Independent Auditor's Report

To the Plan Administrator
Tecta America Corp. Profit Sharing and 401(k) Plan
Rosemont, Illinois

Report on the Financial Statements

We were engaged to audit the accompanying financial statements of Tecta America Corp. Profit Sharing and 401(k) Plan (the "Plan"), which comprise the statements of net assets available for benefits as of December 31, 2013 and 2012, and the related statement of changes in net assets available for benefits for the year ended December 31, 2013, and the related notes to the financial statements.

Management's Responsibility for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

Auditor's Responsibility

Our responsibility is to express an opinion on these financial statements based on conducting the audits in accordance with auditing standards generally accepted in the United States of America. Because of the matter described in the *Basis for Disclaimer of Opinion* paragraph, however, we were not able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion.

Basis for Disclaimer of Opinion

As permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974, the plan administrator instructed us not to perform, and we did not perform, any auditing procedures with respect to the information summarized in Note 4, which was certified by Wells Fargo Bank, N.A., the trustee of the Plan, except for comparing such information with the related information included in the financial statements. We have been informed by the plan administrator that the trustee holds the Plan's investment assets and executes investment transactions. The plan administrator has obtained a certification from the trustee as of December 31, 2013 and 2012 and for the year ended December 31, 2013, that the information provided to the plan administrator by the trustee is complete and accurate.

BDO USA, LLP, a Delaware limited liability partnership, is the U.S. member of BDO International Limited, a UK company limited by guarantee, and forms part of the international BDO network of independent member firms.

BDO is the brand name for the BDO network and for each of the BDO Member Firms.

Disclaimer of Opinion

Because of the significance of the matter described in the *Basis for Disclaimer of Opinion* paragraph, we have not been able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion. Accordingly, we do not express an opinion on these financial statements.

Other Matter

The supplemental Schedule of Delinquent Participant Contributions, and Schedule of Assets (Held at End of Year) as of or for the year ended December 31, 2013 are required by the Department of Labor's (DOL) Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974 and are presented for the purpose of additional analysis and are not a required part of the financial statements. Because of the significance of the matter described in the *Basis for Disclaimer of Opinion* paragraph, we do not express an opinion on these supplemental schedules.

Report on Form and Content in Compliance With DOL Rules and Regulations

The form and content of the information included in the financial statements and supplemental schedules, other than that derived from the information certified by the trustee, have been audited by us in accordance with auditing standards generally accepted in the United States of America and, in our opinion, are presented in compliance with the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974.

1. Description of Plan

The following description of the Tecta America Corp. Profit Sharing and 401(k) Plan (the "Plan") provides only general information. Participants should refer to the Plan document for a more complete description of the Plan's provisions.

General

The Plan is a defined contribution plan covering all eligible employees of Tecta America Corp. and subsidiaries (the "Company") who have completed 30 days of service, and are age 18 or older. The Company maintains 28 subsidiaries that are grouped into various operating units for purposes of the Plan. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 ("ERISA"). The Tecta America Corp. Profit Sharing and 401(k) Plan Committee is responsible for the general administration and oversight of the Plan, and determines the appropriateness of the Plan's investment offerings and monitors investment performance.

Contributions

Each year a participant may contribute up to 50% of his pre-tax compensation.

Participants who have attained age 50 or older before the end of the Plan year are eligible to make catch-up contributions to the Plan. Participants may also contribute amounts representing distributions from other qualified defined contribution or defined benefit plans.

The Company may contribute matching contributions to the Plan in a single formula which applies to all Company operating units. The Company matching contribution was suspended on August 1, 2009 and reinstated for the plan year ended 2013. Effective January 1, 2013, the Company contributes 20% of the first 6% of compensation that a participant contributes to the Plan (4% for highly compensated employees).

Additionally, profit-sharing contributions may be contributed to the Plan to all eligible employees who have (a) attained the age of 18 years of age, (b) completed 1,000 hours of service within a 12-month period, and (c) joined the Plan effective either January 1 or July 1 of the Plan year. Each operating unit may decide to make profit-sharing contributions each year. One operating unit of the Company opted to make an additional profit-sharing contribution to the Plan equal to $195,147 and $187,384 for the years ended December 31, 2013 and 2012, respectively.

Contributions are subject to certain limitations. Participants direct the investment of their contributions into various investment options offered by the Plan.

Participant Accounts

Each participant's account is credited with the participant's contributions and Company matching contributions, as well as allocations of; (a) any Company profit-sharing contributions, (b) Plan earnings, and (c) forfeitures, as applicable. Participant accounts are charged with an allocation of administrative expenses that are paid by the Plan. Allocations are based on participant earnings, account balances, or specific participant transactions, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Vesting

Participants are vested immediately in their contributions plus actual earnings thereon. For Company matching and any profit-sharing contributions, participants vest 20% after completion of two years of service, and 20% per year thereafter, becoming fully vested after six years of credited service, or upon death, disability, or normal retirement.

Notes Receivable from Participants

Participants may borrow from their accounts a minimum of $1,000 up to a maximum equal to the lesser of $50,000 or 50% of their account balance. Generally participants may only have one loan outstanding, with loan terms not to exceed five years. The loans are secured by the balance in the participant's account and bear interest at a rate commensurate with local prevailing rates as determined by the plan administrator, which is equal to prime rate at the time the loan is requested. Principal and interest are repaid ratably through payroll deductions.

Benefit Payments

On termination of service, death, disability, or retirement, a participant may elect to receive their benefit in either a lump-sum payment amount equal to the value of the vested interest in his or her account or in the form of installment payments. If the vested account balance does not exceed $5,000, the Plan may elect to pay this amount to the participant or their beneficiary in a lump-sum payment. Under certain circumstances of financial hardship, as defined, a participant may elect to receive a hardship distribution.

Forfeitures

Forfeitures are generally used first to restore former participant accounts for participants with less than a five year break-in-service, then can be used to pay administrative expenses of the Plan and to reduce Company contributions. Unallocated forfeiture balances were approximately $310,700 and $289,200 as of December 31, 2013 and 2012, respectively.

Administrative Expenses

Certain administrative expenses of maintaining the Plan are paid directly by the Company and are excluded from these financial statements. Fees related to the administration of notes receivable from participants are charged directly to the participant's account and are included in administrative expenses. Investment related expenses are included in net appreciation of fair value of investments.

2. Summary of Significant Accounting Policies

Basis of Accounting

The accompanying financial statements have been prepared on the accrual basis of accounting.

Use of Estimates

The preparation of financial statements in accordance with accounting principles generally accepted in the United States of America requires the Plan's administrator to make estimates and

assumptions that affect reported amounts of assets and liabilities and changes therein, and disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

Investment Valuation and Income Recognition

The Plan's investments are reported at fair value. Fair value is defined as the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date (an exit price). The plan administrator determines the Plan's valuation policies utilizing information provided by the trustee and investment advisors. See Note 5 for further discussion and disclosures related to fair value measurements.

Investment contracts held by a defined contribution plan are required to be reported at fair value. However, contract value is the relevant measurement attribute for that portion of the net assets available for benefits of a defined contribution plan attributable to fully benefit-responsive investment contracts because contract value is the amount participants would receive if they were to initiate permitted transactions under the terms of the Plan. The Statement of Net Assets Available for Benefits presents the fair value of the investment contracts as well as the adjustment of the fully benefit-responsive investment contract from fair value to contract value. The Statement of Changes in Net Assets Available for Benefits is prepared using the contract value basis for fully benefit-responsive investment contracts.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Notes Receivable From Participants

Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Interest income is recorded on the accrual basis. Related fees are recorded as administrative expenses and are expensed when they are incurred. No allowance for credit losses has been recorded as of December 31, 2013 and 2012. If a participant ceases to make loan repayments and the plan administrator deems the participant loan to be in default, the participant loan balance remains an outstanding receivable until the participant fully pays back the loan or receives a full distribution of vested funds from the Plan.

Subsequent Events

The plan administrator has evaluated subsequent events for the Plan through October 9, 2014, the date the financial statements were available to be issued. No material subsequent events have occurred through that date that required recognition or disclosure in the financial statements.

Excess Contributions Payable

Amounts payable to participants for contributions in excess of amounts allowed by the Internal Revenue Service ("IRS") are recorded as a liability with a corresponding reduction to distributions. The Plan distributed the 2013 and 2012 excess contributions to the applicable participants prior to March of each subsequent year.

Payment of Benefits

Benefits are recorded when paid.

3. Investments

The following investments represent 5% or more of the Plan's net assets available for benefits as follows:

December 31,	2013	2012
Mutual Funds:		
Dodge & Cox Income Fund	$ 5,860,264	$ 10,915,448

Common Collective Trust:		
* Wells Fargo Collective Stable Return Fund	8,361,237	8,549,242

* Denotes a party-in-interest.

4. Information Certified by the Trustee

Certain information related to investments included in the accompanying financial statements and supplemental Schedule of Assets (Held at End of Year) as of December 31, 2013 and 2012 and for the year ended December 31, 2013 was obtained or derived from the information supplied to the plan administrator by Wells Fargo Bank, N.A., the trustee of the Plan, and has been certified as complete and accurate. The certified information, including investments at fair value, notes receivable from participants, interest income on notes receivable from participants and investment income, has not been audited by the Plan's independent auditors.

5. Fair Value Measurements

ASC 820 provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1) and the lowest priority to unobservable inputs (Level 3). The three levels of the fair value hierarchy under ASC 820 are described below:

Level 1 - Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2 - Inputs to the valuation methodology include:

- quoted prices for similar assets or liabilities in active markets,
- quoted prices for identical or similar assets or liabilities in inactive markets,
- inputs other than quoted prices that are observable for the asset or liability,
- inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full-term of the asset or liability.

Level 3 - Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset's or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques maximize the use of relevant observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2013 and 2012.

Shares of Mutual Funds: Valued at the daily closing prices as reported by the fund. Mutual funds held by the Plan are open-ended funds that are registered with the Securities and Exchange Commission. These funds are required to publish their daily net asset value (NAV) and to transact at that price. The shares of mutual funds held by the Plan are deemed to be actively traded.

Common Collective Trust: Investments are valued using the net asset value (NAV) provided by the administrator of the fund. The NAV is based on the value of the underlying investments owned by the fund, minus its liabilities, then divided by the number of shares outstanding. The NAV is classified within Level 2 of the hierarchy because the NAV's unit price is quoted on a private market that is not active; however, the unit price is based on underlying investments which are traded on an active market. Were the Plan to initiate a full redemption of the common collective trust, the investment advisor reserves the right to temporarily delay withdrawal from the trust in order to ensure that securities liquidations will be carried out in an orderly business manner.

The preceding methods described may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The remainder of this page intentionally left blank.

The following tables set forth by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31, 2013 and 2012:

	Assets at Fair Value as of December 31, 2013			
	Level 1	Level 2	Level 3	Total

Total assets at fair value	$ 51,467,736	$ 8,549,242	$ -	$ 60,016,978

(a) This fund is designed to deliver safety and stability by preserving principal and accumulated earnings. This fund is primarily invested in guaranteed investment contracts and synthetic investment contracts. Participant-directed redemptions have no restrictions; however, the Plan is required to provide a one-year redemption notice to liquidate its entire share in the fund. The fair value of this fund has been estimated based on the fair value of the underlying investment contracts in the fund, as reported by the issuer of the fund.

The Plan assesses the levels of the investments at each measurement date, and transfers between levels are recognized on the actual date of the event or change in circumstances that caused the transfer in accordance with the Plan's accounting policy regarding the recognition of transfers between levels of the fair value hierarchy. For the year ended December 31, 2013, there were no such transfers.

6. Plan Termination

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of plan termination, participants would become 100% vested in their accounts.

Any unallocated assets of the Plan would be allocated to participant accounts and distributed in such manner as the Company may determine.

7. Tax Status

The Plan has received a determination letter from the IRS dated March 5, 2012, stating that the Plan is qualified under Section 401(a) of the Internal Revenue Code ("the Code") and, therefore, the related trust is exempt from taxation. The Plan has been amended since receiving the determination letter, however the plan administrator believes that the Plan is designed and is currently being operated in compliance with the applicable requirements of the IRC to remain qualified and that the related trust remains tax-exempt.

Accounting principles generally accepted in the United States require plan management to evaluate uncertain tax positions taken by the Plan. The financial statement effects of a tax position are recognized when the position is more likely than not, based on the technical merits, to be sustained upon examination by the IRS. The plan administrator has analyzed the tax positions taken by the Plan and has concluded that as of December 31, 2013, there are no uncertain positions taken or expected to be taken. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress. The plan administrator believes it is no longer subject to income tax examinations for years prior to 2010.

8. Related-Party and Party-In-Interest Transactions

Certain plan investments and notes receivable from participants are managed by Wells Fargo Bank N.A., the trustee for the Plan; therefore these transactions qualify as party-in-interest transactions. Certain employees of the Company provide administrative services to the Plan. These employees are not compensated by the Plan for their services.

9. Risks and Uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market volatility, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities may occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits.

10. Delinquent Participant Contributions

During 2013 and 2012, the Company was untimely in remitting certain participant contributions and loan repayments in the amount of $10,171 and $23,007, respectively. The Company has remitted the delinquent participant contributions and loan repayments for plan year 2013 and 2012 and will reimburse the Plan for lost earnings as soon as the amount is determinable. Related excise taxes will be paid by the Company.

11. Correction of Operational Issue

During 2014, it was discovered that the interest rate applied to notes receivable from participants during 2013 was not in accordance with the loan policy per the plan document. As a result, the

plan administrator and trustee determined the impact of the error, and corrected the excess interest charged by either (a) applying the excess interest to reduce the remaining principal balance of the loan or (b) returning any excess directly to participants whose loans were repaid. All corrections were applied by September of 2014.

12. Reconciliation of Financial Statements to the Form 5500

The following is a reconciliation of net assets available for benefits per the financial statements to the Form 5500:

December 31,	2013	2012
Net assets available for benefits per the financial statements	$ 65,794,712	$ 61,505,506

Independent Auditor's Report

To the Plan Administrator
Tecta America Corp. Profit Sharing and 401(k) Plan
Rosemont, Illinois

Report on the Financial Statements

We were engaged to audit the accompanying financial statements of Tecta America Corp. Profit Sharing and 401(k) Plan (the "Plan"), which comprise the statements of net assets available for benefits as of December 31, 2013 and 2012, and the related statement of changes in net assets available for benefits for the year ended December 31, 2013, and the related notes to the financial statements.

Management's Responsibility for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

Auditor's Responsibility

Our responsibility is to express an opinion on these financial statements based on conducting the audits in accordance with auditing standards generally accepted in the United States of America. Because of the matter described in the *Basis for Disclaimer of Opinion* paragraph, however, we were not able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion.

Basis for Disclaimer of Opinion

As permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974, the plan administrator instructed us not to perform, and we did not perform, any auditing procedures with respect to the information summarized in Note 4, which was certified by Wells Fargo Bank, N.A., the trustee of the Plan, except for comparing such information with the related information included in the financial statements. We have been informed by the plan administrator that the trustee holds the Plan's investment assets and executes investment transactions. The plan administrator has obtained a certification from the trustee as of December 31, 2013 and 2012 and for the year ended December 31, 2013, that the information provided to the plan administrator by the trustee is complete and accurate.

Disclaimer of Opinion

Because of the significance of the matter described in the *Basis for Disclaimer of Opinion* paragraph, we have not been able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion. Accordingly, we do not express an opinion on these financial statements.

Other Matter

The supplemental Schedule of Delinquent Participant Contributions, and Schedule of Assets (Held at End of Year) as of or for the year ended December 31, 2013 are required by the Department of Labor's (DOL) Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974 and are presented for the purpose of additional analysis and are not a required part of the financial statements. Because of the significance of the matter described in the *Basis for Disclaimer of Opinion* paragraph, we do not express an opinion on these supplemental schedules.

Report on Form and Content in Compliance With DOL Rules and Regulations

The form and content of the information included in the financial statements and supplemental schedules, other than that derived from the information certified by the trustee, have been audited by us in accordance with auditing standards generally accepted in the United States of America and, in our opinion, are presented in compliance with the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974.

1. Description of Plan

The following description of the Tecta America Corp. Profit Sharing and 401(k) Plan (the "Plan") provides only general information. Participants should refer to the Plan document for a more complete description of the Plan's provisions.

General

The Plan is a defined contribution plan covering all eligible employees of Tecta America Corp. and subsidiaries (the "Company") who have completed 30 days of service, and are age 18 or older. The Company maintains 28 subsidiaries that are grouped into various operating units for purposes of the Plan. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 ("ERISA"). The Tecta America Corp. Profit Sharing and 401(k) Plan Committee is responsible for the general administration and oversight of the Plan, and determines the appropriateness of the Plan's investment offerings and monitors investment performance.

Contributions

Each year a participant may contribute up to 50% of his pre-tax compensation.

Participants who have attained age 50 or older before the end of the Plan year are eligible to make catch-up contributions to the Plan. Participants may also contribute amounts representing distributions from other qualified defined contribution or defined benefit plans.

The Company may contribute matching contributions to the Plan in a single formula which applies to all Company operating units. The Company matching contribution was suspended on August 1, 2009 and reinstated for the plan year ended 2013. Effective January 1, 2013, the Company contributes 20% of the first 6% of compensation that a participant contributes to the Plan (4% for highly compensated employees).

Additionally, profit-sharing contributions may be contributed to the Plan to all eligible employees who have (a) attained the age of 18 years of age, (b) completed 1,000 hours of service within a 12-month period, and (c) joined the Plan effective either January 1 or July 1 of the Plan year. Each operating unit may decide to make profit-sharing contributions each year. One operating unit of the Company opted to make an additional profit-sharing contribution to the Plan equal to $195,147 and $187,384 for the years ended December 31, 2013 and 2012, respectively.

Contributions are subject to certain limitations. Participants direct the investment of their contributions into various investment options offered by the Plan.

Participant Accounts

Each participant's account is credited with the participant's contributions and Company matching contributions, as well as allocations of; (a) any Company profit-sharing contributions, (b) Plan earnings, and (c) forfeitures, as applicable. Participant accounts are charged with an allocation of administrative expenses that are paid by the Plan. Allocations are based on participant earnings, account balances, or specific participant transactions, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Vesting

Participants are vested immediately in their contributions plus actual earnings thereon. For Company matching and any profit-sharing contributions, participants vest 20% after completion of two years of service, and 20% per year thereafter, becoming fully vested after six years of credited service, or upon death, disability, or normal retirement.

Notes Receivable from Participants

Participants may borrow from their accounts a minimum of $1,000 up to a maximum equal to the lesser of $50,000 or 50% of their account balance. Generally participants may only have one loan outstanding, with loan terms not to exceed five years. The loans are secured by the balance in the participant's account and bear interest at a rate commensurate with local prevailing rates as determined by the plan administrator, which is equal to prime rate at the time the loan is requested. Principal and interest are repaid ratably through payroll deductions.

Benefit Payments

On termination of service, death, disability, or retirement, a participant may elect to receive their benefit in either a lump-sum payment amount equal to the value of the vested interest in his or her account or in the form of installment payments. If the vested account balance does not exceed $5,000, the Plan may elect to pay this amount to the participant or their beneficiary in a lump-sum payment. Under certain circumstances of financial hardship, as defined, a participant may elect to receive a hardship distribution.

Forfeitures

Forfeitures are generally used first to restore former participant accounts for participants with less than a five year break-in-service, then can be used to pay administrative expenses of the Plan and to reduce Company contributions. Unallocated forfeiture balances were approximately $310,700 and $289,200 as of December 31, 2013 and 2012, respectively.

Administrative Expenses

Certain administrative expenses of maintaining the Plan are paid directly by the Company and are excluded from these financial statements. Fees related to the administration of notes receivable from participants are charged directly to the participant's account and are included in administrative expenses. Investment related expenses are included in net appreciation of fair value of investments.

2. Summary of Significant Accounting Policies

Basis of Accounting

The accompanying financial statements have been prepared on the accrual basis of accounting.

Use of Estimates

The preparation of financial statements in accordance with accounting principles generally accepted in the United States of America requires the Plan's administrator to make estimates and

assumptions that affect reported amounts of assets and liabilities and changes therein, and disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

Investment Valuation and Income Recognition

The Plan's investments are reported at fair value. Fair value is defined as the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date (an exit price). The plan administrator determines the Plan's valuation policies utilizing information provided by the trustee and investment advisors. See Note 5 for further discussion and disclosures related to fair value measurements.

Investment contracts held by a defined contribution plan are required to be reported at fair value. However, contract value is the relevant measurement attribute for that portion of the net assets available for benefits of a defined contribution plan attributable to fully benefit-responsive investment contracts because contract value is the amount participants would receive if they were to initiate permitted transactions under the terms of the Plan. The Statement of Net Assets Available for Benefits presents the fair value of the investment contracts as well as the adjustment of the fully benefit-responsive investment contract from fair value to contract value. The Statement of Changes in Net Assets Available for Benefits is prepared using the contract value basis for fully benefit-responsive investment contracts.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Notes Receivable From Participants

Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Interest income is recorded on the accrual basis. Related fees are recorded as administrative expenses and are expensed when they are incurred. No allowance for credit losses has been recorded as of December 31, 2013 and 2012. If a participant ceases to make loan repayments and the plan administrator deems the participant loan to be in default, the participant loan balance remains an outstanding receivable until the participant fully pays back the loan or receives a full distribution of vested funds from the Plan.

Subsequent Events

The plan administrator has evaluated subsequent events for the Plan through October 9, 2014, the date the financial statements were available to be issued. No material subsequent events have occurred through that date that required recognition or disclosure in the financial statements.

Excess Contributions Payable

Amounts payable to participants for contributions in excess of amounts allowed by the Internal Revenue Service ("IRS") are recorded as a liability with a corresponding reduction to distributions. The Plan distributed the 2013 and 2012 excess contributions to the applicable participants prior to March of each subsequent year.

Payment of Benefits

Benefits are recorded when paid.

3. Investments

The following investments represent 5% or more of the Plan's net assets available for benefits as follows:

December 31,	2013	2012
Mutual Funds:		
Dodge & Cox Income Fund	$ 5,860,264	$ 10,915,448
Dodge & Cox Stock Fund	11,374,557	8,946,595

Common Collective Trust:		
* Wells Fargo Collective Stable Return Fund	8,361,237	8,549,242

* Denotes a party-in-interest.

4. Information Certified by the Trustee

Certain information related to investments included in the accompanying financial statements and supplemental Schedule of Assets (Held at End of Year) as of December 31, 2013 and 2012 and for the year ended December 31, 2013 was obtained or derived from the information supplied to the plan administrator by Wells Fargo Bank, N.A., the trustee of the Plan, and has been certified as complete and accurate. The certified information, including investments at fair value, notes receivable from participants, interest income on notes receivable from participants and investment income, has not been audited by the Plan's independent auditors.

5. Fair Value Measurements

ASC 820 provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1) and the lowest priority to unobservable inputs (Level 3). The three levels of the fair value hierarchy under ASC 820 are described below:

Level 1 - Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2 - Inputs to the valuation methodology include:

- quoted prices for similar assets or liabilities in active markets,
- quoted prices for identical or similar assets or liabilities in inactive markets,
- inputs other than quoted prices that are observable for the asset or liability,
- inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full-term of the asset or liability.

Level 3 - Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset's or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques maximize the use of relevant observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2013 and 2012.

Shares of Mutual Funds: Valued at the daily closing prices as reported by the fund. Mutual funds held by the Plan are open-ended funds that are registered with the Securities and Exchange Commission. These funds are required to publish their daily net asset value (NAV) and to transact at that price. The shares of mutual funds held by the Plan are deemed to be actively traded.

Common Collective Trust: Investments are valued using the net asset value (NAV) provided by the administrator of the fund. The NAV is based on the value of the underlying investments owned by the fund, minus its liabilities, then divided by the number of shares outstanding. The NAV is classified within Level 2 of the hierarchy because the NAV's unit price is quoted on a private market that is not active; however, the unit price is based on underlying investments which are traded on an active market. Were the Plan to initiate a full redemption of the common collective trust, the investment advisor reserves the right to temporarily delay withdrawal from the trust in order to ensure that securities liquidations will be carried out in an orderly business manner.

The preceding methods described may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The remainder of this page intentionally left blank.

The following tables set forth by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31, 2013 and 2012:

	Assets at Fair Value as of December 31, 2013

Total assets at fair value	$ 51,467,736	$ 8,549,242	$ -	$ 60,016,978

(a) This fund is designed to deliver safety and stability by preserving principal and accumulated earnings. This fund is primarily invested in guaranteed investment contracts and synthetic investment contracts. Participant-directed redemptions have no restrictions; however, the Plan is required to provide a one-year redemption notice to liquidate its entire share in the fund. The fair value of this fund has been estimated based on the fair value of the underlying investment contracts in the fund, as reported by the issuer of the fund.

The Plan assesses the levels of the investments at each measurement date, and transfers between levels are recognized on the actual date of the event or change in circumstances that caused the transfer in accordance with the Plan's accounting policy regarding the recognition of transfers between levels of the fair value hierarchy. For the year ended December 31, 2013, there were no such transfers.

6. Plan Termination

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of plan termination, participants would become 100% vested in their accounts.

Any unallocated assets of the Plan would be allocated to participant accounts and distributed in such manner as the Company may determine.

7. Tax Status

The Plan has received a determination letter from the IRS dated March 5, 2012, stating that the Plan is qualified under Section 401(a) of the Internal Revenue Code ("the Code") and, therefore, the related trust is exempt from taxation. The Plan has been amended since receiving the determination letter, however the plan administrator believes that the Plan is designed and is currently being operated in compliance with the applicable requirements of the IRC to remain qualified and that the related trust remains tax-exempt.

Accounting principles generally accepted in the United States require plan management to evaluate uncertain tax positions taken by the Plan. The financial statement effects of a tax position are recognized when the position is more likely than not, based on the technical merits, to be sustained upon examination by the IRS. The plan administrator has analyzed the tax positions taken by the Plan and has concluded that as of December 31, 2013, there are no uncertain positions taken or expected to be taken. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress. The plan administrator believes it is no longer subject to income tax examinations for years prior to 2010.

8. Related-Party and Party-In-Interest Transactions

Certain plan investments and notes receivable from participants are managed by Wells Fargo Bank N.A., the trustee for the Plan; therefore these transactions qualify as party-in-interest transactions. Certain employees of the Company provide administrative services to the Plan. These employees are not compensated by the Plan for their services.

9. Risks and Uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market volatility, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities may occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits.

10. Delinquent Participant Contributions

During 2013 and 2012, the Company was untimely in remitting certain participant contributions and loan repayments in the amount of $10,171 and $23,007, respectively. The Company has remitted the delinquent participant contributions and loan repayments for plan year 2013 and 2012 and will reimburse the Plan for lost earnings as soon as the amount is determinable. Related excise taxes will be paid by the Company.

11. Correction of Operational Issue

During 2014, it was discovered that the interest rate applied to notes receivable from participants during 2013 was not in accordance with the loan policy per the plan document. As a result, the

plan administrator and trustee determined the impact of the error, and corrected the excess interest charged by either (a) applying the excess interest to reduce the remaining principal balance of the loan or (b) returning any excess directly to participants whose loans were repaid. All corrections were applied by September of 2014.

12. Reconciliation of Financial Statements to the Form 5500

The following is a reconciliation of net assets available for benefits per the financial statements to the Form 5500:

December 31,	2013	2012
Net assets available for benefits per the financial statements	$ 65,794,712	$ 61,505,506

Independent Auditor's Report

To the Plan Administrator
Tecta America Corp. Profit Sharing and 401(k) Plan
Rosemont, Illinois

Report on the Financial Statements

We were engaged to audit the accompanying financial statements of Tecta America Corp. Profit Sharing and 401(k) Plan (the "Plan"), which comprise the statements of net assets available for benefits as of December 31, 2013 and 2012, and the related statement of changes in net assets available for benefits for the year ended December 31, 2013, and the related notes to the financial statements.

Management's Responsibility for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

Auditor's Responsibility

Our responsibility is to express an opinion on these financial statements based on conducting the audits in accordance with auditing standards generally accepted in the United States of America. Because of the matter described in the *Basis for Disclaimer of Opinion* paragraph, however, we were not able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion.

Basis for Disclaimer of Opinion

As permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974, the plan administrator instructed us not to perform, and we did not perform, any auditing procedures with respect to the information summarized in Note 4, which was certified by Wells Fargo Bank, N.A., the trustee of the Plan, except for comparing such information with the related information included in the financial statements. We have been informed by the plan administrator that the trustee holds the Plan's investment assets and executes investment transactions. The plan administrator has obtained a certification from the trustee as of December 31, 2013 and 2012 and for the year ended December 31, 2013, that the information provided to the plan administrator by the trustee is complete and accurate.

Disclaimer of Opinion

Because of the significance of the matter described in the *Basis for Disclaimer of Opinion* paragraph, we have not been able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion. Accordingly, we do not express an opinion on these financial statements.

Other Matter

The supplemental Schedule of Delinquent Participant Contributions, and Schedule of Assets (Held at End of Year) as of or for the year ended December 31, 2013 are required by the Department of Labor's (DOL) Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974 and are presented for the purpose of additional analysis and are not a required part of the financial statements. Because of the significance of the matter described in the *Basis for Disclaimer of Opinion* paragraph, we do not express an opinion on these supplemental schedules.

Report on Form and Content in Compliance With DOL Rules and Regulations

The form and content of the information included in the financial statements and supplemental schedules, other than that derived from the information certified by the trustee, have been audited by us in accordance with auditing standards generally accepted in the United States of America and, in our opinion, are presented in compliance with the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974.

1. Description of Plan

The following description of the Tecta America Corp. Profit Sharing and 401(k) Plan (the "Plan") provides only general information. Participants should refer to the Plan document for a more complete description of the Plan's provisions.

General

The Plan is a defined contribution plan covering all eligible employees of Tecta America Corp. and subsidiaries (the "Company") who have completed 30 days of service, and are age 18 or older. The Company maintains 28 subsidiaries that are grouped into various operating units for purposes of the Plan. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 ("ERISA"). The Tecta America Corp. Profit Sharing and 401(k) Plan Committee is responsible for the general administration and oversight of the Plan, and determines the appropriateness of the Plan's investment offerings and monitors investment performance.

Contributions

Each year a participant may contribute up to 50% of his pre-tax compensation.

Participants who have attained age 50 or older before the end of the Plan year are eligible to make catch-up contributions to the Plan. Participants may also contribute amounts representing distributions from other qualified defined contribution or defined benefit plans.

The Company may contribute matching contributions to the Plan in a single formula which applies to all Company operating units. The Company matching contribution was suspended on August 1, 2009 and reinstated for the plan year ended 2013. Effective January 1, 2013, the Company contributes 20% of the first 6% of compensation that a participant contributes to the Plan (4% for highly compensated employees).

Additionally, profit-sharing contributions may be contributed to the Plan to all eligible employees who have (a) attained the age of 18 years of age, (b) completed 1,000 hours of service within a 12-month period, and (c) joined the Plan effective either January 1 or July 1 of the Plan year. Each operating unit may decide to make profit-sharing contributions each year. One operating unit of the Company opted to make an additional profit-sharing contribution to the Plan equal to $195,147 and $187,384 for the years ended December 31, 2013 and 2012, respectively.

Contributions are subject to certain limitations. Participants direct the investment of their contributions into various investment options offered by the Plan.

Participant Accounts

Each participant's account is credited with the participant's contributions and Company matching contributions, as well as allocations of; (a) any Company profit-sharing contributions, (b) Plan earnings, and (c) forfeitures, as applicable. Participant accounts are charged with an allocation of administrative expenses that are paid by the Plan. Allocations are based on participant earnings, account balances, or specific participant transactions, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Vesting

Participants are vested immediately in their contributions plus actual earnings thereon. For Company matching and any profit-sharing contributions, participants vest 20% after completion of two years of service, and 20% per year thereafter, becoming fully vested after six years of credited service, or upon death, disability, or normal retirement.

Notes Receivable from Participants

Participants may borrow from their accounts a minimum of $1,000 up to a maximum equal to the lesser of $50,000 or 50% of their account balance. Generally participants may only have one loan outstanding, with loan terms not to exceed five years. The loans are secured by the balance in the participant's account and bear interest at a rate commensurate with local prevailing rates as determined by the plan administrator, which is equal to prime rate at the time the loan is requested. Principal and interest are repaid ratably through payroll deductions.

Benefit Payments

On termination of service, death, disability, or retirement, a participant may elect to receive their benefit in either a lump-sum payment amount equal to the value of the vested interest in his or her account or in the form of installment payments. If the vested account balance does not exceed $5,000, the Plan may elect to pay this amount to the participant or their beneficiary in a lump-sum payment. Under certain circumstances of financial hardship, as defined, a participant may elect to receive a hardship distribution.

Forfeitures

Forfeitures are generally used first to restore former participant accounts for participants with less than a five year break-in-service, then can be used to pay administrative expenses of the Plan and to reduce Company contributions. Unallocated forfeiture balances were approximately $310,700 and $289,200 as of December 31, 2013 and 2012, respectively.

Administrative Expenses

Certain administrative expenses of maintaining the Plan are paid directly by the Company and are excluded from these financial statements. Fees related to the administration of notes receivable from participants are charged directly to the participant's account and are included in administrative expenses. Investment related expenses are included in net appreciation of fair value of investments.

2. Summary of Significant Accounting Policies

Basis of Accounting

The accompanying financial statements have been prepared on the accrual basis of accounting.

Use of Estimates

The preparation of financial statements in accordance with accounting principles generally accepted in the United States of America requires the Plan's administrator to make estimates and

assumptions that affect reported amounts of assets and liabilities and changes therein, and disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

Investment Valuation and Income Recognition

The Plan's investments are reported at fair value. Fair value is defined as the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date (an exit price). The plan administrator determines the Plan's valuation policies utilizing information provided by the trustee and investment advisors. See Note 5 for further discussion and disclosures related to fair value measurements.

Investment contracts held by a defined contribution plan are required to be reported at fair value. However, contract value is the relevant measurement attribute for that portion of the net assets available for benefits of a defined contribution plan attributable to fully benefit-responsive investment contracts because contract value is the amount participants would receive if they were to initiate permitted transactions under the terms of the Plan. The Statement of Net Assets Available for Benefits presents the fair value of the investment contracts as well as the adjustment of the fully benefit-responsive investment contract from fair value to contract value. The Statement of Changes in Net Assets Available for Benefits is prepared using the contract value basis for fully benefit-responsive investment contracts.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Notes Receivable From Participants

Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Interest income is recorded on the accrual basis. Related fees are recorded as administrative expenses and are expensed when they are incurred. No allowance for credit losses has been recorded as of December 31, 2013 and 2012. If a participant ceases to make loan repayments and the plan administrator deems the participant loan to be in default, the participant loan balance remains an outstanding receivable until the participant fully pays back the loan or receives a full distribution of vested funds from the Plan.

Subsequent Events

The plan administrator has evaluated subsequent events for the Plan through October 9, 2014, the date the financial statements were available to be issued. No material subsequent events have occurred through that date that required recognition or disclosure in the financial statements.

Excess Contributions Payable

Amounts payable to participants for contributions in excess of amounts allowed by the Internal Revenue Service ("IRS") are recorded as a liability with a corresponding reduction to distributions. The Plan distributed the 2013 and 2012 excess contributions to the applicable participants prior to March of each subsequent year.

Payment of Benefits

Benefits are recorded when paid.

3. Investments

The following investments represent 5% or more of the Plan's net assets available for benefits as follows:

* Denotes a party-in-interest.

4. Information Certified by the Trustee

Certain information related to investments included in the accompanying financial statements and supplemental Schedule of Assets (Held at End of Year) as of December 31, 2013 and 2012 and for the year ended December 31, 2013 was obtained or derived from the information supplied to the plan administrator by Wells Fargo Bank, N.A., the trustee of the Plan, and has been certified as complete and accurate. The certified information, including investments at fair value, notes receivable from participants, interest income on notes receivable from participants and investment income, has not been audited by the Plan's independent auditors.

5. Fair Value Measurements

ASC 820 provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1) and the lowest priority to unobservable inputs (Level 3). The three levels of the fair value hierarchy under ASC 820 are described below:

Level 1 - Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2 - Inputs to the valuation methodology include:

- quoted prices for similar assets or liabilities in active markets,
- quoted prices for identical or similar assets or liabilities in inactive markets,
- inputs other than quoted prices that are observable for the asset or liability,
- inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full-term of the asset or liability.

Level 3 - Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset's or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques maximize the use of relevant observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2013 and 2012.

Shares of Mutual Funds: Valued at the daily closing prices as reported by the fund. Mutual funds held by the Plan are open-ended funds that are registered with the Securities and Exchange Commission. These funds are required to publish their daily net asset value (NAV) and to transact at that price. The shares of mutual funds held by the Plan are deemed to be actively traded.

Common Collective Trust: Investments are valued using the net asset value (NAV) provided by the administrator of the fund. The NAV is based on the value of the underlying investments owned by the fund, minus its liabilities, then divided by the number of shares outstanding. The NAV is classified within Level 2 of the hierarchy because the NAV's unit price is quoted on a private market that is not active; however, the unit price is based on underlying investments which are traded on an active market. Were the Plan to initiate a full redemption of the common collective trust, the investment advisor reserves the right to temporarily delay withdrawal from the trust in order to ensure that securities liquidations will be carried out in an orderly business manner.

The preceding methods described may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following tables set forth by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31, 2013 and 2012:

(a) This fund is designed to deliver safety and stability by preserving principal and accumulated earnings. This fund is primarily invested in guaranteed investment contracts and synthetic investment contracts. Participant-directed redemptions have no restrictions; however, the Plan is required to provide a one-year redemption notice to liquidate its entire share in the fund. The fair value of this fund has been estimated based on the fair value of the underlying investment contracts in the fund, as reported by the issuer of the fund.

The Plan assesses the levels of the investments at each measurement date, and transfers between levels are recognized on the actual date of the event or change in circumstances that caused the transfer in accordance with the Plan's accounting policy regarding the recognition of transfers between levels of the fair value hierarchy. For the year ended December 31, 2013, there were no such transfers.

6. Plan Termination

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of plan termination, participants would become 100% vested in their accounts.

Any unallocated assets of the Plan would be allocated to participant accounts and distributed in such manner as the Company may determine.

7. Tax Status

The Plan has received a determination letter from the IRS dated March 5, 2012, stating that the Plan is qualified under Section 401(a) of the Internal Revenue Code ("the Code") and, therefore, the related trust is exempt from taxation. The Plan has been amended since receiving the determination letter, however the plan administrator believes that the Plan is designed and is currently being operated in compliance with the applicable requirements of the IRC to remain qualified and that the related trust remains tax-exempt.

Accounting principles generally accepted in the United States require plan management to evaluate uncertain tax positions taken by the Plan. The financial statement effects of a tax position are recognized when the position is more likely than not, based on the technical merits, to be sustained upon examination by the IRS. The plan administrator has analyzed the tax positions taken by the Plan and has concluded that as of December 31, 2013, there are no uncertain positions taken or expected to be taken. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress. The plan administrator believes it is no longer subject to income tax examinations for years prior to 2010.

8. Related-Party and Party-In-Interest Transactions

Certain plan investments and notes receivable from participants are managed by Wells Fargo Bank N.A., the trustee for the Plan; therefore these transactions qualify as party-in-interest transactions. Certain employees of the Company provide administrative services to the Plan. These employees are not compensated by the Plan for their services.

9. Risks and Uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market volatility, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities may occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits.

10. Delinquent Participant Contributions

During 2013 and 2012, the Company was untimely in remitting certain participant contributions and loan repayments in the amount of $10,171 and $23,007, respectively. The Company has remitted the delinquent participant contributions and loan repayments for plan year 2013 and 2012 and will reimburse the Plan for lost earnings as soon as the amount is determinable. Related excise taxes will be paid by the Company.

11. Correction of Operational Issue

During 2014, it was discovered that the interest rate applied to notes receivable from participants during 2013 was not in accordance with the loan policy per the plan document. As a result, the

plan administrator and trustee determined the impact of the error, and corrected the excess interest charged by either (a) applying the excess interest to reduce the remaining principal balance of the loan or (b) returning any excess directly to participants whose loans were repaid. All corrections were applied by September of 2014.

12. Reconciliation of Financial Statements to the Form 5500

The following is a reconciliation of net assets available for benefits per the financial statements to the Form 5500:

December 31,	2013	2012
Net assets available for benefits per the financial statements	$ 65,794,712	$ 61,505,506
Adjustment from fair value to contract value for fully benefit-responsive contract	63,397	240,941
Net assets available for benefits per the Form 5500	$ 65,858,109	$ 61,746,447

The following is a reconciliation of total increase in net assets available for benefits per the financial statements to the Form 5500 for the year ended December 31, 2013:

Year ended December 31,	2013
Net increase in net assets available for benefits per the financial statements	$ 4,289,206
Adjustment from fair value to contract value for fully benefit-responsive contract at December 31, 2013	63,397
Adjustment from fair value to contract value for fully benefit-responsive contract at December 31, 2012	(240,941)
Net increase in net assets available for benefits per the Form 5500	$ 4,111,662
