1. **Description of Plan**

The following description of Sachem Dental Group 401(k) and Profit Sharing Plan & Trust provides only general information. Participants should refer to the Plan agreement for a more complete description of the Plan's provisions.

a. **General**

The Plan is a defined contribution plan covering all employees of the Company who are not covered by a collective bargaining agreement and are not a non-resident alien. These employees must have one year of service and have worked 1,000 hours of service. The Plan's sponsor is Sachem Dental group, LLP It is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA).

b. **Contributions**

Each year, participants may contribute a maximum of 15% of their salary, plus a catch-up amount if the participant is age 50 or over. Participants may also contribute amounts representing distributions from other qualified defined benefit or defined contribution plans. Participants direct the investment of their contributions into various investment options offered by the Plan. Also each year, the Sponsor will contribute to the Plan, a Basic Contribution equal to 100% of the first 3% of salary deferred plus 50% of the next 2% deferred of annual pay. The Sponsor may also make a discretionary Profit Sharing Contribution.

c. **Participant Accounts**

Each participant's account is credited with the employer's contributions and allocations of the Plan earnings. The benefit to which a participant is entitled, is the benefit that can be provided from the participant's vested account.

d. **Vesting**

Participants are immediately vested in the contributions plus actual earnings thereon. Participants shall have a vested percentage in their employer contribution accounts according to a graded vesting schedule based on years of service. A participant is 100% vested after six years of credited service or if the participant becomes disabled or dies during employment.

e. **Participant Loans**

Participants may borrow from their fund accounts a minimum of $1,000 up to the lesser of 50% of their vested account balance or $50,000. If a loan was taken in the previous 12 months, the amount of the highest outstanding loan balance is deductible from the amount the participant may borrow. Loans will be subject to interest charges equal to the annual effective prime rate plus 1%. Loans must normally be repaid within such period as agreed to between the participant and the Plan, up to a maximum of five years. However, if the loan is made for the purchase or construction of a principal place of residence, the repayment period may be up to 30 years. Repayment will normally be made through payroll deductions. Any outstanding loans must be repaid when employment terminates. At December 31, 2013, interest rates ranged from 4.25% to 9.50% per annum, with loans having various maturity dates.

f. **Payment of Benefits**

Participants are eligible to receive benefit payments when they terminate service or reach age 65. On termination of service, a participant may elect to receive an annuity, installment payments or a lump sum amount equal to the participant's account. Benefit payments are also permitted for death, disability or hardship.

2. **Summary of Significant Accounting Policies**

a. **Estimates**

The preparation of financial statements in conformity with generally accepted accounting principles requires the plan administrator to make estimates and assumptions that affect certain reported amounts and disclosures. Accordingly, actual results could differ from those estimates.

b. **Investment Valuation and Income Recognition**

The Plan's investments are stated at fair value. Quoted market prices are used to value investments. Shares of mutual funds are valued at quoted market prices which represent the net asset value of shares held by the Plan at year-end.

c. **Payments of Benefits**

Benefits are recorded when paid.

d. **Subsequent Events**

Management has evaluated subsequent events through September 26, 2014, the date that the financial statements were available to be issued. No significant material events have been identified that would require adjustment of or disclosure in the accompanying financial statements.

e. **Plan Expenses**

Expenses other than investment management fees are paid directly by the Plan sponsor.

3. **Plan Termination**

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants would become 100% vested in their employer contributions.

7. Fair Value Measurements

FASB Accounting Standards Codification ("ASC") Topic 820, *Fair Value Measurements and Disclosures,* provides the framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1 measurements) and the lowest priority to unobservable inputs (Level 3 measurements). The three levels of the fair value hierarchy under FASB ASC 820 are described as follows:

Level 1 – Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2 – Inputs to the valuation methodology include:
- quoted prices for similar assets or liabilities in active markets;
- quoted prices for identical or similar assets or liabilities in inactive markets;
- inputs other than quoted prices that are observable for the asset or liability;
- inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 – Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

Total Assets at Fair Value	$3,436,058	$2,418,800	$ -	$5,854,858

8. Tax Status

The Plan is a prototype plan that has received a determination letter dated January 12, 2004 issued by the National Office of the Internal Revenue Service that the Plain is qualified under Code Section 401. The Plan has been amended since receiving the determination letter; however the Sponsor believes that the Plan is correctly designed and is currently being operated in compliance with the applicable requirements of the Internal Revenue Code.

Accounting principles generally accepted in the United States of America require Plan management to evaluate tax positions taken by the plan and recognize a tax liability (or asset) if the organization has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS.

The Plan administrator has analyzed the tax positions taken by the Plan, and has concluded that at December 31, 2013, there are no uncertain positions taken or expected to be taken that would require recognition of a liability (or asset) or disclosure in the financial statements. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress. The Plan administrator believes it is no longer subject to income tax examinations for years prior to 2010.

9. Risks and Uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the accompanying Statement of Net Assets Available for Benefits and Statements of Changes in Net Assets Available for Benefits.

10. Party-in-Interest Transactions

Certain services are rendered to the Plan by the Company at no cost to the Plan. Certain recordkeeping fees for the Plan were paid to the record keeper directly by a financial institution whose investments were included in the Plan.
