Funeral Directors Life Insurance Company 401(k) Plan

Notes to Financial Statements

Years ended December 31, 2013 and 2012

Note 1 - Description of Plan

The following description of the Funeral Directors Life Insurance Company 401(k) Plan (the Plan) provides only general information. Participants should refer to the Plan's summary document for a more complete description of the Plan's provisions. Copies of these documents are available from the Funeral Directors Life Insurance Company (FDLIC or Plan Sponsor) or participating companies.

General

The Plan is a controlled group, as defined by Internal Revenue Code (IRC) Section 414(b), defined contribution plan, established January 1, 1992, sponsored by FDLIC. Most full-time employees of FDLIC and participating companies that have elected to adopt the Plan (collectively, employers) are covered under the Plan. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA). All of the Plan's investments are held by Frontier Trust Company as of December 31, 2013 and 2012.

There were no plan amendments adopted in 2013 or 2012.

Contributions

Participants may elect to make voluntary post-tax and salary reduction contributions of up to 100% of their salaries, subject to certain constraints affecting highly compensated employees and IRC limitations. Participants who have attained age 50 before the end of the Plan year are eligible to make catch-up contributions of not greater than $5,500 in 2013 and 2012.

In addition to employee contributions, each employer contributes $0.50 for each $1.00 of participant contributions up to $5,000 annually to the Plan. However, total employer and employee contributions in a calendar year for each participant cannot exceed 100% of W-2 compensation for the year or $51,000 in 2013 and $50,000 in 2012, whichever is less.

Participant Accounts

Participants are responsible for directing the investment of their individual account. Each participant's account is credited with the participant's contribution and allocation of (a) the employer's contribution and (b) Plan earnings. Allocations are based on participant deferral (for employer contributions) and account balances (for Plan earnings). The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Note 1 - Description of Plan (Continued)

Vesting
Participants are vested immediately in their contributions plus actual earnings thereon. Vesting in the employer's contribution portion of their accounts is based on years of continuous service. A participant is 100 percent vested after six years of credited service. All participants will become immediately vested in their accounts when they reach normal retirement age, the Plan is terminated, contributions to the Plan are discontinued, or a participant becomes disabled or dies. Non-vested portions of participants' accounts are forfeited and applied to reduce any Employer contributions. There were $4,832 and $21,403 in forfeiture amounts as of December 31, 2013 and 2012, respectively. The Plan applied $0 and $15,508 of forfeited amounts to reduce Employer contributions in 2013 and 2012, respectively. Forfeited account balances were $8,816 and $2,824 at December 31, 2013 and 2012, respectively.

Plan Expenses
The Plan's administrative expenses are paid from the Plan's assets and are allocated to each participant proportionally based on account value.

Notes Receivable from Participants
Participants may borrow from their accounts up to 50% of their vested account balance, with total borrowings not exceeding $50,000 when added to the highest outstanding loan balance. Loan terms range from one to five years but can extend to 15 years for the purchase of a primary residence. The loans are secured by the balance in the participant's account and bear interest at rates commensurate with local prevailing rates as determined by the Plan Sponsor. During 2013 and 2012 interest rates range from 4.25% to 9.25%. Principal and interest is paid ratably through payroll deductions.

Payment of Benefits
A participant may request a distribution of vested employer contributions under the following circumstances, (1) the participant becomes disabled, (2) the participant reaches normal retirement age, (3) termination of employment or (4) the participant's death.

Participants who have qualifying expenses may request a hardship withdrawal from participant deferrals only. Prior to taking a hardship distribution, a participant must take all other distributions available under the Plan. Participants under age 59½, may be subject to a 10% penalty tax on hardship distribution amounts.

Note 1 - Description of Plan (Continued)

Payment of Benefits (Continued)
Effective February 19, 2008, participants who are a reservist or National Guardsman; called to active duty after September 11, 2011; and called to active duty for at least 180 days or an indefinite period may take a distribution of elective deferrals under the Plan while on active duty, regardless of age. The 10% premature distribution penalty will not apply to these distributions.

Participants 70 ½ are generally subject to yearly required minimum distributions based on their account value and life expectancy.

Plan Termination
Although it has not expressed any intent to do so, the Plan Sponsor has the right under the Plan to discontinue its contributions at any time and to terminate the Plan by actions of the Designated Principal(s) subject to the provisions of ERISA. In the event of plan termination, participants would receive the value of their accounts.

Note 2 - Summary of Accounting Policies

The following accounting policies, which conform with accounting principles generally accepted in the United States of America (GAAP), have been used consistently in the preparation of the Plan's financial statements:

Basis of Accounting
The financial statements of the Plan are prepared using the accrual basis of accounting.

Use of Estimates
The preparation of financial statements in conformity with GAAP requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and changes therein and disclosure of contingent assets and liabilities. Actual results may differ from these estimates.

Investment Valuation and Income Recognition
GAAP establishes a three-level hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The fair value hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1) and the lowest priority to unobservable inputs (Level 3). The levels of the fair value hierarchy are described below:

Level 1: Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Note 2 - Summary of Accounting Policies (Continued)

Investment Valuation and Income Recognition (Continued)
Level 2: Inputs to the valuation methodology include quoted prices for similar assets or liabilities in active markets, and inputs that are observable for the asset or liability, either directly or indirectly, for substantially the full term of the financial instrument.

Level 3: Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset's or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

The Plan's investments are stated at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. Shares of registered investment companies (mutual funds) are valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are open-ended mutual funds that are registered with the Securities and Exchange Commission. These funds are required to publish their daily net asset value (NAV) and to transact at that price. Mutual funds held by the Plan are deemed to be actively traded. Equities are valued at the closing price reported on the active market on which the security is traded.

Purchases and sales of investments are recorded on a trade-date basis. Interest income is accrued when earned. Dividend income is recorded on the ex-dividend date. Capital gains distributions are included in dividend income.

The Plan presents in the statement of changes in net assets available for plan benefits the net appreciation (depreciation) in the fair value of its investments, which consists of the realized gains or losses and the unrealized appreciation (depreciation) on those investments.

Participant Withdrawals
In accordance with GAAP, participant requests for benefit withdrawals are recorded in the Plan's financial statements as disbursed. There were no withdrawals requested but unpaid at December 31, 2013 and 2012.

Note 2 - Summary of Accounting Policies (Continued)

Risks and Uncertainties
The Plan provides for various investment options. Investment securities are exposed to various risks, such as interest, market and credit risk. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for plan benefits.

Subsequent Events
The Plan has performed an evaluation of subsequent events through October 10, 2014, which is the date the financial statements were available to be issued and has considered any relevant matters in the preparation of the financial statements and footnotes.

Notes Receivable from Participants
Notes receivable from participants are at measured at the unpaid principal balance plus any accrued but unpaid interest.

Note 3 - Investments

Investments representing 5% or more of the fair value of net assets available for benefits are as follows.

	2013	2012
T Rowe Price Growth Stock Fund	$ 1,815,506	$ 1,330,624
T Rowe Price Equity Income Fund	1,154,320	848,642
Columbia Acorn Fund Z	810,467	611,894
T Rowe Price International Fund	498,996	374,176

During 2013 and 2012, the Plan's participant-directed investments (including gains and losses on investments bought and sold, as well as held during the year) appreciated in value by $1,457,888 and $731,106, respectively.

Note 4 - Related-Party Transactions

The Plan has an agreement with Parkway Advisors, LP, a participating company in the Plan, under which Parkway provides investment advisory services to the Plan. Parkway is compensated for these services based on the market value of the assets under management for each account. Total fees incurred under this agreement were $39,097 and $30,284 for the years ended December 31, 2013 and 2012, respectively.

Additionally, personnel and facilities of FDLIC have been used to perform administrative functions for the Plan at no cost to the Plan.

Note 5 - Tax Status

The Plan is exempt from taxation in accordance with the provisions of section 501(a) of the Internal Revenue Code (the Code). Employer contributions and income earned from the Plan investments are not taxable to participants until disbursed.

The Plan Sponsor has adopted the Ascensus Qualified Retirement Plan Basic Plan Document. The Plan Sponsor believes the Plan is currently designed and being operated in compliance with applicable requirements of the Code. Therefore, no provision for income taxes has been included in the Plan's financial statements. The Plan Sponsor has concluded there are no uncertain tax positions as of December 31, 2013 and 2012, in accordance with GAAP. Tax returns filed during the past three years are subject to examination by taxing authorities. There are currently no examinations being conducted.

Note 6 - Information Certified by the Plan's Trustees

As permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA, Frontier Trust Company, the Plan Trustee as of December 31, 2013 and 2012, has certified the following information, which has not been subject to audit by independent auditors, to be accurate and complete:

The investment balances and notes receivable from participants included in the Statements of Net Assets Available for Plan Benefits as of December 31, 2013 and 2012 and in Note 3.

The interest and dividend income and net appreciation (depreciation) in fair value of investments for the years ended December 31, 2013 and 2012 included in the Statements of Changes in Net Assets Available for Plan Benefits.
