INDEPENDENT AUDITORS' REPORT

To the Board of Trustees of
I.B.E.W. Local No. 8 401(k) Plan
Rossford, Ohio

Report on the Financial Statements

We have audited the accompanying financial statements of I.B.E.W. Local No. 8 401(k) Plan (the "Plan"), which comprise the statements of net assets available for benefits as of December 31, 2013 and 2012, and the related statements of changes in net assets available for benefits for the years then ended and the related notes to the financial statements.

Management's Responsibility for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

Auditor's Responsibility

Our responsibility is to express an opinion on these financial statements based on our audits. We conducted our audits in accordance with auditing standards generally accepted in the United States of America. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free from material misstatement.

An audit involves performing procedures to obtain audit evidence about the amounts and disclosures in the financial statements. The procedures selected depend on the auditor's judgment, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error. In making those risk assessments, the auditor considers internal control relevant to the entity's preparation and fair presentation of the financial statements in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the entity's internal control. Accordingly, we express no such opinion. An audit also includes evaluating the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluating the overall presentation of the financial statements.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion.

Opinion

In our opinion, the financial statements referred to above present fairly, in all material respects, the net assets available for benefits of the Plan as of December 31, 2013 and 2012, and the changes in its net assets available for benefits for the years then ended in accordance with accounting principles generally accepted in the United States of America.

Report on Supplemental Information

Our audits were conducted for the purpose of forming an opinion on the financial statements as a whole. The supplemental Schedule H, Line 4i - Schedule of Assets (Held at End of Year) is presented for the purpose of additional analysis and is not a required part of the financial statements but is supplemental information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974. Such information is the responsibility of the Plan's management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information has been subjected to the auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with auditing standards generally accepted in the United States of America. In our opinion, the information is fairly stated in all material respects in relation to the financial statements as a whole.

I.B.E.W. LOCAL NO. 8 401(K) PLAN

Notes to Financial Statements

(1) Description of the Plan

The following description of I.B.E.W. Local No. 8 401(k) Plan (the "Plan") provides only general information. Participants should refer to the summary plan description for a more complete description of the Plan's provisions.

General - The Plan is a multiemployer collectively bargained defined contribution retirement plan. The Plan operates as a trust to provide retirement and other benefits to eligible participants and beneficiaries and is administered by a board of trustees comprised of union and employer trustees. Participants are eligible on the date that they commence employment covered by a CBA. It is subject to the provisions of the Employee Retirement Income Security Act of 1974 ("ERISA").

Contributions - Participants may contribute up to fifteen percent (15%) of pretax compensation as defined in the plan document, for each plan year. Participants may also contribute amounts representing rollovers from other qualified plans. Participants direct the investment of their contributions into various investment options offered by the Plan. Employers will not contribute to the Plan. Contributions are subject to certain limitations as allowed under current Internal Revenue Code provisions.

Investment Elections - The participant contributions are allocated to the various investment options offered by the Plan as the participant directs.

Participant Accounts - Each participant's account is credited with the participant's contributions and allocations of plan earnings or losses, and reduced by distributions and expenses.

Vesting - Participants are 100% vested immediately in their contributions plus actual earnings thereon.

Notes Receivable from Participants - Participants may apply for loans not to exceed the lesser of \$50,000 or 50% of the vested portion of the participant's account balance. The minimum loan amount is \$1,000. Repayment schedules for loans are determined by the Plan administrator, but cannot be longer than five years unless the loan is for the purchase of a principal residence, in which case the period may be extended. Loan repayments must be made by direct payments to the Plan. Interest paid on loans is based on a reasonable annual percentage rate as determined by the Plan administrator. Loans are secured by a signed promissory note and 50% of the participants vested account balance.

Payment of Benefits - The Plan provides various types of distributions as follows:

Normal Retirement - Participants attain normal retirement at age 60.

Early Retirement - Participants can apply for early retirement upon attaining age 55 plus 30 years of service.

Disability - Participants, who become permanently and totally disabled, regardless of age, are entitled to a distribution.

Death - The remaining portion of participants' account balances will be distributed to beneficiaries upon the death of the participant.

Hardship - Participants that satisfy certain financial hardship conditions, as described by the Plan, are entitled to a distribution. Participants receiving hardship distributions will not be allowed to make additional deferrals until the first payroll period in September beginning at least six months after receiving the distribution.

I.B.E.W. LOCAL NO. 8 401(K) PLAN

Notes to Financial Statements

(1) Description of the Plan (Continued)

Payment of Benefits (Continued) - Participants are entitled to their account balance upon termination of covered employment provided that no deferrals are made for twelve consecutive months and the participant does not engage in work within the electrical industry within the geographic jurisdiction of the union as defined by the CBA for twelve consecutive months.

Participants actively working, and who have reached age 59½, may be entitled to a pre-retirement distribution.

Benefits are paid in the form of a single lump-sum payment, or installments over a period of the participants assumed life expectancy (or the participants and beneficiary's assumed life expectancies)

(2) Summary of Significant Accounting Policies

Basis of Accounting - The Plan's financial statements are prepared on the accrual basis of accounting.

Investment contracts held by a defined-contribution plan are required to be reported at fair value. However, contract value is the relevant measurement attribute for that portion of the net assets available for benefits of a defined-contribution plan attributable to fully benefit-responsive investment contracts because contract value is the amount participants would receive if they were to initiate permitted transactions under the terms of the Plan. The Plan invests in investment contracts through a collective trust. The Statements of Net Assets Available for Benefits presents the fair value of the investment in the collective trust as well as the adjustment of the investment in the collective trust from fair value to contract value relating to the investment contracts underlying the trust. The Statements of Changes in Net Assets Available for Benefits is prepared on a contract value basis.

Use of Estimates - The preparation of financial statements in conformity with U.S. generally accepted accounting principles requires the Plan to make estimates and assumptions that affect the reported amounts of assets, liabilities and changes therein, and disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

Investment Valuation and Income Recognition - Investments are stated at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The Plan's interest in the collective trust is valued based on information reported by the investment advisor using the audited financial statements of the collective trusts at year-end. .

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation/depreciation includes the Fund's gains and losses on investment bought and sold as well as held during the year.

Notes Receivable from Participants - Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. No allowance for credit losses has been recorded as of December 31, 2013 or 2012. Delinquent notes receivable from participants are reclassified as distributions based upon the terms of the plan document.

Payment of Benefits - Benefits are recorded when paid.

Expenses - Certain investment transaction related expenses are included in net appreciation of fair value of investments.

Subsequent Events - The Plan has evaluated subsequent events through October 10, 2014, the date on which the financial statements were available to be issued.

(4) Fair Value Measurements

The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted market prices in active markets for identical assets or liabilities (level 1) and the lowest priority to unobservable inputs (level 3). The three levels of the fair value hierarchy under FASB ASC 820 are described as follows:

Level 1-Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2-Inputs to the valuation methodology include:

- quoted prices for similar assets or liabilities in active markets;
- quoted prices for identical or similar assets or liabilities in inactive markets;
- inputs other than quoted prices that are observable for the asset or liability; and
- inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the level 2 input must be observable for substantially the full term of the asset or liability.

Level 3-Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The assets or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

The following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2013 and 2012.

Mutual Funds: Valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are open-end mutual funds that are registered with the Securities and Exchange Commission. These funds are required to publish their daily NAV and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.

Common Collective Trusts: Valued at the net asset value (NAV) of units of a bank collective trust. The NAV, as provided by the trustee, is used as a practical expedient to estimate fair value. The NAV is based on the fair value of the underlying investments held by the fund less its liabilities. This practical expedient is not used when it is determined to be probable that the fund will sell the investment for an amount different than the reported NAV. Participant transactions (purchased and sales) may occur daily. Were the Plan to initiate a full redemption of the collective trust, the investment advisor reserves the right to temporarily delay withdrawal from the trust in order to ensure that securities liquidations will be carried out in an orderly business manner.

The preceding methods described may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

(4) Fair Value Measurements (Continued)

The following table sets forth additional disclosures of Plan's investments whose fair value is estimated using net asset value per share (or its equivalent) as of December 31, 2013 and 2012:

	December 31, 2013			
	<u>Fair Value</u>	<u>Unfunded Commitment</u>	<u>Redemption Frequency</u>	<u>Redemption Notice Period</u>

	<u>Fair Value</u>	<u>Unfunded Commitment</u>	<u>Redemption Frequency</u>	<u>Redemption Notice Period</u>
Common Collective Trusts:				
Putnam Stable Value Fund (a)	<u>\$ 189,419</u>	None	Daily	Same Day

(a) The investment objective of the Putnam Stable Value Fund is to provide a competitive yield with minimal market-related risk through a strategy of investing in a variety of guaranteed investment contracts, security-backed investment contracts, separate accounts issued or wrapped by insurance companies, banks or other financial institutions, and high-quality money market instruments.

Changes in Fair Value Levels - The availability of observable market data is monitored to assess the appropriate classification of financial instruments within the fair value hierarchy. Changes in economic conditions or model-based valuation techniques may require the transfer of financial instruments from one fair value level to another. In such instances, the transfer is reported at the beginning of the reporting period.

We evaluate the significance of transfers between levels based upon the nature of the financial instrument and size of the transfer relative to total net assets available for benefits. For the year ended December 31, 2013, there were no significant transfers in or out of levels 1, 2, or 3.

(5) Related Party and Party-In-Interest Transactions

Fees incurred by the Plan for the investment management services are included in net appreciation/depreciation in fair value of the investment rather than a direct payment.

The Plan shares an office with Local No. 8, International Brotherhood of Electrical Workers Retirement Plan and Trust and The Toledo Electrical Welfare Fund (the "Funds"). The Plan and these Funds are related by virtue of common plan co-sponsors. The Plan and the Funds share certain common costs (payroll, office costs, etc.) allocated based upon a written Multiple Fund Sharing agreement entered into by the Trustees of each Plan pursuant to Department of Labor guidelines and based on the Board of Trustees estimates of effort expended or estimates of a pro rata share of actual costs incurred. N.W.O. Electrical Administrators, Inc. is the entity that administers these common costs. The total amount of costs allocated to the Plan for the years ended December 31, 2013 and 2012 was \$12,696 and \$11,165, respectively.

Notes to Financial Statements

(6) Tax Status

The Plan has received a determination letter dated March 19, 2010 from the Internal Revenue Service stating that it is a qualified plan and, therefore, exempt from federal income taxes under applicable sections of the Internal Revenue Code.

Accounting principles generally accepted in the United States of America require Plan management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the Internal Revenue Service. Plan management has analyzed the tax positions taken by the Plan, and has concluded that as of December 31, 2012, there are no uncertain positions taken or expected to be taken that would require recognition of a liability (or asset) or disclosure in the financial statements. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress. Plan management believes it is no longer subject to income tax examinations for years prior to 2010.

(7) Plan Termination

The Board of Trustees intend to maintain the Plan indefinitely. However, if the Plan is terminated, all participants will automatically become fully vested in the total balance in their accounts under the Plan.

(8) Risks and Uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the Statements of Net Assets Available for Benefits.

(9) Plan Amendment

Effective May 2013, the Plan was amended to allow for partial distributions with a minimum distribution of \$1,000.

(10) Subsequent Event

As of December 31, 2013, the Plan accrued approximately \$43,000 due to the Local 8 IBEW Retirement Plan and Trust, representing a retroactive adjustment to the allocation of administrative expenses resulting from a Department of Labor examination for a six year period from 2007 through 2012. The Plan has complied with the required actions resulting from this examination and has satisfied the applicable requirements of the Internal Revenue Code and, therefore, believes that the Plan is qualified and the related trust is tax exempt. In May 2014, the Plan remitted payment of the balance accrued at December 31, 2013.
