INDEPENDENT AUDITORS' REPORT

The Trustees of
Residential Management Group, LLC
401(k) Retirement Savings Plan

Report on the Financial Statements

We were engaged to audit the accompanying financial statements of Residential Management Group, LLC 401(k) Retirement Savings Plan (the "Plan"), which comprise the statements of net assets available for benefits as of December 31, 2013 and 2012, and the related statement of changes in net assets available for benefits for the year ended December 31, 2013, and the related notes to the financial statements.

Management's Responsibility for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

Auditors' Responsibility

Our responsibility is to express an opinion on these financial statements based on conducting the audit in accordance with auditing standards generally accepted in the United States of America. Because of the matter described in the Basis for Disclaimer of Opinion paragraph, however, we were not able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion.

Basis for Disclaimer of Opinion

As permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974 ("ERISA"), the Plan administrator instructed us not to perform, and we did not perform, any auditing procedures with respect to the information summarized in Notes 3 and 4, which was certified by ING Life Insurance and Annuity Company, the custodian of the Plan, except for comparing such information with the related information included in the financial statements. We have been informed by the Plan administrator that the custodian holds the Plan's investment assets and executes investment transactions. The Plan administrator has obtained a certification from the custodian as of December 31, 2013 and 2012, and for the year ended December 31, 2013, that the information provided to the Plan administrator by the custodian is complete and accurate.

Disclaimer of Opinion

Because of the significance of the matter described in the Basis for Disclaimer of Opinion paragraph, we have not been able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion. Accordingly, we do not express an opinion on these financial statements.

Other Matter

The supplemental Schedule H, Line 4i - Schedule of Assets (Held At End of Year) as of December 31, 2013 is required by the Department of Labor's (DOL) Rules and Regulations for Reporting and Disclosure under ERISA and is presented for the purpose of additional analysis and is not a required part of the financial statements. Because of the significance of the matter described in the Basis for Disclaimer of Opinion paragraph, we do not express an opinion on the supplemental schedule.

Report on Form and Content in Compliance With DOL Rules and Regulations

The form and content of the information included in the financial statements and supplemental schedule, other than that derived from the information certified by the custodian, have been audited by us in accordance with auditing standards generally accepted in the United States of America and, in our opinion, are presented in compliance with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

1 - DESCRIPTION OF PLAN

The following description of Residential Management Group, LLC 401(k) Retirement Savings Plan (the "Plan") provides only general information. Participants should refer to the Plan agreement for a more complete description of the Plan's provisions.

a. ***General*** - The Plan is a defined contribution plan covering all full-time employees of Douglas Elliman Property Management, LLC, formerly Residential Management Group, LLC, (the "Company") who are age twenty-one or older. It is subject to the provisions of The Employee Retirement Income Security Act of 1974 (ERISA). The Plan was formed on July 1, 2003.

b. ***Contributions*** - Each year, participants may contribute to the Plan up to statutory limits. Participants who have attained age 50 before the end of the Plan year are eligible to make additional catch-up contributions. Participants may also roll over amounts representing distributions from other qualified defined benefit or contribution plans. Each year, the Company may contribute a matching contribution equal to a percentage of the elective contributions made by participants. The Company did not make a matching contribution in 2013. In addition, the Company may also make a discretionary profit-sharing contribution equal to a uniform percentage of the compensation of participants who are not highly compensated. There was no such discretionary contribution made for 2013. Participants direct the investment of their contributions into various investment options offered by the Plan. The Plan currently offers various pooled separate accounts and a guaranteed investment contract as investment options for participants. Contributions are subject to certain Internal Revenue Service limitations.

c. ***Participant Accounts*** - Each participant's account is credited with the participant's contribution and Company matching contributions, as well as allocations of the Company's profit sharing contribution and Plan earnings. Participant accounts are charged with an allocation of administrative expenses that are paid by the Plan. Allocations are based on participant earnings, account balances, or specific participant transactions, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

d. ***Vesting*** - Participants are immediately vested in their voluntary contributions plus actual earnings thereon. Participants become vested in the employer contributions and discretionary profit-sharing contributions, if any, and related earnings thereon at a rate of 25% per annum over a four year period.

e. ***Notes Receivable from Participants*** - Participants may borrow from their accounts a minimum of $700 up to the lesser of $50,000 or 50% of their vested interest. The loans are secured by the balance in the participant's account. At December 31, 2013, the loans bear interest at rates that range from 4.25% to 9.25% as set forth by the Plan administrator based upon interest rates being charged by local financial institutions for secured personal loans. Principal and interest is paid ratably through biweekly payroll deductions over a period not to exceed five years except for loans used for the purchase of a principal residence, which can have terms exceeding five years. At December 31, 2013, loan maturities extend to October 2028.

f. ***Payment of Benefits*** - On termination of service due to death, disability, retirement, or other causes, a participant may elect to receive either a lump-sum amount equal to the value of the participant's vested interest in his or her account or to purchase an annuity.

Continued

g. ***Forfeited Accounts*** - At December 31, 2013, there were no forfeited nonvested accounts. At December 31, 2012, remaining forfeited nonvested accounts totaled $10.

2 - Summary of Significant Accounting Policies

The following are the significant accounting policies followed by the Plan:

a. ***Basis of Accounting*** - The accompanying financial statements have been prepared in accordance with accounting principles generally accepted in the United States of America on the accrual basis of accounting.

Investment contracts held by a defined-contribution plan are required to be reported at fair value. However, contract value is the relevant measurement attribute for that portion of the net assets available for benefits of a defined-contribution plan attributable to fully benefit-responsive investment contracts because contract value is the amount participants would receive if they were to initiate permitted transactions under the terms of the plan. The Statements of Net Assets Available for Benefits presents the fair value of the investment contracts as well as the adjustment of the fully benefit-responsive investment contracts from fair value to contract value. The Statement of Changes in Net Assets Available for Benefits is prepared using the contract value basis for fully benefit-responsive investment contracts.

b. ***Investment Valuation and Income Recognition*** - Investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation in fair value of investments includes the Plan's gains and losses on investments bought and sold as well as held during the year.

c. ***Use of Estimates*** - The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires the Plan administrator to make estimates and assumptions that affect certain reported amounts and disclosures. Accordingly, actual results could differ from those estimates.

d. ***Payments of Benefits*** - Benefits are recorded when paid.

e. ***Operating Expenses*** - The Company has elected to absorb all significant costs relating to the Plan.

f. ***Notes Receivable from Participants*** - Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. The notes bear interest rates ranging from 4.25% to 9.25% and have scheduled maturities to October 2028. Interest income is recorded on the accrual basis. Related fees are recorded as administrative expenses and are expensed when they are incurred. No allowance for credit losses has been recorded as of December 31, 2013 or 2012. If a participant ceases to make loan repayments and the plan administrator deems the participant loan to be in default, the participant loan balance is reduced and a benefit payment is recorded. During the year ended December 31, 2013, in connection with the termination of a Plan participant from the plan sponsor, the outstanding balance from the participant's loan payable to the Plan in the amount of $1,184 was discharged, which was recorded as a taxable deemed distribution to the participant.

3 - Investments - Certified by Custodian (Unaudited)

As of December 31, 2013 and 2012, the Plan's investments were held by ING Life Insurance and Annuity Company (the "Custodian"). Investment information related to those investments included in the Plan's financial statements and supplemental schedule is based on information supplied and certified by the Custodian as complete and accurate in accordance with Section 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. The Plan offers various participant directed options.

Continued

The fair value of investments at December 31, 2013 and 2012 as reported by the Custodian is summarized as follows:

	December 31,	
	2013	2012
Pooled Separate Accounts	$ 16,371,963	$ 13,159,138
Guaranteed Investment Contract	3,223,997	3,594,592
	$ 19,595,960	$ 16,753,730

The following table presents investments that represent 5% or more of the Plan's net assets:

	December 31,	
	2013	2012
Pooled Separate Accounts		
Oppenheimer Main Street Small Cap Fund®/VA	$ 1,449,533	$ 1,090,068

ING T. Rowe Price Equity Income Portfolio - Service Class	859,974	589,455
ING Solution 2025 Portfolio - Service Class	*	1,224,544
Guaranteed Investment Contract		
ING Fixed Account, at contract value (fair value $3,223,997 and $3,594,592, respectively)	3,101,050	3,263,239

*Represents less than 5% of net assets.

During 2013, the Plan's investments in pooled separate accounts (including investments bought, sold, and held during the year) appreciated in value by $3,429,378. Interest earned on the guaranteed investment contract amounted to $92,452 for the year ended December 31, 2013.

The Plan has a fully benefit-responsive guaranteed investment contract with the Custodian. The Custodian maintains the contributions in a general account. The account is credited with earnings on the underlying investments and charged for participant withdrawals and administrative expenses. The guaranteed investment contract issuer is contractually obligated to repay the principal and a specified interest rate that is guaranteed to the Plan.

Because the guaranteed investment contract is fully benefit-responsive, contract value is the relevant measurement attribute for that portion of the net assets available for benefits attributable to the guaranteed investment contract. The guaranteed investment contract is presented on the face of the statement of net assets available for benefits at fair value with an adjustment to contract value in arriving at net assets available for benefits. Contract value, as reported to the Plan by the Custodian, represents contributions made under the contract, plus earnings, less participant withdrawals, and administrative expenses. Participants may ordinarily direct the withdrawal or transfer of all or a portion of their investment at contract value.

There are no reserves against contract value for credit risk of the contract issuer or otherwise. The fair value of the investment contract at December 31, 2013 and 2012 was $3,223,997 and $3,594,592, respectively. The crediting interest rate is based on a formula agreed upon with the issuer, but it may not be less than 3 percent. Such interest rates are reviewed on a quarterly basis for resetting.

Continued

Certain events limit the ability of the Plan to transact at contract value with the issuer. Such events include: (1) amendments to the Plan documents (including complete or partial plan termination or merger with another plan), (2) changes to the Plan's prohibition on competing investment options or deletion of equity wash provisions, (3) bankruptcy of the plan sponsor or other plan sponsor events (for example, divestitures or spin-offs of a subsidiary) that cause a significant withdrawal from the Plan, or, (4) the failure of the trust to qualify for exemption from federal income taxes or any required prohibited transaction exemption under ERISA. The plan administrator believes that any events which would limit the Plan's ability to transact at contract value with participants are probable of not occurring.

The average yields earned by the guaranteed investment contract were as follows:

Average Yields	*2013*	*2012*
Based on actual earnings	2.87%	2.58%
Based on interest rate credited to participants	2.71%	2.64%

4 - Fair Value Measurements (Unaudited)

The framework for measuring fair value is based upon a hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1) and the lowest priority to unobservable inputs (Level 3). The three levels of the fair value hierarchy are described as follows:

Level 1 - Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the plan has the ability to access.

Level 2 - Inputs to the valuation methodology include quoted prices for similar assets or liabilities in active markets, quoted prices for identical or similar assets or liabilities in inactive markets, inputs other than quoted prices that are observable for the asset or liability, and inputs that are derived principally from or corroborated by observable market data by correlation or other means. If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the assets or liability.

Level 3 - Inputs to the valuation methodology are unobservable and significant to the fair value measurement (including the Plan's own assumptions in determining the fair value of investments).

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2013 and 2012:

Pooled Separate Accounts - Pooled separate accounts are valued on a net unit value basis as determined by the investment manager on the last business day of the Plan Year. The fair values of these investments are determined by reference to the respective fund's underlying assets. The investments underlying the Plan's pooled separate accounts primarily include domestic and international equities and domestic fixed income securities.

Guaranteed Investment Contract - Valued at fair value by discounting the related cash flows based on current yields of similar instruments with comparable durations considering the credit worthiness of the issuer.

The following table sets forth by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31, 2013:

	Level 1	Level 2	Level 3	Total
Pooled Separate Accounts				
Balanced/Asset Allocation	$ -	$ 5,459,291	$ -	$ 5,459,291

Each of the following classes of pooled separate accounts has a daily redemption frequency and a redemption notice period of 30 days. There are no unfunded commitments or other redemption restrictions. The following is a description of the investment strategy for each class of investment:

Pooled Separate Accounts

Balanced/Asset Allocation Funds - The funds in this investment category seek to provide a combination of total return and stability of principal consistent with an asset allocation targeted at retirement. These funds normally invest in a diversified portfolio which consists of equity, fixed-income, and money market securities.

Fixed Income Funds - The investment funds in this investment category seek a high total rate of return consisting of capital appreciation and income. This objective is consistent with prudent investment risk and preservation of capital. These funds normally invest in a diversified portfolio of fixed-income instruments of varying maturities which may be represented by forwards or derivatives such as options, future contracts, or swap agreements.

International Funds - The funds in this investment category seek to provide long-term growth of capital. The funds invest in common stock in the United States and foreign countries. It can invest without limit in foreign securities and can invest in any country, including developed or emerging markets.

Large U.S. Equity - The funds in this investment category invest primarily in the stocks of large-capitalization companies with long term growth potential. These funds aim to identify companies with cash flow growth, sustainable competitive advantages, returns on invested capital, and the ability to manage for profitable growth. They normally hold a core position of common stocks primarily emphasizing larger companies. Large companies are defined by the funds as a company that typically has market capitalizations in the range of $5 billion or more at the time of purchase.

Continued

Small/Mid U.S. Equity - The funds in this category seek growth from capital appreciation. These funds invest primarily in small & mid-sized U.S. growth companies. These funds seek companies with positive business momentum, market recognition, and valuations with upside potential. A mid-cap company is defined by the funds as a company that typically has market capitalizations in the range of $1 billion to $20 billion at the time of purchase. A small company is defined by these funds as a company that typically has market capitalizations in the range of $1 billion or less at the time of purchase.

Index Funds - The funds in this investment category seek total return. These funds normally invest in equities of companies included in the S&P 500 Index or equity securities of companies that are representative of the index (including derivatives).

5 - Related Party Transactions

Plan investments include pooled separate accounts and a guaranteed investment contract managed by ING. ING is the custodian as defined by the Plan and, therefore, these transactions qualify as party-in-interest transactions. Fees paid by the Plan for the investment management services are included in net appreciation in fair value of investments.

6 - Plan Termination

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants would become 100% vested in their employer contributions.

7 - Tax Status

The Plan obtained its latest determination letter on January 18, 2011, in which the Internal Revenue Service (IRS) stated that the Plan, as then designed, was in compliance with the applicable requirements of the Internal Revenue Code (IRC). Although the Plan has been amended since receiving the determination letter, the plan administrator and the plan's tax counsel believe that the Plan is currently designed and being operated in compliance with the applicable requirements of the IRC and, therefore, believes that the plan is qualified and the related trust is tax exempt.

Accounting principles generally accepted in the United States of America require plan management to evaluate tax positions taken by the plan and recognize a tax liability (or asset) if the plan has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS. The plan administrator has analyzed the tax positions taken by the plan, and has concluded that as of December 31, 2013, there are no uncertain positions taken or expected to be taken that would require recognition of a liability (or asset) or disclosure in the financial statements. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress. The plan administrator believes it is no longer subject to income tax examinations for years prior to 2010.

8 - Risks and Uncertainties

The Plan invests in various investments. Such investment securities are subject to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with investment securities and the level of uncertainty related to changes in the value of these securities, it is at least reasonably possible that changes in the value of investment will occur in the near-term and that such changes could materially affect participants' account balances and the amounts reported in the statement of net assets available for benefits.

9 - Subsequent Events

Subsequent events have been evaluated through September 15, 2014, the date the financial statements were available to be issued.
