NOTE 1 - DESCRIPTION OF PLAN

The following description of The Providence Service Corporation Retirement Savings Plan (the “Plan”) provides only general information. Participants should refer to the Plan document, copies of which are available from the plan administrator, for a more complete description of the Plan’s provisions.

General - The Plan is a defined contribution plan covering eligible employees of The Providence Service Corporation and adopting employers (collectively the “Employer”) who have completed two months of service and are age twenty-one or older. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (“ERISA”). The Providence Service Corporation, the plan administrator, oversees governance of the Plan. The Plan’s 401k committee determines the appropriateness of the Plan’s investment offerings, monitors investment performance, and reports to the plan administrator.

Contributions - Each year, participants may contribute, on a pre-tax or post-tax basis, up to 90% of their eligible compensation, as defined in the Plan. The Plan includes an auto-enrollment provision whereby all newly eligible employees are automatically enrolled in the Plan, unless they affirmatively elect not to participate, with a default deferral rate set at 3% of eligible compensation. Contributions are automatically invested in a designated balanced fund until changed by the participant. Contributions in any taxable year are subject to certain statutory limitations. Participants who have attained age fifty before the end of the Plan year are eligible to make catch-up contributions. Participants may also contribute amounts representing distributions from other qualified defined benefit or contribution plans (“rollovers”).

The Employer may, at its discretion, make employer profit sharing or matching contributions. A participant must have completed one year of service and be actively employed on the last day of the Plan year to be allocated an employer profit sharing contribution. No profit sharing contributions were made for 2013. There is no service requirement for a participant to receive a matching contribution. For 2013, the Employer made a matching contribution in an amount equal to 10% of each participant’s total contributions up to \$400. The matching contribution is invested in the participant’s directed accounts after each applicable payroll period.

Participant Accounts - Each participant’s account is credited with the participant’s contributions, rollovers, the Employer’s contributions (if any) and earnings (losses) on the investments in their accounts, and is charged with certain administrative expenses, if applicable. Participants direct the investment of their accounts into various investment options offered by the Plan. The Plan currently offers twenty-three mutual funds as investment options for participants. Participants may change their investment options on a daily basis. The benefit to which a participant is entitled is the benefit that can be provided from the participant’s vested account.

Vesting - Participants are immediately vested in their contributions plus actual earnings thereon. Vesting in the Employer’s contribution portion of their accounts is based on years of continuous service. A participant vests in 20% increments in his or her employer contribution account after each additional year of credited service. A participant is 100% vested in his or her employer contribution account after five years of credited service.

Notes Receivable from Participants - Participants may borrow from their accounts a minimum of \$500 up to a maximum equal to the lesser of \$50,000 or 50% of their vested account balance. Only one loan may be outstanding at any time. The notes are secured by the balance in the participant’s account and bear interest at the rate of prime plus 1% on the date of the loan. Principal and interest is paid ratably through payroll deductions.

Payment of Benefits - On termination of service, a participant with a vested account balance of over \$5,000 may elect to receive either a lump-sum amount equal to the value of the participant’s vested balance in his or her account, or substantially equal installments. Terminated participants with vested account balances of \$5,000 or less are required to take a distribution as promptly as possible following termination of employment.

Forfeited Accounts - At December 31, 2013 and 2012, forfeited nonvested accounts totaled \$89,392 and \$101,833, respectively. These accounts will be used to reduce future employer contributions. Also, in 2013, employer contributions were reduced by \$157,915 from forfeited non-vested accounts.

NOTE 2 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Date of Management's Review - Management has evaluated subsequent events through October 8, 2014, the date on which the financial statements were available to be issued.

Estimates - The preparation of financial statements in accordance with accounting principles generally accepted in the United States of America ("GAAP") requires the plan administrator to make estimates and assumptions that affect certain reported amounts and disclosures. Accordingly, actual results may differ from those estimates.

Basis of Accounting - The financial statements of the Plan are prepared on the accrual basis of accounting.

Notes Receivable from Participants - Notes receivable from participants are measured at their unpaid principal balance. Interest income is recorded when received. Related fees are charged directly to the borrowing participant's account and are included in administrative expenses when incurred. As of December 31, 2013 and 2012, no allowance for credit losses has been recorded. If a participant does not make loan repayments and the plan administrator considers the participant loan to be in default, the loan balance is reduced, and the delinquent participant note receivable is recorded as a benefit payment based on the terms of the Plan document.

Investment Valuation and Income Recognition - Investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The 401k committee determines the Plan's valuation policies. See Note 4 for discussion of fair value measurements. Net appreciation in fair value of mutual funds includes dividends and gains and losses (realized and unrealized) on those investments.

Payment of Benefits - Benefits are recorded when paid.

Administrative Expenses - Certain administrative expenses of the Plan are paid by the Employer.

NOTE 3 - INFORMATION PREPARED AND CERTIFIED BY TRUSTEE (See also Note 11)

Investment information included in the accompanying financial statements and supplemental schedules, including \$47,514,414 and \$38,348,383 in investments and \$1,134,751 and \$935,858 of notes receivable from participants held at December 31, 2013 and 2012, respectively, and net appreciation of \$7,514,363 and \$38,913 of interest income on notes receivable from participants for the year ended December 31 2013, was obtained from data that has been prepared and certified to as complete and accurate by the trustee.

NOTE 4 - FAIR VALUE MEASUREMENTS

The Plan's investments are reported at fair value in the accompanying statement of net assets available for benefits. The methods used to measure fair value may produce an amount that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to measure the fair value of certain financial instruments could result in a different fair value at the reporting date.

The fair value measurement accounting literature establishes a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. This hierarchy consists of three broad levels: Level 1 inputs consist of unadjusted quoted prices in active markets for identical assets and have the highest priority, Level 2 inputs consist of observable inputs for similar assets, and Level 3 inputs are unobservable and have the lowest priority. The Plan uses appropriate valuation techniques based on the available inputs to measure the fair value of its investments. When available, the Plan measures fair value using Level 1 inputs because they generally provide the most reliable evidence of fair value. As of December 31, 2013 and 2012, the fair values of the Plan's investments are based on quoted market prices in active markets (Level 1). The Plan has no investments for which fair value was based on Level 2 or Level 3 inputs.

NOTE 4 - FAIR VALUE MEASUREMENTS (Continued)

Gains and losses (realized and unrealized) included in changes in net assets available for benefits for the year ended December 31, 2013, are reported in net appreciation in fair value of mutual funds.

NOTE 5 - INVESTMENTS

The following presents investments that represent 5% or more of the Plan's net assets:

T. Rowe Price Retirement 2020 Fund - R Class	2,491,521	2,421,335

* - does not represent 5% or more of the Plan's net assets available for benefits.

During 2013, the Plan's mutual funds (including gains and losses on mutual funds bought and sold, as well as held during the year) appreciated in value by \$7,514,363.

NOTE 6 - RELATED PARTY TRANSACTIONS

Certain Plan investments are shares of mutual funds managed by DWS Investment Distributors Inc., an affiliate of DWS Trust Company, the trustee of the Plan and therefore, these transactions qualify as party-in-interest transactions. Additionally, administrative expenses totaling \$133,104 were paid in 2013 to ADP, Inc., the Plan's recordkeeper. All of these party-in-interest transactions are exempt from the prohibited transaction rules of ERISA.

NOTE 7 - PLAN TERMINATION

Although it has not expressed any intent to do so, the Employer has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants would become 100% vested in their employer contributions.

NOTE 8 - TAX STATUS

The Internal Revenue Service ("IRS") has determined and informed the Employer by a letter dated March 18, 2009, that the Plan and related trust are designed in accordance with applicable sections of the Internal Revenue Code ("IRC"). Although the Plan has been amended since receiving the determination letter, the Plan administrator and the Plan's tax counsel believe that the Plan is designed and is currently being operated in compliance with the applicable requirements of the IRC and therefore believe that the Plan is qualified and the related trust is tax-exempt. This determination letter expired on January 31, 2013.

Accordingly, on January 31, 2013, the Plan submitted an application for a new letter of determination from the IRS to the effect that the Plan, as amended since the date of its last letter of determination, is a qualified plan and the related trust is tax-exempt. The IRS subsequently informed the Employer by a letter dated July 23, 2014 that it had made a favorable determination based on the information supplied. The favorable determination is conditioned on the Employer adopting a proposed restated plan by October 21, 2014. This favorable determination expires on January 31, 2018.

THE PROVIDENCE SERVICE CORPORATION
RETIREMENT SAVINGS PLAN
Notes to Financial Statements (Continued)

NOTE 8 - TAX STATUS (Continued)

Accounting principles generally accepted in the United States of America require the plan administrator to evaluate tax positions taken by the Plan and recognize a tax liability for any uncertain position that more likely than not would not be sustained upon examination by the IRS. The Plan is subject to routine audits by tax authorities and in 2014, the U.S. Department of Labor (DOL) began a review of the Plan to determine its compliance with ERISA. All information requested to date has been provided to the DOL. The plan administrator does not anticipate an unfavorable outcome from this review. The plan administrator also believes the Plan is no longer subject to income tax examinations for years prior to 2009.

NOTE 9 - RISKS AND UNCERTAINTIES

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the value of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits.

NOTE 11 - SUBSEQUENT EVENTS

The Plan's 401k committee elected to change the Plan's trustee from DWS Trust Company to Reliance Trust Company. A new Trust Agreement with Reliance Trust Company was executed on February 24, 2014. In connection with this change, all of the Plan's existing investments held by DWS Trust Company were liquidated on June 2, 2014 and immediately reinvested in new investments held by Reliance Trust Company.
