WOOD GROUP MUSTANG LBO 401(k) PLAN
NOTES TO FINANCIAL STATEMENTS
DECEMBER 31, 2013 AND 2012

NOTE A - DESCRIPTION OF PLAN

Effective February 1, 2009, Mustang Engineering, L.P. (the “Employer”) adopted the Mustang Engineering LBO 401(k) Plan as a qualified defined contribution plan as defined by Section 401(a) of the Internal Revenue Code (“IRC”) to provide retirement benefits for all eligible employees. The following description of the Plan provides only general information. Participants should refer to the plan agreement for a more complete description of the Plan’s provisions. Effective August 30, 2012, the Mustang Engineering LBO 401(k) Plan was amended and restated at which time the name of the plan was also changed to the Wood Group Mustang LBO 401(k) Plan (the “Plan”).

General: The Plan is a defined contribution plan and is subject to the provisions of the Employee Retirement Income Security Act of 1974 (“ERISA”) and subsequent related amendments and revisions.

Administration of the Plan: The Employer is the Plan Administrator. On August 30, 2012, the Plan appointed Putnam Fiduciary Trust Company (“Putnam”) as the trustee of the Plan’s assets and Putnam Investments as the recordkeeper.

Eligibility: All employees of the Employer are eligible to participate if those employees have been designated as LBO (legal benefits only) employees (as defined in the plan agreement). All other employees are excluded from this Plan and, with the exception of leased employees, are allowed to contribute to other plans sponsored by the Employer. Eligible employees are able to participate on the first day of the month coinciding with or following the satisfaction of three months of service.

Contributions: Participants may elect to defer up to one hundred percent (100%) of their eligible compensation, on a pre-tax basis, subject to limits imposed by the IRC. The Plan also has a ROTH feature that allows participants to contribute after-tax compensation. The Plan does not allow for Employer matching or non-elective contributions.

Participant Accounts: Each participant’s account is credited with the participant’s contributions and an allocation of plan investment earnings or losses, as well as applicable expenses. The benefit to which a participant is entitled is the benefit that can be provided from the participant’s vested account balance at the time of distribution.

Vesting: Participants are immediately vested in their contributions, rollover contributions, and earnings thereon. There are no Employer contributions subject to a vesting schedule. However, should a Participant transfer into this Plan from another benefit plan sponsored by the Employer, those transferred contributions subject to vesting will continue to vest in this Plan. For those contributions subject to vesting, those contributions will vest 50% after two years of service and will be fully vested after three years of service.

Forfeitures: The Plan provides that forfeitures, for those contributions transferred and subjected to vesting, will be used to pay administrative expenses of the Plan as defined in the plan agreement. At December 31, 2013 and 2012, the total unallocated forfeitures were \$3,516 and \$31,003, respectively. During 2013, \$29,498 was used to offset plan expenses.

Notes Receivable from Participants: Notes receivable from participants are not allowed in the Plan. However, notes are permitted for those participants that had notes while under another benefit plan sponsored by the Employer and subsequently change their status to an LBO employee and transferred into this Plan. At December 31, 2013, there were outstanding notes of \$22,575. At December 31, 2012, there were no outstanding notes.

NOTE A - DESCRIPTION OF PLAN (Continued)

Payment of Benefits: Benefits are generally provided upon normal retirement, death, permanent disability or termination of employment. Upon normal retirement, permanent disability or death, a participant is entitled to receive 100% of the balance of their plan accounts. Under the plan agreement, normal retirement is defined as age 65. Upon termination of employment, a participant is entitled to receive the vested portion of their plan accounts. Benefits are paid as a lump-sum amount, annual installments or a partial withdrawal, as defined in the plan agreement. Participants are permitted in-service distributions from their vested plan accounts at any time after having attained age 59½. In addition, participants may request a distribution of their vested plan accounts upon incurring a financial hardship, as defined in the plan agreement.

NOTE B - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Basis of Financial Statements: The accompanying financial statements of the Plan have been prepared on the accrual basis of accounting in accordance with accounting principles generally accepted in the United States of America, as codified by the Financial Accounting Standards Board ("FASB") in its Accounting Standards Codification ("ASC").

Use of Estimates: The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires the Plan Administrator to make estimates and assumptions that affect the reported amounts of assets and liabilities and changes therein, and disclosure of contingent assets and liabilities. Accordingly, actual results may differ from those estimates.

Investment Valuation and Income Recognition: The Plan provides for self-directed investment programs for individual participants as provided by Putnam Fiduciary Trust Company. Investment changes can be made at any time. Investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note D for discussion of fair value measurements.

Purchases and sales of investments are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. The change in the current value of investments (including investments bought and sold) during the period are reflected in the Statement of Changes in Net Assets Available for Benefits as either net appreciation or depreciation in fair value of investments.

As described in ASC 962, *Plan Accounting - Defined Contribution Pension Plans*, an investment held by a defined contribution plan that holds an investment in common/collective trust which invests in guaranteed investment contracts ("GICS"), or other benefit responsive investments, is required to report the investment at fair value. However, contract value is the relevant measurement attribute for that portion of the net assets available for benefits of a defined contribution plan attributable to fully benefit-responsive investment contracts because contract value is the amount participants would receive if they were to initiate permitted transactions under the terms of the plan agreement. The Statements of Net Assets Available for Benefits present the fair value for the investment contracts as well as the adjustment of the fully benefit-responsive investment contracts from fair value to contract value. The Statement of Changes in Net Assets Available for Benefits is prepared on a contract value basis.

The Invesco Stable Value Trust is a collective trust and is designed to provide preservation of principal, maintain a stable interest rate, and provide daily liquidity at contract value for participant withdrawals and transfers.

NOTE B - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)

Risks and Uncertainties: The participants are permitted to invest in various investment options. These investments are exposed to various risks, such as interest rate, market and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statement of net assets available for benefits.

Payment of Benefits: Benefits are recorded upon distribution.

Fees and Expenses: The Plan's expenses are paid either by the Plan or the Employer, as provided by the plan agreement. Expenses that are paid directly by the Employer are excluded from these financial statements. Fees related to the administration of participant directed expenses are charged directly to the participant's account and are included in expenses of the Plan. Investment related expenses are included in net appreciation or depreciation of fair value of investments.

Subsequent Event: The Plan Administrator has evaluated all events and transactions subsequent to the financial statement date and through October 14, 2014, the date which the financial statements were available to be issued and has determined there are no events that require recognition in the financial statements or disclosure in the notes to the financial statements.

NOTE C - INVESTMENTS CERTIFIED BY TRUSTEE (UNAUDITED)

As permitted by the rules and regulations of the Department of Labor with respect to reporting and disclosure under ERISA, the trustee, Putnam Fiduciary Trust Company, has certified to the Plan Administrator that all amounts shown in the accompanying financial statements and supplemental schedule, related to investments (including notes receivable from participants, if applicable), are complete and accurate as of December 31, 2013 and 2012, and for the year ended December 31, 2013.

The following table presents the fair values of investments. Individual investments that represent 5% or more of net assets available for benefits are shown separately.

NOTE D - FAIR VALUE MEASUREMENTS

ASC 820, *Fair Value Measurements and Disclosures*, provides the framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (level 1 measurements) and the lowest priority to unobservable inputs (level 3 measurements).

The three levels of the fair value hierarchy as defined by ASC 820 are as follows:

- Level 1: Valuations utilizing unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access. This is the most reliable evidence of fair value and does not require a significant degree of judgment.
- Level 2: Valuations utilizing quoted prices in markets that are not considered to be active or financial instruments for which all significant inputs are observable, either directly or indirectly for substantially the full term of the asset or liability.
- Level 3: Valuations utilizing significant, unobservable inputs. This provides the least objective evidence of fair value and requires a significant degree of judgment. Inputs may be used with internally developed methodologies and should reflect an entity's assumptions using the best information available about the assumptions that market participants would use in pricing an asset or liability.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

The following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2013 and 2012.

- Mutual funds are stated at fair value based on quoted market prices ("fair value") on the last business day of the plan year as reported by the investment trustee of the Plan's assets. The change in the current value of investments during the period are reflected in the statement of changes in net assets available for benefits as net appreciation or depreciation in fair value of mutual funds. Investments are generally subject to the volatility of the major stock markets in which the underlying investments are held.
- The common/collective trust is stated at fair value as determined by the issuer of the common/collective trust based on the fair market value of the underlying investments. Common/collective trusts with underlying investments in investment contracts are valued at fair value of the underlying investments and then adjusted by the issuer to contract value. The Invesco Stable Value Trust is a collective trust fund that typically invests in synthetic guaranteed investment contracts, traditional guaranteed investment contracts, U.S. Treasury notes, short-term investments and other benefit responsive investments. Participants may ordinarily direct the withdrawal or transfer of all or a portion of their investment at contract value. Contract value represents contributions made to the fund, plus earnings, less participant withdrawals.
- The self-directed brokerage accounts are valued at the quoted market prices of individual funds on various national exchanges.

NOTE D - FAIR VALUE MEASUREMENTS (Continued)

The preceding methods described may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies and assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following tables set forth by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31, 2013 and 2012:

WOOD GROUP MUSTANG LBO 401(k) PLAN
NOTES TO FINANCIAL STATEMENTS
DECEMBER 31, 2013 AND 2012

NOTE E - INCOME TAX STATUS

The Plan was amended and restated effective August 30, 2012, when the Employer adopted the Prototype Non-Standardized Profit Sharing Plan with CODA ("Prototype Plan") sponsored by Putnam Fiduciary Trust Company which received an opinion letter from the Internal Revenue Service ("IRS"), dated May 18, 2011, stating that the form of the Prototype Plan is acceptable under Section 401 of the Internal Revenue Code ("IRC") for use by employers for the benefit of their employees. The Prototype Plan has been amended since receiving such letter; however, the Employer believes that the Plan is currently designed and being operated in compliance with the applicable requirements of the IRC. Therefore, no provision for income taxes has been included in the Plan's financial statements.

Accounting principles generally accepted in the United States of America requires the Plan Administrator to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the Internal Revenue Service. The Plan Administrator has analyzed the tax positions taken by the Plan, and has concluded that as of December 31, 2013, there are no uncertain positions taken or expected to be taken that would require recognition of a liability (or asset) or disclosure in the financial statements. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress. The Plan Administrator believes it is no longer subject to income tax examination for years prior to 2010.

NOTE F - PLAN TERMINATION

Although the Employer has not expressed any intent to do so, the Employer has the right under the plan agreement to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. Upon any full or partial termination, all amounts credited to the affected participants become fully vested and not subject to forfeiture.

NOTE G - PARTY-IN-INTEREST TRANSACTIONS

The Plan invests in various funds offered by Putnam. Putnam Investments, an affiliate of Putnam, is the financial recordkeeper for the Plan; therefore, certain transactions qualify as party-in-interest transactions. The plan administrator has approved of these activities and transactions.
