Report on the Financial Statements

We were engaged to audit the accompanying financial statements of the Premier Research International, LLC 401(k) Plan (the Plan), which comprise the statements of net assets available for benefits as of December 31, 2013 and 2012, and the related statements of changes in net assets available for benefits for the years then ended, and the related notes to the financial statements.

Management's Responsibility for the Financial Statements

Plan management is responsible for the preparation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

Auditors' Responsibility

Our responsibility is to express an opinion on these financial statements based on conducting our audits in accordance with auditing standards generally accepted in the United States of America. Because of the matter described in the Basis for Disclaimer of Opinion paragraph, however, we were not able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion.

Basis for Disclaimer of Opinion

As permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974, the Plan Administrator instructed us not to perform, and we did not perform, any auditing procedures with respect to the information summarized in Note 3, which was certified by John Hancock Life Insurance Company (U.S.A), the asset custodian of the Plan, except for comparing such information with the related information included in the financial statements. We have been informed by the Plan Administrator that the asset custodian holds the Plan's investment assets and executes investment transactions. The Plan Administrator has obtained certification from the asset custodian as of and for the years ended December 31, 2013 and 2012, that the information provided to the Plan Administrator by the asset custodian is complete and accurate.

Independent Auditors' Report (continued)

Disclaimer of Opinion

Because of the significance of the matter described in the Basis for Disclaimer of Opinion paragraph, we have not been able to obtain sufficient, appropriate audit evidence to provide a basis for an audit opinion. Accordingly, we do not express an opinion on these financial statements.

Other Matter

We were engaged for the purpose of forming an opinion on the financial statements as a whole. The supplemental Schedule of Assets (Held at End of Year), which is the responsibility of Plan management, is presented for the purpose of additional analysis and is not a required part of the financial statements but is required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974. Because of the significance of the matter described in the Basis for Disclaimer of Opinion paragraph, it is inappropriate to and we do not express an opinion on the supplemental schedule referred to above.

Report on Form and Content in Compliance with DOL Rules and Regulations

The form and content of the information included in the financial statements and supplemental schedule, other than that derived from the information certified by the asset custodian, have been audited by us in accordance with auditing standards generally accepted in the United States of America and, in our opinion, are presented in compliance with the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974.

Premier Research International, LLC 401(k) Plan

Notes to Financial Statements

Years ended December 31, 2013 and 2012

1. Plan Description

The following description of the Premier Research International, LLC 401(k) Plan (the Plan) provides only general information. Participants should refer to the Plan Agreement for a more complete description of the Plan's provisions.

General

The Plan is a defined contribution plan covering all full-time U.S. employees of Premier Research International, LLC (the Company) who have completed three months of service and have attained the age of 21. The Plan is subject to the requirements of the Employee Retirement Income Security Act of 1974 (ERISA).

John Hancock Life Insurance Company (U.S.A.) is the asset custodian of the Plan.

Contributions

Eligible participants are permitted to contribute the lesser of 100% of their annual wages on a pretax basis, or the dollar limitation as set forth by the Internal Revenue Code (IRC). Such limitations on participant contributions were \$17,500 and \$17,000 for Plan years 2013 and 2012, respectively, with the exception of certain allowable catch-up contributions for participants over the age of 49. The maximum amount a participant may contribute as a catch-up contribution for the Plan years 2013 and 2012 was \$5,500. Participants may change the percentage of pre-tax annual compensation quarterly during open enrollment periods. Participants may also opt-out of contributing to the Plan at any time. Participants may elect to contribute funds from other qualified retirement plans (rollover contributions), subject to certain requirements.

On January 1, 2011, the Company suspended matching contributions to the participants of the Plan. The Company formally amended the Plan, effective January 1, 2012, to reinstate the matching contributions. As a result, the Company matched 50% of the first 3% of each participant's compensation contributed, up to a maximum of 1.5% of the participant's salary. In accordance with the amendment, matching contributions were made on a quarterly basis for the Plan years 2013 and 2012.

The Company may elect to make a discretionary (profit-sharing) contribution based upon the relationship of an employee's compensation to the total compensation of all participants, except for when the Plan is considered top-heavy, whereby the discretionary contribution is allocated in accordance with the methodology described in the Plan. The Plan includes various tests required by ERISA, which has the effect of limiting contributions for highly-compensated employees. No profit-sharing contributions were made for the years ended December 31, 2013 and 2012.

Premier Research International, LLC 401(k) Plan

Notes to Financial Statements (continued)

1. Plan Description (continued)

Participant Accounts

A separate account is established for each participant upon enrollment in the Plan. Each participant's account is credited with the participant's contributions, allocations of the Company's contributions (if any) and Plan earnings, and charged with an allocation of administrative expenses.

Vesting

Participants are immediately vested in their contributions plus actual earnings thereon. Upon death, disability, or retirement, a participant becomes 100% vested in employer contributions. Otherwise, vesting in employer contributions and earnings thereon, occurs according to the following schedule:

Completed Years of Service	Vesting Percentage
1	20%
2	40%
3	60%
4	80%
5	100%

Notes Receivable from Participants

Participants may borrow from their fund accounts an aggregate amount up to the lesser of \$50,000 or 50% of the participant's vested account balance. The minimum loan allowed is \$1,000. Loans bear interest at the prime rate of interest, which was 3.25% as of December 31, 2013, charged by the current commercial bank of the Company as of the date of the loan plus 1.50%. At December 31, 2013, the interest rate on participant loans outstanding was 4.75%. Loans are collateralized by the participant's non-forfeitable interest in the Plan and are supported by a promissory note.

Loans must be repaid over a period not to exceed five years unless the loan proceeds are used for the purchase of a primary residence, in which case a longer repayment period is allowed, not to exceed 20 years. Principal and interest is paid through semi-monthly payroll deductions.

Premier Research International, LLC 401(k) Plan

Notes to Financial Statements (continued)

1. Plan Description (continued)

Payments of Benefits

The Plan provides for a normal retirement benefit to be paid to participants who have reached the age of 65, or in the case of early retirement, age 55, with at least one year of service. There are also retirement benefits available upon late retirement, disability and death. Distributions are made in lump-sum payments, or, in the case of a participant death, extended payments to a beneficiary as permitted by the Plan.

Forfeited Accounts

When a termination occurs, the non-vested portion of the participant's account represents a forfeiture as defined by the Plan Agreement. Forfeitures may be used offset employer contributions or pay Plan expenses. Such forfeitures amounted to \$68,064 and \$58,423 in 2013 and 2012, respectively. Forfeitures of \$32,318 and \$230,806 were used to reduce the Company's contributions in 2013 and 2012, respectively. Unallocated forfeitures at December 31, 2013 and 2012 were \$66,376 and \$32,911, respectively.

Investment Options

All investment options are fully participant-directed. Participants may direct the investment of their contributions and the Company's discretionary contributions, if any, into any of the Plan's available investment options.

2. Significant Accounting Policies

Basis of Accounting

The financial statements have been prepared in conformity with accounting principles generally accepted in the United States of America, and are presented on the accrual basis of accounting in compliance with the Department of Labor's Rules and Regulations for Reporting and Disclosure with ERISA.

Use of Estimates

The preparation of the Plan's financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect certain reported amounts and disclosures. Accordingly, actual results may differ from these estimates.

Premier Research International, LLC 401(k) Plan

Notes to Financial Statements (continued)

2. Significant Accounting Policies (continued)

Risks and Uncertainties

The Plan provides for various investment options in any combination of shares of a money market fund, mutual funds and a common collective trust with various investment objectives. Investment securities are exposed to various risks, such as interest rate, market and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits.

Fair Value Measurements

The Plan follows Accounting Standards Codification (ASC) 820 for all financial assets and liabilities and nonfinancial assets and liabilities that are recognized or disclosed at fair value in the financial statements on a recurring basis. ASC 820 defines fair value, establishes a fair value hierarchy, and expands disclosures about fair value measurements.

ASC 820 defines fair value as the price that would be received upon sale of an asset or paid upon the transfer of a liability in an orderly transaction between market participants at the measurement date and in the principal or most advantageous market for that asset or liability. The fair value should be calculated based on assumptions that market participants would use in pricing the asset or liability, not on assumptions specific to the entity. In addition, the fair value of liabilities should include consideration of non-performance risk including the Plan's own credit risk.

In addition to defining fair value, ASC 820 expands the disclosure requirements around fair value and establishes a fair value hierarchy for valuation inputs. The hierarchy prioritizes the inputs into three levels based on the extent to which inputs used in the measuring fair value are observable in the market. Each fair value measurement is reported in one of three levels which is determined by the lowest level input that is significant to the fair value measurement in its entirety.

Premier Research International, LLC 401(k) Plan

Notes to Financial Statements (continued)

2. Significant Accounting Policies (continued)

Fair Value Measurements (continued)

These levels are:

Level 1 – Inputs are based upon unadjusted quoted prices for identical instruments traded in active markets.

Level 2 – Inputs are based upon quoted prices for similar instruments in active markets, quoted prices for identical or similar instruments in markets that are not active, and model-based valuation techniques for which all significant assumptions are observable in the market or can be corroborated by observable market data for substantially the full term of the assets or liabilities.

Level 3 – Inputs are generally unobservable and typically reflect management's estimates of assumptions that market participants would use in pricing the asset or liability. The fair values are therefore determined using model-based techniques that include option pricing models, discounted cash flow models, and similar techniques.

Investment Valuation and Income Recognition

The Plan's investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date.

Purchases and sales of investments are recorded on a trade-date basis. Interest income, including interest on participant loans, is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation (depreciation) in fair value of investments includes realized and unrealized gains and losses.

The assets of the Plan are invested in mutual funds, a money market fund and a common collective trust. Mutual funds and the money market fund are stated at fair market value as determined by the asset custodian based on the last reported sales price on the last business day of the Plan year. The Plan's interest in the common collective trust is valued based on information reported by the asset custodian using audited financial statements of the guaranteed investment contract at year end. Gains and losses are recognized as incurred upon sale or maturity of investments or based on market value change during the period.

Premier Research International, LLC 401(k) Plan

Notes to Financial Statements (continued)

2. Significant Accounting Policies (continued)

Investment Valuation and Income Recognition (continued)

Guaranteed investment contracts (identified as the common collective trust in the statements of net assets available for benefits) held by a defined contribution plan are required to be reported at fair value. However, contract value is the relevant measurement attribute for that portion of net assets available for benefits of a defined contribution plan attributable to fully benefit-responsive investment contracts because contract value is the amount participants would receive if they were to initiate permitted transactions under the terms of the Plan. The Plan invests in a guaranteed investment contract (JH Guaranteed Interest Accounts (Credited Interest)). As required by ASC 962, the statements of net assets available for benefits present the fair value of the investments. The Plan's investment in the guaranteed investment contract is reported at contract value. Contract value represents contributions made under the contract, plus earnings, less participant withdrawals and administrator fees. Participants may ordinarily direct the withdrawal or transfer of all or a portion of their investment at contract value. At December 31, 2013 and 2012, the contract value of the guaranteed investment contract was \$101,413 and \$84,864, respectively, and the adjustments from fair value to contract value have been recorded in the financial statements. The crediting rate was 0.15% and 0.20% and the average yield was 0.29% and 0.90% for the years ending December 31, 2013 and 2012, respectively.

Notes Receivable from Participants

Notes receivable from participants represent participant loans that are recorded at their unpaid principal balance plus any accrued but unpaid interest. Interest income on notes receivable from participants is recorded when it is earned. No allowance for credit losses has been recorded as of December 31, 2013 and 2012. If a participant ceases to make loan repayments and the Plan Administrator deems the participant loan to be a distribution, the participant loan balance is reduced and a benefit payment is recorded.

Payments of Benefits

Benefits are recorded when paid.

Administrative Expenses

Most expenses incurred in the administration of the Plan are paid by the Company. The Plan's asset custodian is paid by the Plan for certain fees relating to investment management services.

Premier Research International, LLC 401(k) Plan

Notes to Financial Statements (continued)

2. Significant Accounting Policies (continued)

Plan Termination

Although it has not expressed any intent to do so, the Plan Administrator has the right under the Plan to discontinue its contributions at any time or to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants will become 100% vested in their accounts.

3. Investments

All investment information disclosed in the accompanying financial statements and supplemental schedule, including investments held at December 31, 2013 and 2012, net appreciation (depreciation) in fair value of investments, interest and dividend income, and administrative expenses for the years ended December 31, 2013 and 2012, was obtained or derived from information supplied to the Plan Administrator and certified as complete and accurate by John Hancock Life Insurance Company (U.S.A.), the asset custodian of the Plan.

Investments representing 5% or more of the Plan's net assets available for benefits were as follows at December 31:

	2013	2012
JH Lifestyle Moderate Portfolio	\$ 1,249,761	\$ 1,275,379
JH Lifestyle Balanced Portfolio	4,563,800	4,293,612
JH Lifestyle Growth Portfolio	5,098,464	3,834,394
JH Lifestyle Aggressive Portfolio	1,787,706	1,284,377
JH 500 Index Fund	1,070,647	*

* Investment in respective year did not meet the 5% threshold.

For the Plan years ended December 31, 2013 and 2012, the Plan's investments (including gains and losses on investments bought and sold, as well as held during the year) appreciated in value by \$3,447,639 and \$2,141,820, respectively. For the years ended December 31, 2013 and 2012, interest on participant loans was \$8,005 and \$5,479, respectively. For the years ended December 31, 2013 and 2012, interest on the common collective trust was \$293 and \$774, respectively.

Premier Research International, LLC 401(k) Plan

Notes to Financial Statements (continued)

4. Fair Value Measurements

The following table summarizes the fair values and levels within the fair value hierarchy in which the fair value measurements fall for assets measured on a recurring basis as of December 31:

Description	Level 1	Level 2	Level 3	Total
2013				
Investments:				
Mutual funds	\$ 20,396,851	\$ -	\$ -	\$ 20,396,851
Money market fund	301,186	-	-	301,186
Common collective trust	-	100,661	-	100,661
Total Investments	\$ 20,698,037	\$ 100,661	\$ -	\$ 20,798,698

Description	Level 1	Level 2	Level 3	Total
2012				
Investments:				
Mutual funds	\$ 17,154,792	\$ -	\$ -	\$ 17,154,792
Money market fund	518,571	-	-	518,571
Common collective trust	-	84,897	-	84,897
Total investments	\$ 17,673,363	\$ 84,897	\$ -	\$ 17,758,260

Investments in mutual funds and the money market fund are valued at the net asset value of shares held by the Plan at year end using market prices on active markets (Level 1). Level 1 instrument valuations are obtained from real-time quotes for transactions in active exchange markets involving identical assets. The common collective trust is designated as a Level 2 investment and is valued based on information reported by the asset custodian using the audited financial statements of the common collective trust at year-end.

The methods described above may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, while the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

Premier Research International, LLC 401(k) Plan

Notes to Financial Statements (continued)

5. Income Tax Status

Although the Plan has not obtained an Internal Revenue Service determination letter, the Plan has received a favorable opinion letter dated March 16, 2010. The Plan has since been amended. However, the Plan Administrator believes the Plan is being operated in compliance with the applicable requirements of the IRC and, therefore, believes the Plan is qualified and exempt from taxation.

Accounting principles generally accepted in the United States of America require Plan management to evaluate tax positions taken by the Plan and recognize a tax liability if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress. The Plan Administrator believes it is no longer subject to income tax examinations for years prior to 2010.

6. Discrimination Testing

The Plan passed the Actual Deferral Percentage (ADP) testing for the year ended December 31, 2013.

The Plan failed the ADP testing for the Plan year ended December 31, 2012. The nature of the ADP test is to test compliance with the nondiscrimination provisions of the IRC. The test stipulates that salary deferrals made as contributions to the Plan by members of the highly compensated group are limited within a specified range of non-highly compensated deferrals. When deferrals of the highly compensated group exceed the specified range, the excess deferrals must be returned to the highly compensated individuals within 12 months of the Plan year end.

Accordingly, during 2013, the Plan returned \$8,662 of excess contributions related to the year ended December 31, 2012. All amounts were refunded within 12 months of the respective Plan year end. This amount has been recorded as a liability to the Plan's financial statements as of December 31, 2012.

7. Party-in-Interest Transactions

Section 3(14) of ERISA defines party-in-interest to include, among others, fiduciaries or employees of the Plan, any person who provides services to the Plan or an employer whose employees are covered by the Plan. Accordingly, loans to participants and transactions with investment funds managed and held by the asset custodian are considered party-in-interest transactions.
