NOTE A BASIS OF PRESENTATION AND SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

General - StoneMor GP LLC 1165(e) Retirement Plan (the Plan) was adopted May 1, 1999 and restated effective August 18, 2011 to establish a savings and investment plan for the exclusive benefit of the Puerto Rican employees of StoneMor GP LLC (the Company and Puerto Rican Plan Sponsor) and their beneficiaries. The Plan is a defined contribution plan and is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA).

Basis of Presentation - The financial statements of the Plan are prepared on the accrual basis of accounting. Purchases and sales of securities are recorded on a trade-date basis. Interest and dividend income are recognized when earned.

Estimates - The preparation of financial statements in conformity with generally accepted accounting principles in the United States (GAAP) requires the Plan Administrator to make estimates and assumptions that affect certain reported amounts and disclosures. Actual results could differ from those estimates.

Risks and Uncertainties - The Plan provides for several investment options which are exposed to various risks, such as interest rate, market and credit risks. Due to the level of risk associated with certain investment securities and the level of uncertainty related to changes in the value of investment securities, it is at least reasonably possible that changes in risks in the near term could materially affect participants' account balances and the amounts reported in the statements of net assets available for plan benefits and the statement of changes in net assets available for plan benefits.

Valuation of Investments - Investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. In accordance with the policy of stating investments at fair value, net investment gain or loss is included in the carrying value of related investments in the statements of net assets available for plan benefits and the changes in the net investment gain or loss are reflected in the statement of changes in net assets available for plan benefits.

Tax Status - The Plan constitutes a qualified plan, exempt from income taxes under Puerto Rico income tax laws. The Plan has received a determination letter on June 26, 2012 from the Puerto Rico Treasury Department stating the Plan is in compliance with the provisions of the Internal Revenue Code for a New Puerto Rico (Code) and the Internal Revenue Circular Letter Number 11-10 of December 16, 2011.

The Plan believes that all significant tax positions utilized by the Plan will more likely than not be sustained upon examination. As of December 31, 2013, the tax years that remain subject to examination by the major tax jurisdictions under the statute of limitations are from the year 2010 forward (with limited exceptions). Tax penalties and interest, if any, would be accrued as incurred and would be classified as tax expense in the statement of changes in net assets available for plan benefits.

Subsequent Events - The Plan has evaluated subsequent events through October 10, 2014, the date the financial statements were available to be issued. No subsequent events occurred, which require adjustment or disclosure to the financial statements at December 31, 2013.

NOTE B PLAN DESCRIPTION

The following description of the Plan provides only general information about the Plan. Participants should refer to the Plan document for a more complete description of the Plan's provisions.

Participation - An employee is eligible to become a participant in the Plan upon completing one year of service and having attained the age of 18. Entry date is the first day of the month after attaining eligibility.

Contributions - Participants may elect to make contributions on a pre-tax basis not to exceed $15,000, as prescribed by Puerto Rico tax laws. Participants who have attained age 50 before the end of the Plan year are eligible to make a pre-tax catch-up contribution up to $1,500. Contributions are made through authorized payroll reductions. Employer matching is 100% of employee contributions up to 2% of the participant's eligible compensation, excluding bonuses.

Each participant account is credited with the participant's contribution, the Company's contributions, and a pro rata share of the earnings of each fund in which the participant has invested.

Vesting - Participants are immediately vested in their pre-tax contributions plus actual earnings thereon. Employer matching contributions and related earnings vest as follows:

Full Years of Vesting Service	Vested Interest
Under 2 years	0%
2 years	20%
3 years	40%
4 years	60%
5 years	80%
6 years	100%

Form of Benefits - Benefit payments are made in lump sum distributions. Early voluntary withdrawals may be made due to financial hardship with the approval of the Plan Sponsor. Benefits are recorded when paid.

Participant Loans - The Plan does not currently allow for participant loans.

Investments - Each participant directs the investment of their account into any of the investment options designated by the Plan Administrator.

Forfeitures - Forfeitures of account balances not fully vested are used to reduce future employer matching contributions. Forfeitures available to reduce future employer matching contributions at December 31, 2013 amounted to $3,503.

NOTE B PLAN DESCRIPTION (CONTINUED)

Administration - The Company, as the Plan Administrator, may, at its discretion, pay the Plan's administrative expenses. Any Plan expenses not paid by the Company will be paid by the Plan. Substantially all Plan expenses were paid by the Company for 2013.

Plan Termination - Although the Company has not made a determination to terminate the Plan, the Company has the right under the Plan to terminate the Plan subject to provisions set forth in ERISA. Upon termination, all participants would become fully vested in their accrued benefits as of the date of termination.

NOTE C INVESTMENTS AND CERTIFIED INFORMATION

Investments at December 31, 2013 and 2012 are recorded at fair value as certified by Banco Popular de Puerto Rico, trustee, as follows:

	2013	2012

Banco Popular Deposit Open Account Variable Rate Fund	$ 468,840	$ 489,605
Other Smaller Individual Investments:		
Interest bearing cash	595	-
Registered Investment Companies	105,350	56,601
	$ 574,785	$ 546,206

Net investment gain from registered investment companies	$ 12,659
Dividend income from registered investment companies	$ 2,525
Interest income from interest bearing cash	$ 32

Banco Popular de Puerto Rico also certified the information contained in the supplemental schedule of assets (held at end of year).

The Plan's independent auditors did not perform auditing procedures with respect to this information, except for comparing such information to the related information included in the financial statements and supplemental schedule of assets (held at end of year).

NOTE D FAIR VALUE DISCLOSURES

GAAP provides a framework for measuring fair value using a hierarchy that prioritizes the inputs to valuation techniques used to measure fair value based upon whether the inputs to those valuation techniques are observable or unobservable. This hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical financial instruments and the lowest priority to unobservable inputs. Valuation techniques maximize the use of observable inputs and minimize the use of unobservable inputs. The financial instrument's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. These inputs are summarized in the three broad levels listed below:

Level 1 – Unadjusted quoted prices for identical financial instruments in active markets that the Plan has the ability to access.

Level 2 – Other significant observable inputs (including quoted prices in active or inactive markets for similar financial instruments), or other inputs that are observable or can be corroborated by observable market data for substantially the full term of the financial instruments.

Level 3 – Unobservable inputs that are supported by little or no market activity and that are significant to the fair value of the financial instruments. The fair value of Level 3 financial instruments is determined using pricing models, discounted cash flow methodologies, or similar techniques, as well as instruments for which the determination of fair value requires significant management judgment or estimation.

Following is a description of the valuation technique used for investments measured at fair value. There have been no changes in the technique used during 2013 and 2012.

> Registered investment companies and interest-bearing cash are valued at the net asset value of shares held by the Plan at year end.

The preceding method described may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation technique is appropriate and consistent with other market participants, the use of different techniques or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The fair values of investments are categorized as follows at December 31, 2013 and 2012:

	2013			
	Level 1	Level 2	Level 3	Total
Interest Bearing Cash	$ 469,435	$ -	$ -	$ 469,435
Registered Investment Companies:

Fixed Income Fund	12,119	-	-	12,119
Total Investments at Fair Value	$ 574,785	$ -	$ -	$ 574,785

NOTE D FAIR VALUE DISCLOSURES (CONTINUED)

	2012			
	Level 1	Level 2	Level 3	Total

Fixed Income Fund	12,112	-	-	12,112
Total Investments at Fair Value	$ 546,206	$ -	$ -	$ 546,206

There were no significant transfers in and/or out of the fair value categories during 2013 and 2012.

NOTE E PARTY-IN-INTEREST

The Plan invests in various funds offered by Federated Investors, Inc. These investments are considered party-in-interest transactions because Federated Investors, Inc. serves as the investment advisor to the Plan. The Plan Administrator has approved of these investment options.

NOTE F PROHIBITED TRANSACTIONS

During 2012, certain employee contributions totaling $3,112 were not timely remitted by the Company to the Plan as required by ERISA. Because the Company was delinquent in forwarding participant contributions and held them commingled with its general assets, the Company engaged in nonexempt prohibited transactions under ERISA Section 406. In June 2012, the Company corrected the delinquent contributions totaling $3,112 by filing under the Department of Labor's Voluntary Fiduciary Correction program.

NOTE G EXCESS CONTRIBUTIONS PAYABLE

The Plan failed to pass the Average Deferral Percentage (ADP) Test and the Actual Contribution Percentage (ACP) Test for the year ended December 31, 2012. The accompanying statements of net assets available for plan benefits includes $2,921 as of December 31, 2012 in excess contributions payable to participants related to this issue.
