NOTES TO THE FINANCIAL STATEMENTS

1. DESCRIPTION OF PLAN

The following description of the Marcus Thomas, LLC Tax-Deferred Savings Plan (the Plan) provides only general information. Participants should refer to the Plan agreement for a more complete description of the Plan's provisions.

General

The Plan is a defined contribution plan covering substantially all employees of Marcus Thomas, LLC and Ira Thomas Associates, Inc., entities related through common ownership and management (collectively, the Company), who are at least twenty-one years of age and have completed 83 hours of service in the first month following employment. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA).

The Company has appointed the Administrative Committee of the American Association of Advertising Agencies Benefits, Inc. (AAAA Benefits) as trustee. The Plan is part of the American Association of Advertising Agencies Retirement Fund for Member Agencies (the AAAA Fund). The AAAA Fund is organized as a 103-12 investment entity, as defined by 29 CFR 2520.103-12 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA, and is a party-in-interest to the Plan. The trustee holds the Plan's investment assets and executes investment transactions for the Plan.

Contributions

Participants may make voluntary pre-tax contributions and Roth contributions of up to 100% of their eligible compensation, as defined in the Plan, subject to the maximum permitted by the Internal Revenue Service (IRS). Participants may also contribute amounts representing distributions from other qualified defined benefit or defined contribution plans (rollover). The Company may, at its discretion, make matching contributions. Matching contributions are limited to a maximum of 6% of compensation each pay period for eligible participants, as defined. From January 1, 2013 through April 30, 2013, and from November 1, 2013 through December 31, 2013, the Company matched 50% of the first 6% of the elective contributions made by the participant. From May 1, 2013 through October 31, 2013, the Company matched 25% of the first 6% of the elective contributions made by the participant. The Company may also make discretionary profit sharing contributions to the Plan for the related year. The Company did not make any discretionary profit sharing contributions for the year ended December 31, 2013. Contributions are subject to certain IRS limitations.

NOTES TO THE FINANCIAL STATEMENTS

1. DESCRIPTION OF PLAN (Continued)

Participant Accounts

A separate account is maintained for each participant. Each participant's account is credited with the participant's contributions and allocations of the Company's contributions, and plan earnings or losses as defined by the Plan agreement. Allocations of the Company's profit sharing contribution are given only to participants employed at the end of the Plan year who have completed at least 1,000 hours of service during the Plan year, and are based on participants' compensation for the Plan year relating to the contribution. Plan earnings are allocated daily based on each participant's account balance. Participant accounts are charged with an allocation of administrative expenses that are paid by the Plan. Allocations are based on participant earnings, account balances, or specific participant transactions, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account, as defined.

Vesting

Participants are immediately vested in their contributions plus actual earnings thereon. Vesting in the Company's contribution portion of their accounts is based on a three-year graded vesting schedule. A participant is 100% vested after three years of credited service.

Notes Receivable from Participants

The Plan allows participants to borrow money within certain limits from their individual accounts. The loans are secured by the balance in the participant's account. Such loans bear interest at a reasonable rate commensurate with current interest rates charged for loans made under similar circumstances by persons in the business of lending money. Principal and interest are paid ratably through payroll deductions.

Payment of Benefits

Upon termination of service due to death, disability, or retirement, a participant may elect to receive a lump-sum amount equal to the value of the participant's vested interest in his or her account. If the participant's account balance is less than $5,000, the plan administrator directs the trustee to make a lump-sum distribution. Participants terminated for other reasons are entitled to receive their benefits as soon as administratively feasible. Distributions of a participant's 401(k) account balance may be authorized at anytime by the plan administrator under certain hardship conditions.

Forfeitures

Forfeitures are used first to reduce administrative expenses and then to reduce future employer contributions. At December 31, 2013 and 2012, forfeited non-vested accounts totaled $8,634 and $1, respectively. During 2013, $12,577 was transferred to the forfeiture account, and $3,957 was used to pay administrative expenses.

2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Basis of Accounting

The financial statements of the Plan are prepared using the accrual method of accounting.

NOTES TO THE FINANCIAL STATEMENTS

2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)

Use of Accounting Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America (GAAP) requires management to make estimates and assumptions that affect the reported amounts of net assets available for benefits and changes therein, and disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

Investment Valuation and Income Recognition

Investments are reported at fair value as reported by AAAA Benefits, the trustee of the Plan. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The Plan's management determines the Plan's valuation policies utilizing information provided by the investment advisors and trustee. See Note 4 for a discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation in fair value of investments includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Assets of the Plan are held in a separate account of a trust administered by AAAA Benefits as of December 31, 2013 and 2012, representing investments in mutual funds and common/collective trust fund.

Investments of participants' contributions and the Company's contributions into these investments are at the direction of each participant.

Notes Receivable from Participants

Notes receivable from participants are measured at their unpaid principal balances plus any accrued but unpaid interest. Interest income is recorded on the accrual basis. Related fees are recorded as administrative expenses and are expensed when they are incurred. No allowance for credit losses has been recorded at December 31, 2013 and 2012. If a participant ceases to make loan repayments and the plan administrator deems the participant loan to be in default, the participant loan balance is reduced and a benefit payment is recorded.

Payment of Benefits

Benefits are recorded when paid.

Plan Expenses

The Plan's administrative expenses are paid by either the Plan or the Company, as provided by the Plan agreement. Fees related to the administration of notes receivable from participants are charged directly to the participant's account and are included in administrative expenses. Investment related expenses are included in net appreciation of fair value of investments.

NOTES TO THE FINANCIAL STATEMENTS

2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)

Income Taxes

The Plan recognizes and discloses uncertain tax positions in accordance with GAAP. As of December 31, 2013 and 2012, and for the year ended December 31, 2013, the Plan did not have a liability for unrecognized tax benefits. The Plan is no longer subject to examination by federal and state taxing authorities prior to 2010.

Subsequent Events

Management has evaluated subsequent events through October 13, 2014, the date the financial statements were available to be issued.

3. INFORMATION CERTIFIED BY THE TRUSTEE

The trustee has certified to the plan administrator that it has made a direct filing with the Department of Labor as required under 29 CFR 2520.103-12 for the AAAA Fund. Accordingly, the plan administrator has elected the alternative method of compliance permitted by 29 CFR 2520.103-12 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

AAAA Benefits has certified as to the completeness and accuracy of the investments it holds, changes in net assets arising from investment activity, and the schedule of assets held at end of year as of December 31, 2013 and 2012, and for the year ended December 31, 2013.

4. FAIR VALUE MEASUREMENTS

The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (level 1) and the lowest priority to unobservable inputs (level 3). The three levels of the fair value hierarchy are described as follows:

- Level 1 Inputs are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access
- Level 2 Other significant observable inputs including: quoted prices for similar assets or liabilities in active markets; quoted prices for identical or similar assets or liabilities in inactive markets; inputs other than quoted prices that are observable for the asset or liability; or inputs that are derived principally from or corroborated by observable market data by correlation or other means
- Level 3 Inputs are significant and unobservable (including the Plan's own assumptions used to determine value)

The assets' fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques maximize the use of relevant observable inputs and minimize the use of unobservable inputs.

4. FAIR VALUE MEASUREMENTS (Continued)

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the valuation methodologies used at December 31, 2013 and 2012.

Investment entity: The mutual funds held in the investment entity are valued based on the quoted net asset values of the shares held by the 103-12 investment entity at year end. The common/collective trust fund held in the investment entity is valued at net asset value at year end.

The preceding methods described may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

Assets measured at fair value by level, within the fair value hierarchy, are comprised of the following at December 31, 2013:

Description	Level 1	Level 2	Level 3
103-12 investment entity	$	$10,066,735	$

Assets measured at fair value by level, within the fair value hierarchy, are comprised of the following at December 31, 2012:

Description	Level 1	Level 2	Level 3
103-12 investment entity	$	$ 7,105,570	$

The Plan did not hold any level 3 assets during the year.

5. AAAA FUND 103-12 INVESTMENT ENTITY ALLOCATION

The Plan's interest in the assets of the AAAA Fund is included in the accompanying statement of net assets available for benefits. The AAAA Fund had 87 participating plan sponsors as of December 31, 2013 and 2012. As of December 31, 2013 and 2012, the Company had a 2.33% and 1.99% interest, respectively, in the AAAA 103-12 investment entity fund. The Plan's interest in the 103-12 investment entity fund will fluctuate based on the investment elections made by the Plan's participants and the fair value of the investments held by the Plan's participants in relation to the fair value of all investments held by the 103-12 investment entity fund. A summary of the assets of the AAAA Fund as of December 31, 2013 and 2012, are as follows:

	2013	2012
103-12 investment entity assets:		
Mutual funds	$ 367,783,901	$ 292,267,030
Common/collective trust fund	64,732,502	64,462,977
Accrued administrative expenses	(110,997)	(84,320)
	$ 432,405,406	$ 356,645,687

NOTES TO THE FINANCIAL STATEMENTS

5. AAAA FUND 103-12 INVESTMENT ENTITY ALLOCATION (Continued)

The AAAA Fund's investment gain, dividends, and interest allocated to the participating plans for the year ended December 31, 2013, was $76,716,111. The Plan's share of this amount is based on the investment gain, dividends, and interest of the investments held by the Plan's participants.

6. PARTY-IN-INTEREST TRANSACTIONS

Certain Plan investments are managed by AAAA Benefits. AAAA Benefits is the trustee as defined by the Plan and, therefore, such transactions qualify as party-in-interest transactions.

7. PLAN TERMINATION

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants will become 100% vested in their accounts.

8. TAX STATUS

The Plan is the adoption of an AAAA Benefits non-standardized prototype plan. The IRS has ruled by letter, dated March 31, 2008, that the form of the non-standardized prototype plan is acceptable under Section 401 of the Internal Revenue Code (IRC) for use by employers for the benefit of their employees. The Plan has been amended since receiving the opinion letter. However, the plan administrator believes that the Plan is currently designed and being operated in compliance with the applicable requirements of the IRC and that the Plan was qualified and the related trust were tax exempt as of the financial statement date.

9. RISKS AND UNCERTAINTIES

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the value of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statement of net assets available for benefits.
