MILLAT INDUSTRIES CORPORATION 401(K) PROFIT SHARING PLAN

NOTES TO FINANCIAL STATEMENTS

NOTE 1 - DESCRIPTION OF PLAN

The following description of the **Millat Industries Corporation 401(k) Profit Sharing Plan** (the "Plan") provides only general information. Participants should refer to the Plan agreement for a more complete description of the Plan's provisions.

General - On June 22, 1972, Millat Industries Corporation (the "Company") adopted a profit sharing plan. On February 28, 1995, the Plan was amended to be a section 401(k) profit-sharing plan. Effective February 1, 1998, all employees of the Company, not covered by a collective bargaining agreement, who have six months of service and have attained age 21 are eligible to participate in the Plan. The profit sharing feature of the Plan does not have any minimum age or service requirements. Thus, employees may enroll in the Plan for profit sharing benefits with no waiting period, but must satisfy the eligibility requirements to defer funds as part of the 401(k) feature of the Plan. Upon satisfaction of the eligibility requirements, employees may begin deferrals on January 1 and July 1. In June 2004, the Company acquired employees from another company. The Company recognized each employee's service tenure for Plan eligibility purposes. However, the acquired employee's service tenure was not recognized by the Company for vesting purposes and those employees will follow the Company's vesting schedule for profit sharing contributions and corresponding earnings. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA).

Contributions - The Plan provides for employee salary deferrals within statutory limits, as defined in the Plan, each year as an elective deferral. Participants may also contribute amounts representing distributions from other qualified defined benefit or contribution plans. Participants who have attained age 50 by the end of the Plan year are eligible to make catch-up contributions. The Plan also allows for employer matching contributions. Effective September 2005, the Company amended the Plan Document to provide a matching contribution of 100%, up to 3% of participant deferrals. The Company, upon approval of the Board of Directors, may also make additional discretionary contributions to the Plan. The Company made a profit sharing contribution of \$160,202 and \$160,000 for the years 2013 and 2012. No contributions shall be made on behalf of a participant to the extent that when added to the participant's salary deferral contributions, it would cause the amounts allocated to exceed the limitations allowed by the Internal Revenue Service.

Participant Accounts - State Street Bank and Trust Company is the Trustee of Plan investments. Each participant's account is credited with the participant's contributions, Company contributions, net earnings or losses, forfeitures, distributions, and withdrawals. Company contributions and forfeitures are allocated based on participants' compensation as defined by the Plan Agreement. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account. Each participant directs both separately, and distinctly, into which investment the participant contribution, employer match, and discretionary contribution are to be invested.

MILLAT INDUSTRIES CORPORATION 401(K) PROFIT SHARING PLAN

NOTES TO FINANCIAL STATEMENTS

NOTE 1 - DESCRIPTION OF PLAN - CONTINUED

Vesting - Participants are immediately vested in their voluntary contributions and corresponding earnings. The following schedule will be used to determine vesting in the Company profit sharing and matching contributions and corresponding earnings:

<u>Completed Years of Service</u>	<u>Vesting Percentages</u>
Fewer than 1	0%
1	10%
2	20%
3	40%
4	60%
5	80%
6 or more	100%

Participant Loans - Participants may borrow from their vested account balance, up to 50%, not to exceed \$50,000. Loans bear interest at an agreed-upon percentage based on prevailing market rates, subject to applicable usury limits. Loan terms are for a period not exceeding five years. A longer term may be approved by the Plan if proceeds are to be used for the purchase of a primary residence. Loans are secured by the balance in the participants' accounts. Principal and interest are paid ratably through payroll deductions.

Benefits Paid - Upon termination of service by reason of retirement, death, permanent disability, or otherwise, participants, or designated beneficiaries, may elect to receive their vested balance either in a lump-sum amount, or payments over a period of time in cash installments, or in a form agreeable to the Plan Administrator. If the participant's account balance is \$5,000 or less, the Plan Administrator may elect to automatically distribute the balance to the participant in a single-sum payment. In addition, participants may receive distributions of all vested amounts for qualified financial hardships.

Forfeitures - Forfeited balances of terminated participants' non-vested accounts are reallocated to all qualifying participants in a ratio that each qualifying participant's compensation for the Plan year bears to the total compensation of all qualifying participants for the Plan year. Forfeitures reallocated to participants during 2013 and 2012 were \$1,154 and \$11,195. Unallocated forfeitures at December 31, 2013 and 2012 were \$7,011 and \$1,154.

Investment Options - Upon enrollment in the Plan, a participant may currently direct contributions in any of 26 investment options in increments of one percent. Participants may change their investment options and deferral percentages at any time via phone or the Internet.

MILLAT INDUSTRIES CORPORATION 401(K) PROFIT SHARING PLAN

NOTES TO FINANCIAL STATEMENTS

NOTE 2 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Basis of Accounting - The financial statements of the Plan are prepared using the accrual method of accounting.

Investment contracts held by a defined contribution plan are required to be reported at fair value. However, contract value is the relevant measurement attribute for that portion of the net assets available for benefits of a defined contribution plan attributable to fully benefit-responsive investment contracts, because contract value is the amount participants would receive if they were to initiate permitted transactions under the terms of the Plan. The statements of net assets available for benefits presents the fair value of the investment contracts, as well as the adjustment of the fully benefit-responsive investment contracts from fair value to contract value. The statements of changes in net assets available for benefits is prepared on a contract value basis. The Invesco Stable Asset Fund is considered to be a benefit-responsive investment contract.

Financial Estimates - The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires the Plan's Administrator to make estimates and assumptions that affect the reported amounts of net assets, and disclosure of contingent assets and liabilities at the date of the financial statements, and the reported amounts of revenues and expenses during the reporting period. Actual results could differ from those estimates.

Investment Valuation and Income Recognition - Investments are reported at fair value. Fair value is the price that would be received to sell an asset, or paid to transfer a liability, in an orderly transaction between market participants at the measurement date. See Note 5 for discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation (depreciation) includes the Plan's gains and losses on investments bought and sold, as well as held during the year.

Participant Loans Receivable - Loans receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Interest income is recorded on the accrual basis. Related fees are recorded as administrative expenses and are expensed when they are incurred. The allowance for credit losses was \$18,222 and \$13,202 as of December 31, 2013 and 2012. If a participant ceases to make loan repayments, and the Plan Administrator deems the participant loan to be in default, the participant loan balance is reduced and a benefit payment is recorded.

Payment of Benefits - Benefits are recorded when paid.

Administrative Expenses - The Company pays certain administrative expenses of the Plan, and the Plan participants will bear the responsibility of the remaining expenses. Investment related expenses are included in net appreciation (depreciation) in fair value of investments. Fees for specific transactions, such as a loan withdrawals or distributions, are paid by the individual participant.

Subsequent Events - In preparing these financial statements, the Plan has evaluated events and transactions for potential recognition or disclosure through October 10, 2014, the date the financial statements were available to be issued.

Government and corporate bond funds	(52,998)	21,058
	<u>\$ 896,287</u>	<u>\$ 519,370</u>

NOTE 4 - SUMMARY OF INFORMATION CERTIFIED BY PLAN TRUSTEE/CUSTODIAN

The fair value of investments held by the Trustee at December 31, 2013 and 2012 was \$8,157,320 and \$6,847,562. The Trustee of the Plan has supplied the Plan Administrator with a certification as to the completeness and accuracy of the following information at December 31, 2013 and 2012:

- Investments
- Interest and dividend income
- Net appreciation (depreciation) in fair value of investments

MILLAT INDUSTRIES CORPORATION 401(K) PROFIT SHARING PLAN

NOTES TO FINANCIAL STATEMENTS

NOTE 5 - FAIR VALUE MEASUREMENTS

Accounting standards provide a framework for measuring fair value. This framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1 measurements), and the lowest priority to unobservable inputs (Level 3 measurements).

The three levels of the fair value hierarchy under the accounting standards are described as follows:

Level 1 - Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2 - Inputs to the valuation methodology include:

- quoted prices for similar assets or liabilities in active markets;
- quoted prices for identical or similar assets or liabilities in inactive markets;
- inputs other than quoted prices that are observable for the asset or liability;
- inputs that are derived principally from, or corroborated by, observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 - Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs, and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2013.

Self-managed brokerage account, registered investment companies, and government and corporate bond funds: Valued at the net asset value (NAV) of shares held by the Plan at year-end.

Common/collective trusts: Valued based on the valuation formula contained in the contract of the underlying guaranteed interest account; provides a daily mil-rate for income accretion.

The preceding methods described may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

NOTES TO FINANCIAL STATEMENTS

NOTE 6 - FULLY BENEFIT RESPONSIVE INVESTMENT CONTRACT

The Invesco Stable Asset Fund is a common/collective trust that invests primarily in synthetic guaranteed investment contracts. The objective of the common/collective trust is to preserve principal and provide interest income, while maintaining liquidity. Synthetic guaranteed investment contracts are portfolios of securities with wrap contracts. Investment contracts have elements of risk due to lack of a secondary market and resale restrictions. This common/collective trust has been issued to State Street Bank and Trust Company and is fully benefit-responsive. This common/collective trust is included in the statements of net assets available for benefits as a common/collective trust at its fair market value. The average yield and crediting interest rates were approximately 1.31% and 1.68% for 2013 and 2012.

Due to additional information received during 2013, the adjustment from fair value to contract value for this fully benefit responsive investment contract as of December 31, 2012 was adjusted from (\$303,973) to (\$43,415). The effect on the audited statement of net assets available for benefits at December 31, 2012 was to decrease the fair value of the investment contract by \$260,558. There was no effect on the net assets available for benefits at December 31, 2012.

Certain events, such as premature termination of the contract by the Plan or the termination of the Plan, would limit the Plan's ability to transact at contract value with State Street Bank and Trust Company. The Plan Administrator believes the occurrence of such events, which would also limit the Plan's ability to transact at contract value with Plan participants, is not probable.

NOTE 7 - RELATED PARTY TRANSACTIONS

Certain Plan assets are invested with State Street Bank and Trust Company. Thus, State Street Bank and Trust Company, as Trustee defined by the Plan, qualifies as a party-in-interest.

Brady, Ware & Schoenfeld, Inc., as auditors, qualifies as a party-in-interest. Audit fees paid by the Plan during the years 2013 and 2012 totaled \$7,900 and \$7,800.

ADP Retirement Services handles the record keeping services for the Plan. Fees paid by the Plan during the years 2013 and 2012 totaled \$3,645 and \$3,230.

The Plan Sponsor provides certain accounting, record keeping, and administrative services to the Plan, for which it receives no compensation.

NOTE 8 - PLAN TERMINATION

Although it has not expressed any intent to do so, the Company has the right to terminate the Plan subject to the provisions of ERISA and its related regulations. In the event of Plan termination, participants will become 100% vested in the employer portion of contributions.

MILLAT INDUSTRIES CORPORATION 401(K) PROFIT SHARING PLAN

NOTES TO FINANCIAL STATEMENTS

NOTE 9 - TAX STATUS

The Plan adopted a Prototype Profit Sharing and 401(k) Plan with a cash or deferral arrangement which received a favorable opinion letter from the Internal Revenue Service on March 31, 2008, which stated that the Plan and related trust are designed in accordance with applicable sections of the Internal Revenue Code. The Plan has been amended since receiving the opinion letter; however, the Plan Administrator believes that the Plan is currently designed and being operated in compliance with the applicable requirements of the Internal Revenue Code. Therefore, no provision for income taxes has been included in the Plan's financial statements.

U.S. generally accepted accounting principles require Plan management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the Plan has taken an uncertain position that more-likely-than-not would not be sustained upon examination by the Internal Revenue Service. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress. The Plan Administrator believes it is no longer subject to income tax examinations for years prior to 2010.

NOTE 10 - RISKS AND UNCERTAINTIES

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term, and that such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits.

NOTE 11 - BENEFITS ALLOCATED TO WITHDRAWN PARTICIPANTS

At December 31, 2013 and 2012, there were no amounts due to participants who have withdrawn from the Plan and requested benefit payment prior to year-end.

NOTE 12 - RECONCILIATION OF FINANCIAL STATEMENTS TO FORM 5500

The following is a reconciliation of net assets available for benefits, and the net increase in net assets available for benefits according to the financial statements, as compared to Form 5500 for 2013 and 2012:
