INDEPENDENT AUDITORS' REPORT

September 30, 2014

The Administrative Committee
Southeastern Printing Company, Inc.
401(k) Retirement Plan
Stuart, Florida

We have audited the accompanying financial statements of ***Southeastern Printing Company, Inc. 401(k) Retirement Plan*** (the "Plan"), which comprise the statements of net assets available for benefits as of December 31, 2013 and 2012, and the related statements of changes in net assets available for benefits for the years then ended, and the related notes to the financial statements.

Management's Responsibility for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

Independent Auditors' Responsibility

Our responsibility is to express an opinion on these financial statements based on our audits. We conducted our audits in accordance with auditing standards generally accepted in the United States of America. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free from material misstatement.

An audit involves performing procedures to obtain audit evidence about the amounts and disclosures in the financial statements. The procedures selected depend on auditor judgment, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error. In making those risk assessments, the auditor considers internal control relevant to the entity's preparation and fair presentation of the financial statements in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the entity's internal control. Accordingly, we express no such opinion. An audit also includes evaluating the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluating the overall presentation of the financial statements.

We believe that the audit evidence we obtained is sufficient and appropriate to provide a basis for our audit opinion.

Opinion

In our opinion, the financial statements referred to above present fairly, in all material respects, the net assets available for benefits of the Plan as of December 31, 2013 and 2012, and the changes in net assets available for benefits for the years then ended, in accordance with accounting principles generally accepted in the United States of America.

Report on Supplementary Information

Our audits were conducted for the purpose of forming an opinion on the basic financial statements taken as a whole. The December 31, 2013 supplemental schedule of assets (held at end of year) is presented for the purpose of additional analysis and is not a required part of the financial statements but is supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974. Such information is the responsibility of the Plan's management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The supplemental schedule has been subjected to the auditing procedures applied in the audit of the 2013 financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with auditing standards generally accepted in the United States of America. In our opinion, the supplemental schedule is fairly stated in all material respects in relation to the basic financial statements taken as a whole.

SOUTHEASTERN PRINTING COMPANY, INC. 401(k) RETIREMENT PLAN

NOTES TO FINANCIAL STATEMENTS

1. DESCRIPTION OF THE PLAN AND SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

The following description of *Southeastern Printing Company, Inc. 401(k) Retirement Plan* (the “Plan”) provides only general information. Participants should refer to the Plan agreement for a more complete description of the Plan’s provisions.

Description of the Plan

General

Southeastern Printing Company, Inc. 401(k) Retirement Plan (the “Plan”) was originally established effective January 1, 1997 by Southeastern Printing Company, Inc. (the “Company” or “Employer”). The Plan was amended and restated with an effective date of April 1, 2002. The Plan was amended and restated again with an effective date of May 30, 2012, to adopt multiple employer Plan provisions, to change the service eligibility to a period of 90 days, and to add Core Label LLC as a participating employer. The Plan qualifies as a profit sharing plan permitting discretionary employer contributions, but not requiring that such contributions be made from employer profits, and is subject to the provisions of the Employee Retirement Income Security Act of 1974 (“ERISA”) and Sections 401(a), 401(k) and 501(a) of the Internal Revenue Code. The Plan is a defined contribution plan covering all employees, except leased employees, who have completed 90 days of service and are at least 21 years of age.

Contributions

Each year participants may contribute up to 12 percent of pretax annual compensation, as defined in the Plan agreement. Plan participants may elect participation in the Plan on a quarterly basis and may contribute up to the maximum amount permitted by the Internal Revenue Service. Participants who have attained age 50 before the end of the Plan year are eligible to make catch-up contributions. The Plan includes an automatic elective deferral feature. Except for contrary election made by the participant, the Company will automatically withhold three percent of eligible compensation from each payroll period and contribute that amount to the Plan as pre-tax deferrals. Participants may also make a rollover transfer to the Plan from a 401(k) qualified retirement plan which may include after tax amounts, a 403(b) tax deferred annuity, a governmental 457(b) deferred compensation plan, and/or taxable IRA.

The Company may make matching contributions equal to a discretionary percentage determined by the Company. No such contributions were made for 2013 or 2012. Participants direct the investment of contributions into various investment options offered by the Plan. The Plan currently offers twenty-two mutual funds and a common collective trust as investment options for participants. Contributions are subject to certain Internal Revenue Service (IRS) limitations.

Contributions received from participants for 2013 and 2012 are net of payments of \$31,291 and \$13,999, respectively, to certain active participants to return to them excess deferral contributions as required to satisfy the relevant nondiscrimination provisions of the Plan. The Plan reimbursed these excess deferral contributions to the participants in 2014 and 2013, respectively. These amounts are recognized in the Plan’s 2013 and 2012 statements of net assets available for benefits as “excess contributions payable.”

SOUTHEASTERN PRINTING COMPANY, INC. 401(k) RETIREMENT PLAN

NOTES TO FINANCIAL STATEMENTS

Participant Accounts

Each participant's account is credited with the participant's contribution and the Company's discretionary matching contribution (when made) and an allocation of Plan earnings, and charged with an allocation of administrative expenses. Allocations are based on participant earnings, account balances or specific participant transactions, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Vesting

Participants are fully vested in their employee contributions, including rollovers, plus their actual earnings thereon. Participants vest in any employer matching contributions using a five-year graduated vesting schedule as follows:

Years of Vesting Service	Vested Percentage
1 year	0%
2 years	20%
3 years	40%
4 years	80%
5 years	100%

Notes Receivable from Participants

Participants may borrow from their fund accounts a minimum of \$1,000 up to a maximum equal to the lesser of \$50,000 or 50% of their account balance. The notes receivable are secured by the balance in the participant's account and bear interest at rates ranging from 3.25% to 8.25%, which are commensurate with local prevailing rates as determined quarterly by the Plan Administrator. Principal and interest are paid ratably through payroll deductions.

Payment of Benefits

On termination of service due to death, disability, or retirement, a participant may elect to receive either a lump-sum amount equal to the value of the participant's vested interest in his or her account or annual installment payments, as defined by the Plan agreement. Participants with vested benefits less than \$5,000 (i.e., small accounts) are required by the Employer to be removed from the Plan and a lump sum payment is processed as soon as administratively feasible. For termination of service or for other reasons, a participant will receive the value of the vested interest in his or her account as a lump-sum distribution. In-service withdrawals of vested balances may be elected by participants who have reached 59 ½ years of age. The Plan also permits withdrawals of active participants' elective contributions and rollover contributions only in amounts necessary to satisfy financial hardship as defined by the Plan agreement.

Forfeited Accounts

The non-vested portion of an employee's account balance is forfeited upon termination of employment. Forfeitures of non-vested employer contributions are used to reduce

administrative expenses of the Plan and reduce employer matching contributions. The amounts used to reduce administrative expenses in 2013 and 2012 were \$-0- and \$6,530, respectively. The forfeiture account balance was \$733 and \$-0- at December 31, 2013 and 2012, respectively.

Administrative Expenses

The Plan's administrative expenses, including an allocation of salaries, accounting and legal fees, are paid by the Company and qualify as party-in-interest transactions which are exempt from prohibited transaction rules. Fees for custodial and record keeping services are paid by the Plan. Participants are charged directly for notes receivable and distribution fees.

Summary of Significant Accounting Policies

Basis of Accounting

The financial statements of the Plan are prepared using the accrual basis of accounting.

Investment contracts held by a defined contribution plan are required to be reported at fair value. However, contract value is the relevant measurement attribute for that portion of the net assets available for benefits of a defined contribution plan attributable to fully benefit-responsive investment contracts because contract value is the amount participants would receive if they were to initiate permitted transactions under the terms of the Plan. The Plan holds an investment in a common collective trust, which in turn holds an investment in a fully-benefit responsive investment contract. The statements of net assets available for benefits present the fair value of the investment contracts as well as the adjustment of the fully benefit-responsive investment contracts from fair value to contract value. The statements of changes in net assets available for benefits are prepared on a contract value basis.

Use of Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires Plan management to make estimates and assumptions that affect the reported amounts of assets and liabilities and changes therein, and disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

Investment Valuation and Income Recognition

Investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. Plan management determines the Plan's valuation policies utilizing information provided by the custodian. See Note 3 for discussion of fair value measurements.

Purchases and sales of investments are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation in aggregate fair value includes the Plan's gains and losses on investments bought and sold as well as held during the year.

SOUTHEASTERN PRINTING COMPANY, INC. 401(k) RETIREMENT PLAN

■ NOTES TO FINANCIAL STATEMENTS

Certain management fees and operating expenses charged to the Plan for investments in mutual funds and the common collective trust are deducted from income earned on a daily basis and are not separately reflected. Consequently, management fees and operating expenses are reflected as a reduction of net appreciation in the aggregate fair value of such investments.

Notes Receivable from Participants

Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Interest income is recorded on the accrual basis. Related fees are recorded as administrative expenses and are expensed when they are incurred. No allowance for credit losses has been recorded as of December 31, 2013 or 2012. If a participant ceases to make loan repayments and the Plan Administrator deems the note receivable to be in default, the participant note receivable is reduced and a benefit payment is recorded.

Payment of Benefits

Benefits are recorded when paid.

Subsequent Events

In preparing these financial statements, Plan management has evaluated, for potential recognition or disclosure, significant events or transactions that occurred during the period subsequent to December 31, 2013, the most recent statement of net assets available for benefits presented herein, through September 30, 2014, the date these financial statements were available to be issued. No such significant events or transactions were identified.

The Plan's investments (including gains and losses on investments bought and sold, as well as held during the year) appreciated in value as follows for the years ended December 31:

	2013	2012
Investments at fair value		
Mutual funds	\$ 513,635	\$ 329,943
Common collective trust	<u>5,945</u>	<u>7,950</u>
Net appreciation	<u>\$ 519,580</u>	<u>\$ 337,893</u>

3. FAIR VALUE MEASUREMENTS

The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1 measurements) and the lowest priority to unobservable inputs (Level 3 measurements). The three levels of fair value hierarchy are described as follows:

Level 1: Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2: Inputs to the valuation methodology include:

- quoted prices for similar assets or liabilities in active markets;
- quoted prices for identical or similar assets or liabilities in inactive markets;

SOUTHEASTERN PRINTING COMPANY, INC. 401(k) RETIREMENT PLAN

NOTES TO FINANCIAL STATEMENTS

- inputs other than quoted prices that are observable for the asset or liability; and
- inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3: Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset's or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurements. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

The following is a description of the valuation methodologies used for assets measured at fair value. For financial assets recorded at fair value, the description includes an indication of the level of the fair value hierarchy in which the assets are classified. There have been no changes in the methodologies used at December 31, 2013 and 2012.

Mutual funds: Shares held in mutual funds are valued at quoted market prices that represent the net asset value ("NAV") of shares held by the Plan at year end and are classified as Level 1. The NAV is based on the value of the underlying assets owned by the fund, minus its liabilities then divided by the number of shares outstanding.

Common collective trust: The MetLife Group Annuity Contract is comprised of public investment securities valued using the net asset value ("NAV") provided by MetLife, the issuer of the trust. The NAV, as provided by the custodian, is used as a practical expedient to estimate fair value. The NAV is quoted on a private market that is not active; however, the unit price is based on the quoted market prices of the underlying investments owned by MetLife. This practical expedient is not used when it is determined to be probable that the fund will sell the investment for an amount different than the reported NAV. Participant transactions (purchased and sales) may occur daily. Were the Plan to initiate a full redemption of the common collective trust, the investment adviser reserves the right to temporarily delay withdrawal from the trust in order to ensure that securities liquidations will be carried out in an orderly business manner. Such investment is classified as Level 2.

The preceding methods described may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan management believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

NOTES TO FINANCIAL STATEMENTS

The investment objective of the common collective trust at December 31, 2013 and 2012 is the safety and preservation of principal and accumulated interest for participant initiated transactions. The interest credited to balances in the fund reflects both current market conditions and performance of underlying investments in the fund.

4. RELATED PARTY AND PARTY-IN-INTEREST TRANSACTIONS

Certain Plan investments are managed by Fidelity Investments. Fidelity is the custodian as defined by the Plan and Daily Access Corporation acts as the Plan's asset manager, consultant, record keeper, and assists with Plan administration and, therefore, transactions with these service providers qualify as party-in-interest. Administrative fees paid by the Plan to these parties totaled \$38,043 and \$33,164 for 2013 and 2012, respectively.

5. INCOME TAX STATUS

The Company's Board of Directors adopted the Daily Access Volume Submitter Profit Sharing Plan with CODA plan document. The Plan document has received an opinion letter from the Internal Revenue Service dated March 31, 2008, stating that the written form of the underlying prototype plan document is qualified under Section 401(a) of the Internal Revenue Code (the "Code") and that any employer adopting this form of the Plan will be considered to have a plan qualified under Section 401(a) of the Code. The Plan is required to operate in conformity with the Code to maintain its qualification. The Plan's Administrator believes the Plan is being operated in compliance with the applicable requirements of the Code and, therefore, believes the Plan is qualified; the related trust is tax-exempt.

The Plan Administrator has analyzed the tax positions taken by the Plan, and has concluded that as of December 31, 2013, there are no uncertain positions taken or expected to be taken that would require recognition of a liability or asset or disclosure in the financial statements. The Plan may be subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress. The Plan Administrator believes it is no longer subject to income tax examinations for years prior to 2010.

6. PLAN TERMINATION

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants would become 100 percent vested in their accounts. Any unallocated assets of the Plan would be allocated to participant accounts and distributed in such a manner as the Company may determine.

7. RISKS AND UNCERTAINTIES

The Plan invests in mutual funds and a common collective trust with the underlying assets consisting of any combination of stocks, bonds, fixed income securities, and other investment securities. Investment securities are exposed to various risks, such as interest rate, market and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the fair values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits and the statements of changes in net assets available for benefits.
