THE STANDEX RETIREMENT SAVINGS PLAN
NOTES TO FINANCIAL STATEMENTS

A. PLAN DESCRIPTION:

The following description of The Standex Retirement Savings Plan (the "Plan") is presented for general information purposes only. Participants should refer to the Plan agreement for a more complete description of the Plan's provisions.

General - 401(k) Component

The Plan is a defined contribution pension plan sponsored by the Standex International Corporation (the "Company") covering substantially all salaried employees of U.S. divisions and subsidiaries of the Company who meet eligibility requirements. Employees covered by the Plan become eligible to make elective contributions immediately upon completion of one hour of service regardless of attained age. Employees become immediately eligible (with the exception of Standex Engraving, LLC employees, who must complete six months of service) to participate in any Company contributions, with the exception of any profit-sharing contributions. Employees become eligible to participate in any profit-sharing contributions upon completion of one year of service with at least 1,000 hours worked if they are actively employed on the last day of the plan year. The Administrative Committee for All Retirement Plans controls and manages the operation and administration of the Plan. Fidelity Management Trust Company serves as the trustee of the Plan. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 ("ERISA").

General – Employee Stock Ownership Plan ("ESOP") Component

The ESOP is a noncontributory, employee stock ownership plan for the purpose of providing benefits for employees who qualify for participation. The Administrative Committee for All Retirement Plans controls and manages the operation and administration of the ESOP. Fidelity Management Trust Company serves as the trustee of the ESOP. The Company determines the amount of contributions, if any. The ESOP is subject to the provisions of ERISA.

Contributions - 401(k) Component

Participants may contribute up to 100% of pre-tax annual compensation, as defined by the Plan, subject to Internal Revenue Code ("IRC") limitations. Effective April 2, 2012, participants may also contribute 100% of after-tax "Roth" annual compensation. As of April 1, 2008, each newly hired employee shall be automatically enrolled in the Plan. Pre-tax contributions of 5% of compensation will begin with the first pay period upon meeting eligibility requirements. The participant may elect to cease or change the amount of these contributions at any time. Participants who are at least age 50 may make an additional pre-tax "catch-up" contribution subject to IRC limitations. Participants may also contribute amounts representing rollover distributions from other qualified plans.

THE STANDEX RETIREMENT SAVINGS PLAN
NOTES TO FINANCIAL STATEMENTS

Effective January 1, 2010, the Company shall make safe harbor matching contributions in an amount equal to participant contributions up to 100% of the first 3% of compensation contributed by the participant and 50% of the next 2% of compensation, for a maximum match of 4% of compensation. The Company shall also make a special retirement contribution to each participant who is employed at a location which was previously eligible to participate in the Standex Retirement Plan, a qualified defined benefit plan sponsored by the Company. Special retirement contributions shall be equal to 1% of such participant's compensation. The Company shall also make an age-based contribution on behalf of any employee who on December 31, 2007 had attained at least age 40 and was actively employed at a location that was eligible to participate in the Standex Retirement Plan. Age-based contributions are determined based upon the following schedule:

<u>Age on December 31, 2007</u>	<u>Contribution as a Percentage of Compensation</u>
40 to 44	1 %
45 to 49	3 %
50 to 54	6 %
55 and older	7 %

The Company may also elect to make discretionary profit-sharing contributions. During 2013 the Company made discretionary profit sharing contributions to participants employed by Standex Engraving LLC in the amount of 2% of compensation and to the participants employed by Nor-Lake, Inc. in the amount of 1.17% of compensation.

Contributions from Company - ESOP Component

In a year in which a contribution is made, the Company's contribution to the ESOP component is allocated to each eligible employee's account based on the proportion that each eligible employee's salary bears to the total salaries of all eligible employees.

Participant Accounts - 401(k) Component

Each participant's account reflects the participant's contributions and withdrawals, as applicable, and allocations of (a) the Company's contributions and (b) plan earnings. Allocation of plan earnings is based on the participant's account balance in proportion to the total of all participants' account balances for each fund in which contributions are invested. The benefit to which a participant is entitled is the benefit that can be provided from the participant's account.

Vesting - 401(k) Component

Participants are immediately vested in their elective deferral contributions and in all Company contributions plus any earnings thereon. Certain Company contribution accounts transferred into the Plan as a result of the predecessor plans being merged into the plan vest according to different schedules, as defined in the Plan document.

THE STANDEX RETIREMENT SAVINGS PLAN
NOTES TO FINANCIAL STATEMENTS

Vesting - ESOP Component

Prior to January 1, 2012, benefits vest to participants over a period of six qualifying years: 20% at the end of two qualifying years and 20% at the end of each qualifying subsequent year. Effective January 1, 2012, participants are fully vested in the value of their account attributable to Employer Stock Contributions.

Investment Options - 401(k) Component

Upon enrollment in the Plan, participants may direct their contributions in 1% increments in any of the investment options. Company contributions are allocated based upon the participants' investment elections. Participants may change their investment options or transfer assets between fund options on any business day.

Investment Options - ESOP Component

The Standex International Corporation Common Stock Fund is a non-participant-directed investment option. Generally, the only investment option available in the fund is the common stock of Standex International Corporation. Participants who are 55 years or older and have 10 years of eligible service are able to diversify up to 50% of their ESOP account balances in any of the investment options offered in the 401(k) component. Participants who are 60 years or older may diversify up to 100% of their ESOP account balances in any of the investment options, regardless of their years of service. Participants are given a choice to either reinvest their dividends into the Standex International Corporation Common Stock Fund or to take the dividends as cash. Cash dividends are reported on Form 1099-DIV and are taxable as dividend income to the participant who makes this election.

Notes Receivable from Participants - 401(k) Component

Participants may borrow from their 401(k) account balances from a minimum of \$1,000 up to a maximum of \$50,000 or 50% of their account balances. Loan transactions are treated as transfers between the investment funds and the loan fund. Loan terms range from six months to five years. The loans are secured by the balance in the participant's account and bear interest based on the prime rate plus 1% at the time the loan is made. Principal and interest are paid through participant payroll deductions. Loans are not available from the employer money purchase contribution account of those participants formerly of the Standex Engraving, LLC Money Purchase Plan and Trust. Participant loans are valued at the unpaid principal balance plus any accrued but unpaid interest and categorized as notes receivable from participants on the statements of net assets available for plan benefits. Delinquent participant loans are reclassified as distributions based upon the terms of the plan document.

Payment of Benefits

Plan benefits may be distributed to participants following retirement or termination of employment with the Company. Participants may also request a withdrawal of all or any portion of their rollover contributions at any time. If the value of the participant's vested benefits is greater than \$1,000, the participant may leave their money in the Plan or may elect to receive the benefit in the form of a lump sum. If the participant's vested balance is not greater than \$1,000, the distribution will be made in a lump-sum payment.

THE STANDEX RETIREMENT SAVINGS PLAN
NOTES TO FINANCIAL STATEMENTS

A participant may also request a withdrawal, subject to limitations, upon attainment of age 59 1/2 or upon demonstration by the participant to the plan administrator that the participant is suffering from "hardship". Hardship is defined in applicable regulations promulgated or to be promulgated pursuant to Section 401(k) of the Internal Revenue Code or standards established by the Secretary of the Treasury or his delegate. Former participants of the Standex Engraving, LLC Money Purchase Plan and Trust's employer money purchase contribution accounts will be distributed in the form of an annuity unless otherwise elected. Such contributions are not eligible for in-service withdrawals.

Forfeitures – 401(k) Component

When certain terminations of participation in the Plan occur for these participants, the nonvested portion of a participant's account represents a forfeiture, as defined by the Plan. If a forfeiting participant is re-employed and fulfills certain requirements, as set forth in the Plan, the participant's account will be restored. Forfeitures of Company contributions are used to reduce expenses or to reduce future Company contributions. During 2013, \$9,000 of forfeitures were used to reduce expenses. Unapplied 401(k) forfeitures were \$30,959 and \$19,395 at December 31, 2013 and 2012, respectively.

Forfeitures – ESOP Component

Forfeitures are allocated by the plan administrator to participants in the same manner as contributions from the Company. Total unallocated ESOP forfeitures for the year ended December 31, 2013 and 2012 were \$848 and \$3,909, respectively. During 2013, \$3,612 of forfeitures were allocated to participants.

B. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES:

Basis of Presentation

The financial statements of the Plan have been prepared on the accrual basis of accounting in accordance with accounting principles generally accepted in the United States of America.

Investment contracts held by a defined contribution plan are required to be reported at fair value. However, contract value is the relevant measurement attribute for that portion of the net assets available for plan benefits of a defined contribution plan attributable to fully benefit-responsive investment contracts because contract value is the amount participants would receive if they were to initiate permitted transactions under the terms of the Plan. The statements of net assets available for plan benefits presents the fair value of the investment contracts as well as the adjustment of the fully benefit-responsive investment contracts from fair value to contract value. The statement of changes in net assets available for plan benefits is prepared on a contract value basis.

THE STANDEX RETIREMENT SAVINGS PLAN
NOTES TO FINANCIAL STATEMENTS

Valuation of Investment and Income Recognition

Investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants on the measurement date. See Note D for discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation (depreciation) includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Benefits

Benefit payments to participants are recorded when paid.

Expenses

The majority of the Plan's expenses are paid by the Company, as provided by the Plan document.

Use of Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of net assets available for plan benefits and disclosure of contingent net assets available for plan benefits at the date of the financial statements and the reported amounts of additions and deductions from net assets available for plan benefits during the reporting period. Actual results could differ from those estimates.

Risk and Uncertainties

The Plan provides for various investment options in mutual funds and a common collective trust that invest in any combination of stocks, bonds, fixed income securities and other investment securities. The Plan's investments are exposed to various risks, such as interest rate, credit, and overall market volatility risks. Due to the level of risk associated with certain investments securities, it is reasonably possible that changes in the values of investment securities will occur in the near term and such changes could materially affect the amounts reported in the statements of net assets available for plan benefits.

Total net appreciation in fair value	<u>\$ 12,217,581</u>

D. FAIR VALUE MEASUREMENTS:

Accounting standards establish a framework for measuring fair value. That framework sets forth a fair value hierarchy which requires an entity to maximize the use of observable inputs and minimize the use of unobservable inputs when measuring fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (level 1 measurements) and the lowest priority to unobservable inputs (level 3 measurements). The three levels of the fair value hierarchy are described below.

Level 1 - Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2 - Inputs to the valuation methodology are observable, either directly or indirectly, such as quoted prices for similar assets or liabilities in active markets; quoted prices for identical or similar assets or liabilities in inactive markets; or other inputs that are observable or can be corroborated by observable market data for substantially the full terms of the assets or liabilities.

Level 3 - Inputs to the valuation methodology are unobservable and supported by little or no market activity and are significant to the fair value of the assets or liabilities.

THE STANDEX RETIREMENT SAVINGS PLAN
NOTES TO FINANCIAL STATEMENTS

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement.

Following is a description of the valuation methodologies used by the Plan. There have been no changes in the methodologies used at December 31, 2013 and 2012.

Common stock – Valued at the closing price reported on the active market on which the individual securities are traded.

Common collective trust – Valued at net asset value based on information reported by the trustee with reference to the market value of the trust's underlying assets at year end. The common collective trust is audited annually.

Mutual funds – Valued at the net asset value of the shares held by the Plan at year end as determined by quoted market prices.

Self-directed brokerage accounts – Contain mutual funds that are valued at the net asset value of the shares held by the Plan at year end as determined by quoted market prices.

The preceding methods described may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following tables set forth by level and by investment class, within the fair value hierarchy, the Plan's assets at fair value as of December 31:

The common collective trust held by the Plan is a stable value investment which has an objective to preserve capital and to provide a competitive level of income over time that is consistent with the preservation of capital. To achieve this objective the fund invests in fixed-income securities, bond funds and money market funds. Twelve months notice is required for a complete liquidation, however the trustee, at their discretion, may waive the twelve month waiting period. Participant directed redemptions are allowed daily with no restrictions. There are no unfunded commitments.

E. RELATED-PARTY TRANSACTIONS:

Section 3(14) of ERISA defines a party-in-interest to include, among others, fiduciaries or employees of the Plan, any person who provides services to the Plan or an employer whose employees are covered by the Plan. Accordingly, loans to participants and transactions with investment funds managed and held by the trustee are considered party-in-interest transactions.

The Plan invests in Standex International Corporation Company Stock. During the year ended December 31, 2013, the Plan did not purchase any shares, sold shares in the amount of \$2,165,849, and had net appreciation in fair value in the amount of \$1,559,367. Of the shares sold \$1,753,408 was distributed to participants with the remaining funds being transferred by participants into various participant directed investment options. The total value of the Plan's interest in the Company Common Stock was \$7,325,709 and \$7,929,229 at December 31, 2013 and 2012 respectively.

THE STANDEX RETIREMENT SAVINGS PLAN
NOTES TO FINANCIAL STATEMENTS

F. TAX STATUS:

The Internal Revenue Service ("IRS") has determined and informed the Company by letter dated September 23, 2002, that the Plan and related trust are designed in accordance with applicable sections of the Internal Revenue Code. On May 30, 2014 the Plan received an updated favorable determination letter from the IRS. Although the Plan has been amended since receiving the determination letter, the plan administrator believes that the Plan is designed and is currently being operated in compliance with applicable provisions of the IRC. In 2010 the Plan applied for an updated determination letter.

Accounting standards require recording uncertain income tax positions that exist in the Plan's financial statements. Plan management has determined there are no uncertain tax positions and believes there is no adjustment or disclosure required in the Plan's financial statements. The Plan did not recognize any interest and penalty expense for the year ended December 31, 2013. The Form 5500 remains subject to examination by the IRS for the years ended December 31, 2010 through December 31, 2013.

G. COMPLIANCE AND ERISA:

The plan administrator has elected the method of compliance permitted under 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974. Accordingly, no auditing procedures with respect to the information certified by Fidelity Management Trust Company, the trustee, were performed by the independent auditors except for comparing the information to the financial statements and supplemental schedule. The trustee has certified as to the completeness and accuracy of the investments (including notes receivable from participants) held by the Plan as of December 31, 2013 and 2012, the plan investment earnings and other investment related transactions of the Plan for the year ended December 31, 2013, and the information contained in the supplemental schedule relating to the Plan.

H. PLAN TERMINATION:

Although it has not expressed any intent to do so, the Company has the right under the Plan to terminate the Plan subject to the provisions of ERISA. In the event of plan termination, participants become 100% vested in their accounts.

I. SUBSEQUENT EVENTS:

The Company has evaluated subsequent events through September 29, 2014, the date these financial statements were available for issuance.

To Michael Pattison and management of The Standex Retirement Savings Plan:

We have conducted a DOL limited-scope audit of the financial statements of The Standex Retirement Savings Plan for the year ended December 31, 2013 and have issued our report thereon dated September 29, 2014. As permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974, the plan administrator instructed us not to perform, and we did not perform, any auditing procedures with respect to the information summarized in Note G to those financial statements. Because of the significance of the information that we did not audit, we are unable to, and have not, expressed an opinion on those financial statements and supplemental schedule taken as a whole. We did, however, audit the form and content of the information included in the financial statements and supplemental schedule, other than that derived from the information certified by the trustee, in accordance with auditing standards generally accepted in the United States of America and found them to be presented in compliance with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA. Professional standards require that we provide you with information about our responsibilities under generally accepted auditing standards, as well as certain information related to the planned scope and timing of our audit. We have communicated such information in our letter to you dated November 25, 2013. Professional standards also require that we communicate to you the following information related to our audit.

Significant Audit Findings

Qualitative Aspects of Accounting Practices

Management is responsible for the selection and use of appropriate accounting policies. The significant accounting policies used by The Standex Retirement Savings Plan are described in Note B to the financial statements. No new accounting policies were adopted and the application of existing policies was not changed during the year. We noted no transactions entered into by the plan during the year for which there is a lack of authoritative guidance or consensus. All significant transactions have been recognized in the financial statements in the proper period.

Accounting estimates are an integral part of the financial statements prepared by management and are based on management's knowledge and experience about past and current events and assumptions about future events. Certain accounting estimates are particularly sensitive because of their significance to the financial statements and because of the possibility that future events affecting them may differ significantly from those expected. There were no sensitive accounting estimates used in the Plan's financial statements.

The financial statement disclosures are neutral, consistent, and clear.

Difficulties Encountered in Performing the Audit

We encountered no significant difficulties in dealing with management in performing and completing our audit.

Corrected and Uncorrected Misstatements

Professional standards require us to accumulate all misstatements identified during the audit, other than those that are clearly trivial, and communicate them to the appropriate level of management.

We proposed no corrections to the financial statements that could, in our judgment, either individually or in the aggregate, have a significant effect on the Plan's financial statements.

Disagreements with Management

For purposes of this letter, a disagreement with management is a financial accounting, reporting, or auditing matter, whether or not resolved to our satisfaction, that could be significant to the financial statements or the auditor's report. We are pleased to report that no such disagreements arose during the course of our audit.

Management Representations

We have requested certain representations from management that are included in the management representation letter dated September 29, 2014.

Management Consultations with Other Independent Accountants

In some cases, management may decide to consult with other accountants about auditing and accounting matters, similar to obtaining a "second opinion" on certain situations. If a consultation involves application of an accounting principle to the Plan's financial statements or a determination of the type of auditor's opinion that may be expressed on those statements, our professional standards require the consulting accountant to check with us to determine that the consultant has all the relevant facts. To our knowledge, there were no such consultations with other accountants.

Other Audit Findings or Issues

We generally discuss a variety of matters, including the application of accounting principles and auditing standards, with management each year prior to retention as the Plan's auditors. However, these discussions occurred in the normal course of our professional relationship and our responses were not a condition to our retention.

Other Matters

US GAAS requires that the auditor must evaluate any control deficiencies identified during an audit and report any deficiencies to the those charged with governance and the Plan's management that are believed to be material control weaknesses or significant control deficiencies. A control deficiency exists when the design or operation of a control does not allow management or employees, in the normal course of performing their assigned functions, to prevent or detect misstatements on a timely basis.

We encountered no material control weaknesses.
