JD RUSH COMPANY, INC.
RETIREMENT SAVINGS PLAN
NOTES TO FINANCIAL STATEMENTS
DECEMBER 31, 2013, 2012 and 2011

NOTE A — DESCRIPTION OF PLAN

The following description of JD Rush Company, Inc. Retirement Savings Plan provides only general information. Participants should refer to the Plan agreement for a more complete description of the Plan's provisions.

General

The Plan is a defined contribution plan covering represented employees of JD Rush Company, Inc., West Coast Pipe Inspection and Maintenance, Inc., Trymax International, Inc., Tryad Service Corporation and JD Rush Corporation who have three months of service and are age 21 or older. It was established as of July 1, 1995. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA).

Contributions

The Plan is a salary reduction plan in which the employee determines the amount to be contributed. The employees may also roll over amounts from other retirement plans. The employer matches 50% up to 6% for highly compensated employees and up to 4% for non-highly compensated employees.

Participant Accounts

Each participant's account is credited with the participant's contribution and allocation of (a) the Company's contribution and (b) Plan earnings. Allocations are based on participant's earnings. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Vesting

Participants are 100% vested upon joining the plan of employee deferrals. Ownership Profit Sharing is based on years of service. Participants must work 1,000 hours in a plan year for their vesting to increase. Vesting schedule is as follows:

2 years of service	25%
3 years of service	50%
4 years of service	75%
5 or more years of service	100%

NOTE A — DESCRIPTION OF PLAN (CONTINUED)

Notes Receivable from Participants

The Plan does allow for participants to borrow funds from the Plan assets at the lesser of 50% of the participants vested account, reduced by any outstanding loan balance, or $50,000. The loans are secured by the balance in the participant's account and bear interest at rates ranging from 3.25% to 6%, which commensurate with local prevailing rates as determined by the Plan administrator. Principal and interest is paid ratably through semi-weekly payroll deductions

Payment of Benefits

On termination of service due to death, disability, or retirement, a participant will receive a lump-sum amount equal to the value of the participant's vested interest in his or her account. At December 31, 2013, 2012 and 2011, the account balances of employees who terminated service but had not received a distribution from the Plan totaled $552,830, $715,028 and $136,421, respectively.

Investment Options

Participants may direct the manner in which their accounts are invested among the Plan's investment funds.

NOTE B — SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Date of Management's Review

Subsequent events were evaluated through July 31, 2014, which is the date of the financial statements were available to be issued.

Estimates

The preparation of the financial statements in conformity with accounting principles generally accepted in the United States of America requires the Plan administrator to make estimates and assumptions that affect certain reported amounts and disclosures. Accordingly, actual results may differ from those estimates.

Basis of Accounting

The financial statements of the Plan are prepared using the modified cash basis of accounting. Under the modified basis of accounting, investments are stated at fair value.

NOTE B — SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

Notes Receivable from Participants

Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Interest income is recorded on the accrual basis. Related fees are charged directly to the borrowing participant's account and are included in administrative expenses when incurred. As of December 31, 2013, 2012 and 2011, no allowance for credit losses has been recorded. If a participant does not make loan repayments and the plan administrator considers the participant loan to be in default, the loan balance is reduced, and the delinquent participant note receivable is recorded as a benefit payment based on the terms of the Plan document.

Investment Valuation and Income Recognition

Investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The investment Committee determines the Plan's valuation policies. See Note C for discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation includes Plan's gains and losses on investments bought and sold as well as held during the year.

Payment of Benefits

Benefits are recorded when paid.

Administrative Expenses

All expenses of maintaining the Plan are paid by the Company.

Reclassifications

Certain reclassifications have been made to the 2012 and 2011 financial statements presentation to conform with the 2013 presentation.

NOTE C — FAIR VALUE MEASUREMENTS

The Plan's investments are reported at fair value in the accompanying statement of net assets available for benefits. The methods used to measure fair value may produce an amount that may not be indicative of net realizable value or reflective of future fair value. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to measure fair value of certain financial instruments could result in a different fair value at the reporting date.

The fair value measurement accounting literature establishes a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. This hierarchy consists of three broad levels: Lever 1 inputs consist of unadjusted quoted prices in active markets for identical assets and have the highest priority, Level 2 inputs other than the quoted price that are observable and Level 3 inputs are unobservable and have the lowest priority. The Plan uses appropriate valuation techniques based on the average inputs to measure fair value of its investments. When available, the Plan measures fair value using Level 1 inputs because they generally provide the most reliable evidence of fair value. No Level 1 inputs were available to the Plan. Level 3 inputs were only used when Level 1 or Level 2 inputs were not available.

Level 1 Fair Value Measurements

The fair values are based on quoted net asset values of the shares held by the Plan at year-end. The fair values of common stock, corporate bonds, and U.S. Government securities are based on the closing price reported on the active market where the individual securities are traded.

Level 2 Fair Value Measurements

The fair values are based on inputs other than quoted price included within Level 1 that are observable for valuing the assets or liability, either directly or indirectly (i.e. interest rates and yield curve observable at commonly quoted intervals, default rates, etc.). Observable inputs included quoted price for similar assets or liabilities in active or non-active markets. Level 2 inputs may also include insignificant adjustments to market overvalue inputs.

Level 3 Fair Value Measurements

The guaranteed investment contract with an insurance company is not actively traded and significant other observable inputs are not available. Thus, the fair value of the guaranteed investment contract is the amount plan participants would receive currently if they were to withdraw or transfer funds within the Plan prior to their maturity for an event other than death, disability, termination or retirement. The fair value represents contract value adjusted to reflect current market interest rates only to the extent such market rates exceeds crediting rates. The Plan Investment Contract will provide information about redemption frequency and notice periods if applicable. There are no unfunded commitments.

NOTE C — FAIR VALUE MEASUREMENTS (CONTINUED)

For those assets with fair value measured using Level 3 inputs, the Plan Investment Committee determines the fair value measurement policies and procedures in consultation with the Company's chief financial officer and the Plan trustee. Those policies and procedures are reassessed at least annually to determine if the current valuation techniques are still appropriate. At that time, the unobservable inputs used in the fair value measurements are evaluated and adjusted, as necessary, based on current market conditions and other third-party information

The following tables set forth, by level within the fair value hierarchy, the Plan's investments at fair value at December 31, 2013, 2012 and 2011

The Plan's policy is to recognize transfers into and out of Level 3 as of the date of the event or change in circumstances that caused the transfer. For the year ended December 31, 2013, there were no significant transfers into or out of Level 3.

NOTE D — INVESTMENTS

As of December, 31, investments representing 5 percent or more of the Plan's assets are as follow:

During 2013, the Plan's investments (including gains and losses on investments bought and sold, as well as held during the year) appreciated in value by $857,226 as follows:

Value of interest in pooled separate accounts	$ 869,697
Value of interest in common/collective trusts accounts	(13,746)
Value of funds held in insurance company	1,275
	$ 857,226

NOTE E — RELATED PARTY TRANSACTIONS

Certain Plan investments are shares of mutual funds managed by Principal Financial. Principal Finan is the trustee as defined by the Plan and, therefore, these transactions qualify as party-in-interest transactions. Fees paid by the Plan for the investment management services amounted to $7,644 for the year ended December 31, 2013.

NOTE F — PLAN TERMINATION

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants will become 100% vested in their accounts.

NOTE G — INCOME TAX STATUS

The Internal Revenue Service has determined and informed the Company that the Plan and related trust are designed in accordance with applicable sections of the Internal Revenue Code (IRC). The Plan has been amended since receiving the determination letter. However, the Company and the Plan administrator believes that the Plan is currently designed and being operated in compliance with the applicable requirements of the IRC and therefore believe that the Plan is qualified and the related trust is tax-exempt.

Accounting principles generally accepted in the United States of America require the plan administrator to evaluate tax positions taken by the Plan and recognize a tax liability for any uncertain position that more likely than not would not be sustained upon examination by the IRS. The Plan is subject to routine audits by tax authorities; however, there are currently no audits for any tax periods in progress. The Plan administrator believes the Plan is no longer subject to income tax examination for the years prior to 2011.

NOTE H — RISKS AND UNCERTAINTIES

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statement of net assets available for benefits
