RIPA & ASSOCIATES, LLC 401(K) PROFIT SHARING PLAN
NOTES TO FINANCIAL STATEMENTS
Year Ended December 31, 2013

NOTE A – DESCRIPTION OF PLAN

The following description of the Ripa & Associates, LLC ("Company") 401(k) Profit Sharing Plan ("Plan") provides only general information. Participants should refer to the Plan agreement for a more complete description of the Plan's provisions.

1. General

   The Plan is a defined contribution plan covering all full-time employees of the Company who have four months of service and are age eighteen or older. It is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA).

2. Contributions.

   Each year, participants may contribute up to $17,500 of pretax annual compensation, as defined in the Plan. Participants who have attained age 50 before the end of the Plan year are eligible to make catch-up contributions. The maximum annual catch-up contribution is $5,500. Participants may also contribute amounts representing distributions from other qualified defined benefit or contribution plans. Participants direct the investment of their contributions into various investment options offered by the Plan. The Plan currently offers 200 mutual funds from which participants may chose. The Plan allows the Company to contribute 35% of the aggregate salary reduction contribution made by a participant to the extent that aggregate contribution does not exceed 6.00% of compensation. Additional profit sharing amounts may be contributed at the option of the Company's board of directors and are invested in a portfolio of investments as directed by the Company. Contributions are subject to certain limitations. During the plan year ended December 31, 2013, the Company suspended its matching contributions and did not make a profit sharing contribution.

3. Participant Accounts.

   Each participant's account is credited with the participant's contribution and allocations of (a) the Company's contribution and, (b) Plan earnings, and charged with an allocation of administrative expenses. Allocations are based on participant earnings or account balances, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

NOTE A – DESCRIPTION OF PLAN - continued

4. Vesting

   Participants are immediately vested in their contributions plus actual earnings thereon. Vesting in the Company's contribution portion of their accounts is based on years of continuous service. A participant is 100% vested after five years of credited service.

5. Participant Loans.

   Participants may borrow from their fund accounts a minimum of $1,000 up to a maximum equal to the lesser of $50,000 or 50% of their account balance. The loans are secured by the balance in the participant's account and bear interest at the rate of 4.75%, which is commensurate with local prevailing rates as determined quarterly by the Plan Administrator. Principal and interest is paid ratably through monthly payroll deductions.

6. Payment of Benefits.

   On termination of service due to death, disability, or retirement, a participant is entitled to receive a lump-sum amount equal to the value of the participant's vested interest in his or her account. For termination of service due to other reasons, a participant may receive the value of the vested interest in his or her account as a lump-sum distribution.

7. Forfeited Accounts.

   Forfeited nonvested accounts at December 13, 2013 were $0. Forfeited nonvested accounts at December 31, 2012 were $2,595. Such accounts may be used to reduce future administrative expenses of the Plan and or future employer contributions to the Plan. Overpayments in forfeited accounts are payable by the Company to the Plan.

NOTE B – SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

1. Date of Management's Review

   Subsequent events were evaluated through October 8, 2014, which is the date the financial statements were available to be issued.

2. Basis of Accounting.

   The financial statements of the Plan are prepared under the modified cash basis of accounting, which is a comprehensive basis of accounting other than generally accepted accounting principles.

3. Estimates

   The preparation of financial statements in conformity with generally accepted accounting principles requires the plan administrator to make estimates and assumptions that affect certain reported amounts and disclosures. Accordingly, actual results may differ from those estimates.

4. Investment Valuation and Income Recognition.

   The Plan's investments are stated at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. Shares of mutual funds are valued at the net asset value of shares held by the Plan at year-end. Guaranteed income accounts are valued at cost, which approximate fair value.

   Participant loans are measured at their unpaid principal balance plus any accrued but unpaid interest. Interest income is recorded on the cash basis. Related fees are charged directly to the borrowing participant's account and are included in administrative expenses when incurred. As of December 31, 2013 and 2012, no allowance for credit losses has been recorded. If a participant does not make loan repayments and the plan administrator considers the participant loan to be in default, the loan balance is reduced, and the delinquent participant loan is recorded as a benefit payment based on the terms of the Plan document.

   Net appreciation includes the plan's gains and losses on investments bought and sold as well as held during the year.

NOTE B – SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES - continued

5. Payment of Benefits.

   Benefits are recorded when paid.

NOTE C – FAIR VALUE MEASUREMENTS

The Plan's investments are reported at fair value in the accompanying statement of net assets available for benefit. The methods used to measure fair value may produce an amount that may not be indicative of the net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The fair value measurement accounting literature establishes a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. This hierarchy consists of three broad levels; Level 1 inputs consists of unadjusted quoted prices in active markets for identical assets and have the highest priority, and Level 3 inputs have the lowest priority. The Plan uses appropriate valuation techniques based on the available inputs to measure the fair value of its investments. When available, the Plan measures fair value using Level 1 inputs because they generally provide the most reliable evidence of fair value. No Level 2 inputs were available to the Plan, and Level 3 inputs were only used when Level 1 or Level 2 inputs were not available.

Level 1 Fair Value Measurements

The fair value of mutual funds is based on quoted net asset values of the shares held by the Plan at year-end. The fair value of cash accounts is based on the account balance held by the Plan at year-end.

Level 3 Fair Value Measurements

The Plan had no Level 3 investments at December 31, 2013 or 2012.

The following tables set forth, by the level within the fair value hierarchy, the Plan's investments, at fair value as of December 31, 2013 and 2012:

NOTE C – FAIR VALUE MEASUREMENTS - continued

NOTE G – TAX STATUS

The Internal Revenue Service has determined and informed the Company by a letter dated September 18, 2001, that the Plan and related trust are designed in accordance with applicable sections of the Internal Revenue Code (IRC). Although the Plan has been amended since receiving the determination letter, the Plan administrator and the Plan's tax counsel believe that the Plan is designed and is currently being operated in compliance with the applicable requirements of the IRC.

NOTE H – RISKS AND UNCERTAINTIES

The Plan invests in various investment mutual funds. Investment mutual funds are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risks associated with certain investments securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statement of net assets available for benefits.
