401 (k) PROFIT SHARING PLAN

NOTES TO FINANCIAL STATEMENTS

DECEMBER 31, 2013 AND 2012

NOTE 1 - PLAN DESCRIPTION:

The following description of the C & C Technologies, Inc. 401(k) Profit Sharing Plan (the Plan) provides only general information. Participants should refer to the Plan agreement for a more complete description of the Plan's provisions.

General. The Plan is a defined contribution plan established on July 1, 1998 by C & C Technologies, Inc. (the Company). Participants are allowed to direct the investment of all of their vested account balance. Employees are eligible to participate after completing one month of service provided they are age 21 or older and have completed 83 hours of service. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA).

Contributions. Each year, participants may contribute up to fifteen percent of pretax annual compensation in the form of a salary reduction, as defined by the Plan. Participants age 50 and older may elect to defer additional amounts (called "catch-up contributions"), limited to \$5,500 in 2013. Participants may also contribute amounts representing distributions from other qualified plans. The Company makes a matching contribution and in addition, may make a discretionary contribution. The Company's matching contribution is forty percent of the first seven percent of compensation subject to limits for those participants who contribute maximum amounts. Any discretionary contribution shall be allocated to each participant in proportion to his or her compensation for the plan year earned while a participant. Participants must be employed on the last day of the plan year to be entitled for an allocation of the discretionary contribution. Contributions are subject to other certain limitations

Participant Accounts. Each participant's account is credited with the participant's contribution and allocations of (a) the employer's contribution and (b) plan earnings, and charged with expenses specific to the participant's loan or distribution activity. Allocations of contributions are based on participant compensation or account balances, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Vesting. Participants are immediately vested in their contributions plus actual earnings thereon. Vesting in the employer's matching and discretionary contribution portion of their accounts plus actual earnings thereon is based on years of continuous service. A participant is 100 percent vested in the employer matching contributions and employer discretionary contribution after 6 years of credited service. Prior to death or retirement, participants vest in employer contributions and related earnings in accordance with the following schedule:

<u>Years of Service</u>	<u>Vested Percent</u>
Less than 2 years	0%
2 years	20%
3 years	40%
4 years	60%
5 years	80%
6 years	100%

On the occurrence of death, retirement, or Plan termination, a participant becomes fully vested in employer contributions and related earnings.

Investment Options. As of December 31, 2013, a participant may direct all or a portion of their vested account balance in any of twenty-four mutual funds. Participants may change their investment options daily.

401 (k) PROFIT SHARING PLAN

NOTES TO FINANCIAL STATEMENTSDECEMBER 31, 2013 AND 2012

NOTE 1 - PLAN DESCRIPTION (Continued):

The ability of any of the issuers of the securities held by these funds to meet their obligations may be affected by economic developments in a specific industry, region, state or country.

Notes Receivable from Participants. Participants may borrow from their accounts a minimum of \$1,000 up to a maximum equal to the lesser of \$50,000 or 50 percent of their vested account balance. Loan terms range from one to five years or over a reasonable period for the purchase of a primary residence. The loans are secured by the balance in the participant's account and bear interest rates at 2.90 percent, which are commensurate with local prevailing rates at issuance of the loan. Principal and interest are paid ratably through bi-weekly payroll deductions.

Excess Contributions. Amounts for contributions in excess of amounts allowed by the IRS are refunded to participants as required. The Plan distributed \$17,945 in 2013 excess contributions to the applicable participants prior to March 15, 2014.

Payment of Benefits. On termination of service due to death, disability, retirement or termination of employment, a participant shall receive a lump-sum amount equal to the value of the participant's vested interest in his or her account.

Withdrawals from a participant's account while such participant is employed by the Company will be permitted in the cases of a hardship or in-service withdrawal, as defined by the Plan. Pre-tax deferrals, as well as, matching and profit sharing contributions are available for hardship withdrawals. Employer contributions to the Plan are automatically suspended for 6 months subsequent to a financial hardship withdrawal from a pre-tax deferral account balance.

In-service withdrawals are limited to those funds deferred under the Plan and the participant's profit sharing and/or matching contributions once they reach age 59 ½. Rollover contributions are also eligible for in-service withdrawals.

Plan Expenses. Expenses are incurred at either the mutual fund level or Plan level. All expenses by the mutual funds (commissions, management fees, etc.) are paid out of the investors assets, and are therefore, netted in realized and unrealized appreciation in fair value of investments in the Statement of Net Assets Available for Benefits. The Company pays certain Plan level expenses.

Forfeited Accounts. At December 31, 2013 and 2012, forfeited nonvested accounts totaled \$7,617 and \$31,891, respectively. These accounts will be used to reduce future employer contributions. In 2013, employer contributions were reduced by \$94,629 from these forfeited nonvested accounts.

NOTE 2 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES:

Basis of Accounting - The financial statements are prepared on the accrual basis of accounting.

Estimates - The preparation of financial statements in conformity with generally accepted accounting principles requires management to make estimates and assumptions that affect reported amounts of net assets available for benefits and changes therein and disclosure of contingent assets and liabilities. Actual results may differ from those estimates.

Investments Valuation and Income Recognition - Investments are stated at fair market value, using quoted market prices. Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date.

NOTES TO FINANCIAL STATEMENTS

DECEMBER 31, 2013 AND 2012

NOTE 2 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued):

Notes Receivable from Participants

Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. No allowance for credit losses has been recorded as of December 31, 2013 or 2012. Delinquent participant loans are reclassified as distributions based upon the terms of the plan document.

Administration - Certain administration costs are paid by the Company.

Payment of Benefits - Benefits are recorded when paid.

Subsequent Events - The plan has evaluated subsequent events through October 13, 2014, the date the statements were available to be issued.

NOTE 3 - INFORMATION PREPARED AND CERTIFIED BY TRUSTEE:

The plan administrator has elected the method of compliance permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, Frontier Trust Company, the trustee of the Plan, has certified the completeness and accuracy of certain investments reflected on the accompanying statements of assets available for benefits for the year ended December 31, 2013 and 2012, the related investment activity reflected in the statements of changes in assets available for benefits for the year ended December 31, 2013 and 2012, the information reflected in Note 5 and the supplemental schedule of assets held at end of year as of December 31, 2013.

The following is a summary of the Plan's financial information and data certified by the trustee as complete and accurate in accordance with Section 2520.103-5 of the Department of Labor Rules and Regulations for Reporting and Disclosure under ERISA.

	2013	2012
Investments	\$ 21,895,807	\$ 17,729,159
Investment Income:		
Income from investments	\$ 772,231	\$ 337,113
Net appreciation in fair value of investments	3,147,326	1,806,471

NOTE 4 - FAIR VALUE MEASUREMENTS:

Accounting Standards Codification (ASC) Topic 820 establishes a fair value hierarchy that prioritizes the input to valuation techniques used to measure fair value. This hierarchy consists of three board levels: Level 1, which consists of adjusted quoted prices for identical assets or liabilities in active markets have the highest priority, Level 2, which refers to securities not traded on an active market but for which observable market inputs are readily available or Level 1 securities where there is a contractual restriction, and Level 3, which refers to securities where inputs are unobservable, which have the lowest priority. The Plan uses appropriate valuation techniques based on the available inputs because they generally provide the most reliable evidence of fair value. Level 3 techniques are only used if Level 1 or Level 2 values are not available.

NOTES TO FINANCIAL STATEMENTSDECEMBER 31, 2013 AND 2012

NOTE 4 – FAIR VALUE MEASUREMENTS (continued):

Following is a description of the valuation methodology used for assets measured at fair value. There have been no changes in the methodology used at December 31, 2013 and 2012.

Mutual Funds - The Plan's mutual fund investments are valued based on quoted market prices, as determined by the closing price reported on the active market on which the individual funds are traded.

The preceding method described may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan believes its calculation method is appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following tables set forth by level, within the fair value hierarchy, the plan's fair value measurements at December 31, 2013 and 2012:

	<u>Fair Value</u>	<u>Level 1</u>	<u>Level 2</u>	<u>Level 3</u>

NOTE 6 - RECONCILIATION OF FINANCIAL STATEMENT TO FORM 5500:

The following is a reconciliation of benefits paid to participants per the financial statements to the Form 5500:

	<u>2013</u>	<u>2012</u>
Benefits paid to participants per the financial statements	\$ 1,493,999	\$ 1,735,386
Less: Amounts reported as deemed distributions of participant loans	<u>(76,433)</u>	<u>(112,008)</u>
Benefits paid to participants per the Form 5500	<u>\$ 1,417,566</u>	<u>\$ 1,623,378</u>

NOTE 7 – RISKS AND UNCERTAINTIES:

The Plan provides for various investment options in any combination of selected mutual funds. These funds are exposed to various risks, such as interest rate, market, and credit risks. Due to the level of risk associated with these funds, it is at least reasonably possible that changes in the values of funds will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the Statement of Net Assets Available for Benefits.

NOTES TO FINANCIAL STATEMENTSDECEMBER 31, 2013 AND 2012

NOTE 8 – PARTY-IN-INTEREST TRANSACTIONS:

Participant loans qualify as party-in-interest investments, but are exempt from the prohibition of party-in-interest transactions under ERISA.

All administrative expenses, other than loan and distribution service fees paid by participants, are paid by the Company. Such expenses have historically been comprised of fees for audit, recordkeeping, and consulting services. The Company provides certain accounting and administrative services to the Plan for which no fees are charged.

NOTE 9 – TAX STATUS:

In 2008, the Plan adopted a standardized prototype plan sponsored by Ascensus, Inc. The Plan itself has not received a determination letter from the IRS. However, the Plan administrator believes that the Plan is designed and is currently being operated in compliance with the applicable requirements of the IRC. Therefore, no provision for income taxes has been included in the plan's financial statements

Accounting principles generally accepted in the United States of America require plan management to evaluate tax positions taken by the plan and recognize a tax liability (or asset) if the organization has taken an uncertain position that more likely than not would not be sustained upon examination by the Internal Revenue Service. The plan administrator has analyzed the tax positions taken by the plan, and has concluded that as of December 31, 2013, there are no uncertain positions taken or expected to be taken that would require recognition of a liability (or asset) or disclosure in the financial statements. The plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in the standard three-year statute of limitations.

NOTE 10 - PLAN TERMINATION:

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of plan termination, participants will become fully vested in their accounts.
