Auditor's Responsibility

Our responsibility is to express an opinion on these financial statements based on conducting the audit in accordance with auditing standards generally accepted in the United States of America. Because of the matter described in the Basis for Disclaimer of Opinion paragraph, however, we were not able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion.

Basis for Disclaimer of Opinion

As permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974, the plan administrator instructed us not to perform, and we did not perform, any auditing procedures with respect to the information cited in Note 3, which was certified by ING Life Insurance and Annuity company, the custodian of the Plan, except for comparing the information with the related information included in the financial statements and supplemental schedules. We have been informed by the plan administrator that the custodian holds the Plan's investment assets and executes investment transactions. The plan administrator has obtained a certification from the custodian as of and for the years ended December 31, 2013 and 2012, that the information provided to the plan administrator by the custodian is complete and accurate.

Disclaimer of Opinion

Because of the significance of the matter described in the Basis for Disclaimer of Opinion paragraph, we have not been able to obtain sufficient, appropriate audit evidence to provide a basis for an audit opinion. Accordingly, we do not express an opinion on these financial statements.

Other Matter

We were engaged for the purpose of forming an opinion on the financial statements as a whole. The supplemental Schedule of Assets Held at End of Year, which is the responsibility of plan management, is presented for the purpose of additional analysis and is not a required part of the financial statements but is required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974. Because of the significance of the matter described in the Basis for Disclaimer of Opinion paragraph, it is inappropriate to and we do not express an opinion on the supplemental schedule referred to above.

Other Matter – 2012 Financial Statements

The financial statements of the Plan as of December 31, 2012, were audited by predecessor auditors. As permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974 (ERISA), the plan administrator instructed the predecessor auditors not to perform, and they did not perform, any auditing procedures with respect to the information certified by Principal Life Insurance Company, the trustee of the Plan. Their report, dated October 25, 2013, indicated that (a) because of the significance of the information that they did not audit, they were unable to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion and accordingly, they did not express an opinion on the financial statements and (b) the form and content of the information included in the financial statements other than that derived from the information certified by the Trustee, were presented in compliance with the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974.

Report on Form and Content in Compliance With DOL Rules and Regulations

The form and content of the information included in the financial statements and supplemental schedules, other than that derived from the information certified by the trustee, have been audited by us in accordance with auditing standards generally accepted in the United States of America and, in our opinion, are presented in compliance with the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974.

EDUCATIONAL SERVICES, INC. EMPLOYEE SAVINGS TRUST NOTES TO THE FINANCIAL STATEMENTS DECEMBER 31, 2013 AND 2012

NOTE 1 - DESCRIPTION OF THE PLAN

The following description of the Educational Services, Inc. Employee Savings Trust (the Plan) provides only general information. Participants should refer to the Plan and Trust Agreement (Plan Document) for a more complete description of the Plan's provisions.

General

The Plan is a Section 401(k) defined contribution and profit sharing plan. The Plan covers substantially all employees of Educational Services, Inc. (the Company) who have completed 32 days of service. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA). Educational Services, Inc. functions as the Plan Administrator.

Contributions

Participants may contribute the lesser of 100% of their annual compensation or the maximum contribution limit provided by the Internal Revenue Code, currently $17,500. Participants may also contribute amounts representing distributions from other qualified defined benefit or contribution plans. Each year, the Company may make a discretionary profit sharing contribution. The percentage of such profit sharing contributions, if any, is to be determined at the employer's discretion. For the year ended December 31, 2013, the Company did not make a discretionary profit sharing contribution.

Participant Accounts

Each participant's account consists of the participant's contribution (salary deferral) and the allocation of the Company discretionary profit sharing contribution, if any, required top-heavy contributions, forfeitures of terminated participants' non-vested accounts, and earnings on the invested balances. Allocations of discretionary profit sharing contributions and forfeitures to participants' accounts are based on participant compensation. The benefit to which a participant is entitled is the benefit that can be provided from the participant's account.

Payment of Benefits

The Plan is designed to provide benefits at the time of retirement. However, if employment is terminated because of death, disability, or for any other reason, participants may request a distribution of their vested account balance from the Plan Administrator. If a terminated participant's vested account balance is $5,000 or less, the participant will receive a lump-sum distribution equal to the value of the participant's vested account balance. If a participant's vested account balance exceeds $5,000, the participant may elect to receive either a lump-sum amount or leave the funds in the Plan until normal retirement age. Furthermore, upon approval of the Plan Administrator, participants may be entitled to take distributions of salary deferral contributions and rollover contributions to satisfy certain immediate and heavy financial needs.

NOTE 1 - DESCRIPTION OF THE PLAN, CONTINUED

Vesting

Participants are 100 percent vested in their salary deferral contributions, rollovers, and earnings thereon. The vesting for Company profit sharing contributions, required top heavy contributions, and earnings thereon is based on years of service as follows:

Years of Service	Vesting Percentage
1	25%
2	50%
3	75%
4	100%

Forfeited Accounts

For the years ended December 31, 2013 and 2012, forfeited non-vested accounts totaled $0 for each year.

Notes Receivable from Participants

Formerly, participants were allowed to borrow from their accounts, a minimum of $1,000 up to a maximum of $50,000 or 50% of their vested account balance, for a term that generally cannot exceed five years. The loans are collateralized by the balance in the participant's account and bear a reasonable rate of interest. Principal and interest is paid ratably through bi-weekly payroll deductions. During the year, the Plan was amended to no longer permit participant loans.

NOTE 2 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Subsequent Events

Management has evaluated subsequent events through October 14, 2014, the date the financial statements were available to be issued.

Estimates

The preparation of financial statements in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974 requires the plan administrator to make estimates and assumptions that affect certain reported amounts and disclosures. Accordingly, actual results may differ from those estimates.

Basis of Accounting

The accounting records of the Plan are maintained on the accrual basis. Revenues are recognized when earned, and expenditures are recognized when incurred.

NOTE 2 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES, CONTINUED

Administrative Costs

The Plan has entered into service contracts with outside consultants and agencies to perform certain administrative services for the Plan. Some of the fees for these services are paid by the Plan Administrator.

Market Risk

The Plan invests in various investments, which, in general, are exposed to various risks, such as interest rate, credit and overall market volatility risks. Furthermore, due to the level of risk associated with certain investments securities, it is reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect the amounts reported in the statements of net assets available for benefits and participants' individual account balances.

Investment Valuation and Income Recognition

Investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note 4 for discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation includes the plan's gains and losses on investments bought and sold as well as held during the year.

Notes Receivable from Participants

Loans to participants are reported at their unpaid principal balances plus any accrued but unpaid interest.

Payment of Benefits

Benefits are recorded when paid.

NOTE 3 – CERTIFICATION FROM THE CUSTODIAN (UNAUDITED)

The Plan administrator has elected the method of annual reporting compliance permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. ING Life Insurance and Annuity Company (ING), the custodian of the Plan, has supplied the Plan administrator with a certification as to the completeness and accuracy of all investment information reflected on the accompanying statements of net assets available for benefits as of December 31, 2013 and 2012, the statement of changes in net assets available for benefits for the year ended December 31, 2013, and the supplemental schedule of assets (held at the end of the year) as of December 31, 2013.

NOTE 4 – FAIR VALUE MEASUREMENTS

FASB ASC 820, *Fair Value Measurements and Disclosures*, establishes a framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1 measurements) and the lowest priority to unobserved inputs (Level 3 measurements). The three levels of the fair value hierarchy under FASB ASC 820 are described below:

Level 1: Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2: Inputs to the valuation methodology include:

- Quoted prices for similar assets or liabilities in active markets;
- Quoted prices for identical or similar assets or liabilities in inactive markets;
- Inputs other than quoted prices that are observable for the asset or liability;
- Inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3: Inputs to the valuation methodology are unobservable and significant to the fair value measurements.

The assets or liabilities fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value.

Mutual funds: Valued at the net asset value of shares held by the Plan at year-end.

Fixed income accounts: Valued at the net asset value of shares held by the Plan at year-end.

The methods described above may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, while the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

NOTE 4 – FAIR VALUE MEASUREMENTS, CONTINUED

The following tables set forth, by level within the fair value hierarchy, the Plan's investments at fair value as of December 31, 2013 and 2012:

	2013

The following table sets forth additional disclosures for the fair value measurement of investments in certain entities that calculate net asset value per share (or its equivalent) as of December 31, 2013:

Investment Type	Fair Value	Unfunded Commitments	Redemption Frequency	Redemption Notice Period
Fixed Income Account	568,795	-	Daily	Daily

The Fixed Income Account provides a guarantee of principal and a guaranteed quarterly interest rate. The entire general account assets of ING Life Insurance and Annuity Company back these guarantees. These assets are primarily investment grade quality, fixed income bonds.

NOTE 5 - INVESTMENTS

Upon enrollment in the Plan, a participant may direct contributions into any of the seventeen investment fund options maintained by ING Life Insurance and Annuity Company. Participants can individually direct both employee and employer contributions made on their behalf.

The carrying values of individual investments that represent 5% or more of the Plan's net assets available for benefits as of December 31, 2013 and 2012 are as follows:

	2013	2012
Voya Fixed Account	$ 568,795	$ 745,251
American Funds American Balanced Fund	115,625	86,235
Voya Index Solution 2035 Portfolio	88,683	63,584
Voya PIMCO Bond Portfolio	68,831	67,929
Voya Index Solution 2025 Portfolio	68,351	24,489

Investment earnings, including net appreciation or depreciation of the assets in the Plan, are allocated to participants daily, in proportion to the value of each participant's account as of that date, to the total of all participant accounts.

The Voya Fixed Income Account, which is deemed to be fully-benefit-responsive (See Note 6), is stated at fair value in the Statement of Net Assets Available for Benefits, with a corresponding adjustment to reflect contract value. The fair value of this fund as of December 31, 2013 was $568,795. The contract value of the fund as of December 31, 2013, which is a component of net assets available for benefits, was $563,215.

During 2013, the Plan's investments (including gains and losses on investments bought and sold, as well as held during the year) depreciated in value by $84,165 as follows:

	2013
Mutual funds	$ 89,745
Adjustment from fair value to contract value for fully benefit-responsive contracts	(5,580)
Net appreciation in fair value of investments	$ 84,165

NOTE 6 – INVESTMENT CONTRACT WITH INSURANCE COMPANY

The Plan participates in an investment contract with ING via the Voya Fixed Income Account (FIA). The FIA is collateralized by the general account assets of ING. ING prospectively guarantees (resets) interest rates credited to the FIA on a quarterly basis. When establishing interest crediting rates, ING considers current economic and market condition, the general interest rate environment and the expected and actual portfolio experience within the general account. Interest crediting rates are established without the use of a specific formula and have no minimum crediting rate under the contract. The FIA does not have a maturity date. The interest crediting rate on the FIA was 2.00% at December 31, 2013. The average yield earned and credited by the FIA was 2.00% for year ended December 31, 2013. There are no reserves against contract value for credit risk of the contract issuer or otherwise.

NOTE 7 – TAX STATUS

The Plan has received an opinion letter from the Internal Revenue Service dated March 31, 2008 stating that the written form of the underlying plan document is qualified under Section 401(a) of the Internal Revenue Code (the Code), and that any employer adopting this form of the Plan will be considered to have a plan qualified under Section 401(a) of the Code. Once qualified, the Plan is required to operate in conformity with the Code to maintain its qualification. The plan administrator believes the Plan is being operated in compliance with the applicable requirements of the Code and, therefore, believes that the Plan is qualified and the related trust is tax exempt. Accordingly, no provision for income taxes has been made in the accompanying financial statements.

Accounting principles generally accepted in the United States of America require Plan management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the Internal Revenue Service. The Plan administrator has analyzed the tax positions taken by the Plan, and has concluded that as of December 31, 2013 and 2012, there are no uncertain positions taken or expected to be taken that would require recognition of a liability (or asset) or disclosure in the financial statements. The Plan administrator believes it is no longer subject to income tax examinations for the years prior to 2010.

NOTE 8– PLAN TERMINATION

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue their contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants would become 100 percent vested in their accounts.

NOTE 9 – PARTY-IN-INTEREST TRANSACTIONS

Parties-in-interest are defined under DOL regulations as any fiduciary of the plan, any party rendering services to the plan, the employer, and certain others. During 2013, administrative fees of $2,500 were paid by the Plan to ING Life Insurance and Annuity Company.

Certain Plan investments are shares of mutual funds managed by ING Life Insurance and Annuity Company. ING Life Insurance and Annuity Company is the custodian as defined by the Plan and, therefore, these investments qualify as party-in-interest transactions.
