Report on the Financial Statements

We have audited the accompanying financial statements of The Will-Burt Company Employee Stock Ownership Trust and Plan (the Plan), which comprise the statements of net assets available for benefits as of December 31, 2013 and 2012, and the related statement of changes in net assets available for benefits for the year ended December 31, 2013, and the related notes to the financial statements.

Management's Responsibility for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

Auditor's Responsibility

Our responsibility is to express an opinion on these financial statements based on our audits. We conducted our audits in accordance with auditing standards generally accepted in the United States of America. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free of material misstatement.

An audit involves performing procedures to obtain audit evidence about the amounts and disclosures in the financial statements. The procedures selected depend on the auditor's judgment, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error. In making those risk assessments, the auditor considers internal control relevant to the entity's preparation and fair presentation of the financial statements in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the entity's internal control. Accordingly, we express no such opinion. An audit also includes evaluating the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluating the overall presentation of the financial statements.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion.

Board of Trustees
The Will-Burt Company Employee
Stock Ownership Trust and Plan

Opinion

In our opinion, the financial statements referred to above present fairly, in all material respects, the net assets available for benefits of the Plan as of December 31, 2013 and 2012, and the changes in net assets available for benefits for the year ended December 31, 2013, in accordance with accounting principles generally accepted in the United States of America.

Other Matter - Report on Supplementary Information

Our audits were conducted for the purpose of forming an opinion on the financial statements as a whole. The supplemental schedules of Schedule H, line 4i – Schedule of Assets (Held at End of Year) and Schedule H, line 4j – Schedule of Reportable Transactions are presented for the purpose of additional analysis and are not a required part of the financial statements but is supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974. Such information is the responsibility of the Plan's management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information has been subjected to the auditing procedures applied in the audits of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with auditing standards generally accepted in the United States of America. In our opinion, the information is fairly stated in all material respects in relation to the financial statements as a whole.

NOTES TO FINANCIAL STATEMENTS

THE WILL-BURT COMPANY EMPLOYEE STOCK OWNERSHIP TRUST AND PLAN

Note 1. Description of the Plan

The following brief description of the Will-Burt Company Employee Stock Ownership Trust and Plan (Plan) provides only general information. Participants should refer to the Plan Agreement for a more complete description of the Plan's provisions.

General

The Plan is a defined contribution plan covering substantially all employees of The Will-Burt Company (Company) and its wholly-owned subsidiary, Will-Burt Advanced Composites, Inc. Employees of the Company and its subsidiary who have reached 18 years of age and who have completed 6 months of continuous service are eligible for the Plan. Participants who do not have at least 1,000 hours of service during a plan year or who are not employed on the last working day of a plan year are generally not eligible for an allocation of Company contributions for such year.

The Plan is intended to satisfy all of the requirements for a qualified retirement plan under the appropriate provisions of the Internal Revenue Code (Code) and similar state tax laws. The Plan is subject to the applicable provisions of the Employee Retirement Income Security Act of 1974 (ERISA), as amended.

Participant Accounts

An account is maintained in the name of each participant. On the last day of each plan year, employer contributions, income earned on investments and forfeitures of terminated participants' nonvested accounts are allocated to such accounts based on a participant's eligible compensation, relative to total eligible compensation.

Vesting

Participants are 100% vested after 3 years of vesting service. A participant is immediately 100% vested in their participant account due to qualified disability, death or after attaining normal retirement age.

Forfeitures

Upon termination, the portion of a participant's nonvested account is reallocated to the remaining participants. Forfeited amounts reallocated totaled \$61,089 and \$16,638 for 2013 and 2012, respectively. There was no forfeiture account balance at December 31, 2013 and 2012.

Voting Rights

Each participant is entitled to exercise voting rights attributable to the shares allocated to his or her account and is notified by the trustee prior to the time that such rights are to be exercised. The trustee is not permitted to vote any allocated share for which instructions have not been given by a participant. The trustee is required, however, to vote any unallocated shares on behalf of the collective best interest of Plan participants and beneficiaries.

NOTES TO FINANCIAL STATEMENTS

THE WILL·BURT COMPANY EMPLOYEE STOCK OWNERSHIP TRUST AND PLAN

Note 1. Description of the Plan (Continued)

Payment of Benefits and Contributions

No distributions from the Plan will be made until a participant retires, dies (in which case, payment shall be made to their beneficiary or, if none, to their legal representative), or otherwise terminates employment with the Company. Distributions are made only in cash. The Company is obligated to fund these distributions through contributions.

Distributions of participants account balances are made as lump-sum distributions, if less than \$5,000. Account balances greater than \$5,000 are paid out over a period of five years. Participants who are receiving their third or fourth payment may elect to receive a lump-sum distribution of their remaining account balance. Terminated participants are not allowed to hold investments in Company stock indefinitely. At each Plan year-end, participants who are not receiving periodic payments will have approximately one fifth of their investment in Company stock cashed-out and converted to an alternative investment. Account balances are based on the most recent valuation.

Put Option

Under Federal income tax regulations, the employer stock that is held by the Plan and its participants and is not readily tradable on an established market, or is subject to trading limitations includes a put option. The put option is a right to demand that the Company buy any shares of its stock distributed to participants for which there is no market. The put price is representative of the fair market value of the stock. The Company can pay for the purchase with interest over a period of five years. The purpose of the put option is to ensure that the participant has the ability to ultimately obtain cash.

Diversification

Diversification is offered to participants close to retirement so that they may have the opportunity to move part of the value of their investment in Company stock into investments which are more diversified. Participants who are at least age 55 with at least 10 years of participation in the Plan may elect to diversify a portion of their account. Diversification is offered to each eligible participant over a six-year period. In each of the first five years, a participant may diversify up to 25% of the number of post-1986 shares allocated to his or her account, less any shares previously diversified. In the sixth year, the percentage changes to 50%. Participants who elect to diversify receive a cash distribution.

Note 2. Significant Accounting Policies

The accompanying statements reflect the application of certain accounting policies described in this note.

Basis of Accounting

The financial statements of the Plan are presented on the accrual basis of accounting.

NOTES TO FINANCIAL STATEMENTS

THE WILL·BURT COMPANY EMPLOYEE STOCK OWNERSHIP TRUST AND PLAN

Note 2. Significant Accounting Policies (Continued)

Use of Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of assets, liabilities and changes therein, and disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

Investment Valuation and Revenue Recognition

The Company common stock is valued at estimated fair value on December 31, 2013 and 2012. See Note 6 for discussion of fair value measurements.

Purchases and allocations of common stock are recorded on a valuation-date basis. Interest is recorded on the accrual basis. The difference between fair value and the cost of investments, if any, is reflected in the statement of changes in net assets available for benefit as unrealized depreciation in fair value of investments.

Payment of Benefits

Benefit payments to participants are recorded upon distribution.

Recent Accounting Pronouncements

In October 2012, the Financial Accounting Standards Board (FASB) issued Accounting Standards Update 2012-04, Technical Corrections and Improvements (ASU 2012-04). The amendments in this Update cover a wide range of Topics in the Accounting Standards Codification (ASC), including plan accounting. These amendments include technical corrections and improvements to the ASC and conforming amendments related to fair value measurements. The amendments in this update will generally be effective for fiscal periods beginning after December 15, 2013, for non public entities, except for amendments in this update where there was no transition guidance which were immediately effective upon issuance. The adoption of immediately effective amendments was not significant to these financials. The adoption of ASU 2012-04 is not expected to have a material impact on subsequent periods.

Subsequent Events

The Plan has evaluated subsequent events through October 13, 2014, the date the financial statements were available to be issued.

Note 3. Plan Amendment and Termination

The Company has the right to amend the Plan if it determines that it is necessary and desirable to do so. Further, the Company intends to continue the Plan indefinitely, but reserves the right to terminate it at any time, provided it will not be undertaken in such a manner as to constitute a violation of any applicable provisions of the Employee Retirement Income Security Act of 1974. In the event of a termination of the Plan, all participants will receive a distribution of the balance in their respective accounts in accordance with the terms of the Plan.

NOTES TO FINANCIAL STATEMENTS

THE WILL·BURT COMPANY EMPLOYEE STOCK OWNERSHIP TRUST AND PLAN

Note 4. Administration of Plan Assets

The Plan's assets are held by the trustee of the Plan. The Plan's administrative expenses are paid by either the Plan or the Company as provided by the Plan document.

Company contributions are held and managed by the trustee, which invests cash received, interest, and dividend income and makes distributions to participants.

Certain administrative functions are performed by officers or employees of the Company. No such officer or employee receives compensation from the Plan.

Note 5. Investments

The Plan's investments consist of Company stock, a mutual fund and interest-bearing cash held in a trust account. The following table presents the investments at December 31. Investments that represent 5% or more of the Plan's net assets are separately identified.

	2013		2012	
	Shares	Fair value	Shares	Fair value
Investments at fair value				
Interest-bearing cash		\$ 6,887		\$ 2,920
Mutual fund	33,483	470,841	34,063	448,889

		<u>\$ 35,377,109</u>		<u>\$ 41,345,842</u>

The Plan's investment in Company stock has been reported at its estimated fair market value of \$306 and \$342 per share for 2013 and 2012, respectively.

During 2013 and 2012, the Company repurchased approximately 5,523 and 2,820 shares of common stock, respectively.

NOTES TO FINANCIAL STATEMENTS

THE WILL·BURT COMPANY EMPLOYEE STOCK OWNERSHIP TRUST AND PLAN

Note 6. Fair Value Measurements

The FASB topic, *Fair Value Measurements and Disclosures* provides the framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1 measurements) and the lowest priority to unobservable inputs (Level 3 measurements). The three levels of the fair value hierarchy are described as follows:

- Level 1: Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the plan has the ability to access.
- Level 2: Inputs to the valuation methodology include:
- quoted prices for similar assets or liabilities in active markets;
 - quoted prices for identical or similar assets or liabilities in inactive markets;
 - inputs other than quoted prices that are observable for the asset or liability;
 - inputs that are derived principally from or corroborated by observable market data by correlation or other means.
- If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.
- Level 3: Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2013 and 2012.

Company Stock: The Will·Burt Company common stock held by the Plan is valued at estimated fair value based upon an independent appraisal. This appraisal was based upon a combination of the market and income valuation techniques consistent with prior years. The appraiser took into account historical and projected cash flow and net income, return on assets, return on equity, market comparables and estimated fair value of company assets and liabilities. Plan management has concluded that a market participant would also recognize a discount for lack of marketability.

The valuation process involves plan management's selection of an independent appraiser under contract. Plan management has the right to cancel such contract at any time. Plan management accumulates the data for the appraiser from the audited financial statements of the Company. The appraiser prepares a preliminary report which plan management, along with the Plan trustees, reviews in detail, discusses and approves. The results of this process are documented in minutes of the plan fiduciary.

Mutual Fund: Valued at the net asset value of shares held by the Plan at year end. These funds are required to publish their daily net asset value (NAV) and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.

The preceding methods described may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

Gains and losses (realized and unrealized) included in changes in net assets for the period above are reported in net appreciation in fair value of investments in the statement of changes in net assets available for benefits.

Note 7. Income Tax Status

The Internal Revenue Service has determined and informed the Company by a letter dated September 18, 2013, that the Plan and the related trust are designed in accordance with the applicable sections of the Internal Revenue Code (IRC). The plan administrator and the Plan's tax counsel believe that the Plan is currently designed and being operated in compliance with the applicable requirements of the IRC.

NOTES TO FINANCIAL STATEMENTS

THE WILL·BURT COMPANY EMPLOYEE STOCK OWNERSHIP TRUST AND PLAN

Note 7. Income Tax Status (Continued)

Accounting principles generally accepted in the United States of America require plan management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination, including the resolution of appeals or litigation processes, if any. The plan administrator has analyzed the tax positions taken by the plan, and has concluded that as of December 31, 2013, there are no uncertain positions taken or expected to be taken that would require recognition of a liability (or asset) or disclosure in the financial statements. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress. The plan administrator believes it is no longer subject to income tax examinations for years prior to 2010.

Note 8. Transactions With Parties-in-Interest

Transactions with parties-in-interest consist of purchases and sales of Company stock and payment of administrative expenses. Other than as previously described, the Plan has no agreements or transactions with any parties-in-interest.

Note 9. Risks and Uncertainties

The Plan invests almost entirely in Company stock. The Company is exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with the Company, it is at least reasonably possible that changes in the values of the Company stock will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits.
