INDEPENDENT AUDITORS' REPORT

To the Plan Administrator
Crescent Credit Union Money Purchase Pension Plan
Brockton, MA 02303

Report on the Financial Statements

We were engaged to audit the accompanying financial statements of the Crescent Credit Union Money Purchase Pension Plan (the "Plan"), which comprise the statements of net assets available for benefits as of December 31, 2013 and 2012, and the related statements of changes in net assets available for benefits for the years then ended, and the related notes to the financial statements.

Management's Responsibility for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

Auditors' Responsibility

Our responsibility is to express an opinion on these financial statements based on conducting the audits in accordance with auditing standards generally accepted in the United States of America. Because of the matter described in the Basis for Disclaimer of Opinion paragraph, however, we were not able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion.

Basis for Disclaimer of Opinion

As permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974, the plan administrator instructed us not to perform, and we did not perform, any auditing procedures with respect to the information summarized in Note F, which was certified by the Reliance Trust Company, the trustee of the Plan, except for comparing such information with the related information included in the financial statements. We have been informed by the plan administrator that the trustee holds the Plan's investment assets and executes investment transactions. The plan administrator has obtained a certification from the trustee as of and for the years ended December 31, 2013 and 2012, that the information provided to the plan administrator by the trustee is complete and accurate.

Disclaimer of Opinion

Because of the significance of the matter described in the Basis for Disclaimer of Opinion paragraph, we have not been able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion. Accordingly, we do not express an opinion on these financial statements.

Report on Form and Content in Compliance With DOL Rules and Regulations

The form and content of the information included in the financial statements, other than that derived from the information certified by the trustee, have been audited by us in accordance with auditing standards generally accepted in the United States of America and, in our opinion, are presented in compliance with the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974.

CRESCENT CREDIT UNION MONEY PURCHASE PENSION PLAN
NOTES TO FINANCIAL STATEMENTS
DECEMBER 31, 2013 AND 2012

NOTE A - DESCRIPTION OF PLAN

The following description of the Crescent Credit Union Money Purchase Pension Plan (the "plan") provides only general information. Participants should refer to the plan agreement for a more complete description of the plan's provisions.

1. *Plan Merger.* As further discussed in Note I, as a result of a vote of the plan sponsor, all assets of the plan were merged into the Crescent Credit Union 401(k) Plan effective December 31, 2013.
2. *General.* The plan is a non-contributory, defined contribution plan which prior to December 31, 2013 covered substantially all employees of Crescent Credit Union (the "Credit Union") who had completed one year of service and were age 21 or older. The plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA).
3. *Contributions.* The Credit Union made an employer contribution to the plan based on 6% and 7.5% of each eligible participant's compensation plus 4.3% of compensation in excess of the Social Security Integration Level as of December 31, 2013 and 2012, respectively. Participants could also contribute amounts representing direct rollover distributions from other qualified defined benefit or contribution plans. Participants directed the investment of the contributions into various investment options offered by the plan. Contributions were subject to certain IRS limitations.
4. *Participant Accounts.* Each participant's account was credited with the Credit Union's contribution, the participant's contributions from rollovers, if any, as well as allocations of plan earnings. Participant accounts were charged with an allocation of administrative expenses that were paid by the plan. The benefit to which a participant was entitled was the benefit that could be provided from the participant's vested account.
5. *Vesting.* Participants were vested immediately in their direct rollover contributions plus actual earnings thereon. Vesting in the Credit Union contribution portion of their accounts plus earnings thereon was based on years of continuous service. A participant was 100% vested in their Credit Union contributions after six years of credited service. In addition, a participant's vesting percentage increased to 100% if, while employed with the Credit Union, the participant died or terminated employment due to becoming disabled.
6. *Payment of Benefits.* On termination of service a participant could elect to receive the vested interest of their account in the form of a single lump sum distribution or as an annuity.
7. *Forfeited Accounts.* At December 31, 2013 and 2012, forfeited non-vested accounts totaled approximately \$0 and \$15,000, respectively. These accounts were used to reduce employer contributions. During 2013 and 2012 forfeitures of approximately \$20,000 and \$0 were used to reduce the employer contribution, respectively.

NOTE B - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Basis of Accounting

The financial statements of the plan are prepared on the accrual basis of accounting.

CRESCENT CREDIT UNION MONEY PURCHASE PENSION PLAN
NOTES TO FINANCIAL STATEMENTS
DECEMBER 31, 2013 AND 2012

NOTE B – SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (continued)

Basis of Accounting (Continued)

Investment contracts, which include Common Collective Trusts, held by a defined contribution plan, are required to be reported at fair value. However, contract value is the relevant measurement attribute for that portion of the net assets available for benefits of a defined contribution plan attributable to fully benefit-responsive investment contracts because contract value is the amount participants would receive if they were to initiate permitted transactions under the terms of the plan. The Statement of Net Assets Available for Benefits presents the fair value of the investment contracts, which approximates the contract value. The Statement of Changes in Net Assets Available for Benefits is prepared using the fair value basis for fully benefit-responsive investment contracts, which approximates contract value.

Use of Estimates

The preparation of financial statements in accordance with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and changes therein, and disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

Investment Valuation and Income Recognition

Investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See note D for discussion of fair value measurements.

Purchases and sales of securities were recorded on a trade-date basis. Interest income was recorded on the accrual basis. Dividends were recorded on the ex-dividend date. Net appreciation included the plan's gains and losses on investments bought and sold as well as held during the year.

Payments of Benefits

Benefits were recorded when paid.

Expenses

Certain expenses of maintaining the plan were paid directly by the Credit Union and are excluded from these financial statements. Investment related expenses are included in net appreciation of fair value of investments.

Subsequent Events

The plan has evaluated subsequent events through the date of this report, the date the financial statements were available to be issued.

NOTE C – INVESTMENTS (UNAUDITED)

The following presents investments that represent 5% or more of the plan's net assets.

	<u>2013</u>	<u>2012</u>
T. Rowe Price New American Growth	\$ ---	\$ 249,233
Mutual Series Global Disc Class A	---	243,881

During 2013 and 2012, the plan's investments (including gains and losses on investments bought and sold, as well as held during the year) appreciated in value by \$474,326 and \$225,018, respectively, as follows:

	<u>2013</u>	<u>2012</u>
Registered Investment Companies	\$ 474,326	\$ 218,871
Common Collective Trusts	-	6,147
	<u>\$ 474,326</u>	<u>\$ 225,018</u>

NOTE D – FAIR VALUE MEASUREMENTS

The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (level 1) and the lowest priority to unobservable inputs (level 3). The three levels of the fair value hierarchy under FASB ASC 820 are described as follows:

- Level 1 Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the plan has the ability to access.
- Level 2 Inputs to the valuation methodology include
- quoted prices for similar assets or liabilities in active markets;
 - quoted prices for identical or similar assets or liabilities in inactive markets;
 - inputs other than quoted prices that are observable for the asset or liability;
 - inputs that are derived principally from or corroborated by observable market data by correlation or other means.
- If the asset or liability has a specified (contractual) term, the level 2 input must be observable for substantially the full term of the asset or liability.
- Level 3 Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques maximize the use of relevant observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2013 and 2012.

NOTE D – FAIR VALUE MEASUREMENTS (continued)

- *Mutual funds:* Valued at the daily closing price as reported by the fund. Mutual funds held by the plan are open-end mutual funds that are registered with the SEC. These funds are required to publish their daily net asset value (NAV) and to transact at that price. The mutual funds held by the plan are deemed to be actively traded.
- *Common/ Collective Trust:* Valued at the NAV of units of a bank collective trust. The NAV, as provided by the trustee, is used as a practical expedient to estimate fair value. The NAV is based on the fair value of the underlying investments held by the fund less its liabilities. This practical expedient is not used when it is determined to be probable that the fund will sell the investment for an amount different than the reported NAV.

The preceding methods described may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

All assets of the plan had been transferred to the Crescent Credit Union 401(k) Plan effective December 31, 2013. Therefore, there are no fair value measurements to disclose as of that date.

The following table sets forth by level, within the fair value hierarchy, the plan's assets at fair value as of December 31, 2012.

DECEMBER 31, 2013 AND 2012

NOTE E – FULLY BENEFIT RESPONSIVE INVESTMENT CONTRACTS

The plan invested in investment contracts through a common collective trust, the Morley Capital Stable Value 50 BP Fund (the “Fund”). Investment contracts held by a defined contribution plan are required to be reported at fair value. However, contract value is the relevant measurement attribute for that portion of the net assets available for benefits of a defined contribution plan attributable to fully benefit-responsive investment contracts because contract value is the amount participants would receive if they were to initiate permitted transactions under the terms of the plan. The Statement of Net Assets Available for Benefits presents the fair value of the investment contracts. The Fund’s contract value is estimated to reasonably approximate its fair value so no adjustment from fair value to contract value has been recorded.

The objective of the Fund is to provide preservation of capital, relatively stable returns consistent with its comparatively low risk profile, and liquidity for benefit-responsive payments. The Fund seeks to achieve this objective by investing primarily in a variety of high quality stable value investment contracts as well as cash and cash equivalents.

The Fund includes guaranteed investment contracts (GICs) issued by insurance companies, wherein the contract holder does not participate in any gains and losses incurred due to the performance of the underlying portfolio relative to the book value at times of withdrawals. It also includes synthetic investment contracts, issued by insurance companies or banks, wherein the contract holder participates in gains and losses incurred due to the performance of the underlying portfolio relative to book value at times of withdrawals. Gains and losses are amortized through future crediting rate resets. The synthetic investment contracts are the most common structure utilized in the Fund. They are comprised of both investment and contractual components. The investment component consists of securities, or shares or units of a pooled portfolio of fixed income securities, referred to as the underlying investments. This investment component is “wrapped” by contracts issued by third party financial institutions. This wrap becomes the contractual component and provides for benefit withdrawals and investment exchanges at the full contract value notwithstanding the actual fair value of the underlying investments. In this manner, wrap contracts are designed to smooth out the impact of normal market fluctuations associated with the performance of the underlying investments.

The GICs are typically issued with a fixed crediting rate and a fixed maturity date that does not change over the life of the contract. Wrap contracts typically reset on a monthly or quarterly basis as negotiated with the wrap issuer and do not have a final stated maturity date. The wrap contracts in this fund are predominately reset on a monthly basis with a one month look back for the portfolio statistics. The wrap contract issuer guarantees a minimum 0% crediting rate, although a wrap does not absorb any loss for credit defaults in an underlying portfolio.

Average yields:	2013	2012
Based on actual earnings	0.69%	1.04%
Based on interest rate credited to participants	0.69%	1.04%

Market value events may limit the ability of the Fund to transact at contract value with the issuer. Market value events are events or conditions, the occurrence of which, are outside of the normal operation of the Fund and lead to any Fund disbursements which have or will have a material adverse effect on the operations of the Fund and a financial effect on the investment contract or wrap issuer’s interest hereunder. In the normal course of business, such events or conditions would not limit the ability of the Fund to transact at contract value with the participants in the Fund. The Fund is managed to maintain a

certain amount of liquidity to provide for the day to day liquidity needs of participants as well as the occasional market value event.

An issuer can terminate an investment contract upon the event of default by the contract holder, Advisor or Trustee if the issuer determines in its reasonable discretion, such event has had, or is likely to have a material adverse effect on the issuer's interest with respect to the contract.

Such events may include but are not limited to: management of the portfolio is not in accordance with investment guidelines, a breach of any material obligation under the wrap agreement, any representation or warranty made by the contract holder becomes untrue in any material way, a replacement of the Advisor without prior consent of the issuer, the Fund is terminated or ceases to qualify as a group trust or plans cease to meet the appropriate tax qualifications, or the wrap becomes a prohibited transaction within the meaning of Section 406 of ERISA.

NOTE F – INFORMATION CERTIFIED BY TRUSTEE (UNAUDITED)

The plan administrator has elected the method of compliance permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974. Accordingly, Reliance Trust Company, the trustee of the plan has certified to the completeness and accuracy of all assets reflected on the accompanying statements of net assets available for benefits as of December 31, 2013 and 2012, the related investment activity reflected in the statements of changes in net assets available for benefits for the years ended December 31, 2013 and 2012.

NOTE G – TAX STATUS

The plan is an adoption of a volume submitter profit-sharing plan with CODA sponsored by Benefit Management Inc. That plan obtained its latest opinion letter dated October 29, 2008 in which the Internal Revenue Service stated that the plan and the related trust, as then designed, are in compliance with the applicable requirements of the Internal Revenue Code (IRC). The plan has been amended since receiving that opinion letter. The plan administrator believes the plan is currently designed and being operated in compliance with applicable requirements of the IRC.

Accounting principles generally accepted in the United States of America require plan management to evaluate tax positions taken by the plan and recognize a tax liability if the plan has taken an uncertain position that more likely than not would not be sustained upon examination by the Internal Revenue Service and/or Department of Labor. The plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress. The plan administrator believes it is no longer subject to income tax examinations for years prior to 2010.

NOTE H – PARTY-IN-INTEREST TRANSACTIONS

Benefit Management, Inc. provided certain record-keeping services to the plan. Fidelity Investments provided investment transaction services to the plan. Therefore, transactions between the plan and Benefit Management, Inc. and Fidelity Investments qualified as party-in-interest transactions. Fees paid by the plan for record-keeping and investment transaction services amounted to approximately \$5,600 and \$6,300 for the years ended December 31, 2013 and 2012, respectively, plus additional amounts included as a reduction of the returns earned on the investments.

NOTE I – PLAN MERGER

The Credit Union has the right under the plan to discontinue its contributions at any time and to terminate the plan subject to the provisions of ERISA. In an amendment dated November 26, 2013, the plan sponsor voted to merge the Crescent Credit Union Money Purchase Pension Plan with the Crescent Credit Union 401(k) Plan, with the 401(k) Plan being the survivor. As a result, all assets of this plan were transferred to the Crescent Credit Union 401(k) Plan effective December 31, 2013. This transfer is reflected on the attached statement of changes in net assets available for benefits for the year ending December 31, 2013.
