Statement by Enrolled Actuary

To the best of my knowledge, the information supplied in this schedule and accompanying schedules, statements and attachments, if any, is complete and accurate. Each prescribed assumption was applied in accordance with applicable law and regulations. In my opinion, each other assumption is reasonable (taking into account the experience of the plan and reasonable expectations) and such other assumptions, in combination, offer my best estimate of anticipated experience under the plan.

INDEPENDENT AUDITOR'S REPORT

To the Plan Sponsor of the
Crestline Pension Plan:

Report on the Financial Statements

We were engaged to audit the accompanying financial statements of the Crestline Pension Plan (the "Plan"), which comprise the statements of net assets available for benefits as of December 31, 2013 and 2012, and the related statement of changes in net assets available for benefits for the years then ended, and the related notes to the financial statements.

Management's Responsibility for the Financial Statements

Plan management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

Auditor's Responsibility

Our responsibility is to express an opinion on these financial statements based on conducting the audits in accordance with auditing standards generally accepted in the United States of America. Because of the matter described in the Basis for Disclaimer of Opinion paragraph, however, we were not able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion.

Basis for Disclaimer of Opinion

As permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974, the plan administrator instructed us not to perform, and we did not perform, any auditing procedures with respect to the information summarized in Note 3, which was certified by PNC Institutional Investments and Exeter Trust Company, the trustees of the Plan, except for comparing the information with the related information included in the financial statements and supplemental schedules. We have been informed by the plan administrator that PNC Institutional Investments held the Plan's investment assets and executed investment transactions from December 8, 2012 to December 31, 2013, and that Exeter Trust Company held the Plan's investment assets and executed investment transactions for the period January 1, 2012 to December 7, 2012. The plan administrator has obtained certifications from the trustees as of and for the years ended December 31, 2013 and 2012, that the information provided to the plan administrator by the trustees is complete and accurate.

Disclaimer of Opinion

Because of the significance of the matter described in the Basis for Disclaimer of Opinion paragraph, we have not been able to obtain sufficient, appropriate audit evidence to provide a basis for an audit opinion. Accordingly, we do not express an opinion on these financial statements.

Other Matter

The supplemental schedule of assets (held at end of year) and supplemental schedule of reportable transactions are required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974 and are presented for the purpose of additional analysis and are not a required part of the financial statements. Because of the significance of the matter described in the Basis for Disclaimer of Opinion paragraph, it is inappropriate to, and we do not, express an opinion on the supplemental schedules referred to above.

Report on Form and Content in Compliance With DOL Rules and Regulations

The form and content of the information included in the financial statements and supplemental schedules, other than that derived from the information certified by the trustees, have been audited by us in accordance with auditing standards generally accepted in the United States of America and, in our opinion, are presented in compliance with the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974.

CRESTLINE PENSION PLAN

NOTES TO FINANCIAL STATEMENTS

for the years ended December 31, 2013 and 2012

1. Plan Description:

The following description of the Crestline Pension Plan (the "Plan") provides only a general description of the Plan. Participants should refer to the plan document for more complete information.

General – The Plan is a noncontributory defined benefit pension plan sponsored by Superior Fabrication Company, LLC (the "Company"), a company related to Creative Engineered Polymer Products through common ownership, and is administered by the Company. On September 20, 2006, Creative Engineered Polymer Products filed for bankruptcy and all plant employees were terminated as of October 31, 2006. On July 31, 2007, the Plan was frozen. Then, during 2007, the Plan was transferred to Superior Fabrication Company, LLC. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA).

Effective January 1, 2009, the Creative Engineered Polymer Products Pension Plan for Bargaining Unit Employees – Canton, a separate noncontributory defined benefit pension plan of Creative Engineered Polymer Products was merged into this Plan.

Eligibility – To be eligible to participate in the Plan, a person must have been employed by (or had seniority status with) Creative Engineered Polymer Products at its Crestline or Canton, Ohio plants. The person must have been a member of the bargaining unit represented by Local Union No. 563L1 of the United Steel Workers of America and have been a participant in the Plan as it existed at December 31, 1975 (Crestline) or have been a member of the bargaining unit represented by Local Union No. 761 of the United Rubber, Cork, Linoleum and Plastics Workers of America or have been a skilled tool shop employee and have been a participant in the Plan as it existed at December 31, 1984 (Canton), or have completed one year's uninterrupted employment with at least 1,000 hours since that date (Crestline and Canton).

Pension Benefits and Vesting – The annual pension benefit payable at a participant's normal retirement date (see below) is based on a fixed benefit multiplied by the years of credited service as follows:

Crestline:

<u>Date of Retirement</u>	<u>Amount Per Year of Credited Service</u>
Prior to February 25, 2002	\$90 - \$222
February 25, 2002 – March 31, 2003	228
April 1, 2003 – March 31, 2004	234
April 1, 2004 – March 31, 2005	240
On and after April 1, 2005	246

As of October 31, 2006, all employees of Creative Engineered Polymer Products - Crestline became fully vested in the Plan, and continued to accrue credited service through July, 2007.

On and after January 1, 2004	240

As of October 27, 2006, all employees of Creative Engineered Polymer Products - Canton became fully vested in the Plan, and continued to accrue credited service through July, 2007.

The normal retirement date is the first day of the month following the participant's 65th birthday. All pension benefits payable under the terms of the Plan commence the first day of the month following actual retirement and are made under one of the optional forms of payment as defined in the plan document.

As defined in the Plan, other plan benefits available include early retirement benefits, disability pension benefits, deferred vested benefits and pre-retirement death benefits.

2. Significant Accounting Policies:

Method of Accounting – The Plan's policy is to prepare its financial statements and supplemental schedules on the accrual basis of accounting. Consequently, revenue and related assets are recognized when earned, expenses and related liabilities are recognized when the obligation is incurred.

Funding – The Company makes contributions to the Plan in the amount determined by actuarial computations in order to fully provide benefits for the employees when they retire. The Company makes contributions to the Plan as required to fulfill the minimum funding requirements of ERISA. Employees are not required, under Plan provisions, to make contributions.

Use of Estimates – The preparation of financial statements and footnote disclosures requires management to make estimates and assumptions that affect the reported amounts of net assets available for benefits at the date of the financial statements and the reported amounts of additions and deductions to net assets available for benefits during the reporting period. Although management believes such estimates and assumptions are reasonable, actual results could differ from these estimates.

2. Significant Accounting Policies, Continued:

Administrative Expenses – Administrative expenses are paid by the Plan unless the Company elects to pay the amounts.

Investment Valuation – The Plan's investments are valued by the trustees of the Plan's assets at fair value as measured by quoted market prices. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note 8 for a discussion of fair value measurements. The change in the difference between fair value and the cost of the investments is reflected in the statements of changes in net assets available for benefits as net appreciation or depreciation in fair value of investments.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation (depreciation) includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Risks and Uncertainties – Investment securities are exposed to various risks, such as interest rate, market and credit. Due to the level of risk associated with certain investment securities and the level of uncertainty related to changes in the value of investment securities, it is at least reasonably possible that changes in risks in the near term could materially affect participant account balances and the amounts reported in the statements of net assets available for benefits and the statements of changes in net assets available for benefits.

Subsequent Events – Management of the plan sponsor has evaluated subsequent events through October 13, 2014, the date the financial statements were available to be issued.

3. Trustee Certification:

The following information included in the accompanying financial statements and supplemental schedule was obtained from the data that has been prepared and certified to as complete and accurate by the trustees, Exeter Trust Company and PNC Institutional Investments, as of and for the year ended December 31:

	<u>2013</u>	<u>2012</u>

4. Actuarial Present Value of Accumulated Plan Benefits:

Accumulated plan benefits are those future periodic payments for plan benefits that have accrued on the basis of each participant's service history as of the valuation date. Accumulated plan benefits include benefits expected to be paid to (a) retired or terminated employees or their beneficiaries, (b) beneficiaries of employees who have died, and (c) present employees or their beneficiaries. Benefits payable under all circumstances (i.e., retirement, death, disability, and termination of employment) are included, to the extent they are deemed attributable to employee service rendered to the valuation date.

The actuarial present value of accumulated plan benefits is determined by an independent actuary and is the amount that results from applying actuarial assumptions to adjust the accumulated plan benefits to reflect the time value of money (through discounts for interest) and the probability of payment (by means of decrements such as for death, disability, withdrawal, or retirement) between the valuation date and the expected date of payment. The significant actuarial assumptions used in the valuation as of January 1, 2013 were: (a) life expectancy of participants (the IRS 2012 P.V. Static Separate Table); (b) retirement age assumptions (the assumed average retirement age was 65), (c) valuation method (a two-year smoothing method), and (d) long-term earnings rate (the assumed average rate of return on plan assets for the plan year was 6.32% which is the lesser of the anticipated rate of return on assets for the plan year, equal to 8.00% and the applicable limitation for the plan year, equal to 6.32%. The assumed average rate of return on plan assets for the prior plan year was 6.57%).

The foregoing actuarial assumptions were based on the presumption that the Plan will continue. Were the Plan to terminate, different actuarial assumptions and other factors might be applicable in determining the actuarial present value of accumulated plan benefits.

The actuarial present value of accumulated plan benefits is as follows:

	<u>January 1,</u>	
	<u>2013</u>	<u>2012</u>
Actuarial present value of accumulated plan benefits:		
Vested benefits:		
Participants with deferred benefits	\$ 2,639,495	\$ 2,583,059

4. Actuarial Present Value of Accumulated Plan Benefits, Continued:

The increase in the actuarial present value of accumulated plan benefits is the result of the following:

Actuarial present value of accumulated plan benefits, January 1, 2012	\$ 6,559,746

6. Plan Termination:

Although it has not expressed any intention to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions set forth in ERISA. If the Plan is terminated, the net assets of the Plan will be distributed to the participants in an order of priority determined in accordance with ERISA and its applicable regulations and with the plan document.

Certain benefits under the Plan are insured by the Pension Benefit Guaranty Corporation (PBGC) if the Plan terminates. Generally, the PBGC guarantees most vested normal age retirement benefits, early retirement benefits, and certain disability and survivor's pensions. However, the PBGC does not guarantee all types of benefits under the Plan, and the amount of benefit protection is subject to certain limitations. Vested benefits under the Plan are guaranteed at the level in effect on the date of the Plan's termination. However, there is a statutory ceiling, which is adjusted periodically, on the amount of an individual's monthly benefit that the PBGC guarantees.

Should the Plan terminate at some future time, its net assets generally will not be available on a pro rata basis to provide participants' benefits. Whether a particular participant's accumulated plan benefits will be paid depends on both the priority of those benefits and the level of benefits guaranteed by the PBGC at that time. Some benefits may be fully or partially provided for by the then existing assets and the PBGC guaranty while other benefits may not be provided for at all.

7. Income Tax Status:

The Plan obtained its latest determination letter on April 16, 2004, in which the Internal Revenue Service stated that the Plan, as then designed, was in compliance with the applicable requirements of the Internal Revenue Code. The Plan has been amended since receiving this determination letter. However, the plan administrator and the Plan's tax counsel believe that the Plan is currently designed and being operated in compliance with the applicable requirements of the Internal Revenue Code. The Plan has no income subject to unrelated business tax. Therefore, no provision for income taxes has been included in the Plan's financial statements.

The Plan accounts for uncertainties in income taxes in accordance with accounting principles generally accepted in the United States of America, which provides for financial statement recognition and measurement of tax positions taken in tax returns that have a greater than 50% chance of not being allowed under examination. No such positions have been recorded in the December 31, 2013 and 2012 financial statements.

The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax period in progress. As of December 31, 2013, the Plan's federal information returns are subject to examination by the Internal Revenue Service for tax years 2010 and thereafter.

NOTES TO FINANCIAL STATEMENTS, Continued

8. Fair Value Measurements:

The Plan measures its assets in accordance with the Financial Accounting Standards Board (FASB) framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1 measurements) and the lowest priority to unobservable inputs (Level 3 measurements). The three levels of the fair value hierarchy are described as follows:

Level 1 – Inputs to the valuation methodology are unadjusted quoted prices in active markets for identical assets or liabilities that the Plan has the ability to access at the measurement date.

Level 2 – Inputs to the valuation methodology include: 1) quoted prices for similar assets or liabilities in active markets; 2) quoted prices for identical or similar assets or liabilities in inactive markets; 3) inputs other than quoted prices that are observable for the asset or liability; 4) inputs that are derived principally from or corroborated by observable market data by correlation or other means. If the asset has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 – Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

The following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2013 and 2012.

Mutual Funds and Money Market Fund: Valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are open-end mutual funds that are registered with the Securities and Exchange Commission. These funds are required to publish their daily net asset value (NAV) and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.

The preceding methods described may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

8. Fair Value Measurements, Continued:

The following table sets forth by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31:

9. Party-In-Interest Transactions:

Certain Plan investments are managed by the trustees as defined by the Plan and, therefore, these transactions qualify as party-in-interest transactions. Professional fees related to the administration of the Plan along with actuarial services were paid by the Plan. These transactions qualify as party-in-interest transactions and totaled \$61,426 during 2013 and \$79,536 during 2012 and are included in administrative expenses in the statements of changes in net assets available for benefits. In addition, during the years ended December 31, 2013 and 2012 the Company provided certain accounting, record keeping, and administrative services to the Plan for which no fees were charged. These transactions also qualify as party-in-interest transactions.

Statement by Enrolled Actuary

To the best of my knowledge, the information supplied in this schedule and accompanying schedules, statements and attachments, if any, is complete and accurate. Each prescribed assumption was applied in accordance with applicable law and regulations. In my opinion, each other assumption is reasonable (taking into account the experience of the plan and reasonable expectations) and such other assumptions, in combination, offer my best estimate of anticipated experience under the plan.
