INDEPENDENT AUDITOR'S REPORT

To the Board of Directors of
Technical Chemical Company

Report on the Financial Statements

We were engaged to audit the accompanying financial statements of Technical Chemical Company 401(k) Retirement Plan, which comprise the statements of net assets available for benefits as of December 31, 2013 and 2012, and the related statements of changes in net assets available for benefits for the years ended December 31, 2013 and 2012, and the related notes to the financial statements.

Management's Responsibility for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

Auditor's Responsibility

Our responsibility is to express an opinion on these financial statements based on conducting the audit in accordance with auditing standards generally accepted in the United States of America. Because of the matter described in the Basis for Disclaimer of Opinion paragraph, however, we were not able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion.

Basis for Disclaimer of Opinion

As permitted by 29 CFR 2520.103-8 of the Department of Labor's (DOL) Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974 (ERISA), the plan administrator instructed us not to perform, and we did not perform, any auditing procedures with respect to the information summarized in Notes C, D and E, which was certified by Transamerica Life Insurance Company, the

CPA

trustee of the plan, except for comparing such information with the related information included in the financial statements. We have been informed by the plan administrator that the trustee holds the plan's investment assets and executes investment transactions. The plan administrator has obtained a certification from the trustee as of December 31, 2013 and 2012 and for the years ended December 31, 2013 and 2012, that the information provided to the plan administrator by the trustee is complete and accurate.

Disclaimer of Opinion

Because of the significance of the matter described in the Basis for Disclaimer of Opinion paragraph, we have not been able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion. Accordingly, we do not express an opinion on these financial statements.

Other Matter

The supplemental schedule of assets (held at end of year) as of December 31, 2013 is required by the DOL's Rules and Regulations for Reporting and Disclosure under ERISA and is presented for the purpose of additional analysis and is not a required part of the financial statements. Because of the significance of the matter described in the Basis for Disclaimer of Opinion paragraph, we do not express an opinion on this supplemental schedule.

Report on Form and Content in Compliance with DOL Rules and Regulations

The form and content of the information included in the financial statements and supplemental schedule, other than that derived from the information certified by the trustee, have been audited by us in accordance with auditing standards generally accepted in the United States of America and, in our opinion, are presented in compliance with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

NOTE A - DESCRIPTION OF PLAN

The following description of the Technical Chemical Company 401(k) Retirement Plan ("the Plan") provides only general information. Participants should refer to the Plan agreement for a more complete description of the Plan's provisions.

General. The Plan is a defined contribution plan covering all full-time employees of Kimball Bend of Cleburne L.P. (through February 28, 2013) and Technical Chemical Company (the "Company") who have completed one year of service and are age twenty-one or older. It is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA).

Contributions. Each year, participants may contribute between 1% and 50% of pretax annual compensation, as defined in the Plan. Participants who have attained age 50 before the end of the Plan year are eligible to make catch-up contributions. Participants direct the investment of their contributions into various investment options offered by the Plan. Matching contributions made by the Company are 100% of the participant's salary reduction up to a limit of 2% of compensation. Additional non-matching contributions may be contributed at the option of the Company on a discretionary basis on behalf of all eligible employees whether or not they made elective contributions for the Plan year. The Plan currently offers several mutual funds and a stable value investment contract as investment options for participants.

Participant Accounts. Each participant's account is credited with the participant's contribution and allocations of Plan earnings. Allocations are based on participant earnings or account balances, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Vesting. Participants are immediately vested in their contributions plus actual earnings thereon. Vesting in the Company's contribution portion of their accounts is based on years of continuous service. A participant is 100% vested after six years of credited service.

Payment of Benefits. On termination of service due to death, disability, termination of employment or retirement, a participant may elect to receive either a lump-sum amount equal to the value of the participant's vested interest in his or her account, or as various types of annuities as specified in the Plan.

Forfeited Accounts. Forfeitures are retained in the Plan and used to reduce future Company contributions under the Plan. At December 31, 2013 and 2012 forfeited nonvested accounts totaled $9,314 and $7,370. In 2013 and 2012, employer contributions were reduced by $7,386 and $17,385 from forfeited nonvested accounts, respectively.

NOTE B - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Estimates

The preparation of financial statements in conformity with generally accepted accounting principles requires the plan administrator to make estimates and assumptions that affect certain reported amounts and disclosures. Accordingly, actual results may differ from those estimates.

Basis of Accounting – Investment Contract

As described in Financial Accounting Standards Board Accounting Standards Codification 962-325-50-3, *Reporting of Fully Benefit-Responsive Investment Contracts Held by Certain Investment Companies Subject to the AICPA Investment Company Guide and Defined-Contribution Health and Welfare and Pension Plans,* investment contracts held by a defined-contribution plan are required to be reported at fair value. For investment contracts with no defined maturities, the fair value to be disclosed is the amount payable on demand by the investment company at the reporting date. Accordingly, the contract value is also the fair market value to be disclosed (also see Notes C and F).

Investment Valuation and Income Recognition

The Plan's investments are stated at fair value (see Note C). Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date.

Payment of Benefits

Benefits are recorded when paid.

NOTE C - FAIR VALUE MEASUREMENTS

The Plan's investments are reported at fair value in the accompanying statement of net assets available for benefits. The methods used to measure fair value may produce an amount that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

NOTE C - FAIR VALUE MEASUREMENTS (continued)

FASB Accounting Standards Codification 820, *Fair Value Measurements and Disclosures*, establishes a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. This hierarchy consists of three broad levels: Level 1 inputs consist of unadjusted quoted prices in active markets for identical assets and have the highest priority; Level 2 inputs consist of observable inputs other than quoted market prices included in Level 1, for example quoted market-based prices for similar assets or liabilities; and Level 3 consists of unobservable inputs and have the lowest priority. The Plan uses appropriate valuation techniques based on the available inputs to measure the fair value of its investments. When available, the Plan measures fair value using Level 1 inputs because they generally provide the most reliable evidence of fair value. Level 3 inputs were only used when Level 1 or Level 2 inputs were not available. The following is a description of the valuation methodologies used for assets measured at fair value.

Pooled Separate Accounts

Pooled separate accounts are proprietary to Transamerica and many invest exclusively in one underlying mutual fund traded on an established market. As such, the separate accounts begin with a price determined by Transamerica (i.e., $10 per unit), and the number of units issued are calculated to match the current market value of the underlying mutual fund holdings (shares x price). This is known as unitizing the underlying assets. All of Transamerica's separate account investment choices are valued daily:

Level 1 Fair Value Measurements
Those pooled separate accounts investing in mutual funds or equity securities are measured using quoted prices in active markets for identical assets.

Level 2 Fair Value Measurements
Those pooled separate accounts directly investing in fixed maturity securities are measured based on the pricing data provided by outside valuation service providers who in turn generally use the mean of bid and ask prices but may also use alternative observable pricing inputs for certain securities.

Investment Contract

Level 2 Fair Value Measurements
The investment contract with an insurance company is not actively traded. Transamerica considers this to be a deposit amount, similar to a bank certificate of deposit, with no formal underlying maturities, and it is considered fairly valued at contract value because of this specific distinction.

NOTE C - FAIR VALUE MEASUREMENTS (continued)

Level 2 Fair Value Measurements (continued)
The investment contract has no stated maturity and interest rates are reset monthly as of the beginning of each month, during which a new interest rate is applied daily to the total outstanding balance of the investment. The fair value of the investment contract is determined by the contract value (See Note B).

The following tables set forth, by level within the fair value hierarchy, the Plan's investments at fair value as of December 31, 2013 and 2012.

	Fair Value	Level 1	Level 2

NOTE E - INVESTMENTS (continued)

Concentration of credit risk is the risk of loss attributed to the amount of an investment in a single issuer. The Plan's investments are exposed to various risks such as interest rate, credit, and overall market volatility risks. Due to the level of risk associated with certain investment securities, it is reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect the amounts reported in the Statements of Net Assets Available for Benefits.

The Plan's investments (including gains and losses on investments bought and sold, as well as held during the year) appreciated in value by $438,155 and $175,598 for the years ended December 31, 2013 and 2012, respectively.

NOTE F - INVESTMENT CONTRACT WITH INSURANCE COMPANY

In 1997, the Plan entered into a benefit-responsive investment contract with Transamerica Life Insurance Company. The Stable Value Option investment choice is a nontradable obligation of Transamerica. Thus, the investment's contract or proceeds cannot nor will not be assigned or sold to another party without the consent of Transamerica. The repayment of principal and interest credited to participants holding the investment is a financial obligation of Transamerica. However, if an event should ever occur such that realization of full contract value for a particular investment contract is no longer probable, for example, a significant decline in creditworthiness of Transamerica, the Stable Value Option investment choice may no longer be considered fully benefit-responsive. The terms of the contract require all permitted participant-initiated transactions involving the investment to occur at contract value with no conditions, limits or restrictions. Permitted participant-initiated transactions are those allowed by the underlying defined contribution plan such as withdrawals for benefits or transfers to other investment choices within the plan. Since the investment contract is an obligation of Transamerica, the occurrence of an event that limits the ability of the investment to transact at contract value with Transamerica and participants holding the investment is not probable. The investment choice allows participants reasonable access to their assets in it.

As described in Note B, the investment contract has no stated maturity. Interest rates are reset monthly as to the beginning of each month, during which a new interest rate is applied daily to the total outstanding balance of the investment. There is no stated minimum or maximum interest rate for the Stable Value Option investment choice and, therefore, it is not a guaranteed investment contract.

NOTE F - INVESTMENT CONTRACT WITH INSURANCE COMPANY (continued)

The fair value, which is also the contract value, of the investment contract at December 31, 2013 and 2012 was $751,821 and $731,895, respectively. The crediting interest rate is based on a formula agreed upon with the issuer and such interest rates are reviewed on a monthly basis for resetting.

	2013	2012
Average yields:		
Based on actual earnings	1.35%	1.45%
Based on interest rate credited to participants	1.35%	1.45%

NOTE G - RECONCILIATION OF FINANCIAL STATEMENTS TO SCHEDULE H OF FORM 5500 (continued)

The following is a reconciliation of benefits paid to participants per the financial statements for the years ended December 31, to Schedule H of Form 5500:

	2013	2012
Benefits paid to participants per the financial statements	$ 357,578	$ 107,941
Reconciling items	-	-
Benefits paid to participants per Schedule H of form 5500	$ 357,578	$ 107,941

NOTE H - TAX STATUS

The Technical Chemical Company 401(k) Retirement Plan is a prototype plan of Transamerica Life Insurance Company. The Internal Revenue Service has determined and informed the custodian by a letter dated June 11, 2009, that the Plan is designed in accordance with applicable sections of the Internal Revenue Code (IRC). Therefore, no provision for income taxes has been included in the Plan's financial statements.

The Plan is subject to routine audits by tax authorities; however, there are currently no audits for any tax periods in progress. The Plan administrator believes the Plan is no longer subject to income tax examinations for years prior to 2009.

NOTE I - RISKS AND UNCERTAINTIES

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statement of net assets available for benefits.

NOTE J - PLAN TERMINATION

Although it has not expressed any intent to do so, the Company has the right under the Plan to terminate the Plan subject to the provisions of ERISA.

NOTE K - SUBSEQUENT EVENTS

Subsequent events have been evaluated through September 30, 2014, the date the financial statements were available to be issued.
