Because of the matter described in the Basis for Disclaimer of Opinion paragraph, however, we were not able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion.

Basis for Disclaimer of Opinion

As permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974, the plan administrator instructed us not to perform, and we did not perform, any auditing procedures with respect to the information summarized in Note 7, which was certified by MG Trust Company and CMFG Life Insurance Company, the trustees of the Plan, except for comparing the information with the related information included in the financial statements and supplemental schedules. We have been informed by the plan administrator that the trustee holds the Plan's investment assets and executes investment transactions. The plan administrator has obtained a certification from the trustee as of and for the years ended December 31, 2013 and 2012, that the information provided to the plan administrator by the trustee is complete and accurate.

Disclaimer of Opinion

Because of the significance of the matter described in the Basis for Disclaimer of Opinion paragraph, we have not been able to obtain sufficient, appropriate audit evidence to provide a basis for an audit opinion. Accordingly, we do not express an opinion on these financial statements.

Other Matter

We were engaged for the purpose of forming an opinion on the financial statements as a whole. The supplemental schedule of assets held at end of year, which is the responsibility of plan management, is presented for the purpose of additional analysis and is not a required part of the financial statements but is required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974. Because of the significance of the matter described in the Basis for Disclaimer of Opinion paragraph, it is inappropriate to and we do not express an opinion on the supplemental schedule referred to above.

Report on Form and Content in Compliance With DOL Rules and Regulations

The form and content of the information included in the financial statements and supplemental schedule, other than that derived from the information certified by the trustee, have been audited by us in accordance with auditing standards generally accepted in the United States of America and, in our opinion, are presented in compliance with the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974.

CITY COUNTY CREDIT UNION OF FORT LAUDERDALE CAPITAL ACCUMULATION PLAN
NOTES TO FINANCIAL STATEMENTS
DECEMBER 31, 2013 AND 2012

NOTE 1 - DESCRIPTION OF PLAN

The following description of the City County Credit Union of Fort Lauderdale Capital Accumulation Plan (the Plan) provides only general information. Participants should refer to the Plan agreement for a more complete description of the Plan's provisions.

General

The plan is a defined contribution plan covering all eligible employees of the Credit Union who have completed six months of service and have obtained the age of nineteen. Participation is allowed beginning on the first day of the quarter after they have met eligibility requirements. It is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA).

Contributions

Each year participants may contribute up to the maximum allowed by law of pretax annual compensation as defined in the Plan. Participants may also contribute amounts representing distributions from other qualified defined benefit or contribution plans. Participants direct the investment of their contributions into various investment options offered by the Plan. The Plan currently offers a wide variety of mutual funds which is available through its third-party service providers, CMFG Life Insurance Company and MG Trust Company. Effective August 26, 2003, the Plan adopted a Safe-Harbor arrangement. This arrangement requires the employer to match 100% on the first 3% of compensation of a participant's discretionary contribution for each payroll period, and 50% of the next 2% of compensation contributed by the participant with a maximum match of 4% of employee contributions. The Credit Union also makes a profit sharing contribution equal to 2% of an eligible employees' compensation regardless of whether the employee makes a discretionary contribution under the Safe-Harbor arrangement.

Participant Accounts

Each participant's account is credited with the participant's contribution, allocations of the employer's contribution, and Plan earnings. Allocations are based on participant earnings or account balances, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Vesting

Participants are immediately vested in their contributions plus actual earnings thereon. Employer contributions made under the Safe-Harbor arrangement, plus any earnings thereon, are fully vested when made. Employer contributions that are designated as profit sharing contributions are fully vested after the employee has completed three years of service with no vesting in the first two years and 100% vesting at the completion of the third year of service.

Payment of Benefits

Upon termination of service, a participant may elect to receive a lump-sum amount equal to the value of his or her account. Otherwise, participants are entitled to 100% of their account balances when they reach retirement. Amounts allocated to terminated participants at December 31, 2013, were \$1,197,930.

Administrative Expenses

Administrative expenses incurred in the providing of services by the Plan's custodians, CMFG Life Insurance Company and MG Trust Company, are deducted from fund earnings prior to income allocation to participants and are recorded as Plan administrative expenses. Expenses incurred in the providing of services by the Plan's administrator, CMFG Life Insurance Company, are paid by the Plan's sponsor, City County Credit Union of Fort Lauderdale. Total expenses absorbed by the Plan's sponsor for 2013 were \$0.

Forfeited Accounts

Forfeited non-vested accounts at December 31, 2013, totaled \$0. Forfeitures in 2013 and prior accumulations of forfeitures were used to reduce employer matching contributions. Total forfeitures used to reduce employer matching contributions amounted to \$0.

Participant Loans

The Credit Union does not allow loans under the present plan document.

NOTE 2 - SIGNIFICANT ACCOUNTING POLICIES

Basis of Accounting

The financial statements of the plan are prepared under the accrual method of accounting.

Investment contracts held by a defined-contribution plan are required to be reported at fair value. However, contract value is the relevant measurement attributed for that portion of net assets available for benefits of a defined-contribution plan attributable to fully benefit-responsive investment contracts because contract value is the amount participants would receive if they were to initiate permitted transactions under the terms of the plan. The Statements of Net Assets Available for Benefits presents the fair value of the investment contracts as well as the adjustment of the fully benefit-responsive investment contracts from fair value to contract value. The Statement of Changes in Net Assets Available for benefits is prepared on a contract basis.

Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires the plan administration to make estimates and assumptions that affect certain reported amounts and disclosures. Accordingly, actual results may differ from those estimates.

Valuation of Investments and Income Recognition

Investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note 3 for a discussion of fair value measurements. Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation includes the plan's gains and losses on investments bought and sold as well as held during the year.

MG Trust Company and CMFG Life Insurance Company hold the Plan's investment assets and executes transactions therein. Financial information relating to the assets is included in the accompanying financial statements and is based on information provided by CMFG Life Insurance Company and MG Trust Company.

Expenses

Certain expenses of maintaining the Plan are paid directly by the plan sponsor and are excluded from these financial statements. Investment related expenses are included in net appreciation of fair value of investments.

Payment of Benefits

Benefits are recorded when paid.

NOTE 3 - PLAN TERMINATION

Although it has not expressed any intent to do so, the Employer has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of plan termination, participants will become one-hundred percent vested in their accounts.

NOTE 4 - FAIR VALUE MEASUREMENTS

The Plan's investments are reported at fair value in the accompanying statements of net assets available for benefits. ASC 820, *Fair Value Measurements and Disclosures*, establishes a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. This hierarchy consists of three broad levels: Level 1 inputs consist of unadjusted quoted prices in active markets for identical assets and have the highest priority, and Level 3 inputs have the lowest priority. The Plan uses appropriate valuation techniques based on the available inputs to measure the fair value of its investments. When available, the Plan measures fair value using Level 1 inputs because they generally provide the most reliable evidence of fair value. The three levels of the fair value hierarchy under ASC 820 are described as follows:

Level 1	The fair value is based on quoted prices in active markets for the shares held by the Plan at year-end.

NOTE 4 - FAIR VALUE MEASUREMENTS (continued)

Level 2	<p>Inputs to the valuation methodology include:</p> <ul style="list-style-type: none"> ▪ quoted prices for similar assets or liabilities in active markets; ▪ quoted prices for identical or similar assets or liabilities in inactive markets; ▪ inputs other than quoted prices that are observable for the asset or liability; ▪ inputs that are derived principally from or corroborated by observable market data by correlation or other means. <p>If the asset or liability has a specified (contractual) term, the level 2 input must be observable for substantially the full term of the asset or liability.</p>
Level 3	Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The following is a description of the valuation methodologies used for assets measured at fair value.

Mutual funds	Valued at the quoted prices in active markets for funds held by the plan at year end.
Common collective trust	Quoted prices which are not active, quoted prices for similar assets or liabilities in active markets or inputs other than quoted prices that are observable (either directly or indirectly) for substantially the full term of the asset or liability.
Stable value fund	Valued at discounted related cash flows based on current yields of similar instruments with comparable durations.

The preceding methods described may produce a fair value calculation that may not be indicative of net realizable value. Furthermore, although the plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following table sets forth by level, within the fair value hierarchy, the plan's investments at fair value as of December 31, 2013 and 2012:

During 2013, the Plan's investments (including gains and losses on investments bought and sold, as well as held during the year) appreciated in value by \$1,155,810 as follows:

Pooled separate accounts	\$ 897,933
Common collective trusts	224,965
Stable Value fund	32,912
	<u>\$ 1,155,810</u>

NOTE 6 - INVESTMENT CONTRACT WITH INSURANCE COMPANY

The plan entered into a benefit-responsive deposit administration group annuity contract with CMFG Life Insurance Company, formerly CUNA Mutual Insurance Society (CMFG). CMFG maintains the contributions in an active life fund. The account is credited with interest at the rate specified in the contract and charged for participant withdrawals.

As described in Note 2, because the deposit administration group annuity contract is fully benefit-responsive, contract value is the relevant measurement attribute for that portion of the net assets available for benefits attributable to the deposit administration group annuity contract. Contract value, as reported to the plan by CMFG, represents contributions made under the contract, plus earnings, less participant withdrawals and administrative expenses. Participants may ordinarily direct the withdrawal or transfer of all or a portion of their investment at contract value.

There are no reserves against contract value for credit risk of the contract issuer or otherwise. The fair value of the contract at December 31, 2013 and 2012, was \$1,486,290 and \$1,923,544, respectively. The crediting interest rates ranged from 1.88 to 2.30 percent for 2013 and 2012, respectively. Such interest rates are reviewed on a quarterly basis for resetting.

NOTES TO FINANCIAL STATEMENTS
DECEMBER 31, 2013 AND 2012

NOTE 6 - INVESTMENT CONTRACT WITH INSURANCE COMPANY (continued)

Certain events limit the ability of the plan to transact at contract value with the issuer. Such events include the following: (1) amendments to the plan documents (including complete or partial plan termination or merger with another plan), (2) changes to the plan's prohibition on competing investment options or deletion of equity wash provisions, (3) bankruptcy of the plan sponsor or other plan sponsor events (for example, divestitures or spin-offs of a subsidiary) that cause a significant withdrawal from the plan, or (4) the failure of the trust to qualify for exemption from federal income taxes or any required prohibited transaction exemption under ERISA. The plan administrator does not believe that any events which would limit the plan's ability to transact at contract value with participants are probable of occurring.

The deposit administration group annuity contract does permit the insurance company to terminate the agreement if the Plan has failed to make the required contributions, the sum of all amounts to be withdrawn equals or exceeds the balance in the Active Life fund, or the Plan has failed to perform as required under the contract.

NOTE 8 - TAX STATUS

The Plan is a nonstandard prototype plan provided by CMFG Life Insurance Company, formerly CUNA Mutual Insurance Society. The Plan has obtained representation from CUNA that it has received an opinion letter in which the Internal Revenue Service stated that CUNA's Prototype Plan was designed in accordance with the applicable sections of the Internal Revenue Code (IRC). This opinion letter does not provide the employer's Plan with the benefits it would have if it were to receive its own determination letter for the Plan as adopted by the employer. The Plan sponsor believes that the Plan is currently designed and being operated in compliance with the applicable requirements of the IRC, and therefore, no provision for income taxes has been included in the Plan's financial statements.

CITY COUNTY CREDIT UNION OF FORT LAUDERDALE CAPITAL ACCUMULATION PLAN
NOTES TO FINANCIAL STATEMENTS
DECEMBER 31, 2013 AND 2012

NOTE 8 - TAX STATUS (continued)

Effective January 1, 2009, the Plan implemented the new accounting requirements associated with uncertainty in income taxes using the provisions of Financial Accounting Standards Board (FASB) ASC 740, *Income Taxes*. Using that guidance, tax positions initially need to be recognized in the financial statements when it is more-likely-than-not the positions will be sustained upon examination by the tax authorities. Such tax positions initially and subsequently need to be measured as the largest amount of tax benefit that has a greater than 50% likelihood of being realized upon ultimate settlement with the tax authority assuming full knowledge of the position and relevant facts.

As of December 31, 2013, the Plan did not have uncertain tax positions that qualify for either recognition or disclosure in the financial statements. Additionally, there were no interest and penalties related to income taxes. With few exceptions, the Plan is no longer subject to U.S. federal, state, and local income tax examinations by tax authorities for years before 2010.

NOTE 9 - RISKS AND UNCERTAINTIES

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statement of net assets available for benefits.

NOTE 10 - PARTY-IN-INTEREST TRANSACTIONS

Plan investments include investments in funds managed by CUNA Mutual. CUNA is the custodian as defined by the Plan, and therefore, transactions in these investments qualify as party-in-interest transactions as defined by ERISA.

NOTE 11 - RECONCILIATION OF FINANCIAL STATEMENTS TO FORM 5500

The following is a reconciliation of net assets available for benefits per the financial statements to the Form 5500:

	December 31,	
	2013	2012
Net assets available for benefits per the financial statements	\$ 8,455,989	\$ 7,110,576
Less: Assets transferred out	(8,455,989)	0
Net assets available for benefits per the Form 5500	\$ 0	\$ 7,110,576

NOTE 12 - SUBSEQUENT EVENTS

The Plan has evaluated subsequent events through October 3, 2014, the date the financial statements were available to be issued. Effective January 1, 2014, the plan sponsor elected to become a member of the Credit Union Retirement Plan Association and became a participating employer under the Credit Union Retirement Plan Association 401(k) Plan; therefore, transferring all participant investments to the Association 401(k) Plan. As such, the final Form 5500 was filed showing all assets transferred out of the Plan on December 31, 2013. There were no further recognized or unrecognized subsequent events noted for disclosure.
