BARE ESCENTUALS 401(k) PLAN

NOTES TO FINANCIAL STATEMENTS

December 31, 2013

NOTE 1 – DESCRIPTION OF THE PLAN

The following description of the BARE ESCENTUALS 401(k) PLAN (the “Plan”) provides only general information. Participants should refer to the Plan agreement for a more complete description of the Plan’s provisions.

General – The Plan was established on January 1, 2006 to provide retirement benefits for employees of STB Beauty, Inc. dba Bare Escentuals (the “Company”). The Plan is a defined contribution plan covering all eligible employees who have completed of one year of service, have attained twenty one years of age and are not non-resident aliens or members of a collective bargaining agreement. Prior to January 1, 2013, employees were immediately eligible to participate in the Plan if they had attained twenty one years of age and were not non-resident aliens or members of a collective bargaining agreement. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (“ERISA”) and certain provisions of the Internal Revenue Code (the “IRC”). The Retirement Committee is responsible for oversight of the Plan and determines the appropriateness of the Plan’s investment offerings and monitors investment performance.

The Plan provides for a Plan administrator who is responsible for keeping accurate and complete records with regard to the Plan’s operations, informing participants of changes or amendments to the Plan, ensuring that the Plan conforms to the law and government regulations, and providing participants with any reports and documents required by law.

Participant Contributions – Effective January 1, 2013, participants may voluntarily contribute up to 90% of their annual compensation, with maximum contributions of \$17,500 for 2013. Additionally, participants, who have attained fifty years of age before the end of the Plan year, are eligible to make catch up contributions up to \$5,500 for 2013. Participants may also contribute rollover amounts representing distributions from other qualified defined benefit or defined contribution plans.

Employer Contributions – Effective January 1, 2013, the Company adopted a safe-harbor provision for employer matching contributions. For the year ended December 31, 2013, the Company made safe-harbor employer matching contributions to the Plan equal to 100% of the first 3% of each participant’s eligible compensation and 50% of the next 2% of each participant’s eligible compensation. The Secretary of the Treasury limits the amount of compensation that may be taken into account each Plan year.

Participant Accounts – The Plan maintains an account for each participant, which is credited with the participant’s contributions and employer matching contributions and allocations of Plan investment earnings or losses and expenses. Allocations are based on participant compensation or account balances, as defined by the Plan agreement. The benefit to which a participant is entitled is the benefit that may be provided from the participant’s vested account.

NOTE 1 – DESCRIPTION OF THE PLAN (Continued)

Vesting – Participants are immediately vested in their voluntary contributions, safe-harbor employer match contributions (effective January 1, 2013) and rollover contributions plus actual earnings thereon. Prior to January 1, 2013, for participants terminated prior to January 1, 2008, vesting in the Company's discretionary matching contributions and earnings thereon is based on the following schedule:

<u>Years of Service</u>	<u>Vested Percentage</u>
Less than 1	0%
1	20%
2	40%
3	60%
4	80%
5 or more	100%

For participants terminated on or after January 1, 2008, vesting in the Company's discretionary matching contributions and earnings thereon is based on the following schedule:

<u>Years of Service</u>	<u>Vested Percentage</u>
Less than 1	0%
1	33%
2	67%
3 or more	100%

Investment Options – Upon enrollment in the Plan, a participant may direct the investment of his or her account balance into various funds available through the Plan.

Notes Receivable from Participants – Participants may borrow from their vested account balances provided they meet the Plan's eligibility requirements. The minimum loan amount is \$1,000 and the maximum amount is the lesser of one-half of the participant's vested account balance or \$50,000. The duration of the loan is not to exceed five years, except for loans used to finance the purchase of a primary residence. Interest rates are based on the prime rate as listed in the Wall Street Journal Money Rate Table and remain fixed throughout the life of the loan. Principal and interest are paid ratably through payroll deductions and loans are due immediately upon termination of employment. The interest rate on all loans outstanding at December 31, 2013 is 3.25% and the loan maturity dates range from January 2014 to March 2022.

NOTE 1 – DESCRIPTION OF THE PLAN (Continued)

Payment of Benefits – Upon termination of service, death, disability or retirement, a participant may elect to receive a distribution in (a) a lump-sum payment, (b) installment payments, or (c) partial withdrawals of at least \$1,000. If a terminated participant's account balance is between \$1,000 and \$5,000, and no instructions have been received from such participant, the amount will be rolled over to an individual retirement account as designated by the Plan administrator. Vested account balances of less than \$1,000 are automatically cashed out as a single lump-sum distribution. A participant may also elect to receive a pre-retirement distribution if the participant is 100% vested in the amount being distributed and has reached 59½ years of age. Benefit payments to the participant generally must begin by the later of the year after the participant attains age 70½ or the year in which the participant terminates employment.

Forfeited Accounts – A participant's non-vested account may be forfeited upon severance of employment. As of December 31, 2013 and 2012, forfeited non-vested accounts amounted to \$113,083 and \$74,153, respectively. Forfeitures may be used to restore non-vested accounts of employees who are rehired, to pay Plan fees, and/or to reduce Company contributions to the Plan. For the year ended December 31, 2013, forfeitures of \$46,751 were used to pay Plan fees.

NOTE 2 – SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Basis of Accounting – The Plan's financial statements are prepared on the accrual basis of accounting, in conformity with accounting principles generally accepted in the United States of America.

As described in the Financial Accounting Standards Board ("FASB") Accounting Standards Codification ("ASC") *Plan Accounting – Defined Contribution Pension Plans* topic, investment contracts held by a defined contribution plan are required to be reported at fair value. However, contract value is the relevant measurement attribute for that portion of the net assets available for benefits of a defined contribution plan attributable to fully benefit-responsive investment contracts because contract value is the amount participants would receive if they were to initiate permitted transactions under the terms of the plan. The Plan invests in fully benefit-responsive investment contracts through a common collective trust fund. As required by the FASB ASC *Plan Accounting-Defined Contribution Pension Plans* topic, the Statements of Net Assets Available for Benefits present the fair value of the collective trust fund at year-end, as well as the adjustment of the investment in the collective trust fund from fair value to contract value relating to the investment contracts. The Statement of Changes in Net Assets Available for Benefits is prepared on a contract value basis.

BARE ESCENTUALS 401(k) PLAN

NOTES TO FINANCIAL STATEMENTS

December 31, 2013

NOTE 2 – SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)

Use of Estimates – The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amount of assets and liabilities and disclosure of contingent assets and liabilities at the date of the financial statements and the reported amounts of changes in net assets available for benefits during the reporting period. Actual results may differ from those estimates.

Investment Valuation and Income Recognition – Investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The Plan retirement committee determines the Plan's valuation policies utilizing information provided by the investment advisors and the trustee. See Note 3 for discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation in fair value of investments includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Notes Receivable From Participants – Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Interest income is recorded on the accrual basis. Related fees are recorded as administrative expenses and are charged to administrative expenses when they are incurred. No allowance for credit losses has been recorded as of December 31, 2013 or 2012. If a participant ceases to make loan repayments and the plan administrator deems the participant loan to be in default, the participant loan balance is reduced and a benefit payment is recorded.

Excess Contributions Payable – Amounts payable to participants for contributions in excess of amounts allowed by the Internal Revenue Service ("IRS") are recorded as a liability with a corresponding reduction to contributions. The Plan distributed the 2012 excess contributions to the applicable participants prior to March 15, 2013.

Payments of Benefits – Benefits are recorded when paid.

Expenses – Certain expenses of maintaining the Plan are paid directly by the Company and are excluded from these financial statements. Fees related to the administration of notes receivable from participants and distributions are charged directly to the participant's account and are included in administrative expenses. Investment related expenses are included in net appreciation of fair value of investments.

NOTE 3 – FAIR VALUE MEASUREMENTS

The FASB ASC *Fair Value Measurements and Disclosures* topic defines fair value and establishes a framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1) and the lowest priority to unobservable inputs (Level 3). The three levels of the fair value hierarchy are described as follows:

Level 1: Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2: Inputs to the valuation methodology include:

- quoted prices for similar assets or liabilities in active markets;
- quoted prices for identical or similar assets or liabilities in inactive markets;
- inputs other than quoted prices that are observable for the asset or liability;
- inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3: Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques maximize the use of relevant observable inputs and minimize the use of unobservable inputs.

NOTES TO FINANCIAL STATEMENTS

NOTE 3 – FAIR VALUE MEASUREMENTS (Continued)

Following is a description of the Plan's valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2013 and 2012.

Mutual Funds: Valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are open-end mutual funds that are registered with the Securities and Exchange Commission. These funds are required to publish their daily net asset value ("NAV") and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.

Common Collective Trust Fund: Valued at the NAV of units of a bank collective trust. The NAV, as provided by the trustee, is used as a practical expedient to estimate fair value. The NAV is based on the fair value of the underlying investments held by the fund less its liabilities. This practical expedient is not used when it is determined to be probable that the fund will sell the investment for an amount different than the reported NAV. Participant transactions (purchases and sales) may occur daily. Were the Plan to initiate a full redemption of the collective trust, the investment adviser reserves the right to temporarily delay withdrawal from the trust in order to ensure that securities liquidations will be carried out in an orderly business manner (see Note 5).

The preceding methods described may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan's management believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

NOTE 4 – INFORMATION CERTIFIED BY THE TRUSTEE OF THE PLAN

The plan administrator has elected the method of compliance as permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, Fidelity Management Trust Company ("Fidelity"), the trustee, has certified to the completeness and accuracy of all investments and notes receivable from participants reflected on the accompanying statements of net assets available for benefits as of December 31, 2013 and 2012, and the related notes to the financial statements, the supplemental Schedule H, line 4i: Schedule of Assets (Held at End of Year) as of December 31, 2013, and the related investment and notes receivable from participants activity reflected in the statement of changes in net assets available for benefits for the year ended December 31, 2013. All investments are in participant-directed funds. Fidelity maintains the contributions in separate accounts, which are invested in various fund options as directed by each participant (see Note 1). The accounts are credited with actual earnings, contributions and unrealized appreciation or depreciation on the investments and charged for Plan withdrawals and miscellaneous expenses.

The following is a summary of the certified asset information prepared by the trustee, furnished to the plan administrator and included in the Plan's financial statements as of December 31, 2013 and 2012 and supplemental schedule. Assets representing greater than 5% of net assets are individually identified.

NOTE 5 – INVESTMENT CONTRACT

The Plan holds a beneficial ownership of the Union Bond & Trust Company Morley Stable Value Fund (the "Morley Fund") which invests in conventional guaranteed investment contracts (GICs) issued by insurance companies and synthetic investment contracts or wrap contracts issued by insurance companies or banks.

Except in the case of unusual market conditions, as defined below, withdrawals from the Morley Fund will be settled on a next business day to satisfy benefit payments, including participant loans, and to permit investment elections by participants. In the case of unusual market conditions, withdrawals for the purposes described above will be paid not later than 30 days following Union Bond & Trust Company's ("UBT") receipt of notice of the withdrawal. Withdrawals for all other purposes will be paid within one year of UBT's receipt of notice of such withdrawal. As used herein, unusual market conditions mean periods during which the Morley Fund experiences an extraordinary amount of withdrawal activity exceeding its immediately available liquid assets or periods during which volatile conditions in financial markets make it necessary, in UBT's judgment, to delay payments in order to ensure, to the extent possible, equitable treatment for all unit holders in the Morley Fund.

As described in Note 2, because investments in the Morley Fund are fully benefit-responsive, contract value is the relevant measurement attribute for that portion of the net assets available for benefits attributable to the fund. Contract value represents contributions made under the contract, plus earnings, less participant withdrawals and administrative expenses. Participants can ordinarily direct the withdrawal or transfer of all or a portion of their investment at contract value.

BARE ESCENTUALS 401(k) PLAN

NOTES TO FINANCIAL STATEMENTS

December 31, 2013

NOTE 6 – TAX STATUS

Effective April 1, 2011, the Plan adopted the Fidelity prototype plan, which received a favorable opinion letter from the IRS on March 31, 2008 stating that the prototype plan is designed in accordance with the applicable sections of the IRC. The Plan has not filed for a separate determination letter; however, the Plan administrator believes that the Plan is designed and is currently being operated in compliance with the applicable requirements of the IRC. Accordingly, no provision for federal or state income taxes is reflected in the Plan's financial statements.

Accounting principles generally accepted in the United States of America require plan management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS. The plan administrator has analyzed the tax positions taken by the Plan, and has concluded that as of December 31, 2013, there are no uncertain positions taken or expected to be taken that would require recognition of a liability (or asset) or disclosure in the financial statements. The Plan administrator believes it is no longer subject to income tax examinations for years prior to 2011.

NOTE 7 – PLAN TERMINATION

The Company has established the Plan with the expressed intention and expectation that it will continue the Plan. However, if circumstances make it impossible or inadvisable to continue the Plan, the Company reserves the right to terminate it at any time subject to the provisions of ERISA. In the event of Plan termination, participants will become 100% vested in their accounts. Benefits will be held in the trust fund which will remain in existence until the Company requests the discontinuance of the trust agreement.

NOTE 8 – RISKS AND UNCERTAINTIES

The Plan provides for various investment options in any combination from among the funds offered through the Plan. Investment securities are exposed to various risks, such as interest rate, market and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in investment value in the near term would materially affect participants' account balances and the amounts reported in the Statements of Net Assets Available for Benefits and in the Statement of Changes in Net Assets Available for Benefits.

BARE ESCENTUALS 401(k) PLAN

NOTES TO FINANCIAL STATEMENTS

December 31, 2013

NOTE 9 – EXCESS CONTRIBUTIONS PAYABLE

The Plan failed certain IRS non-discrimination tests for the year ended December 31, 2012, and as a result, was required to refund excess contributions. Excess employee contributions amounting to \$303,956 were recorded as a liability in the accompanying Statements of Net Assets Available for Benefits as a reduction of participant contributions in 2012. The Plan refunded these excess contributions to affected participants in 2013. Excess employer contributions amounting to \$90,777 for the year ended December 31, 2012, were forfeited from affected participants in 2013.

NOTE 10 – PARTY-IN-INTEREST TRANSACTIONS

Certain Plan investments are shares in mutual funds managed by Fidelity. Fidelity is the trustee, as defined by the Plan and, therefore, these transactions qualify as party-in-interest transactions. Fees incurred by the Plan for the investment management services are netted against the net appreciation in fair value of investments, as they are paid through revenue sharing, rather than a direct payment. As described in Note 1, the Plan made a direct payment to third party administrators of \$46,751 which was not covered by revenue sharing. The Plan sponsor pays directly any other fees related to the Plan's operations.

NOTE 11 – SUBSEQUENT EVENTS

The Plan has evaluated subsequent events through October 10, 2014, the date the financial statements were available to be issued.

BARE ESCENTUALS 401(k) PLAN

NOTES TO FINANCIAL STATEMENTS

December 31, 2013

NOTE 1 – DESCRIPTION OF THE PLAN

The following description of the BARE ESCENTUALS 401(k) PLAN (the “Plan”) provides only general information. Participants should refer to the Plan agreement for a more complete description of the Plan’s provisions.

General – The Plan was established on January 1, 2006 to provide retirement benefits for employees of STB Beauty, Inc. dba Bare Escentuals (the “Company”). The Plan is a defined contribution plan covering all eligible employees who have completed of one year of service, have attained twenty one years of age and are not non-resident aliens or members of a collective bargaining agreement. Prior to January 1, 2013, employees were immediately eligible to participate in the Plan if they had attained twenty one years of age and were not non-resident aliens or members of a collective bargaining agreement. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (“ERISA”) and certain provisions of the Internal Revenue Code (the “IRC”). The Retirement Committee is responsible for oversight of the Plan and determines the appropriateness of the Plan’s investment offerings and monitors investment performance.

The Plan provides for a Plan administrator who is responsible for keeping accurate and complete records with regard to the Plan’s operations, informing participants of changes or amendments to the Plan, ensuring that the Plan conforms to the law and government regulations, and providing participants with any reports and documents required by law.

Participant Contributions – Effective January 1, 2013, participants may voluntarily contribute up to 90% of their annual compensation, with maximum contributions of \$17,500 for 2013. Additionally, participants, who have attained fifty years of age before the end of the Plan year, are eligible to make catch up contributions up to \$5,500 for 2013. Participants may also contribute rollover amounts representing distributions from other qualified defined benefit or defined contribution plans.

Employer Contributions – Effective January 1, 2013, the Company adopted a safe-harbor provision for employer matching contributions. For the year ended December 31, 2013, the Company made safe-harbor employer matching contributions to the Plan equal to 100% of the first 3% of each participant’s eligible compensation and 50% of the next 2% of each participant’s eligible compensation. The Secretary of the Treasury limits the amount of compensation that may be taken into account each Plan year.

Participant Accounts – The Plan maintains an account for each participant, which is credited with the participant’s contributions and employer matching contributions and allocations of Plan investment earnings or losses and expenses. Allocations are based on participant compensation or account balances, as defined by the Plan agreement. The benefit to which a participant is entitled is the benefit that may be provided from the participant’s vested account.

NOTES TO FINANCIAL STATEMENTS

December 31, 2013

NOTE 1 – DESCRIPTION OF THE PLAN (Continued)

Vesting – Participants are immediately vested in their voluntary contributions, safe-harbor employer match contributions (effective January 1, 2013) and rollover contributions plus actual earnings thereon. Prior to January 1, 2013, for participants terminated prior to January 1, 2008, vesting in the Company's discretionary matching contributions and earnings thereon is based on the following schedule:

<u>Years of Service</u>	<u>Vested Percentage</u>
Less than 1	0%
1	20%
2	40%
3	60%
4	80%
5 or more	100%

For participants terminated on or after January 1, 2008, vesting in the Company's discretionary matching contributions and earnings thereon is based on the following schedule:

<u>Years of Service</u>	<u>Vested Percentage</u>
Less than 1	0%
1	33%
2	67%
3 or more	100%

Investment Options – Upon enrollment in the Plan, a participant may direct the investment of his or her account balance into various funds available through the Plan.

Notes Receivable from Participants – Participants may borrow from their vested account balances provided they meet the Plan's eligibility requirements. The minimum loan amount is \$1,000 and the maximum amount is the lesser of one-half of the participant's vested account balance or \$50,000. The duration of the loan is not to exceed five years, except for loans used to finance the purchase of a primary residence. Interest rates are based on the prime rate as listed in the Wall Street Journal Money Rate Table and remain fixed throughout the life of the loan. Principal and interest are paid ratably through payroll deductions and loans are due immediately upon termination of employment. The interest rate on all loans outstanding at December 31, 2013 is 3.25% and the loan maturity dates range from January 2014 to March 2022.

NOTES TO FINANCIAL STATEMENTS

NOTE 1 – DESCRIPTION OF THE PLAN (Continued)

Payment of Benefits – Upon termination of service, death, disability or retirement, a participant may elect to receive a distribution in (a) a lump-sum payment, (b) installment payments, or (c) partial withdrawals of at least \$1,000. If a terminated participant's account balance is between \$1,000 and \$5,000, and no instructions have been received from such participant, the amount will be rolled over to an individual retirement account as designated by the Plan administrator. Vested account balances of less than \$1,000 are automatically cashed out as a single lump-sum distribution. A participant may also elect to receive a pre-retirement distribution if the participant is 100% vested in the amount being distributed and has reached 59½ years of age. Benefit payments to the participant generally must begin by the later of the year after the participant attains age 70½ or the year in which the participant terminates employment.

Forfeited Accounts – A participant's non-vested account may be forfeited upon severance of employment. As of December 31, 2013 and 2012, forfeited non-vested accounts amounted to \$113,083 and \$74,153, respectively. Forfeitures may be used to restore non-vested accounts of employees who are rehired, to pay Plan fees, and/or to reduce Company contributions to the Plan. For the year ended December 31, 2013, forfeitures of \$46,751 were used to pay Plan fees.

NOTE 2 – SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Basis of Accounting – The Plan's financial statements are prepared on the accrual basis of accounting, in conformity with accounting principles generally accepted in the United States of America.

As described in the Financial Accounting Standards Board ("FASB") Accounting Standards Codification ("ASC") *Plan Accounting – Defined Contribution Pension Plans* topic, investment contracts held by a defined contribution plan are required to be reported at fair value. However, contract value is the relevant measurement attribute for that portion of the net assets available for benefits of a defined contribution plan attributable to fully benefit-responsive investment contracts because contract value is the amount participants would receive if they were to initiate permitted transactions under the terms of the plan. The Plan invests in fully benefit-responsive investment contracts through a common collective trust fund. As required by the FASB ASC *Plan Accounting-Defined Contribution Pension Plans* topic, the Statements of Net Assets Available for Benefits present the fair value of the collective trust fund at year-end, as well as the adjustment of the investment in the collective trust fund from fair value to contract value relating to the investment contracts. The Statement of Changes in Net Assets Available for Benefits is prepared on a contract value basis.

BARE ESCENTUALS 401(k) PLAN

NOTES TO FINANCIAL STATEMENTS

December 31, 2013

NOTE 2 – SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)

Use of Estimates – The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amount of assets and liabilities and disclosure of contingent assets and liabilities at the date of the financial statements and the reported amounts of changes in net assets available for benefits during the reporting period. Actual results may differ from those estimates.

Investment Valuation and Income Recognition – Investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The Plan retirement committee determines the Plan's valuation policies utilizing information provided by the investment advisors and the trustee. See Note 3 for discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation in fair value of investments includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Notes Receivable From Participants – Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Interest income is recorded on the accrual basis. Related fees are recorded as administrative expenses and are charged to administrative expenses when they are incurred. No allowance for credit losses has been recorded as of December 31, 2013 or 2012. If a participant ceases to make loan repayments and the plan administrator deems the participant loan to be in default, the participant loan balance is reduced and a benefit payment is recorded.

Excess Contributions Payable – Amounts payable to participants for contributions in excess of amounts allowed by the Internal Revenue Service ("IRS") are recorded as a liability with a corresponding reduction to contributions. The Plan distributed the 2012 excess contributions to the applicable participants prior to March 15, 2013.

Payments of Benefits – Benefits are recorded when paid.

Expenses – Certain expenses of maintaining the Plan are paid directly by the Company and are excluded from these financial statements. Fees related to the administration of notes receivable from participants and distributions are charged directly to the participant's account and are included in administrative expenses. Investment related expenses are included in net appreciation of fair value of investments.

NOTE 3 – FAIR VALUE MEASUREMENTS

The FASB ASC *Fair Value Measurements and Disclosures* topic defines fair value and establishes a framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1) and the lowest priority to unobservable inputs (Level 3). The three levels of the fair value hierarchy are described as follows:

Level 1: Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2: Inputs to the valuation methodology include:

- quoted prices for similar assets or liabilities in active markets;
- quoted prices for identical or similar assets or liabilities in inactive markets;
- inputs other than quoted prices that are observable for the asset or liability;
- inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3: Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques maximize the use of relevant observable inputs and minimize the use of unobservable inputs.

NOTES TO FINANCIAL STATEMENTS

December 31, 2013

NOTE 3 – FAIR VALUE MEASUREMENTS (Continued)

Following is a description of the Plan's valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2013 and 2012.

Mutual Funds: Valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are open-end mutual funds that are registered with the Securities and Exchange Commission. These funds are required to publish their daily net asset value ("NAV") and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.

Common Collective Trust Fund: Valued at the NAV of units of a bank collective trust. The NAV, as provided by the trustee, is used as a practical expedient to estimate fair value. The NAV is based on the fair value of the underlying investments held by the fund less its liabilities. This practical expedient is not used when it is determined to be probable that the fund will sell the investment for an amount different than the reported NAV. Participant transactions (purchases and sales) may occur daily. Were the Plan to initiate a full redemption of the collective trust, the investment adviser reserves the right to temporarily delay withdrawal from the trust in order to ensure that securities liquidations will be carried out in an orderly business manner (see Note 5).

The preceding methods described may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan's management believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

NOTE 4 – INFORMATION CERTIFIED BY THE TRUSTEE OF THE PLAN

The plan administrator has elected the method of compliance as permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, Fidelity Management Trust Company ("Fidelity"), the trustee, has certified to the completeness and accuracy of all investments and notes receivable from participants reflected on the accompanying statements of net assets available for benefits as of December 31, 2013 and 2012, and the related notes to the financial statements, the supplemental Schedule H, line 4i: Schedule of Assets (Held at End of Year) as of December 31, 2013, and the related investment and notes receivable from participants activity reflected in the statement of changes in net assets available for benefits for the year ended December 31, 2013. All investments are in participant-directed funds. Fidelity maintains the contributions in separate accounts, which are invested in various fund options as directed by each participant (see Note 1). The accounts are credited with actual earnings, contributions and unrealized appreciation or depreciation on the investments and charged for Plan withdrawals and miscellaneous expenses.

The following is a summary of the certified asset information prepared by the trustee, furnished to the plan administrator and included in the Plan's financial statements as of December 31, 2013 and 2012 and supplemental schedule. NOTE 5 – INVESTMENT CONTRACT

The Plan holds a beneficial ownership of the Union Bond & Trust Company Morley Stable Value Fund (the "Morley Fund") which invests in conventional guaranteed investment contracts (GICs) issued by insurance companies and synthetic investment contracts or wrap contracts issued by insurance companies or banks.

Except in the case of unusual market conditions, as defined below, withdrawals from the Morley Fund will be settled on a next business day to satisfy benefit payments, including participant loans, and to permit investment elections by participants. In the case of unusual market conditions, withdrawals for the purposes described above will be paid not later than 30 days following Union Bond & Trust Company's ("UBT") receipt of notice of the withdrawal. Withdrawals for all other purposes will be paid within one year of UBT's receipt of notice of such withdrawal. As used herein, unusual market conditions mean periods during which the Morley Fund experiences an extraordinary amount of withdrawal activity exceeding its immediately available liquid assets or periods during which volatile conditions in financial markets make it necessary, in UBT's judgment, to delay payments in order to ensure, to the extent possible, equitable treatment for all unit holders in the Morley Fund.

As described in Note 2, because investments in the Morley Fund are fully benefit-responsive, contract value is the relevant measurement attribute for that portion of the net assets available for benefits attributable to the fund. Contract value represents contributions made under the contract, plus earnings, less participant withdrawals and administrative expenses. Participants can ordinarily direct the withdrawal or transfer of all or a portion of their investment at contract value.

BARE ESCENTUALS 401(k) PLAN

NOTES TO FINANCIAL STATEMENTS

December 31, 2013

NOTE 6 – TAX STATUS

Effective April 1, 2011, the Plan adopted the Fidelity prototype plan, which received a favorable opinion letter from the IRS on March 31, 2008 stating that the prototype plan is designed in accordance with the applicable sections of the IRC. The Plan has not filed for a separate determination letter; however, the Plan administrator believes that the Plan is designed and is currently being operated in compliance with the applicable requirements of the IRC. Accordingly, no provision for federal or state income taxes is reflected in the Plan's financial statements.

Accounting principles generally accepted in the United States of America require plan management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS. The plan administrator has analyzed the tax positions taken by the Plan, and has concluded that as of December 31, 2013, there are no uncertain positions taken or expected to be taken that would require recognition of a liability (or asset) or disclosure in the financial statements. The Plan administrator believes it is no longer subject to income tax examinations for years prior to 2011.

NOTE 7 – PLAN TERMINATION

The Company has established the Plan with the expressed intention and expectation that it will continue the Plan. However, if circumstances make it impossible or inadvisable to continue the Plan, the Company reserves the right to terminate it at any time subject to the provisions of ERISA. In the event of Plan termination, participants will become 100% vested in their accounts. Benefits will be held in the trust fund which will remain in existence until the Company requests the discontinuance of the trust agreement.

NOTE 8 – RISKS AND UNCERTAINTIES

The Plan provides for various investment options in any combination from among the funds offered through the Plan. Investment securities are exposed to various risks, such as interest rate, market and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in investment value in the near term would materially affect participants' account balances and the amounts reported in the Statements of Net Assets Available for Benefits and in the Statement of Changes in Net Assets Available for Benefits.

BARE ESCENTUALS 401(k) PLAN

NOTES TO FINANCIAL STATEMENTS

December 31, 2013

NOTE 9 – EXCESS CONTRIBUTIONS PAYABLE

The Plan failed certain IRS non-discrimination tests for the year ended December 31, 2012, and as a result, was required to refund excess contributions. Excess employee contributions amounting to \$303,956 were recorded as a liability in the accompanying Statements of Net Assets Available for Benefits as a reduction of participant contributions in 2012. The Plan refunded these excess contributions to affected participants in 2013. Excess employer contributions amounting to \$90,777 for the year ended December 31, 2012, were forfeited from affected participants in 2013.

NOTE 10 – PARTY-IN-INTEREST TRANSACTIONS

Certain Plan investments are shares in mutual funds managed by Fidelity. Fidelity is the trustee, as defined by the Plan and, therefore, these transactions qualify as party-in-interest transactions. Fees incurred by the Plan for the investment management services are netted against the net appreciation in fair value of investments, as they are paid through revenue sharing, rather than a direct payment. As described in Note 1, the Plan made a direct payment to third party administrators of \$46,751 which was not covered by revenue sharing. The Plan sponsor pays directly any other fees related to the Plan's operations.

NOTE 11 – SUBSEQUENT EVENTS

The Plan has evaluated subsequent events through October 10, 2014, the date the financial statements were available to be issued.
