NOTE 1: DESCRIPTION OF THE PLAN

The following description of the Chancellor Health Partners, Inc. 401(k) Plan (the Plan) provides only general information. Participants should refer to the Plan agreement for a more complete description of the Plan's provisions.

General

The Plan is a safe harbor defined contribution plan that was adopted as of January 1, 2013, by Chancellor Health Partners, Inc. (the Company, the Plan Administrator and the Plan Sponsor) for the benefit of its employees. The Plan's third party administrator is Pentegra, Inc. (Pentegra). Effective January 1, 2013, the Plan adopted a volume submitter defined contribution plan document provided by Advanced Pension Solutions, Inc. (an entity now owned by Pentegra). The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA), as amended.

Eligibility

All full-time employees (except for union employees, nonresident alien employees, or leased employees) who have attained the age of twenty-one and completed one year of service are eligible to participate in the Plan. Employees may participate in the Plan on the first day of the quarter following satisfaction of the eligibility conditions.

Contributions

Participants may contribute up to 100% of their annual compensation, including bonuses, through salary deductions up to the statutory limit as permitted by the Internal Revenue Code of 1986, as amended. Participants aged fifty years or over are allowed to make catch-up contributions as permitted by tax regulations. Participants may also make rollover contributions of amounts representing distributions from other qualified retirement plans.

Under the Plan, the Company matches employee contributions equal to 100% of the first 3% and 50% of the next 2% of employee compensation. The Company may also contribute a discretionary amount to be allocated proportionately to each participant's account. The Company made matching contributions totaling \$52,890 for the year ended December 31, 2013. There were no discretionary contributions for the year ended December 31, 2013.

Participants direct the investment of their contributions and employer contributions into various investment options offered by the Plan.

Chancellor Health Partners, Inc. 401(k) Plan Notes to Financial Statements

NOTE 1: DESCRIPTION OF THE PLAN (CONTINUED)

Participant Accounts

Each participant's account is credited with the participant's contribution and the Company's matching contribution, as defined above. Allocation of the Company's discretionary contributions and plan earnings are based on participant earnings or account balances, as defined by the Plan. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Vesting

Participants are immediately vested in their voluntary contributions, 401(k) safe harbor contributions, and rollovers plus actual earnings thereon. Vesting in the Company's discretionary contributions, plus earnings, thereon are based on years of continuous service. A participant is vested in these contributions as follows:

Years of Service	Vesting percent
1	20%
2	40%
3	60%
4	80%
5 or more	100%

Payment of Benefits

Upon termination of service and depending on the value of the account, a participant who has a vested interest in his or her account may elect to rollover the account into another qualified plan or receive a single lump-sum payment.

Forfeited Accounts

Forfeitures attributable to employer matching contributions may be used to reduce future employer matching or discretionary contributions or to pay administrative expenses of the Plan. There were no forfeitures for the year ended December 31, 2013.

Hardship Distributions

Hardship withdrawals are allowed subject to the provisions of the Plan and administrative approval; however, participants are prohibited from making elective deferrals and employee contributions until six months after the receipt of the hardship distribution.

Chancellor Health Partners, Inc. 401(k) Plan Notes to Financial Statements

NOTE 1: DESCRIPTION OF THE PLAN (CONTINUED)

Nondiscrimination Testing

Under a safe harbor plan, the discrimination tests that apply to employee deferrals and matching contributions are deemed satisfied and, thus, highly compensated employees may make the maximum allowable deferral of compensation without the need for the Plan to pass the discrimination tests.

Tax Status

The Advanced Pension Solutions, Inc. volume submitter plan has received an advisory letter from the Internal Revenue Service (IRS) stating that the form of the Plan is acceptable under §401 of the Internal Revenue Code (IRC). In accordance with Revenue Procedure 2005-16, the Plan Sponsor has determined that it is eligible to and has chosen to rely on the current IRS advisory letter with respect to the qualification of the Plan. The Plan has been amended since receiving the determination letter. However, the Plan's management believes that the Plan is currently designed and being operated in compliance with the applicable requirements of the IRC, and therefore, the Plan was qualified and the related trust was tax-exempt at December 31, 2013.

The Plan evaluates all significant tax positions as required by generally accepted accounting principles in the United States of America. The Plan Administrator has analyzed the tax positions taken by the Plan, and has concluded that as of December 31, 2013, there are no uncertain tax positions taken or expected to be taken that would require recognition of a liability (or asset) or disclosure in the financial statements. The Plan's tax returns are subject to routine examinations by regulatory authorities and as of December 31, 2013, the return for the year ended December 31, 2013, the first year of the Plan's operation, remains open for examination.

Plan Termination

The Company has the right under the Plan and, subject to the provisions of ERISA, to discontinue its contributions and terminate the Plan at any time. In the event of the Plan's termination, participants will become fully vested in all employer contributions to their accounts.

Chancellor Health Partners, Inc. 401(k) Plan Notes to Financial Statements

NOTE 2: SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Basis of Accounting

The financial statements of the Plan have been prepared on the accrual basis of accounting in conformity with accounting principles generally accepted in the United States of America.

Investment Valuation and Income Recognition

The Plan permits its participants to direct the investment of their account balance under the Plan. The Plan Sponsor entered into a funding agreement with Nationwide Financial Services, Inc. (Nationwide) whereby the participants have the choice of investing in a variety of mutual funds with varying investment objectives and risk.

When contributions are allocated to a mutual fund choice, shares of that fund are purchased by Nationwide and held in a pooled separate account, with the Plan holding accumulation units in the separate account. The separate account is valued at fair value, based on the net asset value of the underlying mutual fund, less any charges for fees or taxes.

Increases or decreases in the market values of the investments are reflected in the statement of changes in net assets available for benefits as net appreciation/depreciation in the fair value of investments. Net appreciation/depreciation also includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Purchases and sales of securities are recorded on a trade-date basis. Investment income is recorded on the accrual basis. Dividends are recorded on the ex-dividend basis.

Payment of Benefits

Benefits are recorded when paid.

Administrative Costs

The Plan pays investment and some other administrative costs while certain other administrative costs of the Plan are absorbed by the Company.

Concentrations of Market and Credit Risk

The financial instruments, which potentially subject the Plan to concentrations of credit risk, are principally investments. The Plan's investments consist primarily of various mutual funds in pooled separate accounts. To reduce concentrations of credit risk, the Plan Administrator has made numerous types of investment choices available to the participants, and the participants themselves make their own choices based upon their appropriate risk level. As a consequence, the Plan Administrator believes that its credit risk exposure is limited.

Chancellor Health Partners, Inc. 401(k) Plan Notes to Financial Statements

NOTE 2: SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

Concentrations of Market and Credit Risk (continued)

However, due to the level of risk associated with certain investment securities and the level of uncertainty related to changes in the value of these investments, it is at least reasonably possible that changes in risks in the near term could materially affect participant account balances and the amounts reported in the financial statements.

Use of Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect certain reported amounts and disclosures. Accordingly, actual results may differ from those estimates.

NOTE 3: FINANCIAL DATA CERTIFIED BY THE PLAN'S CUSTODIAN (UNAUDITED)

The Plan Administrator has elected the method of compliance permitted by 29 CFR 2520.103-8 of the Department of Labor's (DOL) Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, the following investment information was obtained from data that has been prepared and certified as complete and accurate by Nationwide, in accordance with DOL Regulations, and was not subjected to any auditing procedures, except for comparing such information to the amounts included in the Plan's financial statements and supplemental schedule.

The values of investments certified as complete and accurate at December 31, 2013, were pooled separate accounts invested in mutual funds of \$159,682.

Nationwide also certified as complete and accurate, the net appreciation in the fair value of investments of \$6,539 for the year ended December 31, 2013.

The following presents the value of investments that represent five percent or more of the Plan's net assets at December 31, 2013:

Pooled separate accounts invested in mutual funds:

Vanguard Target Retirement 2020	\$	38,079
Vanguard Target Retirement 2025	\$	8,824
Vanguard Target Retirement 2030	\$	33,800
Vanguard Target Retirement 2035	\$	41,170
Vanguard Target Retirement 2040	\$	12,089
Vanguard Target Retirement 2045	\$	13,524

Chancellor Health Partners, Inc. 401(k) Plan Notes to Financial Statements

NOTE 4: FAIR VALUE MEASUREMENTS

Financial Accounting Standards Board (FASB) Accounting Standards Codification (ASC) 820, *Fair Value Measurements* (ASC 820), defines fair value, establishes a framework for measuring fair value and requires additional disclosures about the use of fair value measurements. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1 measurements) and the lowest priority to unobservable inputs (Level 3 measurements).

The three levels of inputs used to measure fair value are as follows:

Level 1 – Inputs to the valuation methodology are quoted prices available in active markets for identical investments as of the reporting date.

Level 2 – Inputs to the valuation methodology are other than quoted prices in active markets, which are observable as of the reporting date. These inputs include quoted prices for similar assets in active markets; quoted prices for identical or similar assets or liabilities in inactive markets; inputs other than quoted prices that are observable for the asset or liability; and inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 – Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs to minimize the use of unobservable inputs.

The following is a description of valuation methodologies used for assets recorded at fair value. There have been no changes in the methodologies used at December 31, 2013.

Pooled separate accounts invested in mutual funds - Valued at the net asset value of the units held by the Plan based on the market value of the underlying investments. The underlying investments consist of mutual funds. The net asset value of the pooled separate accounts is not a publicly-traded price in an active market. All pooled separate accounts are valued using Level 2 inputs.

The preceding methods described may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions could result in a different fair value measurement at the reporting date.

Chancellor Health Partners, Inc. 401(k) Plan Notes to Financial Statements

NOTE 4: FAIR VALUE MEASUREMENTS (CONTINUED)

The following table sets forth by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31, 2013:

December 31, 2013	Level 1	Level 2	Level 3	Total
Pooled Separate Accounts invested in mutual funds:				
Money Market (a)	\$ -	\$ 3,977	\$ -	\$ 3,977
Conservative Allocation (b)	-	1,927	-	\$ 1,927
Target Date 2020 (c)	-	38,079	-	\$ 38,079
Target Date 2025 (c)	-	8,824	-	\$ 8,824
Target Date 2030 (c)	-	33,800	-	\$ 33,800
Target Date 2035 (c)	-	41,170	-	\$ 41,170
Target Date 2040 (c)	-	12,089	-	\$ 12,089
Target Date 2045 (c)	-	13,524	-	\$ 13,524
Target Date 2050 (c)	-	5,777	-	\$ 5,777
Target Date 2060 (c)	-	515	-	\$ 515
	\$ -	\$ 159,682	\$ -	\$ 159,682

All investments are fair valued using the calculated net asset value as a practical expedient.

- (a) This investment seeks as high a level of current income as is consistent with the preservation of capital and the maintenance of liquidity.
- (b) This investment seeks to provide long-term growth of income and a high and sustainable level of current income, along with moderate long-term capital appreciation.
- (c) These investments seek a broad diversification while incrementally decreasing exposure to equities and increasing exposure to bonds as each fund's target retirement date approaches.

These investments allow for daily redemption with no redemption notice required. There are no unfunded commitments or other redemption restrictions.

NOTE 5: PARTY-IN-INTEREST TRANSACTIONS

During the year ended December 31, 2013, Nationwide was the custodian for the Plan and Pentegra was the third party administrator for the Plan. The custodian of the Plan provides investment services to the Plan and also manages and invests contributions and other cash received as directed, records interest and dividend income, and makes distributions to participants. All investments of the Plan were invested in pooled separate accounts of the custodian at December 31, 2013.

Chancellor Health Partners, Inc. 401(k) Plan Notes to Financial Statements

NOTE 5: PARTY-IN-INTEREST TRANSACTIONS (CONTINUED)

In general, the administrative expenses for the Plan are paid from the Plan's assets. From time to time certain expenses of the Plan, including legal and accounting fees, are paid by the Plan Sponsor. In addition, certain services to the Plan by the Plan Sponsor were performed at no charge.

NOTE 6: EMPLOYER CONTRIBUTIONS RECEIVABLE AND COMPLIANCE RELATED

It came to the attention of the Plan Sponsor that the definition of compensation as stated in the Plan document was not consistently applied to deferrals on bonuses. The Plan Sponsor calculated the extent of the error, and the Plan recorded an employer contribution receivable at December 31, 2013, of \$3,432, as the required correction.

NOTE 7: SUBSEQUENT EVENTS

Management has evaluated subsequent events through October 9, 2014, which is the date the financial statements were available to be issued.
