Pasadena Refining System, Inc. Employees' Savings Plan

Report on the Financial Statements

We were engaged to audit the accompanying statements of Pasadena Refining System, Inc. Employees' Savings Plan (the "Plan"), which comprise the statements of net assets available for benefits as of December 31, 2013 and 2012 and the related statements of changes in net assets available for benefits for the years then ended, and the related notes to the financial statements.

Management's Responsibility for the Financial Statements

Plan management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

Auditor's Responsibility

Our responsibility is to express an opinion on these financial statements based on conducting the audit in accordance with auditing standards generally accepted in the United States of America. Because of the matter described in the Basis for Disclaimer of Opinion paragraph, however, we were not able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion.

Basis for Disclaimer of Opinion

As permitted by 29 CFR 2520, 193-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974, the plan administrator instructed us not to perform, and we did not perform, any auditing procedures with respect to the information summarized in Note 9, which was certified by State Street Bank and Trust Company, the trustee of the Plan, except for comparing the information with the related information included in the financial statements and supplemental schedules. We have been informed by the plan administrator that the trustee holds the Plan's investment assets and executes investment transactions. The plan administrator has obtained a certification from the trustee as of and for the years ended December 31, 2013 and 2012, that the information provided to the plan administrator by the trustee is complete and accurate.

Disclaimer of Opinion

Because of the significance of the matter described in the Basis for Disclaimer of Opinion paragraph, we have not been able to obtain sufficient, appropriate audit evidence to provide a basis for an audit opinion. Accordingly, we do not express an opinion on these financial statements.

Other Matter

We were engaged for the purpose of forming an opinion on the financial statements as a whole. The supplemental schedule of assets held at end of year, which is the responsibility of plan management, is presented for the purpose of additional analysis and is not a required part of the financial statements but is required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974. Because of the significance of the matter described in the Basis for Disclaimer of Opinion paragraph, we have not been able to obtain sufficient, it is inappropriate to and we do not express an opinion on the supplemental schedule referred to above.

Report on Form and Content in Compliance With DOL Rules and Regulations

The form and content of the information included in the financial statements and supplemental schedules, other than that derived from the information certified by the trustee, have been audited by us in accordance with auditing standards generally accepted in the United States of America and, in our opinion, are presented in compliance with the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974.

Pasadena Refining Systems, Inc. Employees' Savings Plan
Notes to Financial Statements
December 31, 2013

Note 1 – Description of Plan

The following description of the Pasadena Refining System, Inc. Employees' Savings Plan (the "Plan") provides only general information. Participants should refer to the Plan agreement for a more complete description of the Plan's provisions.

General

The Plan is a defined contribution plan covering all full-time, non-union employees of Pasadena Refining System, Inc. (the "Company") who are age 21 or older. It is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA). The Plan is a safe-harbor plan.

Contributions

Each year, participants may contribute a percentage of their pre-tax annual compensation, as defined by the Plan. Participants may also make voluntary contributions to the Plan on an after-tax basis. Participants who have attained age 50 before the end of the Plan year are eligible to make catch-up contributions. Participants may also contribute amounts representing distributions from other qualified defined benefit or contribution plans. Participants direct the investment of their contributions into various investment options offered by the Plan. The Plan currently offers various mutual funds and a collective trust fund as investment options for participants.

The Company contributes an amount equal to 100% of the employee contributions to the Plan of the first 4% of base compensation that a participant contributes to the Plan. The safe-harbor contribution is an enhanced employer match contribution. The employer match contribution is invested in the same ratio of investment options as the participant's contributions.

The Company may make a discretionary profit sharing contribution, to be determined by the employer annually, not limited to current or accumulated net profits. The discretionary profit sharing contribution will be allocated to each participant's account in the same ratio as each participant's compensation bears to the total compensation of all participants. A participant is eligible for this contribution if they are employees on the last day of the plan year and have completed at least 1,000 hours of service during the plan year.

Both participant and Company contributions are subject to certain Internal Revenue Code (the Code) section 401(k) limitations.

Participant accounts

Each participant's account is credited with the participant's contribution and allocations of (a) the Company's contribution and (b) Plan earnings, and charged with an allocation of administrative expenses. Allocations are based on participant earnings on account balances, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Vesting

Participants are immediately 100% vested in their contributions, employer matching contributions and actual earnings thereon.

Pasadena Refining Systems, Inc. Employees' Savings Plan
Notes to Financial Statements
December 31, 2013

Note 1 – Description of Plan (Continued)

Notes Receivable from Participants

Participants may borrow from their fund accounts up to a maximum equal to the lesser of \$50,000 or 50% of their account balance. The loans are secured by the balance in the participant's account and bear interest rates ranging from 4% to 9%, which are commensurate with local prevailing rates. Principal and interest is paid ratably through semi-monthly payroll deductions.

Payment of benefits

On termination of service due to death, disability or retirement, a participant may receive the value of the vested interest in his account as a lump sum distribution. In the event of termination of service due to death or permanent and total disability the participant will become fully vested.

Forfeited Accounts

Any forfeited non-vested employer contributions, other than excess aggregated contributions, shall be applied to reduce employer matching contributions. There were no forfeitures during 2013 and 2012.

Note 2 – Summary of Significant Accounting Policies

Date of Management's Review

Subsequent events were evaluated through September 11, 2014, which is the date the financial statements were available to be issued.

Estimates

The preparation of financial statements in conformity with generally accepted accounting in the United States requires the plan administrator to make estimates and assumptions that affect certain reported amounts and disclosures. Accordingly, actual results may differ from those estimates.

Basis of Accounting

The financial statements of the plan are prepared on the accrual basis of accounting.

Investment contracts held by a defined contribution plan are required to be reported at fair value. However, contract value is the relevant measurement attribute for that portion of the net assets available for benefits of a defined contribution plan attributable to fully benefit-responsive investment contracts because contract value is the amount participants would receive if they were to initiate permitted transactions under the terms of the plan. The Statement of Net Assets Available for Benefits presents the fair value of the investment contracts as well as the adjustment of the fully benefit-responsive investment contracts from fair value to contract value. The Statement of Changes in Net Assets Available for Benefits is prepared using contract value for the fully benefit-responsive investment contract.

Notes Receivable from Participants

Notes receivable from participants are measured at their unpaid principal balances plus any accrued but unpaid interest. Related fees are charged directly to the borrowing participant's account and are included in administrative expenses when incurred. Delinquent participant loans are reclassified as distributions based on the terms of the Plan document.

Note 2 – Summary of Significant Accounting Policies (Continued)

Investment Valuation and Income Recognition

Investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note 3 for discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation includes the plan's gains and losses on investments bought and sold as well as held during the year.

Payment of Benefits

Benefits are recorded when paid.

Operating Expenses

The Company pays all administration fees of the plan, with the exception of loan administration fees which are paid by the participants from their accounts. During 2013 and 2012, the Company paid approximately \$1,475 and \$1,700, respectively, in plan administration fees on behalf of the Plan.

Note 3 – Fair Value Measurements

The Plan's investments are reported at fair value in the accompanying statement of net assets available for benefit. The methods used to measure fair value may produce an amount that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The fair value measurement accounting literature establishes a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy consists of three broad levels: Level 1 inputs consist of unadjusted quoted prices in active markets for identical assets and have the highest priority, and Level 3 inputs have the lowest priority. The Plan uses the appropriate valuation techniques based on the available inputs to measure the fair value of its investments. When available, the Plan measures fair value using Level 1 inputs because they generally provide the most reliable evidence of fair value. No Level 2 inputs were available to the Plan and Level 3 inputs were only used when Level 1 or Level 2 inputs were not available.

Level 1 Fair Value Measurements – The fair value of mutual funds is based on quoted net asset values of the shares held by the Plan at year-end.

Level 3 Fair Value Measurements

The Stable Value Fund is a collective trust fund, investing in primarily guaranteed investment contracts, bank investment contracts, synthetic contracts and separate account contracts. These contracts are not actively traded in the open market and significant other observable inputs are not available. Thus, the fair value of the fund is measured by fund management and determined based on the fair value of the investment in the portfolio using an income approach based on current yields of similar instruments with comparable durations considering the credit-worthiness of the issuer and discount rates.

Note 3 – Fair Value Measurements (Continued)

The following tables set forth, by level within the fair value hierarchy, the Plan's investment at fair value as of December 31, 2013 and 2012.

	<u>Fair Value</u>	<u>Measurements Using:</u> <u>Level 1</u>	<u>Level 3</u>

The following table reconciles the beginning and ending balances of fair value measurements using significant unobservable inputs (Level 3) of the collective trust fund for the year ended December 31, 2013:

Purchases	777,839
Sales	(882,844)
Ending balance, December 31, 2013	<u>\$ 4,944,234</u>

The amount of total gains/(losses) for the year included in changes in net assets available for benefits attributable to the changes in unrealized gains or losses relating to assets held at the end of the reporting period is (\$69,095).

Gains and losses included in changes in net assets available for benefits for the years ended December 31, 2013 and 2012, are reported in net appreciation in fair value of investments. Unrealized gains/(losses) from the guaranteed investment contract are not reported in the statement of changes in net assets available for benefits as the contract is recorded at contract value for presentation in the net assets available for benefits.

The Plan's policy is to recognize transfers into and out of Level 3 as of the date of the event or change in circumstances that caused the transfer. For the year ended December 31, 2013, there were no significant transfers into or out of Level 3.

During 2013 and 2012, the Plan's mutual fund investments (including gains and losses on investments bought and sold, as well as held during the year) appreciated in value by \$3,323,414 and \$1,462,994, respectively.

Note 5 – Collective Trust Fund

The Plan investment funds include the Stable Value Common Trust Fund. This fund is presented as a fully benefit-responsive guaranteed investment contract, as it invests primarily in guaranteed investment contracts, bank investment contracts, synthetic investment contracts and separate account contracts. The account is credited with earnings on the underlying investments and charged for participant withdrawals and administrative expenses. The guaranteed investment contract issuers are contractually obligated to repay the principal and a specified interest rate that is guaranteed to the Plan.

Because the fund is fully benefit-responsive, contract value is the relevant measurement attribute for that portion of the net assets available for benefits attributable to the fund. The common trust fund is presented on the face of the statement of net assets available for benefits at fair value with an adjustment to contract value in arriving at net assets available for benefits. Contract value, as reported to the Plan by T. Rowe Price, represents contributions made under the contract, plus earnings, less participant withdrawals and administrative expenses. Participants may ordinarily direct the withdrawal or transfer of all or a portion of their investment at contract value.

The fund held reserves of approximately 7% of the fund portfolio against contract value for credit risk of the contract issuers or otherwise. The fair value of the investment contract at December 31, 2013 was \$4,944,234. The crediting interest rates are based on a formula agreed upon with the issuers. The fund experienced a return of approximately 1.9% for 2013.

Note 6 – Related Party Transactions

Certain Plan investments are shares of mutual funds managed by T. Rowe Price Retirement Plan Services. T. Rowe Price serves as a third party service provider to the Plan and, therefore, these transactions qualify as party-in-interest transactions. Fees paid by the Plan sponsor on behalf of the Plan for the investment management services amounts to \$1,475 and \$1,700 for the plan years ended December 31, 2013 and 2012, respectively. These party-in-interest transactions are exempt from the prohibited transaction rules of ERISA.

Note 7 – Plan Termination

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants will become 100% vested in their employer contributions.

Note 8 – Tax Status

The underlying document under which the Plan is administered is a prototype document which the trustee has filed with the Internal Revenue Service. As required by regulations, in 2009 the trustee provided the Company with a new determination letter, dated March 31, 2008, stating that the most recent update to the Plan Document and related trust was determined by the Internal Revenue Service to be designed in accordance with applicable sections of the Internal Revenue Code (IRC). Therefore, the Company adopted the restated Plan Document, effective July 30, 2009, which included a Plan Amendment to allow terminated employees to continue to repay outstanding loans after they no longer worked for PRSI. The Plan administrator and the Plan's specialists believe that the Plan is designed and is currently being operated in compliance with the applicable requirements of the IRC.

Accounting principles generally accepted in the United States of America require the plan administrator to evaluate tax positions taken by the Plan and recognize a tax liability for any uncertain position that more likely than not would not be sustained upon examination by the IRS. The Plan is subject to routine audits by tax authorities; however, there are currently no audits for any tax periods in progress. The Plan administrator believes the Plan is no longer subject to income tax examinations for years prior to 2010.

Note 9 – Information Prepared and Certified by Trustee

The information regarding invested assets, transactions and income and the schedule of investments and reportable transactions included in the accompanying financial statements and supplemental schedules were obtained from data that has been prepared and certified to as complete and accurate by the trustee.

Note 10 – Risks and Uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risk such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of the investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statement of net assets available for benefits.
