INDEPENDENT AUDITOR'S REPORT

Retirement Plan Trustees
The Salem Community Hospital Retirement Plan
Salem, Ohio

Report on the Financial Statements

We were engaged to audit the accompanying financial statements of The Salem Community Hospital Retirement Plan, which comprise the statements of net assets available for benefits as of December 31, 2013 and 2012, and the related statements of changes in net assets available for benefits for the years then ended, and the related notes to the financial statements.

Management's Responsibility for the Financial Statements

Plan management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

Auditor's Responsibility

Our responsibility is to express an opinion on these financial statements based on conducting the audit in accordance with auditing standards generally accepted in the United States of America. Because of the matter described in the Basis for Disclaimer of Opinion paragraph, however, we were not able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion.

Basis for Disclaimer of Opinion

As permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974, the Plan administrator instructed us not to perform, and we did not perform, any auditing procedures with respect to the information summarized in Note E, which was certified by Farmers Trust Company, the trustee of the Plan, except for comparing the information with the related information included in the financial statements and supplemental schedules. We have been informed by the Plan administrator that the trustee holds the Plan's investment assets and executes investment transactions. The Plan administrator has obtained a certification from the trustee as of and for the years ended December 31, 2013 and 2012, that the information provided to the Plan administrator by the trustee is complete and accurate.

Disclaimer of Opinion

Because of the significance of the matter described in the Basis for Disclaimer of Opinion paragraph, we have not been able to obtain sufficient, appropriate audit evidence to provide a basis for an audit opinion. Accordingly, we do not express an opinion on these financial statements.

INDEPENDENT AUDITOR'S REPORT (CONTINUED)

Other Matter

The supplemental schedules of schedule H, Part IV, Item 4i-schedule of assets held for investment purposes and schedule H, Part IV, Item 4j-schedule of reportable transactions for the years ended December 31, 2013 and 2012, are required by the Department of Labor's (DOL) Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974 and are presented for the purpose of additional analysis and are not a required part of the financial statements. Because of the significance of the matter described in the Basis for Disclaimer of Opinion paragraph, we do not express an opinion on these supplemental schedules.

Report on Form and Content in Compliance With DOL Rules and Regulations

The form and content of the information included in the financial statements and supplemental schedules, other than that derived from the information certified by the trustee, have been audited by us in accordance with auditing standards generally accepted in the United States of America and, in our opinion, are presented in compliance with the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974.

NOTES TO FINANCIAL STATEMENTS

THE SALEM COMMUNITY HOSPITAL RETIREMENT PLAN

December 31, 2013 and 2012

NOTE A - DESCRIPTION OF PLAN

The following description of The Salem Community Hospital ("Company") Retirement Plan ("Plan") provides only general information. Participants should refer to the Plan agreement for a more complete description of the Plan's provisions.

General:

The Plan is a defined benefit pension plan covering all permissible employees of The Salem Community Hospital. It is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA).

Pension Benefits:

Participants with five or more years of vesting service are eligible to receive monthly benefit payments beginning at normal retirement age of 65. Participants may elect to receive their benefits as a life annuity payable monthly from retirement or may elect to receive optional forms of payment of actuarial equivalent amounts. The Plan permits early retirement beginning at age 55.

Death Benefits:

Benefits are payable upon the death of (a) a nonretired participant who has completed five years of vesting service or (b) a terminated vested participant, prior to the commencement of benefits, provided that the participant had elected surviving spouse coverage. The term "marriage" will be read to include a same-sex marriage that is legally recognized as a marriage under any state law, and the term "spouse" will be read to refer to any individuals who are lawfully married under any state law.

NOTE B - SUMMARY OF ACCOUNTING POLICIES

The following are the significant accounting policies followed by the Plan:

Basis of Accounting:

The accompanying financial statements are prepared on the accrual basis of accounting.

Use of Estimates:

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of assets, liabilities, and changes therein; disclosure of contingent assets and liabilities; and the actuarial present value of accumulated Plan benefits at the date of the financial statements. Actual results could differ from those estimates.

NOTES TO FINANCIAL STATEMENTS (CONTINUED)

**THE SALEM COMMUNITY HOSPITAL
RETIREMENT PLAN**

December 31, 2013 and 2012

NOTE B - SUMMARY OF ACCOUNTING POLICIES (CONTINUED)

Investment Valuation and Income Recognition:

Investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note F for a discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Actuarial present value of accumulated plan benefits:

Accumulated Plan benefits are those future periodic payments, including lump-sum distributions that are attributable under the Plan's provisions to the service employees have rendered. Accumulated Plan benefits include benefits expected to be paid to (a) retired or terminated employees or their beneficiaries, (b) beneficiaries of employees who have died, and (c) present employees or their beneficiaries. Benefits payable under all circumstances - retirement, death, disability, and termination of employment - are included, to the extent they are deemed attributable to employee service rendered to the valuation date.

Consulting actuaries estimate the actuarial present value of accumulated Plan benefits, which is the amount that results from applying actuarial assumptions to adjust the accumulated Plan benefits earned by the participants, to reflect the time value of money (through discounts for interest) and the probability of payment (by means of decrements such as for death, disability, withdrawal or retirement) between the valuation date and the expected date of payment.

Payment of Benefits:

Benefit payments to participants are recorded upon distribution.

Date of Management's Review:

The Plan has evaluated subsequent events through October 8, 2014, the date the financial statements were available to be issued. See also Note K.

NOTE C - FUNDING POLICY

The Company has agreed to contribute monthly such amounts as are necessary to provide assets sufficient to meet the benefits to be paid to Plan members. For the years ended December 31, 2013, and 2012 the Company paid \$2,000,004. The Company's contributions for 2013 and 2012 exceeded the minimum funding requirements of ERISA.

NOTES TO FINANCIAL STATEMENTS (CONTINUED)

**THE SALEM COMMUNITY HOSPITAL
RETIREMENT PLAN**

December 31, 2013 and 2012

NOTE D - PLAN TERMINATION

In the event the Plan terminates, the net assets of the Plan will be allocated, as prescribed by ERISA and its related regulations, generally to provide the following benefits in the order indicated:

1. Benefits attributable to employee contributions, taking into account those paid out before termination.
2. Annuity benefits that former employees or their beneficiaries have been receiving for at least three years, or that employees eligible to retire for that three-year period would have been receiving if they had retired with benefits in the normal form of annuity under the Plan. The priority amount is limited to the lowest benefit that was payable (or would have been payable) during those three years. The amount is further limited to the lowest benefit that would be payable under Plan provisions in effect at any time during the five years preceding Plan termination.
3. Other vested benefits insured by the Pension Benefit Guaranty Corporation (PBGC) (a U.S. government agency) up to the applicable limitations (discussed subsequently).
4. All other vested benefits (that is, vested benefits not insured by the PBGC).
5. All nonvested benefits.

Certain benefits under the Plan are insured by the PBGC if the Plan terminates. Generally, the PBGC guarantees most vested normal age retirement benefits, early retirement benefits, and certain disability and survivor's pensions. However, the PBGC does not guarantee all types of benefits under the Plan, and the amount of benefit protection is subject to certain limitations. Vested benefits under the Plan are guaranteed at the level in effect on the date of the Plan's termination. However, a statutory ceiling exists, which is adjusted periodically, on the amount of an individual's monthly benefit that the PBGC guarantees. For Plan terminations occurring during 2013 that ceiling is \$4,790 per month. That ceiling applies to those pensioners who elect to receive their benefits in the form of a single-life annuity and are at least 65 years old at the time of the retirement of Plan termination (whichever comes later). For younger annuitants or for those who elect to receive their benefits in some form more valuable than a single-life annuity, the corresponding ceilings are actuarially adjusted downward.

Whether all participants receive their benefits should the Plan terminate at some future time will depend on the sufficiency, at that time, of the Plan's net assets to provide for accumulated benefit obligations and may also depend on the financial condition of the Plan sponsor and the level of benefits guaranteed by the PBGC.

NOTE F - FAIR VALUE MEASUREMENTS

Financial Accounting Standards Board (FASB) *Accounting Standards Codification* (ASC) 820, *Fair Value Measurements and Disclosures*, provides the framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (level 1 measurements) and the lowest priority to unobservable inputs (level 3 measurements). The three levels of the fair value hierarchy under FASB ASC 820 are described as follows:

Level 1 inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2 inputs to the valuation methodology include the following:

- Quoted prices for similar assets or liabilities in active markets
- Quoted prices for identical assets or liabilities in inactive markets
- Inputs other than quoted prices that are observable for the asset or liability
- Inputs that are derived principally from, or corroborated by, observable market data by correlation or other means

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2013 and 2012.

Common stocks: Valued at the closing price reported on the New York Stock Exchange.

Mutual funds: Valued at the net asset value (NAV) of shares held by the Plan at year-end.

U.S. government securities: Valued at the closing price reported in the active market in which the individual security is traded.

RETIREMENT PLAN**

December 31, 2013 and 2012

NOTE F - FAIR VALUE MEASUREMENTS (CONTINUED)

Corporate bonds: Certain corporate bonds are valued at the closing price reported in the active market in which the bond is traded. Other corporate bonds are valued based on yields currently available on comparable securities of issuers with similar credit ratings. When quoted prices are not available for identical or similar bonds, the bond is valued under a discounted cash flows approach that maximizes observable inputs, such as current yields of similar instruments, but includes adjustments for certain risks that may be observable, such as credit and liquidity risks.

Limited partnerships: Valued at the closing price reported in the active market in which the individual security is traded.

The preceding methods may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The Plan administrator determines the fair value measurement policies and procedures, subject to oversight by the Organization's employee benefit committee. Those policies and procedures are reassessed at least annually to determine if the current valuation techniques are still appropriate.

The following tables set forth by level, within the fair value hierarchy, the Plan's fair value measurements at December 31, 2013, and 2012.

NOTE H – PLAN AMENDMENT

Effective January 1, 2012, the Plan was amended to offer lump sum distributions to vested terminated employees and non-contract active participants, upon retirement or termination.

NOTE I - TAX STATUS

The Plan obtained a determination letter dated March 27, 2013, in which the Internal Revenue Service stated that the Plan, as then designed, was in compliance with the applicable requirements of the Internal Revenue Code. Continued qualification of the Plan under its present form will depend on its effect in operation. The Plan has been amended since receiving the determination. The Plan administrator and the Plan's tax counsel believe that the Plan is designed and is currently being operated in compliance with the applicable requirements of the Internal Revenue Code and therefore believe that the Plan is qualified and the related trust is tax-exempt.

Accounting principles generally accepted in the United States of America require Plan management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the organization has taken an uncertain position that more likely than not would not be sustained upon examination by the Internal Revenue Service. The Plan administrator has analyzed the tax positions taken by the Plan, and has concluded that as of December 31, 2013, there are no uncertain positions taken or expected to be taken that would require recognition of a liability (or asset) or disclosure in the financial statements. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress. The Internal Revenue Service examined the December 31, 2011 Plan filing which resulted in no changes or issues. The Plan administrator believes it is no longer subject to income tax examinations for years prior to 2011.

NOTE J - RISKS AND UNCERTAINTIES

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect the amounts reported in the statement of net assets available for benefits.

Plan contributions are made and the actuarial present value of accumulated Plan benefits are reported based on certain assumptions pertaining to interest rates, inflation rates and employee demographics, all of which are subject to change. Due to uncertainties inherent in the estimations and assumptions process, it is at least reasonably possible that changes in these estimates and assumptions in the near term would be material to the financial statements.

NOTE K - SUBSEQUENT EVENTS

Effective January 1, 2014 newly hired employees are no longer eligible for the Defined Benefit Retirement Plan offered by the hospital due to a "soft freeze". As a result of the freeze The Salem Community Hospital Voluntary 403(b) Retirement Plan has been amended and will be offered as a retirement plan option to all new hires. Noteworthy changes as a result of the amendment include:

- Dropping the words "Voluntary ", and "Retirement" from Plan name, thus "Salem Community Hospital 403(b) Plan" will be the new Plan name.
- Adding employer match of 50% up to 5% of eligible employee compensation, as well as an employer non-elective deferral of 1.6% of eligible employee compensation.
- Updating eligibility requirements for matching and non-elective deferral compensation. In summary, current employees eligible for a match or deferral under another retirement plan offered by the hospital are not eligible for the matching or deferral contributions under the amended Plan.

Form of payment

Union employees and former employees are assumed to elect the straight life form. 80% of non-union employees are assumed to elect a lump sum distribution at termination; the remaining 20% are assumed to elect the straight life annuity. The lump sum is assumed to be valued using the annuity substitution approach and unisex mortality under Revenue Ruling 2008-85 for 2013 distributions.

Marriage

For purposes of valuing the pre-retirement death benefit, 100% of eligible participants are assumed to have a beneficiary and male spouses are assumed to be 3 years older than female spouses.

Employees

It was assumed there will be no new or rehired employees.

Plan compensation

Non-Union Employees

Compensation assumed paid in the current year beginning on the valuation date is the current hourly rate of pay times the expected number of hours to be worked in 2013.

Union Employees

Accruals are frozen as of December 31, 2008 so no future plan compensation is applicable.

Changes in assumptions and methods since last actuarial valuation

The following changes in assumptions were made as part of this valuation:

- The segment interest rates used to calculate the funding target and target normal cost were updated from an applicable month of September 2011 to September 2012, with application of MAP-21 corridors as applicable.
- The required mortality table used to calculate the funding target and target normal cost was updated to include one additional year of projected mortality improvements.
- 80% of non-union employees are expected to elect a lump sum. The lump sum for target liability and target normal cost is being valued using the annuity substitution approach.

Plan

Salem Community Hospital Retirement Plan

Effective date and most recent amendment

September 1, 1970, as Amended and Restated effective January 1, 2010 and most recently amended by the First Amendment effective July 1, 2012.

Plan year

The twelve-month period ending December 31st.

Coverage and participation

Each non-union employee of the Hospital becomes a participant on the first day of the month following attainment of age 21 and completion of one year of employment in which the employee worked at least 1,000 hours.

Credited service

One year is credited for each year of participation in the Plan in which the employee worked at least 1,000 hours. Credited Service for Union participants was frozen as of December 31, 2008.

Vesting service

One year is credited for each year of employment after age 18 in which the employee worked at least 1,000 hours.

SCHEDULE SB ATTACHMENTS

Normal retirement benefit

Normal Retirement Date: Eligible at age 65

Benefit Formula: For each year of Credited Service, employees accrue an annual benefit equal to 1.0% of pay earned during such year, plus 0.6% of pay above \$4,800 earned during such year. Effective January 1, 2009, Nurses have no future accruals under this formula.

Effective January 1, 2013 compensation used for benefit purposes was limited to \$255,000 per year (indexed).

Late retirement

The monthly benefit is computed the same as normal retirement and recognizing pay and service after normal retirement age.

Early retirement benefit

Employees may retire as early as age 55; the accrued normal retirement benefit is payable, reduced actuarially for commencement prior to age 65.

Excerpt retirement factors are noted below:

Commencement Age	Early Retirement Factor Union	Early Retirement Factor Non-Union
62	.744	.790
60	.619	.650
55	.402	.450

Disability retirement

None.

Deferred vested benefit

Employees terminating after accruing 5 years of Vesting Service are entitled to the accrued normal retirement benefit commencing at age 65 or commencing as early as age 55 on an actuarially reduced basis.

SCHEDULE SB ATTACHMENTS

Pre-retirement death benefit

Benefits are payable upon the death of (a) a nonretired participant who has completed 5 years of Vesting Service or (b) a terminated vested participant, prior to the commencement of benefits.

A benefit is payable to a beneficiary, equal to what would have been payable had the participant retired (or, in the case of a vested terminated participant, had he elected to have his benefit commence) immediately prior to death (or, if later, age 55 for surviving spouse beneficiaries) with a 50% Joint and Survivor option in effect.

Optional forms of retirement income in lieu of normal form

An employee may elect to receive his benefit on a straight-life or a reduced Joint and Survivor basis. Unless otherwise elected, any benefit payable under the Plan shall be paid:

- (1) on an actuarially reduced 50% or 75% Joint and Survivor basis, or
- (2) on a straight life basis otherwise.
- (3) for non-union employees terminating after July 1, 2012, a lump sum option is available for six months after termination. The lump sum uses IRC Section 417(e) compliant rates and mortality with an August lookback month and annual stability period.

Window benefits

A window program was offered to Nurses who had at least ten years of benefit service and who were 59 or older on or before October 1, 2008. Nurses who retired under the window program received a monthly supplement of \$350 payable until age 65 (minimum of 12 months). Retirement had to occur no earlier than October 1, 2008 and no later than December 31, 2008.

A window lump sum option was made available for former employees for a few months in 2012 with payments made in December 2012.

Changes in assumptions and methods since last actuarial valuation

The following changes in assumptions were made as part of this valuation:

- The segment interest rates used to calculate the funding target and target normal cost were updated from an applicable month of September 2011 to September 2012, with application of MAP-21 corridors as applicable.
- The required mortality table used to calculate the funding target and target normal cost was updated to include one additional year of projected mortality improvements.
- 80% of non-union employees are expected to elect a lump sum. The lump sum for target liability and target normal cost is being valued using the annuity substitution approach.

Plan

Salem Community Hospital Retirement Plan

Effective date and most recent amendment

September 1, 1970, as Amended and Restated effective January 1, 2010 and most recently amended by the First Amendment effective July 1, 2012.

Plan year

The twelve-month period ending December 31st.

Coverage and participation

Each non-union employee of the Hospital becomes a participant on the first day of the month following attainment of age 21 and completion of one year of employment in which the employee worked at least 1,000 hours.

Credited service

One year is credited for each year of participation in the Plan in which the employee worked at least 1,000 hours. Credited Service for Union participants was frozen as of December 31, 2008.

Vesting service

One year is credited for each year of employment after age 18 in which the employee worked at least 1,000 hours.

Normal retirement benefit

Normal Retirement Date: Eligible at age 65

Benefit Formula: For each year of Credited Service, employees accrue an annual benefit equal to 1.0% of pay earned during such year, plus 0.6% of pay above \$4,800 earned during such year. Effective January 1, 2009, Nurses have no future accruals under this formula.

Effective January 1, 2013 compensation used for benefit purposes was limited to \$255,000 per year (indexed).

Late retirement

The monthly benefit is computed the same as normal retirement and recognizing pay and service after normal retirement age.

Early retirement benefit

Employees may retire as early as age 55; the accrued normal retirement benefit is payable, reduced actuarially for commencement prior to age 65.

Excerpt retirement factors are noted below:

Commencement Age	Early Retirement Factor	Early Retirement Factor
	Union	Non-Union
62	.744	.790
60	.619	.650
55	.402	.450

Disability retirement

None.

Deferred vested benefit

Employees terminating after accruing 5 years of Vesting Service are entitled to the accrued normal retirement benefit commencing at age 65 or commencing as early as age 55 on an actuarially reduced basis.

SCHEDULE SB ATTACHMENTS

Pre-retirement death benefit

Benefits are payable upon the death of (a) a nonretired participant who has completed 5 years of Vesting Service or (b) a terminated vested participant, prior to the commencement of benefits.

A benefit is payable to a beneficiary, equal to what would have been payable had the participant retired (or, in the case of a vested terminated participant, had he elected to have his benefit commence) immediately prior to death (or, if later, age 55 for surviving spouse beneficiaries) with a 50% Joint and Survivor option in effect.

Optional forms of retirement income in lieu of normal form

An employee may elect to receive his benefit on a straight-life or a reduced Joint and Survivor basis. Unless otherwise elected, any benefit payable under the Plan shall be paid:

- (1) on an actuarially reduced 50% or 75% Joint and Survivor basis, or
- (2) on a straight life basis otherwise.
- (3) for non-union employees terminating after July 1, 2012, a lump sum option is available for six months after termination. The lump sum uses IRC Section 417(e) compliant rates and mortality with an August lookback month and annual stability period.

Window benefits

A window program was offered to Nurses who had at least ten years of benefit service and who were 59 or older on or before October 1, 2008. Nurses who retired under the window program received a monthly supplement of \$350 payable until age 65 (minimum of 12 months). Retirement had to occur no earlier than October 1, 2008 and no later than December 31, 2008.

A window lump sum option was made available for former employees for a few months in 2012 with payments made in December 2012.

Pension increases

None.

Plan participants' contributions

None.
