INDEPENDENT AUDITORS' REPORT

To the Plan Administrator and Participants
of the Green Tree School 401(k) Plan

Report on the Financial Statements

We were engaged to audit the accompanying financial statements of Green Tree School 401(k) Plan (the "Plan"), which comprise the statement of net assets available for benefits as of December 31, 2013, and the related statement of changes in net assets available for benefits for the year ended December 31, 2013, and the related notes to financial statements.

Management's Responsibility for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements, in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

Auditor's Responsibility

Our responsibility is to express an opinion on the 2013 financial statements based on conducting the audit in accordance with auditing standards generally accepted in the United States of America. Because of the matter described in the *Basis for Disclaimer of Opinion on the 2013 Financial Statements* paragraph, however, we were not able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion.

Basis for Disclaimer of Opinion on the 2013 Financial Statements

As permitted by 29 CFR 2520.103-8 of the U.S. Department of Labor's ("DOL") Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974 ("ERISA"), the Plan administrator instructed us not to perform, and we did not perform, any auditing procedures with respect to the information discussed in Note C, which was certified by Massachusetts Mutual Life Insurance Company ("Mass Mutual"), except for comparing such information with the related information included in the financial statements and supplemental schedule. We have been informed by the Plan administrator that Mass Mutual held the Plan's investment assets and executed investment transactions as of December 31, 2013 and for the period from January 1, 2013 to December 31, 2013. The Plan administrator has obtained a certification from Mass Mutual as of December 31, 2013, and for the year ended December 31, 2013, that the information provided to the Plan administrator by Mass Mutual is complete and accurate.

Disclaimer of Opinion on the 2013 Financial Statements

Because of the significance of the matter described in the *Basis for Disclaimer of Opinion on the 2013 Financial Statements* paragraph, we have not been able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion. Accordingly, we do not express an opinion on the 2013 financial statements.

Other Matters

The supplemental schedules of assets (held at end of year) as of December 31, 2013 and of delinquent participant contributions for the year then ended, which are the responsibility of Plan management, are presented for the purpose of additional analysis and are not a required part of the financial statements, but are required by the DOL's Rules and Regulations for Reporting and Disclosure under ERISA. Because of the significance of the matter described in the *Basis for Disclaimer of Opinion on the 2013 Financial Statements* paragraph, it is inappropriate to, and we do not, express an opinion on the supplemental schedules referred to above.

The financial statements of the Plan as of December 31, 2012, were audited by other auditors. As permitted by 29 CFR 2520.103-8 of the DOL's Rules and Regulations for Reporting and Disclosure under ERISA, the Plan administrator instructed the other auditors not to perform, and they did not perform, any auditing procedures with respect to the information certified by Hartford Life Insurance Company ("Hartford"). Their report, dated October 15, 2013, indicated that (a) because of the significance of the information that they did not audit, they were unable to, and did not, express an opinion on the 2012 financial statements taken as a whole, and (b) the form and content of the information included in the 2012 financial statements, other than that derived from the information certified by Hartford, were presented in compliance with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

Report on Form and Content in Compliance with DOL Rules and Regulations

The form and content of the information included in the 2013 financial statements and supplemental schedules, other than that derived from the information certified by Mass Mutual**,** have been audited by us in accordance with auditing standards generally accepted in the United States of America and, in our opinion, are presented in compliance with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

NOTE A - DESCRIPTION OF THE PLAN

The following description of the Green Tree School 401(k) Plan (the "Plan") provides only general information. Participants should refer to the Plan document for a more complete description of the Plan's provisions.

[1] General:

The Plan is a defined-contribution plan sponsored by Green Tree School & Services (the "Company") for the benefit of its employees who have completed at least one year of service. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 ("ERISA").

Massachusetts Mutual Life Insurance Company holds the Plan's investments.

[2] Contributions:

Salary reduction contributions – Employees may elect to defer up to 100% of their annual compensation, not to exceed the maximum limits prescribed by the Internal Revenue Service.

Employer matching contributions – The Company makes matching contributions equal to a uniform percentage of an eligible employee's salary deferrals. For the year ended December 31, 2013, the matching contribution was equal to 50% of an employee's deferral on the first 6% of the employee's eligible salary. Employer matching contributions totaled $35,388 for the year ended December 31, 2013.

Non-elective contributions – The Company may make discretionary non-elective contributions at the option of the Company. To be eligible for discretionary non-elective contributions, a participant must work 1,000 hours in the given Plan year and be employed on the last day of the Plan year. For the year ended December 31, 2013, there are no discretionary non-elective contributions.

Rollover contributions – A participant may make a rollover contribution to the Plan of all or any portion of an amount which is an eligible rollover distribution from another plan or certain Individual Retirement Accounts ("IRAs"). Rollover contributions totaled $53,133 for the year ended December 31, 2013.

[3] Participant accounts:

Each participant's account is credited with the participant's contributions, employer matching contributions, employer non-elective contributions, and Plan earnings and losses, and is charged with an allocation of administrative expenses. Earnings are credited to each participant's account based upon the performance of the respective investment accounts selected by the participant. Each investment account is revalued daily on the basis of fair value and accounts are adjusted accordingly. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

NOTE A - DESCRIPTION OF THE PLAN (CONTINUED)

[4] Vesting:

Participants are vested immediately in their contributions, rollovers and transfer contributions, plus earnings thereon. Participants are vested in the Company discretionary and matching contributions plus earnings thereon as follows:

Years of Service	Vested Percentage
Less than 2	0%
2 but less than 3	25%
3 but less than 4	50%
4 but less than 5	75%
5 or more	100%

Upon normal retirement, death, disability or early retirement while employed with the Plan sponsor, the participant becomes 100% vested.

[5] Notes receivable from participants:

Notes receivable from participants are measured at their unpaid principal balances, plus any accrued but unpaid interest. A participant may borrow from his or her fund account up to the lesser of $50,000 or 50% of the vested account balance. Loan terms range from one to five years; however, terms may exceed five years for the purchase of a primary residence. Each loan is secured by the balance in the participant's account and bears interest at a rate commensurate with local prevailing rates, as determined by the Plan administrator, which was 4.25%. Principal and interest are paid ratably through payroll deductions. Delinquent notes receivable from participants are reclassified as distributions based upon the terms of the Plan document.

[6] Payment of benefits:

Upon termination of service for any reason, a participant will receive a lump-sum amount equal to the value of the participant's vested interest in his or her account.

[7] Forfeitures:

Forfeitures of nonvested employer matching and/or profit-sharing contributions may first be used to reduce future Company matching contributions and second to pay Plan expenses, and are then allocated to participant accounts as an addition to the employer profit-sharing contribution. During the year ended December 31, 2013, forfeitures were not used. Forfeited nonvested accounts available as of December 31, 2013 and 2012 were $3,904 and $1,648, respectively.

NOTE B - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

[1] Basis of accounting:

The accompanying financial statements are prepared on the accrual method of accounting in accordance with accounting principles generally accepted in the United States of America ("U.S. GAAP").

[2] Use of estimates:

The preparation of financial statements in conformity with U.S. GAAP requires the Plan administrator to make estimates and assumptions that affect the reported amounts of assets and liabilities and, when applicable, disclosure of contingent assets and liabilities at the date of the financial statements, and the changes in net assets available for benefits during the reporting period. Actual results could differ from those estimates.

[3] Investment valuation and income recognition:

The Plan's investments are stated at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note E for discussion of fair value measurements. Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation (depreciation) in fair value of investments includes the Plan's gains and losses on investments bought and sold as well as held during the year.

[4] Plan expenses:

The Company pays certain expenses of the Plan.

[5] Payment of benefits:

Benefits are recorded when paid.

NOTE C - INVESTMENT CERTIFICATION

The Plan administrator has elected the method of compliance permitted by 29 CFR 2520.103-8 of the U.S. Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. The Plan holds investments issued by Hartford Life Insurance Company ("Hartford"). Effective January 1, 2013, Massachusetts Mutual Life Insurance Company ("Mass Mutual") acquired Hartford's Retirement Plans Group. Mass Mutual was also appointed by Hartford to provide all administrative services necessary to support the investments issued by Hartford. Accordingly, as permitted under such election, Hartford and its successor, Mass Mutual, have certified to the completeness and accuracy of all investments and related investment activity and notes receivable from participants and related activity in the accompanying statements of net assets available for benefits as of December 31, 2013 and 2012, the statement of changes in net assets available for benefits for the year ended December 31, 2013, and the supplemental schedule of assets (held at end of year) as of December 31, 2013.

NOTE D - INVESTMENTS

The following investments represent 5% or more of the Plan's net assets as of December 31, 2013 and 2012:

	2013	2012
Hartford Life Insurance Company Pooled Separate Accounts:		
American Funds Growth Fund of American R3	**$ 353,004**	$ 255,177
Fidelity Advisor Equity Income T	**51,741**	42,340
Hartford Disciplined Equity HLS IB	**94,592**	69,082
Hartford Dividend & Growth HLS IB	*	46,601

* Represents less than 5% of the Plan's net assets.

During the year ended December 31, 2013, the Plan's investments in pooled separate accounts (including gains and losses on investments bought and sold, as well as held during the year) appreciated in value by $154,797.

NOTE E - FAIR VALUE MEASUREMENTS

Financial Accounting Standards Board ("FASB") Accounting Standards Codification ("ASC") 820, *Fair Value Measurements and Disclosures*, provides the framework for measuring fair value. The framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1 measurements), and the lowest priority to unobservable inputs (Level 3 measurements). The three levels of the fair value hierarchy are described as follows:

Level 1 – Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2 – Inputs to the valuation methodology include (1) quoted prices for similar assets or liabilities in active markets; (2) quoted prices for identical or similar assets or liabilities in inactive markets; (3) inputs other than quoted prices that are observable for the asset or liability; or (4) inputs that are derived principally from or corroborated by observable market data by correlation or other means. If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 – Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodology used for assets measured at fair value. There have been no changes in the methodology used as of December 31, 2013 and 2012.

Pooled separate accounts - Valued at the net asset value, as a practical expedient, based on the market value of the underlying investments. The net asset value is not a publicly-quoted price in an active market. The underlying investments in the pooled separate accounts are mutual funds.

NOTE E - FAIR VALUE MEASUREMENTS (CONTINUED)

The preceding method described may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following tables set forth, by level, within the fair value hierarchy, the Plan's investment assets as of December 31, 2013 and 2012:

	Investment Assets at Fair Value as of December 31, 2013			
	Level 1	**Level 2**	**Level 3**	**Total**

Total investment assets at fair value	$ -	$ 511,348	$ -	$ 511,348

NOTE E - FAIR VALUE MEASUREMENTS (CONTINUED)

Changes in fair value levels:

The availability of observable market data is monitored to assess the appropriate classification of financial instruments within the fair value hierarchy. Changes in economic conditions or model-based valuation techniques may require the transfer of financial instruments from one fair value level to another. In such instances, the transfer is reported at the beginning of the reporting period.

For the year ended December 31, 2013, there were no transfers into or out of Levels 1, 2 or 3.

NOTE F - TAX STATUS

The Plan has adopted a Prototype Standardized Plan sponsored by AccuDraft, Inc. On March 31, 2008, the Internal Revenue Service (“IRS”) stated in an opinion that the prototype adopted by the Plan, as then designed, was in compliance with applicable requirements of the Internal Revenue Code ("IRC") and therefore, the related trust is exempt from taxation. The Plan has been amended since receiving the letter. However, the Plan administrator believes that the Plan is designed and currently being operated in compliance with the applicable requirements of the IRC. Therefore, the Plan administrator believes that the Plan is qualified and the related trust is tax-exempt.

U.S. GAAP requires Plan management to evaluate tax positions taken by the Plan and recognize a tax liability if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by a government authority. The Plan administrator has analyzed the tax positions taken by the Plan, and has concluded that as of December 31, 2013, there are no uncertain positions taken or expected to be taken that would require recognition of a liability or disclosure in the financial statements. The Plan is subject to routine examinations by taxing jurisdictions; however, there are currently no examinations for any tax periods in progress. The Plan administrator believes the Plan is no longer subject to income tax examinations for years prior to 2010.

NOTE G - RELATED PARTY AND PARTY-IN-INTEREST TRANSACTIONS

Certain Plan investments are units of pooled separate accounts with Hartford Life Insurance Company that are managed by Massachusetts Mutual Life Insurance Company. Transactions related to these investments qualify as party-in-interest transactions. Fees paid by the Plan were $1,704 for the year ended December 31, 2013.

NOTE H - RISKS AND UNCERTAINTIES

The Plan invests in various investment securities. Investment securities are exposed to various risks, such as interest rate, market and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect the participants' account balances and the amounts reported in the statements of net assets available for benefits.

Users of these financial statements should be aware that the financial markets' volatility may significantly impact the subsequent valuation of the Plan's investments. Accordingly, the valuation of investments as of December 31, 2013 may not necessarily be indicative of amounts that could be realized in a current market exchange.

NOTE I - PLAN TERMINATION

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants will become 100% vested in their accounts.

NOTE J - NONEXEMPT PARTY-IN-INTEREST TRANSACTION

During the year ended December 31, 2013, it was discovered that certain amounts withheld were not timely remitted to the Plan. The Plan administrator deposited $14,675 into the Plan on December 13, 2013, which includes interest of $39, in order to make the affected participants whole.

NOTE K - PLAN OPERATIONS

The Plan filed under the Voluntary Compliance Program on December 23, 2013 related to the Plan operational errors from 2006 through 2012. The Plan sponsor intends to correct these errors and the amount to be corrected ranges from $123,000 to $246,000 dependent on acceptance from the Internal Revenue Service. As of the date of the financial statements, the Plan has not yet received a response from the IRS regarding its filing. Approximately $226,000 is recorded as an employer contribution receivable on the financial statements as of December 31, 2013 and 2012 relative to this matter.

NOTE L - SUBSEQUENT EVENTS

The Plan has evaluated subsequent events through October 13, 2014, which is the date the financial statements were available to be issued.
