## INDEPENDENT AUDITORS' REPORT

October 10, 2014

Plan Administrator  
1865 Porter Lake Drive  
Sarasota, FL 34240

### Report on the Financial Statements

We were engaged to audit the accompanying financial statements of *Plattner Automotive Group 401(k) and Profit Sharing Plan* (the "Plan"), which comprise the statement of net assets available for benefits as of December 31, 2013, and the related statement of changes in net assets available for benefits for the year ended, and the related notes to the financial statements.

### *Management's Responsibility for the Financial Statements*

Management is responsible for the preparation and fair presentation of these financial statements in accordance with the modified cash basis method of accounting; this includes determining that the modified cash basis method of accounting is an acceptable basis for the preparation of the financial statements under these circumstances. Plan management is also responsible for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

### *Independent Auditors' Responsibility*

Our responsibility is to express an opinion on the 2013 financial statements based on conducting the audit in accordance with auditing standards generally accepted in the United States of America. Because of the matter described in the *Basis for Disclaimer of Opinion* paragraph, however, we were not able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion.

### *Basis for Disclaimer of Opinion*

As permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974, the Plan Administrator instructed us not to perform, and we did not perform, any auditing procedures with respect to information summarized in Note 2, which was certified by Counsel Trust, DBA Mid Atlantic Trust Company, the trustee of the Plan, except for comparing such information with the related information included in the financial statements. We have been informed by the Plan Administrator that the trustee holds the Plan's investment assets and notes receivable from participants, and executes the related transactions. The Plan Administrator has obtained a certification from the trustee as of and for the year ended December 31, 2013, that the information provided to the Plan Administrator by the trustee is complete and accurate.

### *Disclaimer of Opinion*

Because of the significance of the matter described in the *Basis for Disclaimer of Opinion* paragraph, we have not been able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion. Accordingly, we do not express an opinion on the 2013 financial statements.

### *Basis of Accounting*

We draw attention to Note 1 of the financial statements, which describes the basis of accounting. The financial statements and supplemental schedule were prepared on a modified cash basis method of accounting, which is a comprehensive basis of accounting other than generally accepted accounting principles. Our opinion is not modified with respect to that matter.

### *Other Matter - Supplemental Schedule*

The December 31, 2013 supplemental schedule of assets (held at end of year) is required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974 and is presented for the purpose of additional analysis and is not a required part of the financial statements. Because of the significance of the matter described in the *Basis for Disclaimer of Opinion* paragraph, we do not express an opinion on this supplemental schedule.

### **Report on Form and Content in Compliance with DOL Rules and Regulations 2013**

The form and content of the information included in the 2013 financial statements and supplemental schedule, other than that derived from the information certified by the trustee, have been audited by us in accordance with auditing standards generally accepted in the United States of America and, in our opinion, are presented in compliance with the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974.

### *Accountants' Compilation Report on 2012 Statement of Net Assets Available for Benefits*

We have compiled the accompanying statement of net assets available for benefits of the Plan as of December 31, 2012. We have not audited or reviewed the accompanying statement of net assets available for benefits and, accordingly, do not express an opinion or provide any assurance about whether the 2012 financial statement is in accordance with the modified cash basis method of accounting.

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America and for designing, implementing, and maintaining internal controls relevant to the preparation and fair presentation of the financial statements.

## NOTES TO FINANCIAL STATEMENTS

### 1. DESCRIPTION OF THE PLAN AND SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

The following description of the *Plattner Automotive Group 401(k) and Profit Sharing Plan* (the "Plan") provides only general information. Participants should refer to the Plan agreement for a more complete description of the Plan's provisions.

#### Description of the Plan

##### *General*

The Plan is a defined contribution plan covering employees of *Plattner Automotive Group, Inc.* (the "Company") who have three months of service and are age twenty-one or older who are not nonresident aliens or members of a collective bargaining unit. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 ("ERISA").

##### *Contributions*

Each year participants may contribute up to 96% of annual compensation, as defined in the Plan agreement, on a pre-tax basis or on a post-tax basis as Roth contributions. Participants who have attained age 50 before the end of the Plan year are eligible to make catch-up contributions. Participants may also make rollover contributions from other qualified retirement plans. The Plan includes an auto-enrollment provision whereby all newly eligible employees are automatically enrolled in the Plan unless they affirmatively elect not to participate in the Plan. Automatically enrolled participants initially have their deferral rate set at 1% of eligible compensation and their contributions invested in a designated balanced fund until changed by the participant. The deferral rate for automatically enrolled participants increases by 1% each year up to a maximum deferral rate of 10%, unless otherwise changed by the participant.

The Company, at its discretion, may make matching contributions on all pre-tax deferral contributions excluding catch-up contributions. The Company may also make discretionary profit sharing contribution to the Plan for participants with at least one year of service and 500 hours of service in the Plan year at an amount equal to a percentage of the participants' annual compensation. No matching or profit sharing contributions were made in 2013.

Participants direct the investment of contributions into a variety of mutual funds offered by the Plan. Contributions are subject to certain Internal Revenue Service (IRS) limitations.

##### *Participant Accounts*

Each participant's account is credited with the participant's contributions and the Company's matching contributions (when made) and an allocation of the Company's profit sharing contribution (when made) based on the participant's eligible compensation and Plan earnings based on the performance of the investment options selected by the participant, and charged with an allocation of administrative expenses based on participant account balances. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

# PLATTNER AUTOMOTIVE GROUP 401(k) AND PROFIT SHARING PLAN

## NOTES TO FINANCIAL STATEMENTS

### *Vesting*

Participants are immediately vested in their 401(k) voluntary contributions plus actual earnings thereon. Vesting in the Company matching and profit sharing contributions is based on years of continuous service. A participant becomes 20% vested in years two through six of credited service, becoming fully vested after six years of credited service.

### *Notes Receivable from Participants*

Participants may borrow from their fund accounts a minimum of \$1,000 up to a maximum equal to the lesser of 47.5% of their vested account balance or of their total vested account balance excluding the Roth Elective Deferral balance. The maximum loan amount is restricted to \$50,000, reduced by the highest outstanding loan balance during the one-year period ending on the day before the date the loan agreement becomes effective. The notes receivable are secured by the balance in the participant's account and bear interest at 4.25%, which is commensurate with the prime rate plus 1% at the time the notes are issued. Loan terms range from 1 to 4.5 years unless the loan is for the purchase of a primary residence, in which case the term may be for up to 10 years. Principal and interest is paid ratably through payroll deductions.

### *Payment of Benefits*

Upon termination of service due to death, disability, or retirement, a participant may elect to receive all or a portion of the vested interest in his or her account in a lump-sum or in installments. For termination of service or for other reasons, a participant will receive the value of the vested interest in his or her account as a lump-sum distribution. Participants who terminate with an account balance of less than \$1,000 will have their balance paid to them in a lump-sum without their consent. Balances greater than \$1,000 but less than \$5,000 will be deposited into an individual retirement account without their consent. In-service withdrawals of vested balances may be elected by participants who have reached 59½ years of age. The Plan also permits withdrawals of active participants' elective contributions only in amounts necessary to satisfy financial hardship as defined by the Plan agreement.

### *Forfeited Accounts*

Forfeited nonvested accounts are used to reduce future employer cash contributions with any remaining amounts allocated to Plan expenses or among the accounts of participants. Forfeiture balances in the amount of \$1,167 were allocated in 2013 to participants based on eligible compensation. At December 31, 2013 and 2012, forfeited nonvested accounts totaled \$787 and \$1,167, respectively.

### *Administrative Expenses*

The Plan's administrative expenses, including salaries related to Plan administration, auditing and legal costs, are paid by the Company and qualify as party-in-interest transactions which are exempt from prohibited transaction rules. Fees for custodial and record keeping services are paid by the Plan. Fees related to the initiation of loans and certain distribution types are deducted from proceeds distributed to the participant.

## NOTES TO FINANCIAL STATEMENTS

### Summary of Significant Accounting Policies

#### *Basis of Accounting*

The accounts of the Plan are maintained under the modified cash basis method of accounting, which is a comprehensive basis of accounting other than accounting principles generally accepted in the United States of America. Consequently, contributions are recognized when received rather than when earned and deductions from Plan net assets are recognized when paid rather than when the obligation is incurred.

#### *Use of Estimates*

The preparation of financial statements in conformity with the modified cash basis method of accounting requires Plan management to make estimates and assumptions that affect the reported amounts of assets and liabilities and changes therein, and disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

#### *Investment Valuation and Income Recognition*

Investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. Plan management determines the Plan's valuation policies utilizing information provided by the investment advisor and trustee. See Note 3 for discussion of fair value measurements.

Purchases and sales of investments are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation in fair value of investments includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Management fees and operating expenses charged to the Plan for investments in mutual funds are deducted from income earned on a daily basis and are not separately reflected. Consequently, such management fees and operating expenses are reflected as a reduction of net appreciation in the fair value of such investments.

#### *Notes Receivable from Participants*

Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Related fees are recorded as administrative expenses and are expensed when deducted from participants' accounts. No allowance for credit losses has been recorded as of December 31, 2013 or 2012. If a participant ceases to make loan repayments and the Plan Administrator deems the note receivable to be in default, the participant note receivable is reduced and a benefit payment is recorded.

#### *Contributions*

Contributions are recorded when received by the Plan.

## NOTES TO FINANCIAL STATEMENTS

### 3. FAIR VALUE MEASUREMENTS

The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1 measurements) and the lowest priority to unobservable inputs (Level 3 measurements). The three levels of the fair value hierarchy are described as follows:

Level 1: Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2: Inputs to the valuation methodology include:

- quoted prices for similar assets or liabilities in active markets;
- quoted prices for identical or similar assets or liabilities in inactive markets;
- inputs other than quoted prices that are observable for the asset or liability; and
- inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3: Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The fair value measurement level within the fair value hierarchy of each of the Plan's assets or liabilities is based on the lowest level of any input that is significant to the fair value measurements. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

The following is a description of the valuation methodology used for assets measured at fair value. For financial assets recorded at fair value, the description includes an indication of the level of the fair value hierarchy in which the assets are classified. There have been no changes in the methodology used at December 31, 2013 and 2012.

*Mutual funds:* Shares held in mutual funds are valued at quoted market prices that represent the net asset value ("NAV") of shares held by the Plan at year end and are classified as Level 1. The NAV is based on the value of the underlying assets owned by the fund, less its liabilities, then divided by the number of shares outstanding.

The preceding method may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although Plan management believes its valuation method is appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

## 4. RELATED PARTY AND PARTY-IN-INTEREST TRANSACTIONS

Fees paid by the Plan for custodial and record keeping services amounted to \$960 for 2013. Fees paid by the Plan for investment management services are included in net appreciation in fair value of investments in the statement of changes in net assets available for benefits.

## 5. INCOME TAX STATUS

The Company adopted the Paychex, Inc. Prototype Standardized Profit Sharing Plan with CODA plan document. The plan document has received an opinion letter from the Internal Revenue Service dated March 31, 2008, stating that the written form of the underlying prototype plan document is qualified under Section 401(a) of the Internal Revenue Code (the "Code") and that any employer adopting this form of the Plan will be considered to have a plan qualified under Section 401(a) of the Code. The Plan is required to operate in conformity with the Code to maintain its qualification. The Plan's Administrator believes the Plan is being operated in compliance with the applicable requirements of the Code and, therefore, believes the Plan is qualified and the related trust is tax-exempt.

The Plan Administrator has analyzed the tax positions taken by the Plan, and has concluded that as of December 31, 2013, there are no uncertain positions taken or expected to be taken that, would require recognition of a liability or asset or disclosure in the financial statements. The Plan may be subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress. The Plan Administrator believes the Plan is no longer subject to income tax examinations for years prior to 2010.

## NOTES TO FINANCIAL STATEMENTS

### 5. PLAN TERMINATION

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants would become 100% vested in their accounts. Any unallocated assets of the Plan, to the extent not used to pay Plan expenses, would be allocated to participant accounts in such a manner as the Company may determine.

### 9. RISKS AND UNCERTAINTIES

The Plan invests in mutual funds with the underlying assets consisting of any combination of stocks, bonds, fixed income securities, and other investment securities. Investment securities are exposed to various risks, such as interest rate, market and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the fair values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits and the statement of changes in net assets available for benefits.
