Management's responsibility for the financial statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

Auditor's responsibility

Our responsibility is to express an opinion on these financial statements based on conducting our audit in accordance with auditing standards generally accepted in the United States of America. Because of the matter described in the basis for disclaimer of opinion paragraph, however, we were not able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion.

Basis for disclaimer of opinion

As permitted by 29 CFR 2520.103-8 of the U.S. Department of Labor's (DOL) Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974, the Plan Administrator instructed us not to perform, and we did not perform, any auditing procedures with respect to the information summarized in Note 3, which was certified by John Hancock Life Insurance Company, the trustee of the Plan, except for comparing the information with the related information included in the financial statements and the supplemental schedules. We have been informed by the Plan Administrator that the trustee holds the Plan's investment assets and executes investment transactions. The Plan Administrator has obtained a certification from the trustee as of December 31, 2013 and 2012 and for the year ended December 31, 2013, that the information provided to the Plan Administrator by the trustee is complete and accurate.

Disclaimer of opinion

Because of the significance of the matter described in the basis for disclaimer of opinion paragraph, we have not been able to obtain sufficient, appropriate audit evidence to provide a basis for an audit opinion. Accordingly, we do not express an opinion on the financial statements referred to in the first paragraph.

Required supplemental information

We were engaged for the purpose of forming an opinion on the financial statements as a whole. The supplemental schedules of assets held at end of year and reportable transactions, which are the responsibility of Plan management, are presented for the purpose of additional analysis and are not a required part of the financial statements but are required by the DOL's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974. Because of the significance of the matter described in the basis for disclaimer of opinion paragraph, it is inappropriate to and we do not express an opinion on the supplemental schedules referred to above.

Report on form and content in compliance with DOL Rules and Regulations

The form and content of the information included in the financial statements and supplemental schedules, other than that derived from the information certified by the trustee, have been audited by us in accordance with auditing standards generally accepted in the United States of America and, in our opinion, are presented in compliance with the DOL's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974.

401(k) PLAN

NOTES TO FINANCIAL STATEMENTS

DECEMBER 31, 2013

1. DESCRIPTION OF PLAN:

The following description of The Premier Home Health Care Services, Inc. 401(k) Plan provides only general information. Participants should refer to the plan agreement for a more complete description of the Plan's provisions.

General

The Plan is a defined contribution 401(k) plan covering full-time, non-union employees of Premier Home Health Care Services, Inc. and its wholly-owned subsidiaries; Premier Home Health Care of Massachusetts, Inc.; Premier Live-Ins, Inc.; Maranatha d/b/a A Better Health Care, Inc.; and Priority Home Care, Inc. and its wholly owned subsidiaries Barele d/b/a Omega Home Care, Inc. and At Home, LTD (the "Companies"), who have at least one year of service and are age 21 or older. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA). Initial entry date into the Plan is the first day of each May and November after the participant has completed the necessary eligibility requirements. The Board of Trustees is responsible for oversight of the Plan.

Contributions

Eligible plan participants may contribute through salary reduction up to fifteen (15) percent of annual compensation as defined by the Plan, subject to annual IRS limits. Participants who have attained age 50 before the end of the Plan year are eligible to make catch-up contributions. Participants may also contribute amounts representing distributions from other qualified defined benefit or defined contribution plans (rollover). Participants direct the investment of their contributions into various investment options offered by the Plan. The Companies are not required to make mandatory matching contributions but may make discretionary contributions. No such discretionary contributions were made in either 2013 or 2012.

Participant accounts

Each participant's account is credited with the participant's contribution, Companies' matching contributions and Plan earnings and charged with an allocation of administrative expenses. Allocations are based on participant earnings, account balances, or specific participant transactions, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

1. DESCRIPTION OF PLAN (continued):

Vesting

Participants are immediately vested in their salary reduction contributions plus actual earnings thereon. Vesting in Company discretionary matching contributions plus actual earnings thereon are based on years of continuous service. Such contributions, if any, vest in accordance with the Plan's vesting schedule wherein the vesting percent increases by 20% for each year of eligible employment between 2 and 6 years, whereupon a participant is 100% vested after six years of credited service.

Notes receivable from participants

Participant employees are allowed to borrow a minimum of $1,000 up to a maximum equal to the lesser of $50,000 or 50 percent of their total fund accounts through their Plan. The loans are secured by the balance in the participant's account and bear interest at a rate commensurate with prevailing rates as determined by the Plan Administrator. Interest rates range from 4.25% to 8.25%. Principal and interest are paid ratably through payroll deductions over a period not to exceed five years.

Payment of benefits

On termination of service due to death, disability or retirement, a participant may elect to receive either a lump-sum amount, a direct transfer to another qualified retirement account, or a combination of the two, equal to the participant's vested interest in his or her account, or periodic installments over a designated period. For termination of service due to other reasons, a participant may receive the value of the vested interest in his or her account as a lump-sum distribution.

Forfeited accounts

Forfeitures result from a participant's termination of service prior to achieving full vesting in the Company's contributions, if any. Such forfeitures are transferred out of the participant's account and are held in a separate account. Forfeitures may be used at the discretion of the Companies to reduce the Companies' discretionary matching contribution and or administrative expenses. At December 31, 2013 and 2012, there was no forfeited non-vested account balances.

1. DESCRIPTION OF PLAN (continued):

Investment options

The assets of the Plan are allocated to the various investment funds at the direction of the participant. Upon enrollment, a participant may direct his or her 401(k) contributions in their chosen increments in any of the various investment options offered under a group annuity contract issued by John Hancock Life Insurance Company of New York.

2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES:

Basis of accounting

The financial statements of the Plan are prepared on the accrual basis of accounting using accounting principles generally accepted in the United States of America (GAAP).

Investment contracts held by a defined contribution plan are required to be reported at fair value. However, contract value is the relevant measurement attribute for that portion of the net assets available for benefits of a defined contribution plan attributable to fully benefit-responsive investment contracts because contract value is the amount participants would receive if they were to initiate permitted transactions under the terms of the Plan. The statements of net assets available for benefits presents the fair value of the investment contracts as well as the adjustment of the fully benefit-responsive investment contracts from fair value to contract value. The statement of changes in net assets available for benefits is prepared using the contract value basis for fully benefit-responsive investment contracts.

Investment valuation and income recognition

Investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The Plan's Administrative Committee determines the Plan's valuation policies utilizing information provided by the investment advisers, custodians and insurance company. See note 4 for a discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation includes the Plan's gains and losses on investments bought and sold as well as held during the year.

2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (continued):

Notes receivable from participants

Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Interest income is recorded on the accrual basis. Related fees are recorded as administrative expenses and are expensed when they are incurred. No allowance for credit losses has been recorded as of December 31, 2013 or 2012. If a participant ceases to make loan repayments and the Plan Administrator deems the participant loan to be in default, the participant loan balance is reduced and a benefit payment is recorded.

Excess contributions payable

Amounts payable to participants for contributions in excess of amounts allowed by the Internal Revenue Service (IRS) are recorded as a liability with a corresponding reduction to contributions. The Plan distributed the 2013 excess contributions to the applicable participants prior to March 15, 2014.

Use of estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires the Plan Administrator to make estimates and assumptions that affect the reported amounts of assets and liabilities and changes therein, and disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

Accounting methods

Net assets available for benefits and changes in net assets available for benefits differ from that reported on IRS Form 5500, *Annual Return/Report of Employee Benefit Plans*. This difference is the result of using the cash basis for governmental reporting purposes and the accrual basis for financial reporting purposes. See Note 8 for a reconciliation of the financial statements to Schedule H of Form 5500.

Payment of benefits

Benefits are recorded when paid.

2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (continued):

Expenses

Certain expenses of maintaining the Plan are paid directly by the Companies and are excluded from these financial statements. Fees related to the administration of notes receivable from participants are charged directly to the participant's account and are included in administrative expenses. Investment related expenses are included in net investment income.

3. INVESTMENTS:

The statements of net assets available for benefits, the investment activities included on the statement of changes in net assets available for benefits for the year ended December 31, 2013, and the accompanying notes to the financial statements were prepared in part from information certified by the Trustee in accordance with 29 CFR 2520.103-8 of the U.S. Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974. The information certified includes total investments of $2,402,520 and $2,010,758 at December 31, 2013 and 2012, and related investment gains of $341,601 for the year ended December 31, 2013.

The following presents investment funds that represent 5 percent or more of the Plan's net assets:

	2013	2012
Retirement living 2025 fund	$ 234,351	$ 229,724
Lifestyle balanced fund	175,699	121,075
Lifestyle moderate fund	233,740	185,299
Lifestyle growth fund	473,533	318,963
VS money market fund	-	109,339
T. Rowe Price equity income fund	138,479	-

3. INVESTMENTS (continued):

Investment gains and losses for the year ended December 31, 2013 include:

Net investment income	$	341,378
Interest income on stable value funds		223
Interest on notes receivable		1,252

4. FAIR VALUE MEARSUREMENTS:

The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (level 1) and the lowest priority to unobservable inputs (level 3). The three levels of the fair value hierarchy under GAAP are described as follows:

Level 1 — Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2 — Inputs to the valuation methodology include:

- quoted prices for similar assets or liabilities in active markets;
- quoted prices for identical or similar assets or liabilities in inactive markets;
- inputs other than quoted prices that are observable for the asset or liability;
- inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 — Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

4. FAIR VALUE MEASUREMENTS (continued):

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques maximize the use of relevant observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2013 and 2012.

Mutual funds: Valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are open-end mutual funds that are registered with the U.S. Securities and Exchange Commission. These funds are required to publish their daily net asset value (NAV) and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.

Guaranteed investment contract: Guaranteed investment contracts are valued at fair value by the insurance company by discounting the related cash flows based on current yields of similar instruments with comparable durations considering the creditworthiness of the issuer (see note 5). Because the participants transact at contract value, fair value is determined annually for financial statement reporting purposes only. In determining the reasonableness of the methodology, the Plan Administrator evaluates a variety of factors including review of existing contracts, economic conditions, industry and market developments, and overall credit ratings. Certain unobservable inputs are assessed through review of contract terms (for example, duration or payout date) while others are substantiated utilizing available market data (for example, swap curve rate).

The preceding method described may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date. There are no restrictions on redemptions for any of the Plan's investments, however, certain funds charge a short term trading fee if the funds are held for less than 90 days and certain money market accounts prohibit sales within 90 days of purchase. There are no contractual unfunded commitments for any fund. Participants should refer to the fund prospectus of fund fact sheet for more information regarding the investment objectives, strategy, expenses and the related risks of each investment option.

4. FAIR VALUE MEARSUREMENTS (continued):

The following table sets forth by level, within the fair value hierarchy, the Plan's assets at fair value on a recurring basis as of December 31, 2013 and 2012:

4. FAIR VALUE MEARSUREMENTS (continued):

The following table summarizes investments measured at fair value based on NAV per share as of December 31, 2013 and 2012, respectively:

December 31, 2013	Fair value	Unfunded commitments	Redemption frequency (if currently eligible)	Redemption notice period
3-year compound fund	$ 6,639	n/a	Daily	30 days
5-year compound fund	5,329	n/a	Daily	30 days
10-year compound fund	8,034	n/a	Daily	30 days

December 31, 2012	Fair value	Unfunded commitments	Redemption frequency (if currently eligible)	Redemption notice period

5-year compound fund	1,978	n/a	Daily	30 days
10-year compound fund	8,519	n/a	Daily	30 days

5. INVESTMENT IN STABLE VALUE CONTRACTS:

The Plan maintains an investment in a stable value contract comprised of the 3-Year, 5-Year and 10-Year Compound Funds. The accounts are credited with earnings on the underlying investments and charged for Plan withdrawals and administrative expenses. The contracts are included in the financial statements at contract value (which represents contributions made under the contract, plus earnings, less withdrawals and administrative expenses) because it is fully benefit responsive.

5. INVESTMENT IN STABLE VALUE CONTRACTS (continued):

Participants may direct the withdrawal or transfer of all or a portion of their investment at contract value. There are no reserves against contract value for credit risk of the contract issuer or otherwise.

The fair value of the investment contracts at December 31, 2013 and 2012 was $20,002 and $16,271, respectively. The average yield and crediting interest rate was approximately under 1 percent for 2013 and 2012. The crediting interest rate is based on an agreed-upon formula with the issuer.

Certain events limit the ability of the Plan to transact at contract value with the issuer. Such events include (1) amendments to the Plan documents (including complete or partial Plan termination or merger with another plan), (2) changes to the Plan's prohibition on competing investment options or deletion of equity wash provisions, (3) bankruptcy of the Plan sponsor or other Plan sponsor events (for example, divestitures or spin-offs of a subsidiary) that cause a significant withdrawal from the Plan, or (4) the failure of the trust to qualify for exemption from federal income taxes or any required prohibited transaction exemption under ERISA. The Plan Administrator believes that any events that would limit the Plan's ability to transact at contract value with participants are probable of not occurring.

The following table reconciles the fair value to contract value:

	2013	2012
Investment at fair value	$ 20,002	$ 16,271
Adjustment to contract value	(287)	(588)

6. RELATED PARTY TRANSACTIONS AND PARTY-IN-INTEREST TRANSACTIONS:

Certain Plan investments are shares of mutual funds managed by John Hancock Life Insurance Company (John Hancock). John Hancock is the trustee as defined by the Plan and, therefore, these transactions qualify as party-in-interest transactions. Fees incurred by the Plan for the investment management services are included in investment gains, as they are paid through revenue sharing, rather than a direct payment. The Plan made direct payments to third party administrators of $2,371 which was not covered by revenue sharing. The Companies pay directly any other fees related to the Plan's operations.

7. PLAN TERMINATION:

Although it has not expressed any intent to do so, the Companies have the right under the Plan to discontinue contributions at any time and to terminate the Plan subject to the provisions of ERISA. Upon Plan termination, participants become fully vested in their accounts.

8. RECONCILIATION OF FINANCIAL STATEMENTS TO SCHEDULE H OF FORM 5500:

The following is a reconciliation of net assets available for benefits per the financial statements to Schedule H of Form 5500:

	2013	2012
Net assets available for benefits per the financial statements	$ 2,431,291	$ 2,039,945
Amounts allocated to excess participant's contributions adjusted in the subsequent year	-	421
Net assets available for benefits per Schedule H of Form 5500	$ 2,431,291	$ 2,040,366

The following is a reconciliation of changes in net assets available for benefits per the financial statements to Schedule H of Form 5500:

	2013
Change in net assets available for benefits per the financial statements	$ 391,346
Amounts allocated to excess participant's contribution adjusted in the subsequent year	(411)
Change in net assets available for benefits per Schedule H of the Form 5500	$ 390,935

9. TAX STATUS:

The Plan has adopted a prototype plan of the MetLife Defined Contribution Prototype 401(k) Plan and is qualified under Section 401(a) of the Internal Revenue Code.

Although the Plan has been amended since receiving the initial determination letter, the Plan Administrator and the Plan's tax counsel believe that the Plan is designed, and is currently being operated, in compliance with the applicable requirements of the Internal Revenue Code, and therefore, believe that the Plan is qualified, and the related trust is tax-exempt.

GAAP requires Plan management to evaluate tax positions taken by the Plan and recognize a tax liability if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress. The Plan Administrator believes it is no longer subject to income tax examinations for years prior to 2010.

10. RISKS AND UNCERTAINTIES:

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits.

11. DISTRIBUTIONS PAYABLE:

At December 31, 2013 and 2012, net assets available for Plan benefits included $386,049 and $482,447, respectively, for distributions to participants who have withdrawn from the Plan prior to the end of the Plan year.

12. ADMINISTRATION OF PLAN ASSETS:

The Plan's assets are held by an investment firm-administered trust fund. Contributions are held and managed by the investment firm John Hancock Life Insurance Company which invested cash received, valued Plan assets and made distributions to participants. At December 31, 2013, the assets of the Plan, with the exception of participant loans, were held by John Hancock.

13. SUBSEQUENT EVENTS:

Subsequent events were evaluated through September 17, 2014, which is the date the financial statements were available to be issued.
