Auditor's Responsibility

Our responsibility is to express an opinion on the financial statements based on conducting the audit in accordance with auditing standards generally accepted in the United States of America. Because of the matter described in the *Basis for Disclaimer of Opinion* paragraph, however, we were not able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion.

We have been informed by the plan administrator that the trustee holds the Plan's investment assets and executes investment transactions. The plan administrator has obtained a certification from the trustee as of and for the years ended December 31, 2013 and 2012, that the information provided to the plan administrator by the trustee is complete and accurate.

Disclaimer of Opinion

Because of the significance of the matter described in the *Basis for Disclaimer of Opinion* paragraph, we have not been able to obtain sufficient, appropriate audit evidence to provide a basis for an audit opinion. Accordingly, we do not express an opinion on these financial statements.

Other Matter

The supplemental schedule of assets held for investment as of December 31, 2013 is required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974 and is presented for the purpose of additional analysis and is not a required part of the financial statements. Because of the significance of the matter described in the Basis for Disclaimer of Opinion paragraph, we do not express an opinion on the supplemental schedule.

NOTES TO FINANCIAL STATEMENTS

NOTE 1 - DESCRIPTION OF PLAN:

The following description of the Semersky Enterprises (Semersky) 401(k) Plan (the Plan) provides only general information. Participants should refer to the Plan agreement for a more complete description of the Plan's provisions.

1. General. The Plan is a defined contribution plan covering all Semersky employees. Effective February 1, 2013 the plan was amended to eliminate the one year service requirement. It is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA). Eligible employees may begin participation the first day of employment.

2. Contributions. Each year, participants may contribute up to 75 percent of pretax annual compensation, as defined in the Plan, up to $17,500 in 2013. Participants over 50 years of age may elect to contribute up to an additional $5,500 in 2013. Participants may also contribute amounts representing distributions from other qualified defined benefit or contribution plans. Semersky may choose to contribute a discretionary percentage of each participant's elective deferral contributions and may also make additional discretionary contributions. There were no employer contributions in 2013. Effective with an amendment on March 15, 2008, eligible employees who did not make an election to forgo participation in the Plan were deemed to elect to contribute 3% of eligible compensation. Effective February 1, 2013, the plan was amended to eliminate the automatic enrollment feature. For 2013 excess contributions of $2,717 were made by certain highly compensated employees. These excess contributions will be corrected in 2014.

3. Participant Accounts. Each participant's account is credited with the participant's contribution and allocations of (a) employer contributions, and (b) Plan earnings, and are charged with an allocation of administrative expenses. Allocations are based on participant earnings or account balances, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

4. Vesting. Participants are immediately vested in their contributions plus actual earnings thereon. Vesting in Semersky's matching and discretionary contribution portion, if any, of their accounts plus actual earnings thereon is based on continuous years of service. A participant is 100 percent vested after four years of credited service. As of December 31, 2013, Semersky has not made any contributions since the Plan's inception.

NOTE 1 - DESCRIPTION OF PLAN: (continued)

5. Investment Options. Upon enrollment in the Plan, a participant may direct employee contributions in a variety of investment options with differing investment strategies. Participants may change their investment options at any time.

6. Notes Receivable from Participants. Participants may borrow from their fund accounts up to a maximum equal to the lesser of $50,000 or 50 percent of their vested account balance. The loans are secured by the balance in the participant's account and bear interest at a rate commensurate with local prevailing rates as determined by the Plan administrator. Principal and interest is paid ratably through payroll deductions.

7. Payment of Benefits. Upon termination of service, a participant will, as soon as possible, receive a lump-sum amount equal to the value of the participant's vested interest in his or her account if that value is less than $5,000. If the value exceeds $5,000, the participant must consent to the distribution.

8. Forfeited Accounts. Forfeited nonvested accounts may first be used to reduce Plan expenses and any remaining forfeitures will reduce future employer contributions. There were no forfeited nonvested accounts in 2013.

NOTE 2 - SUMMARY OF ACCOUNTING POLICIES:

Basis of Accounting:
The financial statements of the Plan are prepared using the accrual method of accounting.

Estimates:
The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires the plan administrator to make estimates and assumptions that affect the reported assets and liabilities and changes therein, and disclosures of contingent assets and liabilities. Accordingly, actual results may differ from those estimates.

Investment Valuation and Income Recognition:
The Plan's investments are stated at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date.

NOTE 2 - SUMMARY OF ACCOUNTING POLICIES: (continued)

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Mutual fund gains, net include the Plan's gains and losses on investments bought and sold as well as held during the year.

Notes Receivable from Participants:

Notes receivable from participants are valued at their unpaid principal balance plus any accrued but unpaid interest. Related expenses are recorded as administrative expenses and are expensed when they are incurred. No allowance for credit losses has been recorded as of December 31, 2013 and 2012. If a participant ceases to make loan repayments and the loan is deemed to be in default, the participant loan balance is reduced and a benefit payment is recorded.

Payment of Benefits:

Benefits are recorded when paid.

Expenses:

Semersky absorbs the significant administrative expenses of the Plan.

NOTE 3 - FAIR VALUE MEASUREMENTS:

The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets (level 1) and the lowest priority to unobservable inputs (level 3).

The three levels of the fair value hierarchy under FASB ASC 820 are described as follows:

1. Level 1: Inputs to the valuation methodology are unadjusted quoted prices for identical assets in active markets that the plan has the ability to access.

2. Level 2: Inputs to the valuation methodology include:
   - quoted prices for similar assets or liabilities in active markets;
   - quoted prices for identical or similar assets or liabilities in inactive markets;

NOTE 3 - FAIR VALUE MEASUREMENTS: (continued)

- inputs other than quoted prices that are observable for the assets or liability;
- inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the level 2 input must be observable for substantially the full term of the asset or liability.

3. Level 3: Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques maximize the use of relevant observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2013 and 2012.

Mutual Funds:

Mutual funds are valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are open-end mutual funds that are registered with the SEC. These funds are required to publish their daily net asset value (NAV) and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.

Stable Value Investment Contract:

The stable value investment contract is a common/collective trust and is valued at NAV. The NAV, as provided by the trustee, is used as a practical expedient to estimate fair value. The NAV is based on the fair value of the underlying investments held by the fund less its liabilities. This practical expedient is not used when it is determined to be probable that the fund will sell the investment for an amount different than the reported NAV. Participant transactions (purchased and sales) may occur daily. Were the Plan to initiate a full redemption of the collective trust, the investment adviser reserves the right to temporarily delay withdrawal from the trust in order to ensure that securities liquidations will be carried out in an orderly business manner.

NOTE 3 - FAIR VALUE MEASUREMENTS: (continued)

The following table sets forth by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31, 2013 and 2012:

		Fair Value Measurements Using:	
	Total	Quoted Prices in Active Markets for Identical Assets (Level 1)	Other Observable Inputs (Level 2)

Mutual funds	$2,515,614	$2,515,614	$ 0

NOTE 4 - INVESTMENTS:

The Plan's trustee, Fidelity Management Trust Company (Fidelity), certified that the amounts included as investments at fair value, notes receivable from participants, interest and dividend income, and mutual fund gains in the financial statements and accompanying schedule of assets held for investment are complete and accurate.

The following are investments that represent five percent or more of the Plan's net assets:

NOTE 5 - STABLE VALUE INVESTMENT CONTRACT:

The Plan has a fully benefit-responsive stable value investment contract with its investment custodian. The account is credited with earnings on the underlying investments and charged for participant withdrawals and administrative expenses. The stable value investment contract issuer is contractually obligated to repay the principal and a specified interest rate that is guaranteed to the plan.

Because the stable value investment contract is fully benefit responsive, contract value is the relevant measurement attribute for that portion of the net assets available for benefits attributable to the stable value investment contract. The stable value investment contract is presented on the statement of net assets available for benefits at fair value with an adjustment to contract value in arriving at net assets available for benefits. Contract value, as reported to the plan by the investment custodian, represents contributions made under the contract, plus earnings, less participant withdrawals, and administrative expenses. Participants may ordinarily direct the withdrawal or transfer of all or a portion of their investment at contract value.

There are no reserves against contract value for credit risk of the contract issuer or otherwise. The contract value of the investment contract at December 31, 2013 and 2012 was $12,718 and $50,740, respectively. The crediting interest rate is based on a formula agreed upon with the issuer and is reviewed periodically for resetting.

Certain events limit the ability of the Plan to transact at contract value with the issuer. Such events include (1) amendments to the Plan documents (including complete or partial Plan termination or merger with another plan), (2) changes to the Plan's prohibition on competing investment options or deletion of equity wash provision, (3) bankruptcy of the Plan sponsor or other Plan sponsor events (for example, divestitures or spin-offs of a subsidiary) that cause a significant withdrawal from the Plan, or (4) the failure of the trust to qualify for exemption from federal income taxes or any required prohibited transaction exemption under ERISA. The Plan administrator believes that any events that would limit the Plan's ability to transact at contract value with participants are probable of not occurring.

The stable value investment contract does not permit the investment custodian to terminate the agreement prior to the scheduled maturity date.

NOTES TO FINANCIAL STATEMENTS

NOTE 5 - STABLE VALUE INVESTMENT CONTRACT: (continued)

The average yields earned by the stable value investment contract are as follows:

Average yields:	2013	2012
Based on actual earnings	1.70%	1.69%
Based on interest rate credited to participants	0.92%	1.11%

NOTE 6 - RELATED PARTY TRANSACTIONS:

Certain Plan investments are shares of mutual funds managed by Fidelity. Fidelity is the Plan's trustee and, therefore, these transactions qualify as party-in-interest transactions. Fees paid by the Plan for the investment management services amounted to $431 for the year ended December 31, 2013.

NOTE 7 - PLAN TERMINATION:

Although it has not expressed any intent to do so, Semersky has the right to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants will become 100 percent vested in their accounts.

NOTE 8 - TAX STATUS:

The Internal Revenue Service has determined and informed Semersky that the Plan and related trust are designed in accordance with applicable sections of the Internal Revenue Code. Although the Plan has been amended since receiving the determination letter, the Plan administrator believes that the Plan is designed, and is currently being operated, in compliance with the applicable requirements of the IRC and, therefore, believe the Plan is qualified, and the related trust is tax-exempt.

Accounting principles generally accepted in the United States of America require Plan management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the Internal Revenue Service. The plan administrator has analyzed the tax positions taken by the Plan, and has concluded that as of December 31, 2013, there are no uncertain positions taken or expected to be taken that would require recognition of a liability (or asset) or disclosure in the financial statements. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress. The Plan administrator believes it is no longer subject to income tax examinations for years prior to 2010.

NOTES TO FINANCIAL STATEMENTS

NOTE 9 - RISKS AND UNCERTAINTIES:

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at lease reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statement of net assets available for benefits.

NOTE 10 - RECONCILIATION OF FINANCIAL STATEMENTS TO SCHEDULE H OF FORM 5500:

The following is a reconciliation of net assets available for benefits in the accompanying financial statements to Schedule H of Form 5500:

	December 31, 2013	December 31, 2012
Net assets available for benefits per the financial statements	$2,603,858	$2,031,637
Investment in Stable Value Investment Contract	247	1,759
Net assets available for benefits per Schedule H to the Form 5500	$2,604,105	$2,033,396

The following is a reconciliation of investment income for the year ended December 31, 2013 from the stable value investment contract in the financial statements to Schedule H of Form 5500:

Stable Value Investment Contract income per the financial statements	$ 87
Decrease in Stable Value Investment Contract income	(1,512)
Stable Value Investment Contract income per Schedule H of Form 5500	$ (1,425)

NOTE 11 - SUBSEQUENT EVENTS:

Management has evaluated subsequent events through October 8, 2014, the date the financial statements were available to be issued.

NOTE 11 - SUBSEQUENT EVENTS: (continued)

Subsequent to year end, the DOL performed a review of the Plan and the activities of the Plan fiduciaries for the period January 6, 2011 through August 8, 2014. On September 30, 2014, the DOL issued a letter to Semersky indicating that its review was completed, and it found that $55,293.21 in participant contributions and loan repayments which were withheld from employee paychecks for contribution to the Plan, were not remitted timely. Since Semersky took corrective actions for those late remittances, the DOL will take no further action. The DOL referred the matter to the Internal Revenue Service. As a result, Semersky will be required to pay an excise tax of $8,293.98 (15% of $55,293.21).
