Independent Auditors' Report

The Plan Administrator
Aetna 401(k) Plan:

Report on the Financial Statements

We have audited the accompanying financial statements of Aetna 401(k) Plan (the Plan), which comprise the statements of net assets available for benefits as of December 31, 2013 and 2012, and the related statement of changes in net assets available for benefits for the year ended December 31, 2013, and the related notes to the financial statements.

Management's Responsibility for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

Auditors' Responsibility

Our responsibility is to express an opinion on these financial statements based on our audits. We conducted our audits in accordance with auditing standards generally accepted in the United States of America. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free from material misstatement.

An audit involves performing procedures to obtain audit evidence about the amounts and disclosures in the financial statements. The procedures selected depend on the auditor's judgment, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error. In making those risk assessments, the auditor considers internal control relevant to the entity's preparation and fair presentation of the financial statements in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the entity's internal control. Accordingly, we express no such opinion. An audit also includes evaluating the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluating the overall presentation of the financial statements.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion.

Opinion

In our opinion, the financial statements referred to above present fairly, in all material respects, the net assets available for benefits of the Plan as of December 31, 2013 and 2012, and the changes in net assets available for benefits for the year ended December 31, 2013, in accordance with accounting principles generally accepted in the United States of America.

Report on Supplementary Information

Our audits were conducted for the purpose of forming an opinion on the financial statements as a whole. The supplemental Schedule of Assets is presented for the purpose of additional analysis and is not a required part of the financial statements but is supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974. Such information is the responsibility of the Plan's management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information has been subjected to the auditing procedures applied in the audits of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with auditing standards generally accepted in the United States of America. In our opinion, the information is fairly stated in all material respects in relation to the financial statements as a whole.

Independent Auditors' Report

The Plan Administrator
Aetna 401(k) Plan:

Report on the Financial Statements

We have audited the accompanying financial statements of Aetna 401(k) Plan (the Plan), which comprise the statements of net assets available for benefits as of December 31, 2013 and 2012, and the related statement of changes in net assets available for benefits for the year ended December 31, 2013, and the related notes to the financial statements.

Management's Responsibility for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

Auditors' Responsibility

Our responsibility is to express an opinion on these financial statements based on our audits. We conducted our audits in accordance with auditing standards generally accepted in the United States of America. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free from material misstatement.

An audit involves performing procedures to obtain audit evidence about the amounts and disclosures in the financial statements. The procedures selected depend on the auditor's judgment, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error. In making those risk assessments, the auditor considers internal control relevant to the entity's preparation and fair presentation of the financial statements in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the entity's internal control. Accordingly, we express no such opinion. An audit also includes evaluating the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluating the overall presentation of the financial statements.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion.

Opinion

In our opinion, the financial statements referred to above present fairly, in all material respects, the net assets available for benefits of the Plan as of December 31, 2013 and 2012, and the changes in net assets available for benefits for the year ended December 31, 2013, in accordance with accounting principles generally accepted in the United States of America.

Report on Supplementary Information

Our audits were conducted for the purpose of forming an opinion on the financial statements as a whole. AETNA 401(k) PLAN

Notes to Financial Statements

December 31, 2013 and 2012

(1) Description of Plan

The following description of the Aetna 401(k) Plan (the Plan or 401(k)) provides only general information. Participants should refer to the plan document for a more complete description of the Plan's provisions.

(a) General

The Plan, a participant-directed defined contribution plan, is a voluntary savings plan that provides retirement income to eligible employees who are U.S. employees, employed by Aetna Inc. (the Company) or a participating company. Effective January 1, 2002, employees of the Company or a participating company are immediately eligible for plan participation upon the employee's employment commencement date. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA).

(b) Administration

The Plan has multiple investment options for eligible employees. The Plan's recordkeeper is ING Institutional Plan Services, LLC (ING IPS). The trustee of the Plan is State Street Bank and Trust Company (State Street). Effective January 1, 2013, the Company entered into a master trust agreement with State Street and established the Aetna 401(k) Master Trust (Master Trust). Collectively, the Master Trust serves as the funding vehicle for the Aetna 401(k) Plan and the Aetna Affiliate 401(k) Plan. Each participating retirement plan has a divided interest in the individual assets of the Master Trust based upon participant direction.

(c) Contributions

Qualified Automatic Contribution Arrangement

Effective December 22, 2010, the Company instituted a qualified automatic contribution arrangement in the Plan. The Company automatically enrolled into the Plan all eligible employees who were not currently in the Plan and who have not made an election not to enroll in the Plan. In addition, effective January 1, 2011, new and rehired employees will be automatically enrolled within ten days of their hire date. All employees will be automatically enrolled in the Plan at a 3% pretax contribution rate unless the employee chooses a different rate or opts out of participation. Auto-enrolled participants will have the automatic rate escalator feature enabled, which will automatically increase the pre-tax contribution rate by 1% each year to a maximum of 6% of eligible pay. To the extent that no investment election is made, contributions will be invested in the Target Retirement Fund that most closely matches the participant's Social Security full retirement age. Participants may choose to change their contribution rate or reallocate their contributions among other investment funds available in the Plan.

Effective December 2010, participants may elect to make a Roth in-plan conversion.

Participant Contributions

Nonhighly compensated employees may elect to contribute 1% to 40% of their eligible pay on a pre-tax basis and/or on an after-tax basis as a Roth 401(k) contribution. Participants may also contribute 1% to 5% of their eligible pay on an after-tax basis as a traditional (non Roth account) after-tax contribution.

AETNA 401(k) PLAN

Notes to Financial Statements

December 31, 2013 and 2012

*Highly compensated employees*¹ may elect to contribute 1% to 20% of their eligible pay on a pre-tax basis and/or on an after-tax basis as a Roth 401(k) contribution, but are not allowed to make traditional after-tax contributions.

Eligible participants may contribute both pre-tax and Roth 401(k) contributions up to a combined maximum of \$17,500 in 2013 and \$17,000 in 2012 in accordance with the Internal Revenue Code (IRC) qualified retirement plan limits.

Employees age 50 and older are allowed to make an additional pre-tax contribution or Roth 401(k) contribution, or both, to the Plan over and above the IRS plan limits. The maximum amount allowed for catch-up contributions was \$5,500 for both tax years ended December 31, 2013 and 2012.

Lastly, participants may contribute amounts representing eligible rollover distributions from eligible retirement plans. These rollover amounts are considered to be participant contributions.

Employer Contributions

Participants are immediately eligible to receive a 100% employer company match contribution on the first 6% of eligible pay contributed to the Plan on a pre-tax and/or Roth 401(k) basis. The matching contributions are made in cash and invested according to each participant's investment elections.

Participant pre-tax contributions and employer contributions, and earnings thereon, are not taxed until withdrawal. Contributions are funded after each bi-weekly payroll cycle.

(d) Participant Investment Elections

Participants may direct their investment contributions and employer contributions among twenty investment options offered by the Plan. The twenty investment options currently offered include seven investment funds, ten target retirement funds, Stable Value Option (SVO), Aetna Common Stock Fund, and a self-directed account. Participants are allowed to change their investment options subject to certain restrictions. For example, certain investment funds are subject to a 30-day transfer restriction, which prevents a participant from transferring assets back into the same fund that assets were recently sold from for a period of 30 days. In addition, participant elections to invest in the Aetna Common Stock Fund are limited to no more than 20% of the participant's account balance.

(e) Participant Accounts

On a bi-weekly basis, each contributing participant's account is credited with the participant's contribution and the Company match. Earnings on investments are allocated based on account balances and are credited daily. Investment fund earnings are net of expenses.

Notes to Financial Statements

December 31, 2013 and 2012

(f) *Vesting*

Participants are vested in their deferral contributions plus actual earnings thereon. Participants are also immediately vested in the Company's matching contributions and earnings on those contributions.

(g) *Participant Loans*

Participants may borrow from their plan account the lesser of \$50,000 or 50% of the current value of their vested account balances. Loans bear interest at prime plus 1% at the time granted. A \$50 per loan origination fee is charged to participants upon withdrawal. The amounts held for loans receivable are stated at amortized cost. As of both December 31, 2013 and 2012, interest rates on loans outstanding range from 4.25% to 10.50%.

(h) *Payment of Benefits*

On termination of service, a participant with a vested account greater than \$5,000 may elect to take a lump sum distribution or roll over their account balance to another qualified plan or Individual Retirement Account (IRA), or may defer payment to a later date. Participants with a vested interest of \$5,000 or less may elect to take a lump sum distribution or roll over their account balance to another qualified plan or IRA. Participants who do not make an election with balances ranging from \$1,000 to \$5,000 will automatically have their balances rolled over to a traditional/Roth IRA.

(i) *Participant Forfeitures*

Forfeitures that occur may vary from year to year depending upon various plan activities such as forfeited accounts transferred to the Plan from acquired companies, and vesting rules regarding former performance-based match programs. If a participant terminates employment without being fully vested, any unvested Company contributions (and earnings thereon) will be forfeited in accordance with the Plan's terms. For the years ended December 31, 2013 and 2012, forfeited nonvested accounts totaled approximately \$303,222 and \$189,898, respectively. These forfeitures were or will be used to reduce future employer contributions or to offset plan expenses. In 2013 and 2012, forfeited nonvested accounts offset employer contributions by \$0 and \$18,227, respectively. Forfeitures are invested in the SVO fund (for additional information refer to note 5).

(j) *Employee Stock Ownership Plan*

Effective August 31, 2011, the portion of the Plan invested in the Aetna Common Stock Fund was designated as an employee stock ownership plan (ESOP). Under the ESOP, a participant can elect to receive, in cash, dividends that are paid on stock in the Aetna Common Stock Fund.

(2) *Summary of Accounting Policies*

(a) *Basis of Presentation*

The accompanying financial statements of the Plan have been prepared on the accrual basis of accounting in accordance with U.S. generally accepted accounting principles (GAAP).

Investment contracts are required to be reported at fair value. However, contract value is the relevant measurement attribute for that portion of the net assets available for benefits attributable to fully

AETNA 401(k) PLAN

Notes to Financial Statements

December 31, 2013 and 2012

benefit-responsive investment contracts because contract value is the amount participants would receive if they were to initiate permitted transactions under the terms of the plan. The Statement of Net Assets Available for Benefits presents the fair value of the investment contracts as well as the adjustment of the fully benefit-responsive investment contracts from fair value to contract value. The Statement of Changes in Net Assets Available for Benefits is prepared using the contract value basis for fully benefit-responsive investment contracts.

(b) *Use of Estimates*

The preparation of financial statements in conformity with GAAP requires management to make estimates and assumptions that affect the amounts reported in these financial statements and accompanying notes. Accordingly, actual results may differ from reported results using those estimates.

(c) *Investment Valuation and Income Recognition*

Plan assets are held in the Master Trust, which is maintained by State Street, the trustee. The Master Trust investments are stated at fair value which is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The Master Trust investments, investment returns, and plan expenses are allocated to participating plans based on the underlying equity of each plan in each investment fund administered through the Master Trust. All investment allocations are participant-directed.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation (depreciation) in fair value of investments represents both realized and unrealized gains and losses. Refer to note 4, Fair Value Measurements, for further information related to the valuation of Master Trust investments.

(d) *Plan Expenses*

Investment management and advisory fees are deducted from fund earnings. Administrative expenses relating to plan administration, trustee, accounting and legal fees are charged based on a percentage of the Plan's assets and allocated to each of the investment options.

(e) *Payment of Benefits*

Benefits are recorded when paid. Benefit amounts due to participants are not reflected as liabilities but as a component of net assets available for benefits.

(f) *Recent Accounting Pronouncement*

In July 2013, the FASB issued ASU 2013-09, *Fair Value Measurement (Topic 820): Deferral of the Effective Date of Certain Disclosures for Nonpublic Employee Benefit Plans in Update No. 2011-04*. This ASU defers indefinitely the effective date of certain disclosures that would have been required under ASU 2011-04, *Fair Value Measurements (Topic 820): Amendments to Achieve Common Fair Value Measurement and Disclosure Requirements in U.S. GAAP and IFRSs*. Specifically, ASU 2013-09 defers indefinitely the effective date of disclosures of quantitative information about the significant unobservable inputs used in Level 3 fair value measurements for investments held by a

Notes to Financial Statements

December 31, 2013 and 2012

nonpublic employee benefit plan in its plan sponsor's own nonpublic entity equity securities, including equity securities of its plan sponsor's nonpublic affiliated entities. ASU 2013-09 does not defer the effective date for quantitative disclosures for other nonpublic entity equity securities held in the nonpublic employee benefit plan or for the qualitative disclosures that ASU 2011-04 requires. ASU 2013-09 is effective upon issuance for financial statements that have not been issued. The Plan's management believes the adoption of ASU 2013-09 does not have material impact on its financial statements.

(3) Investments in Master Trust

The Plan's proportionate interest in the investments held by the trustee is approximately 99% at December 31, 2013. The following is financial information with respect to the Master Trust (excluding participant loans):

(4) Fair Value Measurements

The Plan has adopted the guidance in ASC 820, Fair Value Measurements and Disclosures, which defines fair value, establishes a framework for measuring fair value, and expands disclosures about fair value measurement. The fair values of the Plan's financial assets are based on valuations that include inputs that can be classified within one of three levels of a hierarchy established by GAAP. The following are the levels of the hierarchy and a brief description of the type of valuation information (inputs) that qualifies a financial asset or liability for each level:

- **Level 1** – Unadjusted quoted prices for identical assets in active markets.
- **Level 2** – Inputs other than Level 1 that are based on observable market data. These include: quoted prices for similar assets in active markets, quoted prices for identical assets in inactive markets, inputs that are observable that are not prices (such as interest rates, and credit risks) and inputs that are derived from or corroborated by observable markets.
- **Level 3** – Developed from unobservable data, reflecting management's own assumptions.

When quoted prices in active markets for identical assets are available, management uses these quoted market prices to determine the fair value of financial assets and classifies these assets as Level 1. In other cases where a quoted market price for identical assets in an active market is either not available or not observable, management estimates fair values using valuation methodologies based on available and observable market information. These financial assets would then be classified as Level 2. If quoted market prices are not available, management determines fair value using an analysis of each investment's financial performance. In these instances, financial assets may be classified in Level 3 even though there may be some significant inputs that may be observable.

AETNA 401(k) PLAN

Notes to Financial Statements

December 31, 2013 and 2012

The following is a description of the valuation methodologies used for the investments measured at fair value:

Common/Collective Trusts – Common/collective trusts invest in other collective investment funds otherwise known as the underlying funds. The Plan's interest in the common/collective trust funds are based on the fair values of the underlying investments of the underlying funds. The underlying assets consist of U.S. Treasury, agency, corporate, mortgage-backed, commercial mortgage-backed and asset-backed securities, U.S. and international stocks, bonds and cash and cash equivalents. Investments in collective trust funds are valued at their respective net asset value (NAV) per share/unit on the valuation date. The NAV, as provided by the trustee, issued as a practical expedient to estimate fair value.

Stable Value Option – Investments in insurance contracts are valued based on the fair value of the underlying assets plus the total wrap rebid value. Refer to note 5 for additional information related to the insurance contracts.

Money Market Funds – Investments in money market funds are stated at fair value, which approximates amortized cost because the underlying investments are comprised of short-term, highly liquid investments.

Employer Common Stock Fund and Participant Self-Directed Accounts – Units in the Aetna Common Stock Fund are presented at fair value plus value of cash. Quoted market prices are used to value investments in Aetna common stock and investments in the participant self-directed accounts.

Investments in all common/collective trust funds and SVO can be redeemed at the current net asset value based on the fair value of the underlying assets. There are no withdrawal limits, redemption frequency limits or redemption notice periods. There were no unfunded commitments for these investments as of December 31, 2013 or 2012.

The Master Trust investments with changes in fair value that are measured on a recurring basis at December 31, 2013 are as follows:

		2013			
		Level 1	Level 2	Level 3	Total
Assets:					
Common/collective trusts	\$	—	2,749,150,317	—	2,749,150,317

Total	\$	399,509,257	3,865,923,875	—	4,265,433,132

At both December 31, 2013 and 2012, the Plan did not carry any Level 3 financial assets. There were no transfers between levels 1 and 2 during the years ended December 31, 2013 and 2012. Additionally, there were no transfers into or out of level 3 during the years ended December 31, 2013 and 2012.

(5) Stable Value Option (SVO)

SVO holds investments in fully benefit-responsive investment contracts. The SVO is comprised of eight synthetic guaranteed investment contracts (Synthetic GICs) that provide stable value guarantees and a cash and cash equivalent account, which collectively are managed by Invesco Advisers, Inc. (INVESCO). The Synthetic GICs are supported by investment portfolios holding a diversified mix of high quality, publicly traded, fixed income securities. As of December 31, 2013 and 2012, the investment sub-advisors responsible for managing these investments with INVESCO were Blackrock Financial Management, Inc., ING Investment Management, Jennison Associates, PIMCO, Goldman Sachs and New York Life. The interest rates generated by these Synthetic GICs and the cash and cash equivalent account were blended together to determine the SVO rate credited to participant accounts. Effective July 1, 2012, the crediting rate moved from a semi-annual reset to a quarterly reset as shown below:

SVO credited interest rates		
	2013	2012
January – March	2.30%	—%
April – June	2.25	—
January – June	—	2.60
July – September	2.15	2.55
October – December	1.95	2.50

SVO average yields		
	2013	2012
Based on actual earnings	1.50%	1.02%
Based on interest rate credited to participants	2.00	2.54

AETNA 401(k) PLAN

Notes to Financial Statements

December 31, 2013 and 2012

The SVO is presented at fair value on the Statements of Net Assets Available for Benefits (with an adjustment from fair value to contract value) and on Schedule I. The fair value of the Synthetic GICs equals the total of the fair value of the underlying assets plus the total wrap rebid value. The fair value of the cash and cash equivalent account equals the contract value.

The SVO contract value represents the participant's principal balance plus accrued interest. Participants may ordinarily direct the withdrawal or transfer of all or a portion of their investment at contract value. There are currently no reserves against contract values for credit risk of the contract issuers or otherwise.

Certain events limit the ability of the Plan to transact at contract value with the investment advisors. Such events include the following: (i) amendments to the plan documents (including complete or partial plan termination or merger with another plan); (ii) changes to plan's prohibition on competing investment options or deletion of equity wash provisions; (iii) bankruptcy of the plan sponsor or other plan sponsor events (e.g. divestitures or spin-offs of a subsidiary) which cause a significant withdrawal from the Plan or (iv) the failure of the trust to qualify for exemption from federal income taxes or any required prohibited transaction exemption under ERISA. The plan administrator does not believe that the occurrence of any such event, which would limit the Plan's ability to transact at contract value with participants, is probable.

The Synthetic GICs do not permit the investment advisors to terminate the agreement prior to the scheduled maturity date.

The following tables present the fair value, adjustment to contract value and issuer rating for all Synthetic GICs held in the Master Trust at December 31, 2013 and held in Plan's financial assets at December 31, 2012:

(6) Plan Termination

Although it has expressed no intent to do so, the Company has the right to terminate the Plan subject to the provisions of ERISA. In the event of plan termination, the Company shall make no further contributions. The Plan's trust shall be continued, however, as long as the trustee deems it to be necessary for the effective discharge of any remaining duties of the Plan. Participants will receive their account value (at fair market value) after allocation of interest, dividends, gains, losses and expenses.

(7) Tax Status

The Internal Revenue Service has determined and informed the plan administrator by a letter dated March 18, 2011, that the Plan and related trust are designed in accordance with applicable sections of the IRC. Although the Plan has been amended since receiving the determination letter, the plan administrator and the Plan's tax counsel believe that the Plan is designed and is currently being operated in compliance with the applicable requirements of the IRC and therefore believe that the Plan is qualified and the related trust is tax-exempt.

GAAP requires plan management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the Internal Revenue Service. The plan administrator has analyzed the tax positions taken by the Plan, and has concluded that as of December 31, 2013, there are no uncertain positions taken or expected to be taken that would require recognition of a liability (or asset) or disclosure in the financial statements. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress. The plan administrator believes it is no longer subject to income tax examinations for years prior to 2010.

Notes to Financial Statements

December 31, 2013 and 2012

(8) Related-Party Transactions

Certain investments in the Master Trust are managed by State Street Global Advisors (SSgA), a division of State Street. State Street is the Plan Trustee as defined by the Plan and, therefore, these investments constitute party-in-interest transactions.

The Master Trust invests in the Aetna Common Stock Fund, which consists primarily of the Plan Sponsor's own common stock, and therefore, the Master Trust's investments in the Aetna Common Stock Fund constitute party-in-interest transactions.

The Master Trust's SVO includes four ING Life & Annuity Company insurance contracts. ING IPS is the plan recordkeeper. Both entities are owned by ING and, therefore, these transactions constitute party-in-interest transactions.

Fees paid during the plan year for legal, accounting, and other professional services rendered by parties-in-interest were based on customary and reasonable rates for such services.

(9) Employer Contribution Receivable

At December 31, 2013 and 2012, a contribution receivable of \$4,737,981 and \$5,081,119 was recorded to accrue for year-end employer matching contributions for certain employees whose pre-tax deferrals had not been made proportionately over the course of the year, respectively.

Accrued employer matching contributions for the days remaining after the last pay cycle of the year totaled \$4,225,490 and \$2,462,491 for December 31, 2013 and 2012, respectively.

(10) Employee Contribution Receivable

Accrued participant contributions for the days remaining after the last pay cycle of the year totaled \$7,657,608 and \$4,762,920 for December 31, 2013 and 2012, respectively.

(11) Plan Mergers

The Company acquired Medicity Inc. in January 2011. As a result, in July 2013, Medisave 401(k) plan was merged into the Aetna 401(k) Plan, transferring all of its assets, totaling approximately \$6,120,135.

Benefits paid to participants per Form 5500	<u>\$ 289,659,731</u>	<u>282,999,690</u>

Amounts allocated to withdrawing participants are recorded as a liability on the Form 5500 for benefit claims that have been processed and approved for payment prior to December 31, but not yet paid as of that date. Also, investments are recorded at fair value on the Form 5500 and at fair value (with an adjustment from fair value to contract value) on the accompanying financial statements.

(13) Risk and Uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the Statements of Net Assets Available for Benefits.

(14) Subsequent Events

On May 7, 2013, Aetna Inc. purchased Coventry Health Care, Inc. (Coventry). Effective January 1, 2014, eligible Coventry employees were eligible to participate in the Plan. The Coventry Health Care, Inc. Retirement Savings Plan is expected to be merged into the Aetna 401(k) Plan on September 2, 2014.

The Company has evaluated subsequent events from the balance sheet date through the date the financial statements were issued and determined there were no other items to disclose.
