Report on the Financial Statements

We were engaged to audit the accompanying financial statements of Bill Gray's, Inc. 401(k) Plan, which comprise the statements of net assets available for benefits as of December 31, 2013 and 2012, and the related statements of changes in net assets available for benefits for the years ended December 31, 2013 and 2012, and the related notes to the financial statements.

Management's Responsibility for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

Auditor's Responsibility

Our responsibility is to express an opinion on these financial statements based on conducting the audit in accordance with auditing standards generally accepted in the United States of America. Because of the matter described in the Basis for Disclaimer of Opinion paragraph, however, we were not able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion.

Basis for Disclaimer of Opinion

As permitted by 29 CFR 2520.103-8 of the Department of Labor's (DOL) Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974 (ERISA), the Plan administrator instructed us not to perform, and we did not perform, any auditing procedures with respect to the information summarized in Note C, which was certified by Prudential Retirement Insurance and Annuity Company and Prudential Bank & Trust, F.S.B., the trustees of the Plan, except for comparing such information with the related information included in the financial statements. We have been informed by the Plan administrator that the trustees hold the Plan's investment assets and execute investment transactions. The Plan administrator has obtained certifications from the trustees as of December 31, 2013 and 2012 and for the years ended December 31, 2013 and 2012, that the information provided to the Plan administrator by the trustees is complete and accurate.

NOTE A: DESCRIPTION OF THE PLAN

The following description of the Bill Gray's, Inc. 401(k) Plan (the "Plan") provides only general information. Participants should refer to the Plan agreement, including amendments, for a more complete description of the Plan's provisions.

General

The Plan is a defined contribution plan established for all employees of Bill Gray's, Inc. (the "Company"). Bill Gray's, Tom Wahl's, and Hegedorn's are operating divisions of the Company. It is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA).

Participation requirements and plan benefits

Under the provisions of the Plan, all employees of the Company who are 21 years of age and have completed one year of service are eligible to participate in the Plan.

Each year, participants may contribute up to 100%, subject to the Internal Revenue Code limitations, of their pre-tax annual compensation, as defined in the Plan. Additionally, the Company will make a 33% matching contribution for each participant's contribution, with the maximum annual contribution equivalent to 2% of their annual salary.

The Plan provides for participant loans. In general, participants may borrow up to half of their vested account balances, but not more than $50,000 and not less than $1,000. Other restrictions may also apply. Participant loans are secured by the balance in the participant's account and bear interest at a rate of 4.25%.

Funds may be withdrawn by participants under circumstances of retirement at the normal retirement age, death, disability, or termination of employment.

Participant accounts

The Plan administrator deposits contributions with the trustees, Prudential Retirement Insurance and Annuity Company and Prudential Bank & Trust, F.S.B. Each participant's account is then credited based on the individual's elected deferral and fund allocation percentages. Investment income (loss) is allocated to participant accounts on a pro-rata basis. There were no amounts allocated to accounts of participants who have elected to withdraw from the Plan at December 31, 2013 and 2012 but have not yet been paid.

Investment options

Plan participants may direct the investment of their funds into various investment funds provided by the Plan.

Vesting

Participants are immediately vested in both participant deferral and Company matching contributions.

NOTE B: SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Basis of accounting

The financial statements and supplemental schedules of the Plan are prepared under the accrual method of accounting.

As described in Financial Accounting Standards Board Staff Position, FSP AAG INV-1, Reporting of Fully Benefit-Responsive Investment Contracts Held by Certain Investment Companies Subject to the AICPA Investment Company Guide and Defined-Contribution Health and Welfare and Pension Plans (the "FSP"), investment contracts held by a defined-contribution plan are required to be reported at fair value. However, contract value is the relevant measurement attribute for that portion of the net assets available for benefits of a defined-contribution plan attributable to fully benefit-responsive investment contracts because contract value is the amount participants would receive if they were to initiate permitted transactions under the terms of the Plan. Generally, the Statement of Net Assets Available for Benefits presents the fair value of the investment contracts as well as the adjustment of the fully benefit responsive investment contracts from fair value to contract value. The Statement of Changes in Net Assets Available for Benefits is prepared on a contract value basis. The Plan's management determined that there was no adjustment necessary at December 31, 2013 and 2012.

Investment valuation and income recognition

The Plan's investments are stated at fair value. Investments in guaranteed income accounts are valued at contract value, which approximates fair value as upon discontinuance of the contract, an adjustment does not apply. Investments in pooled separate accounts are valued based on the quoted market prices of the underlying securities. Participant loans are valued at their unpaid principal balance plus any accrued but unpaid interest.

The Plan presents in the statements of changes in net assets available for benefits the net appreciation (depreciation) in the fair value of its investments, which consists of the realized gains or losses and the unrealized appreciation/depreciation on those investments.

Purchases and sales of investments are recorded on a trade date basis. Interest income is accrued when earned. Both dividend income, which is recorded on the ex-dividend date, and capital gain distributions, are included in net appreciation (depreciation) in fair value of investments.

Valuation of guaranteed income accounts

Accounting principles generally accepted in the United States of America (GAAP) requires that the statement of net assets available for benefits presents the fair value of the Plan's investments as well as the adjustment from fair value to contract value for the fully benefit-responsive investment contracts. The statement of changes in net assets available for benefits is prepared on a contract value basis for the fully benefit-responsive investment contracts.

The guaranteed investment contracts are valued at contract value, because they are fully benefit responsive. Contract value represents contributions made under the contracts, plus interest at the contract rate, less funds used to pay retirement benefits and administrative expenses. There are no reserves against contract value for credit risk of the contract issuer or otherwise.

NOTE B: SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES, Cont'd

Contributions made to the guaranteed investment contracts are invested in the Prudential Retirement Insurance & Annuity Company's Guaranteed Income Fund. The principal invested in the Fund is guaranteed as long as the contract is in force. The Guaranteed Income Fund has interest rates established semi-annually, for the entire fund, regardless of when the funds are deposited. The credited interest rate may stay the same or change semi-annually.

The Guaranteed Income Fund is a general account product. The methodology for calculating the interest crediting rate is based on consideration of current economic and market conditions, the general interest rate environment and both the expected and actual experience of a reference portfolio within the issuer's general account. The interest crediting rates are established without a specific formula. The interest crediting rate is reset semi-annually. The minimum interest crediting rate will never be less than 1.5%. The guaranteed interest rate at December 31, 2013 was 2.25%, net of a 1.15% asset charge, for an effective rate of 1.10%. The guaranteed interest rate at December 31, 2012 was 2.60%, net of a 1.15% asset charge, for an effective rate of 1.45%.

Fair value for the Guaranteed Interest Fund, prior to contract termination, equals the contract value.

The average yield earned by the Plan for the Guaranteed Income Fund can be derived by averaging the quarterly gross interest rates for the fund over the year. The average for 2013 is 1.10%, and for 2012 was 1.45%.

The actual average yield earned by the Plan for the Guaranteed Income Fund can be derived by averaging the Plan's quarterly interest rates. That average for 2013 is 1.10%, and for 2012 was 1.45%.

Generally, there are not any events that could limit the ability of the Plan sponsor and/or plan participants to transact at contact value with Prudential Retirement Insurance & Annuity Company. There are not any events that allow the issuer to terminate the contract and which require the Plan sponsor to settle at an amount different than contract value, paid either within 90 days or over time.

The investment in guaranteed investment contracts is an alternative investment. Because alternative investments are not readily marketable, their estimated value is subject to uncertainty and therefore may differ from the value that would have been used had a ready market for such investments existed. Such difference could be material.

Use of estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and changes therein, and disclosure of contingent assets and liabilities. Actual results could differ from those estimates and assumptions.

Payment of benefits

Benefits are recorded when paid.

NOTE B: SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES, Cont'd

Administrative expenses
The significant administrative expenses of the Plan are paid by the Company.

Plan termination
Although it has not expressed any intention to do so, the Company may terminate the Plan at any time by delivering to the trustee a written notice of termination, subject to the provisions of ERISA.

Subsequent events
The Plan has conducted an evaluation of potential subsequent events occurring after the statement of net assets available for benefits date through October 14, 2014, which is the date the financial statements are available to be issued. No subsequent events requiring disclosure were noted.

NOTE C: INFORMATION CERTIFIED BY THE TRUSTEES (UNAUDITED)

The Plan administrator has elected the method of compliance permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974 (ERISA). Accordingly, Prudential Retirement Insurance and Annuity Company and Prudential Bank & Trust, F.S.B., the trustees of the Plan, have certified to the completeness and accuracy of all investments and notes receivable from participants reflected on the accompanying statements of net assets available for benefits, the schedule of assets held for investment purposes and the related investment and participant loan activity reflected in the statements of changes in net assets available for benefits.

The following is a summary of unaudited information regarding the Plan, included in the Plan's financial statements and supplemental schedule that was prepared by or derived from information prepared by the trustees of the Plan, and furnished to the Plan administrator. The Plan administrator has obtained certifications from the trustees that such information is complete and accurate.

	December 31,	
	2013	2012
Investments, at fair value	$ 4,932,494	$ 3,744,386
Notes receivable from participants	108,580	101,225
Net appreciation in fair value of investments	1,005,580	446,063
Interest income	4,330	6,172
Interest income from participant notes receivable	4,135	3,613

All information included in the attached supplemental Schedule of Assets Held for Investment Purposes at End of Year - December 31, 2013.

NOTE D: INVESTMENTS

The following presents the fair value of investments that represent 5% or more of the Plan's net assets available for benefits as determined by the trustees of the Plan:

	December 31, 2013	December 31, 2012
Guaranteed Income Fund	$ 344,375	$ 400,787
Large Cap Value/Barrow Hanley Fund	267,798	197,566
Dryden S&P 500 Index Fund	287,692	*
Mid Cap Growth/Artisan Partners	458,350	325,160

Lifetime Balanced Fund	501,246	415,207
T. Rowe Price Growth Stock Strategy II	426,580	300,387
Large Cap Growth/Eaton Vance Fund	925,039	670,344

* Represents less than 5% of the Plan's net assets available for benefits

During 2013 and 2012, the Plan's investments, including gains and losses on investments bought and sold, as well as held during the year, appreciated in value as follows:

	Year ended December 31, 2013	Year ended December 31, 2012
Pooled separate accounts	$ 1,005,580	$ 446,063

NOTE E: TAX STATUS

The Internal Revenue Service has determined by a letter dated July 28, 2004, that the prototype standardized plan is designed in accordance with applicable sections of the Internal Revenue Code. The Plan has been amended since receiving the determination letter. However, the Plan administrator and the Plan's tax counsel believe that the Plan is currently designed and is being operated in compliance with the applicable requirements of the Internal Revenue Code and that the Plan was qualified and the related trust was tax-exempt as of the financial statement date. Therefore, no provision for income taxes has been included in the Plan's financial statements.

NOTE E: TAX STATUS, Cont'd

Accounting principles generally accepted in the United States of America require plan management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the organization has taken an uncertain position that more likely than not would not be sustained upon examination by the Internal Revenue Service. The Plan administrator has analyzed the tax positions taken by the Plan, and has concluded that as of December 31, 2013, there are no uncertain positions taken or expected to be taken that would require recognition of a liability (or asset) or disclosure in the financial statements. The Plan is subject to routine audits by tax jurisdictions; however, there are currently no audits for any tax periods in progress. The Plan administrator believes it is no longer subject to income tax examinations for years prior to December 31, 2010.

NOTE F: RISKS AND UNCERTAINTIES

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits.

NOTE G: FAIR VALUE MEASUREMENTS

GAAP requires enhanced disclosures about investments that are measured and reported at fair value. GAAP establishes a hierarchal disclosure framework which prioritizes and ranks the level of market price observance used in measuring investments at fair value. Market price observability is affected by a number of factors, including the type of investment and the characteristics specific to the investment. Investments with readily available active quoted prices or for which fair value can be measured from actively quoted prices generally will have a higher degree of market price observability and a lesser degree of judgment used in measuring fair value.

Investments measured and reported at fair value are classified and disclosed in one of the following categories.

Level 1 - Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets.

Level 2 - Inputs to the valuation methodology include:

- Quoted prices for similar assets or liabilities in active markets;
- Quoted prices for identical or similar assets or liabilities in inactive markets;
- Inputs other than quoted prices which are observable for the asset or liability;
- Inputs that are derived principally from or corroborated by observable market data by correlation or other means.

  If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

NOTE G: FAIR VALUE MEASUREMENTS, Cont'd

Level 3 - Inputs to the valuation methodology are unobservable, no active or non-active markets which includes reporting entity's assumptions based on best and most reliable information available from other market participants and information relating to the reporting entity's operations.

The asset's or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2013 and 2012.

Guaranteed income account: Valued at contract value of the underlying group annuity contract.

Pooled separate accounts: Valued at "unit of account" with a value per unit that is the result of the net asset values of the underlying investments.

The methods described above may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, while the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following table sets forth by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31, 2013 and 2012:

NOTE H: PARTY-IN-INTEREST

Since Prudential Retirement Insurance and Annuity Company and Prudential Bank & Trust, F.S.B. perform services for the Plan, investments sponsored by related organizations are considered party-in-interest transactions, which are exempt from prohibited transaction rules.

NOTE I: DELINQUENT PARTICIPANT CONTRIBUTIONS

As required by DOL Regulation 2510.3-120, the Company is required to segregate employee contributions to the Plan from their general assets as soon as practicable.

For the pay period ended December 20, 2013, the Company failed to remit employee deferrals to the Plan in a timely manner according to DOL regulations. During this period, untimely contributions totaled $1,434. These untimely remittances are considered prohibited transactions. Funds were remitted to the Plan in February 2014. The Company will make a contribution to compensate the Plan for lost investment earnings relating to these prohibited transactions under the DOL's Self – Correction Program during 2014.

Plan Administrator
Bill Gray's, Inc. 401(k) Plan

Report on the Financial Statements

We were engaged to audit the accompanying financial statements of Bill Gray's, Inc. 401(k) Plan, which comprise the statements of net assets available for benefits as of December 31, 2013 and 2012, and the related statements of changes in net assets available for benefits for the years ended December 31, 2013 and 2012, and the related notes to the financial statements.

Management's Responsibility for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

Auditor's Responsibility

Our responsibility is to express an opinion on these financial statements based on conducting the audit in accordance with auditing standards generally accepted in the United States of America. Because of the matter described in the Basis for Disclaimer of Opinion paragraph, however, we were not able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion.

Basis for Disclaimer of Opinion

As permitted by 29 CFR 2520.103-8 of the Department of Labor's (DOL) Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974 (ERISA), the Plan administrator instructed us not to perform, and we did not perform, any auditing procedures with respect to the information summarized in Note C, which was certified by Prudential Retirement Insurance and Annuity Company and Prudential Bank & Trust, F.S.B., the trustees of the Plan, except for comparing such information with the related information included in the financial statements. We have been informed by the Plan administrator that the trustees hold the Plan's investment assets and execute investment transactions. The Plan administrator has obtained certifications from the trustees as of December 31, 2013 and 2012 and for the years ended December 31, 2013 and 2012, that the information provided to the Plan administrator by the trustees is complete and accurate.

NOTE A: DESCRIPTION OF THE PLAN

The following description of the Bill Gray's, Inc. 401(k) Plan (the "Plan") provides only general information. Participants should refer to the Plan agreement, including amendments, for a more complete description of the Plan's provisions.

General

The Plan is a defined contribution plan established for all employees of Bill Gray's, Inc. (the "Company"). Bill Gray's, Tom Wahl's, and Hegedorn's are operating divisions of the Company. It is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA).

Participation requirements and plan benefits

Under the provisions of the Plan, all employees of the Company who are 21 years of age and have completed one year of service are eligible to participate in the Plan.

Each year, participants may contribute up to 100%, subject to the Internal Revenue Code limitations, of their pre-tax annual compensation, as defined in the Plan. Additionally, the Company will make a 33% matching contribution for each participant's contribution, with the maximum annual contribution equivalent to 2% of their annual salary.

The Plan provides for participant loans. In general, participants may borrow up to half of their vested account balances, but not more than $50,000 and not less than $1,000. Other restrictions may also apply. Participant loans are secured by the balance in the participant's account and bear interest at a rate of 4.25%.

Funds may be withdrawn by participants under circumstances of retirement at the normal retirement age, death, disability, or termination of employment.

Participant accounts

The Plan administrator deposits contributions with the trustees, Prudential Retirement Insurance and Annuity Company and Prudential Bank & Trust, F.S.B. Each participant's account is then credited based on the individual's elected deferral and fund allocation percentages. Investment income (loss) is allocated to participant accounts on a pro-rata basis. There were no amounts allocated to accounts of participants who have elected to withdraw from the Plan at December 31, 2013 and 2012 but have not yet been paid.

Investment options

Plan participants may direct the investment of their funds into various investment funds provided by the Plan.

Vesting

Participants are immediately vested in both participant deferral and Company matching contributions.

NOTE B: SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Basis of accounting

The financial statements and supplemental schedules of the Plan are prepared under the accrual method of accounting.

As described in Financial Accounting Standards Board Staff Position, FSP AAG INV-1, Reporting of Fully Benefit-Responsive Investment Contracts Held by Certain Investment Companies Subject to the AICPA Investment Company Guide and Defined-Contribution Health and Welfare and Pension Plans (the "FSP"), investment contracts held by a defined-contribution plan are required to be reported at fair value. However, contract value is the relevant measurement attribute for that portion of the net assets available for benefits of a defined-contribution plan attributable to fully benefit-responsive investment contracts because contract value is the amount participants would receive if they were to initiate permitted transactions under the terms of the Plan. Generally, the Statement of Net Assets Available for Benefits presents the fair value of the investment contracts as well as the adjustment of the fully benefit responsive investment contracts from fair value to contract value. The Statement of Changes in Net Assets Available for Benefits is prepared on a contract value basis. The Plan's management determined that there was no adjustment necessary at December 31, 2013 and 2012.

Investment valuation and income recognition

The Plan's investments are stated at fair value. Investments in guaranteed income accounts are valued at contract value, which approximates fair value as upon discontinuance of the contract, an adjustment does not apply. Investments in pooled separate accounts are valued based on the quoted market prices of the underlying securities. Participant loans are valued at their unpaid principal balance plus any accrued but unpaid interest.

The Plan presents in the statements of changes in net assets available for benefits the net appreciation (depreciation) in the fair value of its investments, which consists of the realized gains or losses and the unrealized appreciation/depreciation on those investments.

Purchases and sales of investments are recorded on a trade date basis. Interest income is accrued when earned. Both dividend income, which is recorded on the ex-dividend date, and capital gain distributions, are included in net appreciation (depreciation) in fair value of investments.

Valuation of guaranteed income accounts

Accounting principles generally accepted in the United States of America (GAAP) requires that the statement of net assets available for benefits presents the fair value of the Plan's investments as well as the adjustment from fair value to contract value for the fully benefit-responsive investment contracts. The statement of changes in net assets available for benefits is prepared on a contract value basis for the fully benefit-responsive investment contracts.

The guaranteed investment contracts are valued at contract value, because they are fully benefit responsive. Contract value represents contributions made under the contracts, plus interest at the contract rate, less funds used to pay retirement benefits and administrative expenses. There are no reserves against contract value for credit risk of the contract issuer or otherwise.

NOTE B: SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES, Cont'd

Contributions made to the guaranteed investment contracts are invested in the Prudential Retirement Insurance & Annuity Company's Guaranteed Income Fund. The principal invested in the Fund is guaranteed as long as the contract is in force. The Guaranteed Income Fund has interest rates established semi-annually, for the entire fund, regardless of when the funds are deposited. The credited interest rate may stay the same or change semi-annually.

The Guaranteed Income Fund is a general account product. The methodology for calculating the interest crediting rate is based on consideration of current economic and market conditions, the general interest rate environment and both the expected and actual experience of a reference portfolio within the issuer's general account. The interest crediting rates are established without a specific formula. The interest crediting rate is reset semi-annually. The minimum interest crediting rate will never be less than 1.5%. The guaranteed interest rate at December 31, 2013 was 2.25%, net of a 1.15% asset charge, for an effective rate of 1.10%. The guaranteed interest rate at December 31, 2012 was 2.60%, net of a 1.15% asset charge, for an effective rate of 1.45%.

Fair value for the Guaranteed Interest Fund, prior to contract termination, equals the contract value.

The average yield earned by the Plan for the Guaranteed Income Fund can be derived by averaging the quarterly gross interest rates for the fund over the year. The average for 2013 is 1.10%, and for 2012 was 1.45%.

The actual average yield earned by the Plan for the Guaranteed Income Fund can be derived by averaging the Plan's quarterly interest rates. That average for 2013 is 1.10%, and for 2012 was 1.45%.

Generally, there are not any events that could limit the ability of the Plan sponsor and/or plan participants to transact at contact value with Prudential Retirement Insurance & Annuity Company. There are not any events that allow the issuer to terminate the contract and which require the Plan sponsor to settle at an amount different than contract value, paid either within 90 days or over time.

The investment in guaranteed investment contracts is an alternative investment. Because alternative investments are not readily marketable, their estimated value is subject to uncertainty and therefore may differ from the value that would have been used had a ready market for such investments existed. Such difference could be material.

Use of estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and changes therein, and disclosure of contingent assets and liabilities. Actual results could differ from those estimates and assumptions.

Payment of benefits

Benefits are recorded when paid.

NOTE B: SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES, Cont'd

Administrative expenses
The significant administrative expenses of the Plan are paid by the Company.

Plan termination
Although it has not expressed any intention to do so, the Company may terminate the Plan at any time by delivering to the trustee a written notice of termination, subject to the provisions of ERISA.

Subsequent events
The Plan has conducted an evaluation of potential subsequent events occurring after the statement of net assets available for benefits date through October 14, 2014, which is the date the financial statements are available to be issued. No subsequent events requiring disclosure were noted.

NOTE C: INFORMATION CERTIFIED BY THE TRUSTEES (UNAUDITED)

The Plan administrator has elected the method of compliance permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974 (ERISA). Accordingly, Prudential Retirement Insurance and Annuity Company and Prudential Bank & Trust, F.S.B., the trustees of the Plan, have certified to the completeness and accuracy of all investments and notes receivable from participants reflected on the accompanying statements of net assets available for benefits, the schedule of assets held for investment purposes and the related investment and participant loan activity reflected in the statements of changes in net assets available for benefits.

The following is a summary of unaudited information regarding the Plan, included in the Plan's financial statements and supplemental schedule that was prepared by or derived from information prepared by the trustees of the Plan, and furnished to the Plan administrator. The Plan administrator has obtained certifications from the trustees that such information is complete and accurate.

	December 31,	
	2013	2012
Investments, at fair value	$ 4,932,494	$ 3,744,386
Notes receivable from participants	108,580	101,225
Net appreciation in fair value of investments	1,005,580	446,063
Interest income	4,330	6,172
Interest income from participant notes receivable	4,135	3,613

All information included in the attached supplemental Schedule of Assets Held for Investment Purposes at End of Year - December 31, 2013.

NOTE D: INVESTMENTS

The following presents the fair value of investments that represent 5% or more of the Plan's net assets available for benefits as determined by the trustees of the Plan:

	December 31, 2013	December 31, 2012
Guaranteed Income Fund	$ 344,375	$ 400,787
Large Cap Value/Barrow Hanley Fund	267,798	197,566
Dryden S&P 500 Index Fund	287,692	*
Mid Cap Growth/Artisan Partners	458,350	325,160
Templeton Growth Account	588,159	437,790
Lifetime Balanced Fund	501,246	415,207
T. Rowe Price Growth Stock Strategy II	426,580	300,387
Large Cap Growth/Eaton Vance Fund	925,039	670,344

* Represents less than 5% of the Plan's net assets available for benefits

During 2013 and 2012, the Plan's investments, including gains and losses on investments bought and sold, as well as held during the year, appreciated in value as follows:

	Year ended December 31, 2013	Year ended December 31, 2012
Pooled separate accounts	$ 1,005,580	$ 446,063

NOTE E: TAX STATUS

The Internal Revenue Service has determined by a letter dated July 28, 2004, that the prototype standardized plan is designed in accordance with applicable sections of the Internal Revenue Code. The Plan has been amended since receiving the determination letter. However, the Plan administrator and the Plan's tax counsel believe that the Plan is currently designed and is being operated in compliance with the applicable requirements of the Internal Revenue Code and that the Plan was qualified and the related trust was tax-exempt as of the financial statement date. Therefore, no provision for income taxes has been included in the Plan's financial statements.

NOTE E: TAX STATUS, Cont'd

Accounting principles generally accepted in the United States of America require plan management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the organization has taken an uncertain position that more likely than not would not be sustained upon examination by the Internal Revenue Service. The Plan administrator has analyzed the tax positions taken by the Plan, and has concluded that as of December 31, 2013, there are no uncertain positions taken or expected to be taken that would require recognition of a liability (or asset) or disclosure in the financial statements. The Plan is subject to routine audits by tax jurisdictions; however, there are currently no audits for any tax periods in progress. The Plan administrator believes it is no longer subject to income tax examinations for years prior to December 31, 2010.

NOTE F: RISKS AND UNCERTAINTIES

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits.

NOTE G: FAIR VALUE MEASUREMENTS

GAAP requires enhanced disclosures about investments that are measured and reported at fair value. GAAP establishes a hierarchal disclosure framework which prioritizes and ranks the level of market price observance used in measuring investments at fair value. Market price observability is affected by a number of factors, including the type of investment and the characteristics specific to the investment. Investments with readily available active quoted prices or for which fair value can be measured from actively quoted prices generally will have a higher degree of market price observability and a lesser degree of judgment used in measuring fair value.

Investments measured and reported at fair value are classified and disclosed in one of the following categories.

Level 1 - Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets.

Level 2 - Inputs to the valuation methodology include:

- Quoted prices for similar assets or liabilities in active markets;
- Quoted prices for identical or similar assets or liabilities in inactive markets;
- Inputs other than quoted prices which are observable for the asset or liability;
- Inputs that are derived principally from or corroborated by observable market data by correlation or other means.

  If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

NOTE G: FAIR VALUE MEASUREMENTS, Cont'd

Level 3 - Inputs to the valuation methodology are unobservable, no active or non-active markets which includes reporting entity's assumptions based on best and most reliable information available from other market participants and information relating to the reporting entity's operations.

The asset's or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2013 and 2012.

Guaranteed income account: Valued at contract value of the underlying group annuity contract.

Pooled separate accounts: Valued at "unit of account" with a value per unit that is the result of the net asset values of the underlying investments.

The methods described above may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, while the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following table sets forth by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31, 2013 and 2012:

NOTE H: PARTY-IN-INTEREST

Since Prudential Retirement Insurance and Annuity Company and Prudential Bank & Trust, F.S.B. perform services for the Plan, investments sponsored by related organizations are considered party-in-interest transactions, which are exempt from prohibited transaction rules.

NOTE I: DELINQUENT PARTICIPANT CONTRIBUTIONS

As required by DOL Regulation 2510.3-120, the Company is required to segregate employee contributions to the Plan from their general assets as soon as practicable.

For the pay period ended December 20, 2013, the Company failed to remit employee deferrals to the Plan in a timely manner according to DOL regulations. During this period, untimely contributions totaled $1,434. These untimely remittances are considered prohibited transactions. Funds were remitted to the Plan in February 2014. The Company will make a contribution to compensate the Plan for lost investment earnings relating to these prohibited transactions under the DOL's Self – Correction Program during 2014.

Bill Gray's, Inc. 401(k) Plan

Report on the Financial Statements

We were engaged to audit the accompanying financial statements of Bill Gray's, Inc. 401(k) Plan, which comprise the statements of net assets available for benefits as of December 31, 2013 and 2012, and the related statements of changes in net assets available for benefits for the years ended December 31, 2013 and 2012, and the related notes to the financial statements.

Management's Responsibility for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

Auditor's Responsibility

Our responsibility is to express an opinion on these financial statements based on conducting the audit in accordance with auditing standards generally accepted in the United States of America. Because of the matter described in the Basis for Disclaimer of Opinion paragraph, however, we were not able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion.

Basis for Disclaimer of Opinion

As permitted by 29 CFR 2520.103-8 of the Department of Labor's (DOL) Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974 (ERISA), the Plan administrator instructed us not to perform, and we did not perform, any auditing procedures with respect to the information summarized in Note C, which was certified by Prudential Retirement Insurance and Annuity Company and Prudential Bank & Trust, F.S.B., the trustees of the Plan, except for comparing such information with the related information included in the financial statements. We have been informed by the Plan administrator that the trustees hold the Plan's investment assets and execute investment transactions. The Plan administrator has obtained certifications from the trustees as of December 31, 2013 and 2012 and for the years ended December 31, 2013 and 2012, that the information provided to the Plan administrator by the trustees is complete and accurate.

Disclaimer of Opinion

Because of the significance of the matter described in the Basis for Disclaimer of Opinion paragraph, we have not been able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion. Accordingly, we do not express an opinion on these financial statements.

Other Matter

The supplemental schedules of Form 5500 – Schedule H – Part IV: Items 4a – Schedule of Delinquent Participant Contributions at End of Year – December 31, 2013 and Item 4i – Schedule of Assets Held for Investment Purposes at End of Year - December 31, 2013 are required by the DOL's Rules and Regulations for Reporting and Disclosure under ERISA and are presented for the purpose of additional analysis and are not a required part of the financial statements. Because of the significance of the matter described in the Basis for Disclaimer of Opinion paragraph, we do not express an opinion on the supplemental schedules.

Report on Form and Content in Compliance with DOL Rules and Regulations

The form and content of the information included in the financial statements and supplemental schedules, other than that derived from the information certified by the trustees, have been audited by us in accordance with auditing standards generally accepted in the United States of America and, in our opinion, are presented in compliance with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

NOTE A: DESCRIPTION OF THE PLAN

The following description of the Bill Gray's, Inc. 401(k) Plan (the "Plan") provides only general information. Participants should refer to the Plan agreement, including amendments, for a more complete description of the Plan's provisions.

General

The Plan is a defined contribution plan established for all employees of Bill Gray's, Inc. (the "Company"). Bill Gray's, Tom Wahl's, and Hegedorn's are operating divisions of the Company. It is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA).

Participation requirements and plan benefits

Under the provisions of the Plan, all employees of the Company who are 21 years of age and have completed one year of service are eligible to participate in the Plan.

Each year, participants may contribute up to 100%, subject to the Internal Revenue Code limitations, of their pre-tax annual compensation, as defined in the Plan. Additionally, the Company will make a 33% matching contribution for each participant's contribution, with the maximum annual contribution equivalent to 2% of their annual salary.

The Plan provides for participant loans. In general, participants may borrow up to half of their vested account balances, but not more than $50,000 and not less than $1,000. Other restrictions may also apply. Participant loans are secured by the balance in the participant's account and bear interest at a rate of 4.25%.

Funds may be withdrawn by participants under circumstances of retirement at the normal retirement age, death, disability, or termination of employment.

Participant accounts

The Plan administrator deposits contributions with the trustees, Prudential Retirement Insurance and Annuity Company and Prudential Bank & Trust, F.S.B. Each participant's account is then credited based on the individual's elected deferral and fund allocation percentages. Investment income (loss) is allocated to participant accounts on a pro-rata basis. There were no amounts allocated to accounts of participants who have elected to withdraw from the Plan at December 31, 2013 and 2012 but have not yet been paid.

Investment options

Plan participants may direct the investment of their funds into various investment funds provided by the Plan.

Vesting

Participants are immediately vested in both participant deferral and Company matching contributions.

NOTE B: SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Basis of accounting

The financial statements and supplemental schedules of the Plan are prepared under the accrual method of accounting.

As described in Financial Accounting Standards Board Staff Position, FSP AAG INV-1, Reporting of Fully Benefit-Responsive Investment Contracts Held by Certain Investment Companies Subject to the AICPA Investment Company Guide and Defined-Contribution Health and Welfare and Pension Plans (the "FSP"), investment contracts held by a defined-contribution plan are required to be reported at fair value. However, contract value is the relevant measurement attribute for that portion of the net assets available for benefits of a defined-contribution plan attributable to fully benefit-responsive investment contracts because contract value is the amount participants would receive if they were to initiate permitted transactions under the terms of the Plan. Generally, the Statement of Net Assets Available for Benefits presents the fair value of the investment contracts as well as the adjustment of the fully benefit responsive investment contracts from fair value to contract value. The Statement of Changes in Net Assets Available for Benefits is prepared on a contract value basis. The Plan's management determined that there was no adjustment necessary at December 31, 2013 and 2012.

Investment valuation and income recognition

The Plan's investments are stated at fair value. Investments in guaranteed income accounts are valued at contract value, which approximates fair value as upon discontinuance of the contract, an adjustment does not apply. Investments in pooled separate accounts are valued based on the quoted market prices of the underlying securities. Participant loans are valued at their unpaid principal balance plus any accrued but unpaid interest.

The Plan presents in the statements of changes in net assets available for benefits the net appreciation (depreciation) in the fair value of its investments, which consists of the realized gains or losses and the unrealized appreciation/depreciation on those investments.

Purchases and sales of investments are recorded on a trade date basis. Interest income is accrued when earned. Both dividend income, which is recorded on the ex-dividend date, and capital gain distributions, are included in net appreciation (depreciation) in fair value of investments.

Valuation of guaranteed income accounts

Accounting principles generally accepted in the United States of America (GAAP) requires that the statement of net assets available for benefits presents the fair value of the Plan's investments as well as the adjustment from fair value to contract value for the fully benefit-responsive investment contracts. The statement of changes in net assets available for benefits is prepared on a contract value basis for the fully benefit-responsive investment contracts.

The guaranteed investment contracts are valued at contract value, because they are fully benefit responsive. Contract value represents contributions made under the contracts, plus interest at the contract rate, less funds used to pay retirement benefits and administrative expenses. There are no reserves against contract value for credit risk of the contract issuer or otherwise.

NOTE B: SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES, Cont'd

Contributions made to the guaranteed investment contracts are invested in the Prudential Retirement Insurance & Annuity Company's Guaranteed Income Fund. The principal invested in the Fund is guaranteed as long as the contract is in force. The Guaranteed Income Fund has interest rates established semi-annually, for the entire fund, regardless of when the funds are deposited. The credited interest rate may stay the same or change semi-annually.

The Guaranteed Income Fund is a general account product. The methodology for calculating the interest crediting rate is based on consideration of current economic and market conditions, the general interest rate environment and both the expected and actual experience of a reference portfolio within the issuer's general account. The interest crediting rates are established without a specific formula. The interest crediting rate is reset semi-annually. The minimum interest crediting rate will never be less than 1.5%. The guaranteed interest rate at December 31, 2013 was 2.25%, net of a 1.15% asset charge, for an effective rate of 1.10%. The guaranteed interest rate at December 31, 2012 was 2.60%, net of a 1.15% asset charge, for an effective rate of 1.45%.

Fair value for the Guaranteed Interest Fund, prior to contract termination, equals the contract value.

The average yield earned by the Plan for the Guaranteed Income Fund can be derived by averaging the quarterly gross interest rates for the fund over the year. The average for 2013 is 1.10%, and for 2012 was 1.45%.

The actual average yield earned by the Plan for the Guaranteed Income Fund can be derived by averaging the Plan's quarterly interest rates. That average for 2013 is 1.10%, and for 2012 was 1.45%.

Generally, there are not any events that could limit the ability of the Plan sponsor and/or plan participants to transact at contact value with Prudential Retirement Insurance & Annuity Company. There are not any events that allow the issuer to terminate the contract and which require the Plan sponsor to settle at an amount different than contract value, paid either within 90 days or over time.

The investment in guaranteed investment contracts is an alternative investment. Because alternative investments are not readily marketable, their estimated value is subject to uncertainty and therefore may differ from the value that would have been used had a ready market for such investments existed. Such difference could be material.

Use of estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and changes therein, and disclosure of contingent assets and liabilities. Actual results could differ from those estimates and assumptions.

Payment of benefits

Benefits are recorded when paid.

NOTE B: SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES, Cont'd

Administrative expenses
The significant administrative expenses of the Plan are paid by the Company.

Plan termination
Although it has not expressed any intention to do so, the Company may terminate the Plan at any time by delivering to the trustee a written notice of termination, subject to the provisions of ERISA.

Subsequent events
The Plan has conducted an evaluation of potential subsequent events occurring after the statement of net assets available for benefits date through October 14, 2014, which is the date the financial statements are available to be issued. No subsequent events requiring disclosure were noted.

NOTE C: INFORMATION CERTIFIED BY THE TRUSTEES (UNAUDITED)

The Plan administrator has elected the method of compliance permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974 (ERISA). Accordingly, Prudential Retirement Insurance and Annuity Company and Prudential Bank & Trust, F.S.B., the trustees of the Plan, have certified to the completeness and accuracy of all investments and notes receivable from participants reflected on the accompanying statements of net assets available for benefits, the schedule of assets held for investment purposes and the related investment and participant loan activity reflected in the statements of changes in net assets available for benefits.

The following is a summary of unaudited information regarding the Plan, included in the Plan's financial statements and supplemental schedule that was prepared by or derived from information prepared by the trustees of the Plan, and furnished to the Plan administrator. The Plan administrator has obtained certifications from the trustees that such information is complete and accurate.

	December 31,	
	2013	2012
Investments, at fair value	$ 4,932,494	$ 3,744,386
Notes receivable from participants	108,580	101,225
Net appreciation in fair value of investments	1,005,580	446,063
Interest income	4,330	6,172
Interest income from participant notes receivable	4,135	3,613

All information included in the attached supplemental Schedule of Assets Held for Investment Purposes at End of Year - December 31, 2013.

NOTE D: INVESTMENTS

The following presents the fair value of investments that represent 5% or more of the Plan's net assets available for benefits as determined by the trustees of the Plan:

	December 31, 2013	December 31, 2012
Guaranteed Income Fund	$ 344,375	$ 400,787
Large Cap Value/Barrow Hanley Fund	267,798	197,566
Dryden S&P 500 Index Fund	287,692	*
Mid Cap Growth/Artisan Partners	458,350	325,160
Templeton Growth Account	588,159	437,790
Lifetime Balanced Fund	501,246	415,207
T. Rowe Price Growth Stock Strategy II	426,580	300,387
Large Cap Growth/Eaton Vance Fund	925,039	670,344

* Represents less than 5% of the Plan's net assets available for benefits

During 2013 and 2012, the Plan's investments, including gains and losses on investments bought and sold, as well as held during the year, appreciated in value as follows:

	Year ended December 31, 2013	Year ended December 31, 2012
Pooled separate accounts	$ 1,005,580	$ 446,063

NOTE E: TAX STATUS

The Internal Revenue Service has determined by a letter dated July 28, 2004, that the prototype standardized plan is designed in accordance with applicable sections of the Internal Revenue Code. The Plan has been amended since receiving the determination letter. However, the Plan administrator and the Plan's tax counsel believe that the Plan is currently designed and is being operated in compliance with the applicable requirements of the Internal Revenue Code and that the Plan was qualified and the related trust was tax-exempt as of the financial statement date. Therefore, no provision for income taxes has been included in the Plan's financial statements.

NOTE E: TAX STATUS, Cont'd

Accounting principles generally accepted in the United States of America require plan management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the organization has taken an uncertain position that more likely than not would not be sustained upon examination by the Internal Revenue Service. The Plan administrator has analyzed the tax positions taken by the Plan, and has concluded that as of December 31, 2013, there are no uncertain positions taken or expected to be taken that would require recognition of a liability (or asset) or disclosure in the financial statements. The Plan is subject to routine audits by tax jurisdictions; however, there are currently no audits for any tax periods in progress. The Plan administrator believes it is no longer subject to income tax examinations for years prior to December 31, 2010.

NOTE F: RISKS AND UNCERTAINTIES

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits.

NOTE G: FAIR VALUE MEASUREMENTS

GAAP requires enhanced disclosures about investments that are measured and reported at fair value. GAAP establishes a hierarchal disclosure framework which prioritizes and ranks the level of market price observance used in measuring investments at fair value. Market price observability is affected by a number of factors, including the type of investment and the characteristics specific to the investment. Investments with readily available active quoted prices or for which fair value can be measured from actively quoted prices generally will have a higher degree of market price observability and a lesser degree of judgment used in measuring fair value.

Investments measured and reported at fair value are classified and disclosed in one of the following categories.

Level 1 - Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets.

Level 2 - Inputs to the valuation methodology include:

- Quoted prices for similar assets or liabilities in active markets;
- Quoted prices for identical or similar assets or liabilities in inactive markets;
- Inputs other than quoted prices which are observable for the asset or liability;
- Inputs that are derived principally from or corroborated by observable market data by correlation or other means.

  If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

NOTE G: FAIR VALUE MEASUREMENTS, Cont'd

Level 3 - Inputs to the valuation methodology are unobservable, no active or non-active markets which includes reporting entity's assumptions based on best and most reliable information available from other market participants and information relating to the reporting entity's operations.

The asset's or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2013 and 2012.

Guaranteed income account: Valued at contract value of the underlying group annuity contract.

Pooled separate accounts: Valued at "unit of account" with a value per unit that is the result of the net asset values of the underlying investments.

The methods described above may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, while the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following table sets forth by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31, 2013 and 2012:

	Fair Value of Assets at December 31, 2013

NOTE H: PARTY-IN-INTEREST

Since Prudential Retirement Insurance and Annuity Company and Prudential Bank & Trust, F.S.B. perform services for the Plan, investments sponsored by related organizations are considered party-in-interest transactions, which are exempt from prohibited transaction rules.

NOTE I: DELINQUENT PARTICIPANT CONTRIBUTIONS

As required by DOL Regulation 2510.3-120, the Company is required to segregate employee contributions to the Plan from their general assets as soon as practicable.

For the pay period ended December 20, 2013, the Company failed to remit employee deferrals to the Plan in a timely manner according to DOL regulations. During this period, untimely contributions totaled $1,434. These untimely remittances are considered prohibited transactions. Funds were remitted to the Plan in February 2014. The Company will make a contribution to compensate the Plan for lost investment earnings relating to these prohibited transactions under the DOL's Self – Correction Program during 2014.

Report on the Financial Statements

We were engaged to audit the accompanying financial statements of Bill Gray's, Inc. 401(k) Plan, which comprise the statements of net assets available for benefits as of December 31, 2013 and 2012, and the related statements of changes in net assets available for benefits for the years ended December 31, 2013 and 2012, and the related notes to the financial statements.

Management's Responsibility for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

Auditor's Responsibility

Our responsibility is to express an opinion on these financial statements based on conducting the audit in accordance with auditing standards generally accepted in the United States of America. Because of the matter described in the Basis for Disclaimer of Opinion paragraph, however, we were not able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion.

Basis for Disclaimer of Opinion

As permitted by 29 CFR 2520.103-8 of the Department of Labor's (DOL) Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974 (ERISA), the Plan administrator instructed us not to perform, and we did not perform, any auditing procedures with respect to the information summarized in Note C, which was certified by Prudential Retirement Insurance and Annuity Company and Prudential Bank & Trust, F.S.B., the trustees of the Plan, except for comparing such information with the related information included in the financial statements. We have been informed by the Plan administrator that the trustees hold the Plan's investment assets and execute investment transactions. The Plan administrator has obtained certifications from the trustees as of December 31, 2013 and 2012 and for the years ended December 31, 2013 and 2012, that the information provided to the Plan administrator by the trustees is complete and accurate.

NOTE A: DESCRIPTION OF THE PLAN

The following description of the Bill Gray's, Inc. 401(k) Plan (the "Plan") provides only general information. Participants should refer to the Plan agreement, including amendments, for a more complete description of the Plan's provisions.

General

The Plan is a defined contribution plan established for all employees of Bill Gray's, Inc. (the "Company"). Bill Gray's, Tom Wahl's, and Hegedorn's are operating divisions of the Company. It is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA).

Participation requirements and plan benefits

Under the provisions of the Plan, all employees of the Company who are 21 years of age and have completed one year of service are eligible to participate in the Plan.

Each year, participants may contribute up to 100%, subject to the Internal Revenue Code limitations, of their pre-tax annual compensation, as defined in the Plan. Additionally, the Company will make a 33% matching contribution for each participant's contribution, with the maximum annual contribution equivalent to 2% of their annual salary.

The Plan provides for participant loans. In general, participants may borrow up to half of their vested account balances, but not more than $50,000 and not less than $1,000. Other restrictions may also apply. Participant loans are secured by the balance in the participant's account and bear interest at a rate of 4.25%.

Funds may be withdrawn by participants under circumstances of retirement at the normal retirement age, death, disability, or termination of employment.

Participant accounts

The Plan administrator deposits contributions with the trustees, Prudential Retirement Insurance and Annuity Company and Prudential Bank & Trust, F.S.B. Each participant's account is then credited based on the individual's elected deferral and fund allocation percentages. Investment income (loss) is allocated to participant accounts on a pro-rata basis. There were no amounts allocated to accounts of participants who have elected to withdraw from the Plan at December 31, 2013 and 2012 but have not yet been paid.

Investment options

Plan participants may direct the investment of their funds into various investment funds provided by the Plan.

Vesting

Participants are immediately vested in both participant deferral and Company matching contributions.

NOTE B: SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Basis of accounting

The financial statements and supplemental schedules of the Plan are prepared under the accrual method of accounting.

As described in Financial Accounting Standards Board Staff Position, FSP AAG INV-1, Reporting of Fully Benefit-Responsive Investment Contracts Held by Certain Investment Companies Subject to the AICPA Investment Company Guide and Defined-Contribution Health and Welfare and Pension Plans (the "FSP"), investment contracts held by a defined-contribution plan are required to be reported at fair value. However, contract value is the relevant measurement attribute for that portion of the net assets available for benefits of a defined-contribution plan attributable to fully benefit-responsive investment contracts because contract value is the amount participants would receive if they were to initiate permitted transactions under the terms of the Plan. Generally, the Statement of Net Assets Available for Benefits presents the fair value of the investment contracts as well as the adjustment of the fully benefit responsive investment contracts from fair value to contract value. The Statement of Changes in Net Assets Available for Benefits is prepared on a contract value basis. The Plan's management determined that there was no adjustment necessary at December 31, 2013 and 2012.

Investment valuation and income recognition

The Plan's investments are stated at fair value. Investments in guaranteed income accounts are valued at contract value, which approximates fair value as upon discontinuance of the contract, an adjustment does not apply. Investments in pooled separate accounts are valued based on the quoted market prices of the underlying securities. Participant loans are valued at their unpaid principal balance plus any accrued but unpaid interest.

The Plan presents in the statements of changes in net assets available for benefits the net appreciation (depreciation) in the fair value of its investments, which consists of the realized gains or losses and the unrealized appreciation/depreciation on those investments.

Purchases and sales of investments are recorded on a trade date basis. Interest income is accrued when earned. Both dividend income, which is recorded on the ex-dividend date, and capital gain distributions, are included in net appreciation (depreciation) in fair value of investments.

Valuation of guaranteed income accounts

Accounting principles generally accepted in the United States of America (GAAP) requires that the statement of net assets available for benefits presents the fair value of the Plan's investments as well as the adjustment from fair value to contract value for the fully benefit-responsive investment contracts. The statement of changes in net assets available for benefits is prepared on a contract value basis for the fully benefit-responsive investment contracts.

The guaranteed investment contracts are valued at contract value, because they are fully benefit responsive. Contract value represents contributions made under the contracts, plus interest at the contract rate, less funds used to pay retirement benefits and administrative expenses. There are no reserves against contract value for credit risk of the contract issuer or otherwise.

NOTE B: SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES, Cont'd

Contributions made to the guaranteed investment contracts are invested in the Prudential Retirement Insurance & Annuity Company's Guaranteed Income Fund. The principal invested in the Fund is guaranteed as long as the contract is in force. The Guaranteed Income Fund has interest rates established semi-annually, for the entire fund, regardless of when the funds are deposited. The credited interest rate may stay the same or change semi-annually.

The Guaranteed Income Fund is a general account product. The methodology for calculating the interest crediting rate is based on consideration of current economic and market conditions, the general interest rate environment and both the expected and actual experience of a reference portfolio within the issuer's general account. The interest crediting rates are established without a specific formula. The interest crediting rate is reset semi-annually. The minimum interest crediting rate will never be less than 1.5%. The guaranteed interest rate at December 31, 2013 was 2.25%, net of a 1.15% asset charge, for an effective rate of 1.10%. The guaranteed interest rate at December 31, 2012 was 2.60%, net of a 1.15% asset charge, for an effective rate of 1.45%.

Fair value for the Guaranteed Interest Fund, prior to contract termination, equals the contract value.

The average yield earned by the Plan for the Guaranteed Income Fund can be derived by averaging the quarterly gross interest rates for the fund over the year. The average for 2013 is 1.10%, and for 2012 was 1.45%.

The actual average yield earned by the Plan for the Guaranteed Income Fund can be derived by averaging the Plan's quarterly interest rates. That average for 2013 is 1.10%, and for 2012 was 1.45%.

Generally, there are not any events that could limit the ability of the Plan sponsor and/or plan participants to transact at contact value with Prudential Retirement Insurance & Annuity Company. There are not any events that allow the issuer to terminate the contract and which require the Plan sponsor to settle at an amount different than contract value, paid either within 90 days or over time.

The investment in guaranteed investment contracts is an alternative investment. Because alternative investments are not readily marketable, their estimated value is subject to uncertainty and therefore may differ from the value that would have been used had a ready market for such investments existed. Such difference could be material.

Use of estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and changes therein, and disclosure of contingent assets and liabilities. Actual results could differ from those estimates and assumptions.

Payment of benefits

Benefits are recorded when paid.

NOTE B: SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES, Cont'd

Administrative expenses
The significant administrative expenses of the Plan are paid by the Company.

Plan termination
Although it has not expressed any intention to do so, the Company may terminate the Plan at any time by delivering to the trustee a written notice of termination, subject to the provisions of ERISA.

Subsequent events
The Plan has conducted an evaluation of potential subsequent events occurring after the statement of net assets available for benefits date through October 14, 2014, which is the date the financial statements are available to be issued. No subsequent events requiring disclosure were noted.

NOTE C: INFORMATION CERTIFIED BY THE TRUSTEES (UNAUDITED)

The Plan administrator has elected the method of compliance permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974 (ERISA). Accordingly, Prudential Retirement Insurance and Annuity Company and Prudential Bank & Trust, F.S.B., the trustees of the Plan, have certified to the completeness and accuracy of all investments and notes receivable from participants reflected on the accompanying statements of net assets available for benefits, the schedule of assets held for investment purposes and the related investment and participant loan activity reflected in the statements of changes in net assets available for benefits.

The following is a summary of unaudited information regarding the Plan, included in the Plan's financial statements and supplemental schedule that was prepared by or derived from information prepared by the trustees of the Plan, and furnished to the Plan administrator. The Plan administrator has obtained certifications from the trustees that such information is complete and accurate.

	December 31,	
	2013	2012
Investments, at fair value	$ 4,932,494	$ 3,744,386
Notes receivable from participants	108,580	101,225
Net appreciation in fair value of investments	1,005,580	446,063
Interest income	4,330	6,172
Interest income from participant notes receivable	4,135	3,613

All information included in the attached supplemental Schedule of Assets Held for Investment Purposes at End of Year - December 31, 2013.

NOTE D: INVESTMENTS

The following presents the fair value of investments that represent 5% or more of the Plan's net assets available for benefits as determined by the trustees of the Plan:

	December 31, 2013	December 31, 2012
Guaranteed Income Fund	$ 344,375	$ 400,787
Large Cap Value/Barrow Hanley Fund	267,798	197,566
Dryden S&P 500 Index Fund	287,692	*
Mid Cap Growth/Artisan Partners	458,350	325,160
Templeton Growth Account	588,159	437,790
Lifetime Balanced Fund	501,246	415,207
T. Rowe Price Growth Stock Strategy II	426,580	300,387
Large Cap Growth/Eaton Vance Fund	925,039	670,344

* Represents less than 5% of the Plan's net assets available for benefits

During 2013 and 2012, the Plan's investments, including gains and losses on investments bought and sold, as well as held during the year, appreciated in value as follows:

	Year ended December 31, 2013	Year ended December 31, 2012
Pooled separate accounts	$ 1,005,580	$ 446,063

NOTE E: TAX STATUS

The Internal Revenue Service has determined by a letter dated July 28, 2004, that the prototype standardized plan is designed in accordance with applicable sections of the Internal Revenue Code. The Plan has been amended since receiving the determination letter. However, the Plan administrator and the Plan's tax counsel believe that the Plan is currently designed and is being operated in compliance with the applicable requirements of the Internal Revenue Code and that the Plan was qualified and the related trust was tax-exempt as of the financial statement date. Therefore, no provision for income taxes has been included in the Plan's financial statements.

NOTE E: TAX STATUS, Cont'd

Accounting principles generally accepted in the United States of America require plan management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the organization has taken an uncertain position that more likely than not would not be sustained upon examination by the Internal Revenue Service. The Plan administrator has analyzed the tax positions taken by the Plan, and has concluded that as of December 31, 2013, there are no uncertain positions taken or expected to be taken that would require recognition of a liability (or asset) or disclosure in the financial statements. The Plan is subject to routine audits by tax jurisdictions; however, there are currently no audits for any tax periods in progress. The Plan administrator believes it is no longer subject to income tax examinations for years prior to December 31, 2010.

NOTE F: RISKS AND UNCERTAINTIES

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits.

NOTE G: FAIR VALUE MEASUREMENTS

GAAP requires enhanced disclosures about investments that are measured and reported at fair value. GAAP establishes a hierarchal disclosure framework which prioritizes and ranks the level of market price observance used in measuring investments at fair value. Market price observability is affected by a number of factors, including the type of investment and the characteristics specific to the investment. Investments with readily available active quoted prices or for which fair value can be measured from actively quoted prices generally will have a higher degree of market price observability and a lesser degree of judgment used in measuring fair value.

Investments measured and reported at fair value are classified and disclosed in one of the following categories.

Level 1 - Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets.

Level 2 - Inputs to the valuation methodology include:

- Quoted prices for similar assets or liabilities in active markets;
- Quoted prices for identical or similar assets or liabilities in inactive markets;
- Inputs other than quoted prices which are observable for the asset or liability;
- Inputs that are derived principally from or corroborated by observable market data by correlation or other means.

  If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

NOTE G: FAIR VALUE MEASUREMENTS, Cont'd

Level 3 - Inputs to the valuation methodology are unobservable, no active or non-active markets which includes reporting entity's assumptions based on best and most reliable information available from other market participants and information relating to the reporting entity's operations.

The asset's or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2013 and 2012.

Guaranteed income account: Valued at contract value of the underlying group annuity contract.

Pooled separate accounts: Valued at "unit of account" with a value per unit that is the result of the net asset values of the underlying investments.

The methods described above may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, while the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following table sets forth by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31, 2013 and 2012:

NOTE H: PARTY-IN-INTEREST

Since Prudential Retirement Insurance and Annuity Company and Prudential Bank & Trust, F.S.B. perform services for the Plan, investments sponsored by related organizations are considered party-in-interest transactions, which are exempt from prohibited transaction rules.

NOTE I: DELINQUENT PARTICIPANT CONTRIBUTIONS

As required by DOL Regulation 2510.3-120, the Company is required to segregate employee contributions to the Plan from their general assets as soon as practicable.

For the pay period ended December 20, 2013, the Company failed to remit employee deferrals to the Plan in a timely manner according to DOL regulations. During this period, untimely contributions totaled $1,434. These untimely remittances are considered prohibited transactions. Funds were remitted to the Plan in February 2014. The Company will make a contribution to compensate the Plan for lost investment earnings relating to these prohibited transactions under the DOL's Self – Correction Program during 2014.
