NOTE 1 - PLAN DESCRIPTION

The following description of the Oregon Healthcare Resources Employee Savings Plan (the Plan), provides only general information. Participants should refer to the Plan agreement, as amended, for a more complete description of the Plan's provisions.

General - The Plan is a defined contribution profit sharing plan which includes a salary deferral arrangement commonly referred to as a 401(k) plan. The Plan covers substantially all employees of OHR Physician Group, P.C. and Oregon Healthcare Resources, LLC (collectively, the "Company"). The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 ("ERISA"). OHR Physician Group, P.C. is the Plan's sponsor and serves as plan administrator.

Eligibility - Eligible employees for elective deferrals are those who have completed 30 days of consecutive employment and are at least 18 years of age. Eligibility for employer safe harbor matching contributions, employer discretionary matching contributions and profit sharing contributions are those who have completed at least 1,000 hours of service in a consecutive 12-month period and are at least 18 years of age.

Contributions

Participant - Each year, participants may contribute between 1-100% of pretax annual compensation, as defined in the Plan. Participants may also elect to make Roth contributions utilizing after-tax contributions. Participants who have attained age 50 before the end of the Plan year are eligible to make catch-up contributions. Participants may also contribute amounts representing distributions from other qualified defined benefit or defined contribution plans.

Employer - The Company makes safe harbor contributions for each active Plan participant in an amount equal to 1) 100% of the amount of the participant's elective contributions that do not exceed 3% of the participant's safe harbor compensation; and 2) 50% of the amount of the participant's elective contributions that exceed 3% of the participant's safe harbor compensation but that do not exceed 5% of the participant's safe harbor compensation. The Company may also make discretionary profit sharing and matching contributions to the Plan. All contributions are limited to the applicable amounts as prescribed by the Internal Revenue Code. The safe harbor contribution for the year ended December 31, 2013 was $1,208,386. The discretionary profit sharing contribution for the year ended December 31, 2013 was $709,130.

Participant accounts - Each participant's account is credited with the participant's contribution and allocations of (a) the Company's contribution and (b) Plan earnings, and charged with an allocation of administrative expenses. Allocations are based on participant earnings or account balances, as defined. Participants may direct the investment of their account balances into various investment options offered by the Plan.

NOTE 1 - PLAN DESCRIPTION (Continued)

Vesting - Participant and employer safe harbor contributions plus actual earnings are 100% vested at all times. Vested interest in discretionary employer matching and profit sharing contributions plus actual earnings are calculated at 20% per year of service, beginning with the participant's second full year of service and reaching 100% at the end of six years of credited service.

Notes receivables from participants - Participants may borrow from their account up to a maximum equal to the lesser of $50,000 or 50% of their vested account balance. Loan terms are up to five years unless the loan qualifies as a home loan, in which case the term of the loan is not to exceed 15 years. The loans are secured by the balance in the participant's account and bear interest at a reasonable rate at the time of application as determined by the plan administrator. Interest rates range from 3.25% to 4.25% with various maturities through January 2019.

Payment of benefits - On termination of service, a participant or beneficiary may elect to receive an amount equal to the value of the participants' vested interest in his or her account in a lump-sum distribution amount or in a single life or joint annuity. If termination is due to death, disability, or retirement at or beyond age 62, a participant is considered to be 100% vested even if the participant has not been credited with six years of vesting service. For termination of service for other reasons, a participant may receive the value of the vested interest in his or her account as a lump-sum distribution.

Forfeitures - Forfeitures are the non-vested portion of a participant's account that is lost upon termination of employment. Forfeitures are retained in the Plan and are first used to reduce the matching contribution, including the safe harbor contribution and, if any forfeitures remain unallocated after completing the preceding allocation, the remainder is to be allocated as an employer contribution pursuant to terms of the Plan or used to pay plan expenses. Total forfeitures available to reduce the Company's future contributions were $30,893 at December 31, 2013 ($20,412 at December 31, 2012). Forfeitures used to reduce safe harbor contributions totaled $11,770 in 2013.

NOTE 2 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Basis of accounting - The financial statements have been prepared in accordance with accounting principles generally accepted in the United States of America, using the accrual method of accounting.

Use of estimates - The preparation of financial statements in conformity with generally accepted accounting principles requires the use of estimates and assumptions that may affect certain amounts and disclosures. Accordingly, actual results could differ from those estimates.

Investment valuation - The investments are stated at fair value. The Plan's custodian, Charles Schwab Trust Company, certifies the fair market value of all investments. If available, quoted market prices are used to value investments.

NOTE 2 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)

Fair value is the price that would be received to sell an asset or paid to transfer a liability (the "exit price") in an orderly transaction between market participants at the measurement date. See Note 4 for discussion of fair value measurements.

Income recognition - Purchases and sales of securities are recorded on a trade-date basis. Dividends are recorded on the ex-dividend date. Interest income is recorded on the accrual basis. The net appreciation in fair value of investments consists of both the realized gains or losses and unrealized appreciation and depreciation of those investments.

Notes receivable from participants - Notes receivable from participants are measured at amortized cost, which represents unpaid principal balance plus accrued but unpaid interest. Delinquent notes receivable from participants are reclassified as distributions upon the occurrence of a distributable event, based on the terms of the Plan Agreement.

Payment of benefits - Benefits are recorded when paid.

Expenses - General plan administrative expenses may be paid out of the forfeiture account or paid by the Company. Investment management, distribution, plan administration and loan transaction fees are paid by the Plan participants.

Subsequent events - Subsequent events are events or transactions that occur after the statement of net assets available for benefits date but before financial statements are available to be issued. The Plan recognizes in the financial statements the effects of all subsequent events that provide additional evidence about conditions that existed at the date of the statement of net assets available for benefits, including the estimates inherent in the process of preparing the financial statements. The Plan's financial statements do not recognize subsequent events that provide evidence about conditions that did not exist at the date of the statement of net assets available for benefits but arose after the statement of net assets available for benefits date and before the financial statements are available to be issued.

The Plan has evaluated subsequent events through October 8, 2014, which is the date the financial statements were available to be issued.

NOTE 3 - INVESTMENTS

Investments representing 5% or more of net assets available for benefits consist of the following as of December 31:

	2013	2012
Registered investment companies		
PIMCO Total Return- Admin Class	$ 7,020,973	$ 7,228,745

During the year ended December 31, 2013, the Plan's investments (including gains and losses on investments purchased, sold, as well as held during the year) appreciated in fair value as follows:

Registered investment companies	$ 7,780,938
Common/collective trusts	1,600,448
Self-directed brokerage accounts	719,602
	$ 10,100,988

NOTE 4 - FAIR VALUE MEASUREMENTS

The framework for measuring fair value provides a hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (level 1) and the lowest priority to unobservable inputs (level 3).

The three levels of the fair value hierarchy are described as follows:

Level 1 Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the plan has the ability to access.

Level 2 Inputs to the valuation methodology include quoted prices for similar assets or liabilities in active markets; quoted prices for identical or similar assets or liabilities in inactive markets; inputs other than quoted prices that are observable for the asset or liability; and inputs that are derived principally from or corroborated by observable market data by correlation or other means. If the asset or liability has a specified (contractual) term, the level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2013 and 2012.

Registered investment companies - Shares of registered investment company funds are valued at the net asset value (NAV) of shares held by the Plan and are valued at the closing price reported on the active market in which the individual securities are traded.

Common/collective trusts - Units held in common/collective trusts are valued using the net asset value (NAV) of the fund as reported by the fund managers. The NAV is based on the fair value of the underlying assets owned by the fund, minus its liabilities, and then divided by the number of units outstanding. The net asset value of a collective investment fund is calculated based on a compilation of primarily observable market information.

NOTE 4 - FAIR VALUE MEASUREMENTS (Continued)

The Plan has investments in the Schwab Managed Retirement 2010, 2020, 2030, 2040 and 2050 trust funds (the Funds) which are common/collective trusts. The Funds invest in a diversification of assets, including, but not limited to, Large Cap Equities, Mid Cap Equities, Small Cap Equities, International Equities, Fixed Income and Stable Value funds. The Funds seek to provide total return for investors retiring approximately at or near the years 2010, 2020, 2030, 2040, and 2050. There are no redemption restrictions on the common/collective trusts or any of the underlying investments.

The Morley Stable Value Fund is a collective trust designed to provide preservation of capital, relatively stable returns consistent with its comparatively low risk profile, and liquidity for benefit-responsive payments. The Fund seeks to achieve this objective by investing primarily in a variety of high quality stable investment contracts, as well as cash and cash equivalents. Each contract contains a provision that the issuer will, if required, repay principal at the stated contract value for the purpose of paying benefit payments (fully benefit-responsive).

The Morley Stable Value Fund is presented at contract value which approximates fair value. Certain events, such as the premature termination of the contract by the Plan or the termination of the Plan, may limit the Plan's ability to transact at contract value with the issuer. The Plan administrator does not believe that the occurrence of such events, which would also limit the Plan's ability to transact at contract value with participants, is probable.

The following table discloses, by level, the fair value hierarchy of the Plan's assets at fair value as of December 31, 2013 and 2012:

NOTE 5 - INFORMATION CERTIFIED BY CUSTODIAN

The plan administrator has elected the method of compliance permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, Charles Schwab Trust Company, the custodian of the Plan, has certified to the completeness and accuracy of:

- Investments and notes receivable from participants reflected on the accompanying statements of net assets available for benefits as of December 31, 2013 and 2012.

- Investments reflected on the supplemental schedule of assets (held at end of year).

NOTE 6 - PARTY-IN-INTEREST TRANSACTIONS

Certain Plan investments are managed by Charles Schwab Trust Company. Charles Schwab Trust Company is the custodian of the Plan; therefore, these transactions qualify as party-in-interest transactions. Fees paid by the Plan to Charles Schwab Trust Company totaled $4,310 for the year ended December 31, 2013.

NOTE 7 - TAX STATUS

The Internal Revenue Service has determined and informed the Company by a letter dated February 18, 2009, that the Plan and related trust are designed in accordance with applicable sections of the Internal Revenue Code (IRC). Although the Plan has been amended since receiving the determination letter, the plan administrator believes that the Plan is designed and is currently being operated in compliance with the applicable requirements of the IRC.

In accordance with guidance on accounting for uncertainty in income taxes, the Plan administrator has evaluated the Plan's tax positions and does not believe the Plan has any uncertain positions that require disclosure or adjustment to the financial statements. The Plan is subject to routine audits by taxing jurisdictions. The Plan administrator believes it is no longer subject to income tax examinations for years prior to 2011.

NOTE 8 - RISKS AND UNCERTAINTIES

The Plan invests in various investment securities. Investment securities are exposed to various risks, such as interest rate, market volatility, and credit risks. It is reasonably possible, given the level of risk associated with investment securities, that changes in the values of the investments in the near term could materially affect a participant's account balance and the amounts reported in the financial statements.

NOTE 9 - PLAN TERMINATION

Although it has not expressed any intention to do so, the Company has the right to terminate the Plan and discontinue its contributions at any time. If the Plan is terminated, amounts allocated to a participant's account become fully vested.
