SUPERIOR TUBE COMPANY, INC. UNION 401(K) PLAN
NOTES TO FINANCIAL STATEMENTS
AS OF DECEMBER 31, 2013 AND 2012 AND
FOR THE YEAR ENDED DECEMBER 31, 2013

NOTE A - Description of Plan

The following description of the Superior Tube Company, Inc. Union 401(k) Plan (the "Plan") provides only general information. Participants should refer to the Plan document for a more complete description of the Plan's provisions. The Plan was effective December 1, 2012. The Plan was established upon Superior Tube Company's purchase of the assets of Superior Group, Inc. The Company agreed to hire the employees of Superior Group, Inc. ("Superior Group, Inc. Employees") at acquisition date. Superior Group, Inc. Employees retained their hire date for eligibility and vesting purposes. Superior Group, Inc. Employees were also provided with the option to receive a distribution of their account or rollover their funds into the Superior Tube Company, Inc. Union 401(k) Plan (the "Plan"), or an account at a qualified financial institution.

General - The Plan, sponsored by Superior Tube Company, Inc. (the "Company"), is a defined contribution plan covering collective bargaining (union) employees of the Company upon completing six months of service. Part-time, temporary and seasonal employees are not eligible to participate in the Plan. The Plan is subject to provisions of the Employee Retirement Income Security Act of 1974, as amended ("ERISA").

Contributions - The Plan allows each participant to contribute up to 50% and no less than 2% of the participant's annual compensation to the Plan, however, a participant's total deferrals in any taxable year may not exceed a dollar limit which is set by law. The Plan includes a discretionary contribution by the Company. The Company did not elect to make any contributions for 2013.

Participant Accounts - Each participant's account is credited with the participant's contributions, discretionary employer contributions, and earnings thereon. Allocations are based on participant earnings or account balances, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Vesting - Participants are immediately vested in their voluntary contributions and any rollover contributions and earnings thereon. Vesting in employer contributions and earnings thereon is based on years of credited service. Employer discretionary contributions cliff vest 100% after three years of service or upon Normal Retirement Age, as defined. Upon the death or disability before the participant's retirement age or termination date, the participant will be 100% vested.

Forfeitures - Forfeitures of non-vested employer contributions may be used to reduce future Company contributions. The Plan had no forfeitures at December 31, 2013 and 2012 available for reduction of future employer contributions.

Payment of Benefits - Participant's benefits under the Plan are payable to participants, their beneficiaries or their estates upon the termination of employment, normal retirement (the attainment of age 65), death, disability, hardship or upon the attainment of age 59-1/2. Benefits are payable in the form of lump sum distributions or installments. Installments may be monthly, quarterly, semi-annual, annual or other payment terms over a fixed reasonable period of time, not exceeding the Life Expectancy of the participant, or the joint life and last survivor expectancy of the Participant and his/her designated beneficiary.

SUPERIOR TUBE COMPANY, INC. UNION 401(K) PLAN
NOTES TO FINANCIAL STATEMENTS
AS OF DECEMBER 31, 2013 AND 2012 AND
FOR THE YEAR ENDED DECEMBER 31, 2013

NOTE A - Description of Plan - continued

Notes Receivable from Participants - Participants may borrow a total of the lesser of 50% of their vested account balance (\$1,000 minimum) or \$50,000. A maximum of two outstanding notes are permitted at one time per participant. Loan terms range from one to five years; however, terms may exceed five years for the purchase of a primary residence. The loans are secured by the balance in the participant's account and bear interest at a rate commensurate with local prevailing rates. Principal and interest are paid ratably through payroll deductions.

NOTE B - Summary of Significant Accounting Policies

This summary of significant accounting policies of the Plan is presented to assist in understanding the Plan's financial statements. The financial statements and notes are representations of the Plan's administrator who is responsible for their integrity and objectivity. These accounting policies conform to accounting principles generally accepted in the United States of America and have been consistently applied in the preparation of the financial statements.

Basis of Accounting and Use of Estimates - The financial statements have been prepared using the accrual basis of accounting in accordance with accounting principles generally accepted in the United States of America. The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires the Plan's management to make estimates and assumptions that affect the reported amounts of assets, liabilities, and changes therein and disclosure of contingent assets and liabilities. Actual results could differ from these estimates.

Investment Valuation and Income Recognition - The Plan's investments are recorded at fair value. Net realized and unrealized gains and losses are reported in the Statement of Changes in Net Assets Available for Benefits as net appreciation in fair value of investments. Interest income is recorded as earned. Purchases and sales of securities are recorded on a trade-date basis. Interest and dividends are recorded when earned, based on the terms of the investments and the periods during which the investments are owned.

Payment of Benefits - Benefits are recorded when paid.

Plan Expenses - Certain expenses of maintaining the Plan are paid directly by the Company and are excluded from these financial statements. Fees related to the administration of notes receivable from participants and benefit payments are charged directly to the participant's account and are included in the administrative expenses. Investment related expenses are included in net appreciation of fair value of investments.

Notes Receivable from Participants - Loans to participants are reported at their unpaid principal balances plus any accrued but unpaid interest. Delinquent participant loans are reclassified as distributions based upon the terms of the plan document.

NOTE D - Fair Value Measurements

Fair value is defined as the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. Accounting standards provide a framework for measuring fair value that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1 measurements), and the lowest priority to unobservable inputs (Level 3 measurements). The three levels of fair value hierarchy are described as follows:

Level 1 - Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2 - Inputs to the valuation methodology that include (1) quoted prices for similar assets or liabilities in active markets; (2) quoted prices for identical or similar assets or liabilities in inactive markets; (3) inputs other than quoted prices that are observable for the asset or liability, or (4) inputs that are derived principally from or corroborated by observable market data by correlation or other means. If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 - Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2013 and 2012.

Mutual Funds - Valued at the daily closing price reported by the fund.

Fixed Return Product - Valued based on the amounts of participant contributions directed to the fixed account option plus interest credited pursuant to the guaranteed interest rate less any participant withdrawals and applicable fees. Value is commensurate with fair value.

NOTE E - Investment Contract with Insurance Company

The Plan has entered into a group annuity contract with Great West Life & Annuity Insurance Company ("Great West"). Investment funds under the contract include mutual funds and a stable asset fund. Funds invested in the stable asset fund earn interest based on monthly and quarterly rates as defined in the contract. The contract provides for plan participants to purchase annuities at rates as defined in the contract. Great West maintains the contributions in a general account, representing a liability of Great West. The account is credited with earnings, as prescribed in the contract, and charged for participant withdrawals and administrative expenses.

NOTES TO FINANCIAL STATEMENTS
AS OF DECEMBER 31, 2013 AND 2012 AND
FOR THE YEAR ENDED DECEMBER 31, 2013

NOTE E - Investment Contract with Insurance Company - continued

For the stable asset fund, the average yield and crediting interest rate was 1.26% for 2013. The crediting interest rate is based on an agreed-upon formula with the issuer. Such interest rates are reviewed on a monthly basis for resetting.

Certain events may limit the ability of the plan to transact at contract value with Great West. Such events include termination of the contract, spin-offs, divestitures, layoffs, corporate relocation, partial or total plan termination, retirement incentive programs, and the liberalization of plan withdrawal or transfer rules. Upon occurrence of any of these events, a market value adjustment may apply. The Plan administrator does not believe that the occurrence of any such event, which would limit the Plan's ability to transact at contract value with participants, is probable.

NOTE F - Information Certified by the Trustee and Custodian

As permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA, Great West, the Trustee of the Plan, has certified the following information, which has not been subjected to audit by independent accountants, to be accurate and complete.

- Investments and notes receivable from participants, as reported in the Statements of Net Assets Available for Benefits and related notes;
- Interest income and net appreciation in fair value of investments, as reported in the Statement of Changes in Net Assets Available for Benefits and related notes; and
- The Schedule of Assets (Held at End of Year), as reported in the supplemental schedule.

NOTE G - Tax Status

The Plan adopted a non-standardized prototype profit sharing plan sponsored by Orchard Trust Co., Prototype Standardized Profit Sharing Plan with CODA (Letter Serial No: M285886a), which received an Opinion Letter from the Internal Revenue Service dated March 31, 2008. Therefore, no provisions for income taxes have been included in the Plan's financial statements.

Accounting principles generally accepted in the United States of America require plan management to evaluate tax positions taken by the plan and recognize a tax liability (or asset) if the plan has taken an uncertain position that, more likely than not, would not be sustained upon examination by the IRS. The plan administrator has analyzed the tax positions taken by the Plan, and has concluded that as of December 31, 2013, there are no uncertain tax positions taken or expected to be taken that would require recognition of a liability (or asset) or disclosure in the financial statements. The Plan is subject to routine audits by taxing jurisdictions; however, there are no audits for any tax periods in progress. The plan administrator believes it is no longer subject to income tax examinations for years prior to 2010.

NOTES TO FINANCIAL STATEMENTS
AS OF DECEMBER 31, 2013 AND 2012 AND
FOR THE YEAR ENDED DECEMBER 31, 2013

NOTE H - Risks and Uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks, such as interest rate, credit and market risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect the participants' account balances and the amounts reported in the statements of net assets available for benefits.

NOTE I - Plan Termination

Although the Company has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate its participation in the Plan subject to the provisions of ERISA. In the event of Plan termination, participants would become 100% vested in their share of employer contributions and earnings thereon.

NOTE J - Subsequent Events

In preparing these financial statements, management has evaluated events and transactions for potential recognition or disclosure through October 13, 2014, the date the financial statements were available to be issued.
