit is a qualified 50% joint and survivor annuity. In either case, the normal form of benefit is the actuarial equivalent of the participant's account balance or the transition annuity benefit, if greater. As an optional form of benefit, participants can receive the benefit as a 75% joint and survivor annuity, a 100% joint and survivor annuity or a lump sum distribution on an actuarial equivalent basis.

Disability and Service Pensions

Eligibility:

Disability pensions are provided to employees who were active on December 31, 1996 and subsequently become disabled with at least 15 years of service. Service pensions are provided to a retired employee when the following conditions are met:

Age		Minimum Years of Service
65	and	10
55	and	20 (transition employees only)
50	and	25 (transition employees only)
Any age	and	30

CINCINNATI BELL PENSION PLAN

EIN/PN: 31-1056105/005

PLAN YEAR: JANUARY 1, 2013 TO DECEMBER 31, 2013

SCHEDULE SB, PART V — SUMMARY OF PLAN PROVISIONS

Benefit:

The monthly retirement benefit payable to a participant at any retirement date is equal to the actuarial equivalent of his cash balance account as of such date or the transition annuity benefit (reduced for early retirement), if greater.

For transition benefit purposes, the benefit is reduced by 0.5% for each calendar month by which the employee's age at retirement is less than 55 years unless the employee has 30 or more years of service or is granted a disability pension. There is no reduction for employees with 30 or more years of service or employees on a disability pension. The early retirement reductions which apply to the frozen minimum accrued benefit as of March 31, 1995 are based on the greater of age and service at retirement, or age plus five as of March 31, 1995 and service plus five as of March 31, 1995.

Vesting

Eligibility:

Five years of service.

Benefit:

Upon termination of employment, a vested participant may elect to receive an immediate benefit which is the actuarial equivalent of his cash balance account (adjusted for applicable transition benefits). If immediate distribution is not requested, the participant may elect to defer receipt of his benefit and receive interest credits on the cash balance account at a rate of 3.5% (4% if survivor coverage is waived).

Death Benefits

Eligibility:

Five years of service.

Benefit:

The greater of (a) or (b), plus (c)

- a) The actuarial equivalent of the participant's cash balance account as of the date of death.
- b) The transition benefit for a surviving spouse of an active employee who dies with at least five years but less than 15 years of service is equal to 44% of the transition benefit amount accrued to the date the employee would have attained age 65. For a surviving spouse of an employee who dies with at least 15 years of service, the transition benefit is equal to 45% of the pension amount accrued to the date of death with payments commencing immediately without an early retirement discount.
- c) In addition, all participants hired before January 1, 1991 who retire before May 9, 1999 are entitled to a special death benefit. The benefit is payable to certain mandatory beneficiaries and is equal to one year's pay at the date of death based on pay rates in effect as of December 31, 1993. For retired employees, the benefit is equal to one year's pay in effect at the earlier of December 31, 1993 or retirement. Effective June 1, 1999, all participants hired before January 1, 1991 who retire on or after May 9, 1999 will only be eligible for this benefit if they elect an annuity upon service or disability retirement. Effective June 1, 1999, the similar pre-retirement death benefit was eliminated for active participants.

PLAN YEAR: JANUARY 1, 2013 TO DECEMBER 31, 2013

SCHEDULE SB, PART V — SUMMARY OF PLAN PROVISIONS

Early Retirement Offer

Eligibility

A participant was offered the Early Retirement Offer (ERO) if the participant was a covered employee and a participant on October 1, 2007 and by December 31, 2009 (had the participant continued to work) would have either:

- Net credited service of 30 or more years,
- Be at least age 50 with net credited service of 25 or more years,
- Be at least age 55 with net credited service of 20 or more years, or
- Be at least age 60 with net credited service of 10 or more years

And accepted the ERO by signing and filing the signed form with Participating Employers on or prior to March 28, 2008.

Benefit:

The monthly retirement benefit payable to a participant is equal to his normal retirement benefits plus an extra lump. The extra lump sum is equal to an amount the sum of: (1) the product obtained by multiplying (A) a two weeks value of the Eligible Participant's base rate of pay as determined on October 1, 2007 by (B) the number of the whole years included in the Eligible Participant's Net Credited Service as determined on October 1, 2007, up to but not in excess of 17 such years; and (2) the product obtained by multiplying (A) a dollar amount equal to four weeks value of the Eligible Participant's base rate of pay as determined on October 1, 2007 by (B) the number of the whole years included in the Eligible Participant's Net Credited Service as determined on October 1, 2007 in excess of 17 such years.

Notwithstanding the foregoing provisions, an Eligible Participant's "Extra Lump Sum Formula Amount" shall in no event be deemed to exceed an amount equal to 78 weeks value of the Eligible Participant's base rate of pay as determined on October 1, 2007.

If prior to October 1, 2007 an Eligible Participant was assigned to a sales division of a Participating Employer and received Sales Incentive Compensation Awards, all such awards paid to him for the twelve month period ending on the day immediately preceding October 1, 2007 shall be taken into account in determining his base rate of pay on October 1, 2007. In addition, night differentials, overtime pay, team incentive and other awards, bonuses, and any other amounts not part of an Eligible Participant's basic rate of scheduled pay shall not be included in determining such Eligible Participant's base rate of pay.

Forms of Benefit:

The normal form of benefit for non-married participants is a level life annuity. For married participants, the normal form of benefit is a qualified 50% joint and survivor annuity. In either case, the normal form of benefit is the actuarial equivalent of the participant's account balance or the transition annuity benefit, if greater. As optional forms of benefit, participants can receive their benefit as a 75% joint and survivor annuity, a 100% joint and survivor annuity or a lump sum distribution of an actuarial equivalent basis. Participants can also receive their Extra Lump Sum Amount as a lump sum and one of the above mentioned annuity options of their normal retirement benefits.
